Poté, co Sněmovna hlasovala poměrem 350:80 pro zrušení neústavního mandátu Lloyda Austina na očkování proti Covid-19 pro všechny členy ozbrojených sil, oddělení americké armády od Bílého klobouku udělalo krok dále tím, že zničilo dary krve odebrané očkovaným členům armády.

Říkají, že empirické důkazy nade vši pochybnost dokazují, že ačkoli dárce nemusí mít vedlejší účinky související s vakcínou, příjemci znečištěné plazmy měli na kontaminovanou krev nežádoucí reakce,

včetně náhlé smrti. Příklad: Staff Sgt. William Wright, zdravý 36letý muž umístěný ve Fort Bliss v Texasu, byl během tréninku zraněn do té míry, že potřeboval transfuzi. Wright nebyl očkovan; vedl náročnou bitvu o získání náboženské výjimky. V té době byl v bezvědomí, a proto se nemohl zeptat, zda plazma vstupující do jeho žil nebyla odsáta od očkované osoby. Aniž by to Wright tušil, dárcce byl dvakrát poslán a posílen. Zdálo se, že se zotavil – jeho životní funkce byly normální a jedl pevnou stravu – ale zůstal na pozorování v armádním zdravotním středisku Williama Beaumonta ve Fort Bliss a měl dost síly, aby se zeptal, zda dostal očkovanou krev. Když mu řekli, že ano, protestoval. O dva dny později Wright, stále v nemocnici, náhle zemřel – velký infarkt. Pitva našla 11” krevní sraženinu v tepně v plicích.

Lékařské hnutí Bílého klobouku tvrdí, že zločinný Bidenův režim pohřbil stovky podobných zpráv, které poškozují jeho vzácnou vakcínu.

„Když neočkovaný pacient dostane očkovanou plazmu, statistiky nelžou. To, čeho jsme byli svědky, je astronomicky velký počet vojáků, který má vše od mírných a dočasných až po vážné a trvalé vedlejší účinky a v některých případech i smrt. Osobně vím o 12 mužích, kteří potřebovali transfuzi a vehementně protestovali proti očkovaní plazmy. Bylo jim řečeno, že jsou vládním majetkem a nemají právo to odmítnout,“ řekl Real Raw News lékař z Womack Army Medical Center ve Fort Bragg.

Ve čtvrtek nejvyšší vedení Womack Army Medical Center dosáhlo shody na spálení a zničení zásob krve kontaminované vakcínou – přibližně 500 litrů chlazené plazmy a plné krve, která ještě nebyla odstředěna v odstředivce. Zprávy o hrdinském činu se rychle rozšířily mezi komunitou Bílého klobouku a během několika hodin začaly další vojenské základny pálit znečištěnou krev. Fort Meade, domov amerického kybernetického velitelství, zničil jeho zásobování, stejně jako Hunter Army Airfield a Fort Benning, obě v Georgii. Celkem řečeno, 23 zařízení zničilo toxickou krev.

"Byl to vlnový efekt, vlna," řekl náš zdroj z Womack Army Medical Center. "Stačilo nám to nastartovat a teď to zaplavuje společné základny po celé zemi."

RRN se zeptal, zda by zničení krve ovlivnilo příslušníky služby, jejichž životy závisí na transfuzi.

"Máme v díře eso," řekl náš zdroj. „Naštěstí Marines od začátku vzdoroval mandátu a daroval pravidelně. Hrubý odhad, 150 000 neočkovaných mariňáků, kteří mohou darovat 6krát ročně. Jednotky speciálních operací také odmítly očkování. To je 43 000 mužů a žen, dejte nebo vezměte. Nebudeme mít nouzi o neočkovanou krev. A dostaneme více, protože noví náboráři, kteří se nebudou muset nechat napálit, mohou přispět svými.“

What about the average person on the street. What recourse do we have when we need blood? Can't trust hospitals or doctors anymore. The gen pop has a huge problem.

Being unvaxed myself, I've thought about that. Hopefully, the White Hat docs & medical scientists will start a NonVaxed Registry of some kind so that we will be able to donate & help each other.

Across the ponds, EU has already started pure blood repositories. I suspect if started here, it would be considered rasissss and be shut down or tainted on the way to your medical needs

They should be able to have a test for the blood prior infusion. They test for a myriad of other things before they use blood!

I agree. I think that the best thing to do is to save your own blood for use when it's needed.

Can they be trusted? My trust level is -1 million. But..I do not have an answer..

You got that right, the trust level for the white coat and medical symbol, red cross, and all corrupt institutions of medical practice & education, has been obliterated.

I'm with you! There is absolutely no way on Gods green earth that I ever will accept vaccinated blood. I look at it this way, i'd be dead either way if there is no unvax'd to give me.

Every facet of our lives has been corrupted. We Americans are not receiving the bang for our bucks. The solution is to simply stop paying for Washington, DC to exist. The place is no longer relevant to our American culture.

They came up with new W4 form in 2020 to further confuse us. Anyway, if you pay \$10,000 then adjust your form in step 3 \$2000 per deduction then 4b add enough to exceed \$10,000. It should result in no taxes taken out. Then do not enter the 1040 signed by you contract. It is illegal to tax wages. Hope this helps

You rescind your W4, and choose not to have tax taken out of your pay. The only reason they take it out of your pay is because you signed a W4.

When Our Duly Elected President, DJT takes office, there will be NO MORE IRS.

Sorry, but there's more. GOOD NEWS! Taxes that you have paid in the past, WILL be returned to you!

Yes! There have been ongoing reports of that online since last year. I hope it comes to pass....

The corporation is Bankrupted. Why pay them anything? The whole income tax, and IRS gig was bs from day one, in 1871! When the Republic was secretly turned into that Corp.

And on top of it all, they stole your votes in the electionS , and you still want to pay them?

The truth out in the open is the only efficient way collectively at Humanity's disposal! We will all have to work together admit our mistakes to ourselves and do it better tomorrow, and help each other through this madness. One thing for sure, nothing will get better if one stands in total fear, Honoring and abiding by something that is against one's Moral code and internal compass with No choice, is Diabolical and against every law of universal consciousness, as well as man's consciousness, It is difficult. Consent against your personal standards for yourself and loved ones Is something each individual must realize for themselves, and I pray there are enough parents who are ready to seriously think about what's at stake, move past the madness and let's start building reasonable solutions for our Children's future existence, or is that out of the Question? Peace.

Larry

I've heard from friends in the UK that their health service considers it impractical or impossible to separate covid-contaminated blood from non-vaxx blood – that ore there are no records kept of the vaxx background of donors.

This is appalling! The UK has some of the best recordkeepers in the world. This is the WEF's doing because they want us dead!

That is why they started an independent repository of JUST unvaxxed blood. No separations needed.

My belief is as long as these globalist RATs are infesting every aspect of our lives, it isn't safe to get any kind of surgery. Possibly if you donate your own blood ahead of time. However, how do you know you won't get jabbed while you're out or if you will even get your own blood? The trust is gone.

This is exactly what they are doing in Canada and in Iowa. And even if you put it in writing for them NOT to vaxx you while under the knife or when you're pregnant or when your baby is born and not to jab them, they ignore the order and jab you anyway. They can't care if you die or your family member dies or your newborn dies, it's just an extra check for them, they're just following orders.

And even be careful if you visit a hospital, they will jab you without your consent or trick you into signing consent. They did that to my daughter...the nurse came in and said "you need this shot" for some stupid reason she gave my daughter, and jabbed her. My daughter was in so much pain at the time that she couldn't even fight her... after, she thought about it and my daughter figured the fcking nurse jabbed her with the vax. Tricked her and without consent.

I've never given blood before but would definitely be willing to give blood to someone who is non vaxxed

Yep,.. we can surmise because the clean shots went out on Trump's watch, the rapaciously genocidal DS tainted them on the way to us to kill us, and he gets the blame for it. Alinskyite tactic much? And for the shots they prepared 30 years prior to his Presidency. If that's not a dirty trick, nothing is.

First – glad we're not religious (that's for the ppl without the Spirit of God in them). Second – they said the same about Jesus and where is He at right now? Also, check out the hundreds of NDE's that have died and come back to tell about it. None of them know each other and reporting the same thing; different ages, ethnicities, vocations (some were devil worshippers, atheist, and Rabbi's).

Just reading this post tells me who the nut is, And living proof that you have to hang from a tree to be a nut!!!

Also recite daily Ps. 91 over you and your household Vs. 7 “A thousand may fall at your side, and ten thousand at your right hand; But it shall NOT come near you” Vs. 10 ...'No plague shall come nigh your dwelling.'

Welcome back my friend. Really miss your contributions on this site. You won't get any argument from me about the blood of the lamb. The good shepherd that became the sheep that was led to the slaughter whose blood brought back people from the dead like you said. Blessings,

And family members with the same blood type can donate for you, too. Unvaxxed, of course.

There is a new organization that takes unvaccinated blood donations. Don't know the name. As opposed to the Red Cross.

My Dad was a vet from the Korean conflict. He said the Red Cross was crooked then and they still are.

Oh Xena check out what they did in Haiti too and here in Canada and all over. Red Cross is hijacked. Everything is hijacked. Literally everything.

To the unvaccinated population: we can start an organization where unvaccinated person can donate their “Pure Blood”. Donors must be screened thoroughly before donating blood; the blood must also be screened for CV 19 chemicals before transfusing the blood to any patients. We can save the donors name on the lists for future needs. We must help each other. Thank You

So you want AI to monitor and adjust oxygen, administer meds, and food while who knows what sound frequencies or radiation is performed as experiments while you sleep. Like we trust machines in the elections.

There is good A.I and bad A.I. This is a universe of polarities. The new med beds are quantum (good A.I.) and trust me you will be lining up to get into one. Well, I will, lol.

Well then I'd rather die on my own terms than to let them taint me with that blood. I'll not take anything that alters my DNA period.

They're setting up a system matching the unvaxxed with unvaxxed blood. It was in the news a few days ago. A naturopathic Swiss doctor is behind it.

Our odds are better. No Regulations or mandates in play, but **STAND YOUR GROUND.**

A mandate isnt a law. Its just an agreement , suggestion, between two consenting parties . Dont be fooled.

Thank God, there's now safe blood available & where unvaxxed people can donate:

<https://www.independentsentinel.com/safeblood-sets-up-blood-banks-for-the-unvaccinated/>

I have pure blood o negative so I'm universal donor it sucks cuz I trust no medical ppl...it also sucks cuz I can give to all but I can only receive o neg and its hard enough to find it as is lol so I'm SOL if I get hurt

I would love to give to the military or Gen pop if needed....

I am the same, ... Unvaxed O negative blood. I don't donate to the Red Cross or any other place because they are all corrupted.

Me too. but I'm thinking about starting donating again because so many are having to get vaxxed blood. There's usually plenty O neg available it's just they use it for trauma patients since they can give it without typing the patient and also to babies since they have no back type yet, So there's more of a demand for it that's all.

hell no you can t trust those evil bastards in the murder factories/ those fools are still wearing masks tyhat dont workl and testing with a test that doesn t work . they are MORONS

Here in the Philippines they have 30 second videos announcing that they have 7 or 8 thousand new COVID Cases & masks are not mandatory outside with little or no people around?!! There are no Lockdowns, Masks & the plastic shields are no longer required along with the masks worn under those shields. These people running governments worldwide are totally nuts!

We are in a dire need for Nuremberg Trials Mark II.. & start executing by hanging all enablers & promoters of the Death Vaccine .. BTW .. The excuse I was following Orders isn't admissible ..

And the Red Cross says they don't track whether blood is tainted. Yet they did with AIDs. Difference is now they just want to help kill everyone off.

We sure do! You CAN bank your own blood. Of course they don't advertise this but, you certainly can. I did that years ago prior planned surgery! Of course, an emergency is something else again....

You can give a supply of your own blood and have it stored...the only problem with that is that they might “lose” your supply and use someone else’s. That’s what happened to me years before the pandemic...I went and had my own blood taken, for a surgery I was gonna have, when it came down to the time of the surgery, they tell me they can’t find my blood so they had to use someone’s unknown blood.

EVERYONE involved at pushing the death shot and boosters, which includes doctors, nurses, pharmacy’s, Politicians, scientists, everyone who knew this was a death sentence, hanged at gitmo.

Hang them right out front of their business offices, pharmacies and hospitals. Make a clear example of the wickedness of these traitors

Yup and do it ASAP NOT NEXT MONTH ‘ Cos they’re planning another Chinese style faux pandemic shut in and concentration camps near railways

This is a public service announcement.

In 2023 all blow jobs must completely stop – it’s too dangerous knowing that the COVID-19 vaccine can be orally transmitted.

This is another reason why men die first.

Sounds like justice to me but don’t forget all the murdering fucks in white coats in covid icu’s that murdered our loved ones with ventilators, opiates/fentanyl and remdesivir. Every one of them must be executed.

My Mom died in 2018. She had two pairs of hemostats inside of her when she died. She had them in her since an appendix operation in 2001. Her surgeon was a known Satanist unfortunately. Hemostats are just like two pairs of scissors inside of her. Hemostats have a somewhat blunter end. They wanted her done because they had f—ked her over so bad in the past and I was onto it. Ok so one pair

maybe an accident. Two pairs is murder in my books. Got lots more stories but that's it for now. What I feel for those bastards is hard to contain.....

I really don't think they knew they were causing harm. Sadly, ignorance is the rule rather than the exception .

Holy shit... now that's cold blooded.... Great IDEA! It might also give those that are still asleep some thoughts regarding the kind of "health" that comes from such people and places.

This is why everyone in which the Vax is forced upon should document the who, what, when, and where behind their transfusions and Vax's so that the upcoming military tribunals will make no mistakes in who(m) they hang.

Well this RN is unvaccinated and haven't worked since the start of the pandemic. This is an evil agenda and I will not participate in it at all! I haven't and refuse to give anyone this horrible "vaccine". And trust me I could use the money! Had to sell my car just to survive. Sucks!!

Interesting how Trump's name is left out when he considers himself father of this death jab. You are lying to yourself if you think he didn't know, or it was part of the plan. He didn't take it nor his kids and family. That should tell you plenty.

YEAH, this is ABSOLUTELY a HUGE part of "The plan" and "The Plan" is still being executed across the entire Nation as PEOPLE are still being vaccinated and boosted, The MASS GENOCIDE of HUMANITY is still in OPERATION and must be STOPPED IMMEDIATELY , RIGHT FUCKING NOW, this is THE EMERGENCY.

I give blood several times a year and as I sit there waiting my turn I look around and wonder how many people, there, are vaccinated because I knew their blood was dangerous to those of us who are unvaccinated. I worry about baby Wil who was taken away from his parents in New Zealand who will probably receive tainted blood. Heaven help the child and all those who receive tainted blood.

What?! That's horrible! How did that happen? Don't the parents have a say in his care? Can't they make a request to screen his blood for the clotshot?

Neither Theresa May nor Liz Truss is PM of the UK anymore. Rishi Sunak is. One of my friends in the UK said May is into witchcraft.

Will's parents, last night were told that the hospital are searching for a pure blood donator because they couldn't withstand the financial and social pressure if something happened to Will, during/after surgery, from bad blood. (SMH wondering if "they" know what we know, after all....)

That is an answer to many prayers! Parents already had donors who were unvaxxed lined up to donate but the government said no. Then took the baby from the parents.

THEY WHAT?!?! THAT BABY NEEDED PURE BLOOD AND THE GOVERNMENT SAID NO, BECAUSE HIS PARENTS HAD DONORS LINED UP?! NOBODY TURNS DOWN DONATED BLOOD!!

““We have an ace in the hole,” our source said. “Fortunately, Marines resisted the mandate from the start, and have been donating regularly. Rough estimate, 150,000 unvaccinated Marines who can donate 6 times per year. The Special Operations units also refused vaccination. That's 43,000 men and women, give or take. We won't have a shortage of unvaccinated blood. And we'll get more as new enlistees, who won't have to get vaxxed, can contribute theirs.””

YAY!!

Beautiful article Michael, you made my day! Thanks! Please keep it coming!!

Yes, this kind of attitude represents a turning point to me. Hopefully by mid-2023 this will be done throughout the USA, and even Europe.

BY MID 2023, thats too fucking late. THIS IS A NATIONAL EMERGENCY, THE VACCINES , BOOSTERS , mRNA FLU VACCINES AND mRNA VACCINES OF ANY TYPE, ALL COVID TESTS NASAL SWABS HAVE TO BE STOPPED IMMEDIATELY AND SEIZED AND ALL VAXXED BLOOD AND PLASMA DONATIONS STOPPED, THOSE DONATIONS SEIZED, AND ALL DONATED ORGANS FROM VAXXED INDIVIDUALS MUST BE SEIZED, THIS ALL SHOULD BE PERFORMED ASAP, RIGHT FUCKING NOW.

I would be more than happy to donate my unvaccinated blood. I've never had a flu shot or a covid shot, and I never get sick.

Diddo, except for the sick thing. I know a thing or 2 about a cold / flu. Helps strengthen your immune system

My last flu shot was in 2007. I'm now 67 years old and haven't so much as had a cold since then.

I never saw the need for a flu shot and I'll be damned if I would get the. Clot shot. The evil pushed so hard for everyone to get it, I knew nothing good could come from it. Unfortunately I know people that will stand in line for a sanctioned kill shot, even after my attempts to educate them. Terrible thing the propaganda outlets are still trusted and pushing this killer clot shot

I say take out Horden and free those 32000 patriotic troops from tyranny under the evil Biden regime. Vet them to weed out traitors!! Fort Carson should be 100%

white Hat. If necessary evacuate loyal soldiers and drone strike that base!!!!

Let's get this war against evil going NOW!

I would love to know whether one of the Bases that destroyed tainted blood was Fort Hood in Texas. That base has a huge population And lots of really strange things have gone on there. I would love to find out which side that base commander is on. A black hat, or collection of black commanders, would not surprise me at all.

Now a Warp speed detoxification program is needed. I'm out of minutes right now but started a facebook group too help people learn how and what to do. Please start your own groups please be proactive. Thank you and god bless us all amen. Using the free Wi-Fi where I can find it. Be the change for the better world and universe amen. Where we go one we go all. Happy sat day everone Sincerely Dave Smith aka Harry Hyde aka other not to be named. Peace too us all amen

I have read that Ivermectin helps the vaxxed also along with the Vitamin C and zinc and Vitamin D. Need to read more up on that though since my son was one who did not refuse the vax to stay in the AF. Thankfully he has not had any boosters though.

Food grade hydrogen peroxide 3%. Dilute by 5 with distilled water. Activate 5 drops of MMS and add 2 drops of 99.99 DMSO.

Combine and take 3 times a day.

If you feel ill to stomach reduce MMS.

Simple and very inexpensive.

The term WARP SPEED is a term used in NLP, programing this term use , should not be used at least for the time being. You can look up NLP and you will see what I am referring to, its used for conditioning and mind control applications. Go check see for your selves.

I think we all should be donating unvax'd blood. I hadn't thought of that. People everywhere will ask for it if they know anything.

All things considered, you can ask, but you won't know for sure. " ... aware of 12 men that needed a transfusion and vehemently objected to getting vaccinated plasma. They were told they were 'government property' and had no right to refuse it," a physician at Womack Army Medical Center, Fort Bragg, told Real Raw News.

Here in Canada the Turd has said that our children do not belong to us. He is certifiable.

WELL you Canadians should straightening that lowlife cock-sucker out and EXECUTE that degenerate , deranged satanist fuck. KILL ALL THE HENCHMEN THAT ATTEMPT TO STOP YOU PEOPLE, ALL THE HENCHMEN , KILL THEM ALL! wtf REALLY ANY FUCK THAT TELLS ME MY KID/S DO NOT BELONG ME AND MY FAMILY, IS FUCK DEAD, ABSOLUTELY FUCKING DEAD.

So you want a vaxed person to take your blood so they can shed the bioweapon on you? Just go get vaxed.

Becareful who you give it too...Not RED CROSS....Hopefully we have access to Med Beds before Spring...they aid very soon.

You can't donate if you're unvaxed because Red Cross will not separate the two. We have to wait for Clean Blood Banks to arrive.

Maybe the Hazlacha or Red Crescent emergency care services knows of some clean blood banks, try those. We don't hear or many Jews or Muslims getting jabbed as much, so maybe they have some leeway.

Huge fear, as the days go by, that I will be having a routine surgery, start bleeding & they will give me vaccinated blood. This has been a game changer, and not for the better.

Last edited 11 hours ago by Julia516

Better to put off the surgery until better arrangements for the pure blood are made. Don't take chances.

Can you safely postpone until a later, more favorable environment?

My insurance company has offered me zoom appointments because I have not been to my doctor's office in over a year, normal was every 3 months. They are sometimes threatening(5%)low level persuasion) me, other (95%)times almost begging me to get my lab work done along with all the tests they have me get every 3 months and yearly. My insurance company even sent me home lab work supplies to use & send back to them. Last time I went for lab work, I asked technician if they gave clot shots & was told they have no association with them. I then allowed them to draw blood for my labs. Sorry for the rant, call me paranoid, I no longer trust our governing body, health practitioners, etc. If I go to hospital, it will because I am no longer in physical control of my situation.

So grateful that this is finally turning around and our heroic service members can have this peace of mind! Criminal really, that this was ever allowed to happen, especially with our military...wonderful lives lost forever to their families and the world...Let's go white hats

I would think by now the White Hats have interrogated enough people in the know to understand just what dangerous elements are in the kill shots and whether or not a remedy exists or is possible.

Might be a good question to ask your sources Michael.

Med Beds. We have them now but until the dark ones are done we will not get them

Question: so when is Lloyd Austin going to be arrested for Violation of the Nuremburg Code and Treason and when are they going into the public blood bank to take out the contaminated blood as well as stop the covid death shots from being implemented in the pharmacies and elsewhere? When I see those death shots and boosters taken off of the market then I will know and have some sense of relief that there will be Justice and hopefully the med beds will be out before my family as well as others die.

Great thought...Thanks....Med beds should be here before spring —I think all the most serious cases will be taken first

You may not believe this but I work with people who if they couldn't go get a booster they would think their rights are being taken from them that's how far gone they are!!!!

Just a thought...but I wonder if there might be something in the shot that makes people think things like that, as if they just can't live without it.

Given mounting VAERS adverse data, alone, whether or not to draw blood from vaxed military or civilians for transfusing, should've been a no-brainer from the start against doing so ...

Question... where are the white hat instillations, and where are the black hat instillations? We The People need to know who are are "enemies" when all this breaks out into a war within our borders!!

When he discovered that getting advance sortie clearance generally backfired, General George S. Patton himself wised up. Your question asking for "installation" details seems naive.

Thank our Creator for the troops taking back their God given right. Lets get this Revelation going

That's one more large & very effective weapon of theirs obliterated. Thank God that remaining blood will never see another human vein or artery again.

Yeah they should have.. but unfortunately the DS and elites use blood of children

The act of destroying this blood supply is one of the most important decisions made to date that will keep our military strong, resilient, and sufficiently healthy in order to perform their duties without risk of being incapacitated by fibrous clots, negative impacts to every organ or system in the human body, or either slow or sudden death

from the graphene oxide and self-assembling AI nano-technology. I honor and salute those who have the knowledge and the foresight to protect our service members by eliminating the potential to be affected by transfusions without their informed consent. Anyone who was forced to take the jab should also receive protocols to clear their blood of the spike proteins and other material that causes injury and death – sooner, rather than later. They shed (transmit) constantly and this impacts the blood of the unvaccinated within an hour of close proximity.

Getting rid of all tainted blood is one thing but there still to many Drs and Nurses still gabbing.....So, when people needing money give blood – it's still going to kill if used.

It will be a continuing concern for years to come. People who were jabbed should simply no longer donate blood (unless it is strictly for those already vaccinated and compromised out of necessity).

Unfortunately' any substance introduced to the body can cause an adverse reaction.

Beer for example. If I didn't drink one beer "I might not even say hello to you. Saying hello could be an admission of the heart and soul."

Really! I work in close proximity with a woman who gets boosted seems like every three months. She lives in fear. What can I do?

Because she keeps listening to these stupid public service messages telling er to get jabbed, and she has to KNOW they don't work!!
EVEN THE SMART PEOPLE ARE BRAINWASHED!!

As a praying person, pray for her that what she got were saline or placebo. There are reports that honest vaccinators throw away the clot shots and pretend to have given the patient the shot. Blessings,

Sorry to tell you this Fred. Covid is NOT real. Pretty low of you to say something like this anyway. This is coming from a RN.. Covid is not real. Comprende?

Well Fred we know who is a liberal DS tool on here. That could happen to you just as much as to someone else. The vaxxed like you are the ones getting Covid. What an evil thing to say to someone. Your heart must be black as coal. Please go away. I hope Michael blocks you for saying such a thing.

Go fuck yourself, you worthless piece of libTurd shit.
Isn't it hard to breath with your head so far up ass?

What ever you do, do not donate to the Red Cross, go to a hospital or any where else but the Red Cross, they are a satanic group. Where can I go to donate to the veterans, O- untainted pure blood here.

I went in for surgery on my knee. When asked if I would be open to a transfusion in an emergency. I said "only from an unvaccinated doner." Then I watched them to make sure they had made note of my wishes.

For security's sake, please have no more surgeries or procedures done until this whole tainted blood affair is sorted out. Protect your health.. These archdemons are tainting our blood to kill us, and blood is life.

Have you ever noticed that some of the nurses seem to be possessed and enjoy giving people flu shots with a evil smirk? Avoid them

Remember the dancing nurses at the beginning of all this crap? My mind could not conceive of what that even meant. Then, next, you see them in hazmat suits, head covering, mask and face shield? I thought wow this is like a really weird and bad dream.

Anyone planning an operation should prepare well before and keep their own blood incase it's needed.

It's best not to have surgery right now. same with having kids, why are people stupid enough to have kids right now?

I heard, again not verified, that jabbed/boosted people could NOT give blood. How could that be proven about that jabbed person. I do know that the jabs alter one's DNA, though.

I would not trust that statement 100% Keep only your own blood in case you'll need it

Exactly. Tainted blood is their new weapon. Think how easy that is for them.

Eat beets and your blood will reproduce real well. Carrots and apples too. The body has excellent recuperative powers.

I heard the same. PN is unvaxxed, 2 years ago I donated blood to local blood bank because everybody was getting jabbed & I read "jabbed not allowed to donate". I assumed they would need my untainted blood. After a barrage of questions, they handed me an electronic notepad & put me in a private, closet-sized room to answer more questions. 3rd degree type questions. Made me feel like a criminal for doing something good.

God Bless them all. Reality has finally caught up with the establishment. Big time. Hopefully this wave will continue on and engulf us all. In the meantime it will continue to be stay away from the medical profession as much as possible. No flu shots.

Transfusions. Protect your DNA. The medical profession may just not survive this genocide. Hopefully futuristic med beds are on the way. But who knows. .

The case of Eugene Yu and Konnech already proved foreign interference in US elections. Yu admitted that the election data was held on servers in China. Trump's executive order 13848 outlines the consequences of foreign access of election INFRASTRUCTURE. After Nov 2020 DNI agreed to evidence of foreign interference and 100

members of Congress asked for the pause in the vote which was denied. Yu's admission is gravy over what was already known in 2020 by DNI. This matter will be settled on Jan 06,2023 by the Supreme Court. Till then, all Patriots wait while the DEMONS go in overdrive.

I've been hearing that the Brunson case is on the supreme's secret docket, was already heard and decided in favor of the Brunson's and Americans, being held until white hats say it's time to release the results.

Think about it, this case was entered to the docket in early November (and has been going through courts for a very long time). SCOTUS agreed to hear the case because it was a **National Emergency**. Are they going to sit on an emergency case and take no action for two months? Brings up the question: Why does SCOTUS even need a secret docket? But I digress. Sorry.

Sorry, vaxxies. My blood is pure and will only circulate among purebloods. You other guys all have kooties AND low IQ.

I believe it would be more beneficial to the whole country. If the white Hat's took out the trash and remove this treasonous regime. And blow the horn to inform the sleeping sheep of the intent of the NWO.

Wow!! That's awesome. I am so glad they are taking steps to get rid of all the contaminated blood. It is horrible they forced this blood on many people who either died or was impaired for the rest of their lives. People like James Corville who said all of us unvaxxed needed to be punched in the face, probably hasn't taken the shots either. Maybe he will need a transfusion....and get this contaminated blood. None of the DS have taken this poison. How horrible that innocent people were forced to take it or else lose their jobs. I hope the other CEO's of these vaccine companies are dragged to GITMO to face their treasonous acts. Disgusting. Lord please help us to fight against

these demonic beings who set a course to destroy as many people as they can. We know you are still with us and as long as we humble ourselves before you and pray, you will answer. In Jesus Holy Name we pray. Lord have mercy!!

I predict a big future market for unvaxxed blood but tell me this, if we have the technology to make clones and I don't doubt it why don't we just produce fresh clean blood of all types in a lab? Could it be because the real reason for collecting blood is to get access to our DNA?

They already have everyone's dna. At birth, except for some home births, blood is taken from every newborn with or without parent consent. I am sure some of that blood is used for DNA analysis, though they say it is for genetic testing. This has been going on since at least the 1950's and they add more "genetic tests" every year.

This will make it easier for the White Hat military to destroy the holdouts in the Black Hat military. For almost all the Black hats have been poisoned with the clot shot by now and few will survive beyond 2025.

I don't think that is true. The black hats know what is in those shots and none of them have taken them. It is meant for people like us who are patriots. We are many as well as the DS and they are afraid of us. If they can kill us, then they feel safer.

They've simply been indoctrinated into false pretenses based on lies told by the establishment who really wanted nothing more than to see their headstones.

I cite "war of the worlds" el segundo, california circa 1950s as a example of gullibility.

Hey Sandy, Happy Holidays...

Every one of the sons of bitches that promoted the vaccines, or forced anyone to take them, or had anything to do with the development and manufacture of the vaccines should be tried and put to death. .

What is so immensely tragic is that practically no one can grasp the full extent of the pure evil these death shots represent until they are shown the data. And even then, there is terrific resistance. I guess very few can fathom the fact that some people are cold-blooded, ruthless killers...

The prions from the COVID Shot can penetrate the blood brain barrier and disable high level brain activity. Many are also experiencing Stockholm Syndrome where the abused has positive emotions towards their abuser.

Franklin Roosevelt stated that, in politics, nothing happens by accident, everything is planned. The COVID Shot was fully tested and it is having the desired effects.

This is sickening. Why did the military allow their service members to be vaccinated, when the general public knew from the beginning this was dangerous. Didn't help that President Trump called himself the father of the vaccine.

You few! When Trump said he was the father of the vaccine, he meant he is the father of HYDROXYCHLOROQUINE. How stupid can you be?

Yes as soon as they announced the jab for military I knew the war was on. But some others did not see the war for what it was.
Hmmm...

As an unvaccinated RN, I would donate whole heartedly. I just don't trust any clinic or hospital anymore and that's sad coming from me.

Jennifer, I am an RN with 50 years experience. I also have a Masters in Nursing /Pediatric Nurse Practitioner, and I completely concur with you. When I started practicing, I would have never thought this

is what we would come to. My advice is to stay as far away from healthcare hospitals and personnel as you can, unless you know for a fact that the doctor/nurse does not espouse these criminal values. At this point, and I know tons of doctors/dentists, there is no one I would trust but myself.

That's sad. Even dentists do the Covid shot thing. Never mind if the pain is from a real emergency.

I believe the large needle they draw donors with is in a sealed package, it's not reused. So it would seem to me that donating blood is safe. You will not be put under and so I don't see how it would be risky.

Praise GOD! I think the military black hats realized that nobody was signing up anymore. They ignored and hid that military women we're having miscarriages, too. DUMB DUMB DUMB AUSTIN.
