Vyšetřovatelé JAG amerického námořnictva v úterý zatkli vedoucího pracovníka společnosti Janssen Pharmaceuticals na základě obvinění z „napomáhání k masové vraždě a zabití z nedbalosti“ za klamání veřejnosti o bezpečnosti a účinnosti vakcíny proti Covid-19, kterou pomáhal vyvinout, zdroje v General Eric M. Smithova kancelář to řekla Real Raw News.

Richard Tillyer, Ph.D., globální ředitel výzkumu a vývoje Janssen, byl zadržen poblíž svého domova v Short Hills v New Jersey a byl mu předložen vojenský zatykač, který ho jmenoval jako jednoho ze čtyř vedoucích pracovníků společnosti Janssen odpovědných za pohřbení zpráv o raných vedlejších účincích, zejména účastníků zkušebního období na začátku roku 2020.

Kdyby byly zveřejněny konkrétní následky, došlo by k hlasitému pokřiku, který by zastavil procesy a uvěznil Janssenovo vedení. Společnost se však izolovala před vnější kontrolou; účastníci pokusu podepsali agresivní dohody o mlčenlivosti a FDA poskytl společnosti Janssen – subjektu a jeho zaměstnancům – absolutní imunitu před odpovědností. Účastníci měli dokonce zakázáno navštěvovat své lékaře, když byli zapojeni do testovacího programu – pokud by se u někoho objevila nějaká nemoc – smrkání, bolest v krku, zlomená ruka, kardiovaskulární onemocnění atd. – musel si promluvit se zástupcem společnosti Janssen, který by svévolně rozhodnout, zda účastník může navštívit soukromého poskytovatele zdravotní péče. Janssenova NDA byla tak komplexní, že hrozila právní odvetou proti porušovatelům.

Náš zdroj uvedl, že armáda má nyní databázi Janssen, kterou Tillyer udržoval po celý rok 2020. Jeho identifikační číslo zaměstnance bylo používáno k běžnému přístupu a aktualizaci sady záznamů, která dokumentovala vedlejší účinky od června 2020.

V červenci téhož roku 35letá účastnice studie zatelefonovala zástupci společnosti Janssen a řekla, že dva dny po počáteční vakcinaci pociťuje akutní bolest břicha. Místo aby zavolala sanitku nebo jela do nejbližší nemocnice tři míle daleko, jela zmítaná bolestmi 55 mil na pohotovost, kde byla přítomna společnost Janssen Pharmaceuticals – podle instrukcí zástupce. Sevřela se v agónii za břicho, proklouzla dveřmi a byla vytríděna, ale byla nucena čekat 30 minut, než bude k dispozici lékař, který má smlouvu s Janssenem. Baterie testů odhalila, že se u ní spontánně vyvinulo 50 nekarcinoidních nádorů ve slepém střevě. Vzhledem k tomu, že měla výrazně vysoký počet bílých

krvinek, lékař navrhl odstranění slepého střeva, ale opět žádná operace se neuskuteční, dokud do nemocnice nedorazí Janssenem schválený chirurg – o hodinu později. Zemřela na operačním stole. Během zákroku jí prasklo slepé střevo. V úmrtním listu byla vynechána zmínka o vakcíně a jako příčina smrti byla uvedena „zánět slepého střeva vyvolaný peritonitidou“.

V září 2020 hlásil 22letý muž, vysokoškolský sportovec, znecitlivění obou nohou několik dní po bodnutí. Bylo mu řečeno, aby sám sledoval stav po dobu 48 hodin a navštívil specifické centrum urgentní péče, pokud příznaky přetrvávají. Když tam o dva dny později dorazil, sotva chodil a říkal, že ho bolí prsa. "Srdce mi buší v uších," řekl zdravotní sestře. Sanitkou byl převezen do nemocnice, kde testy ukázaly, že se mu náhle vytvořily krevní sraženiny ve stehenních tepnách. Dostal opravdu špatnou zprávu: budou mu amputovány nohy nad koleny. Zemřel na alergickou reakci na anestezii.

To jsou jen dva příklady.

Podle našeho zdroje je databáze encyklopedií úmrtí a nemocí připisovaných vakcíně Covid.

„Z jedné skupiny 438 jich 14 zemřelo do dvou týdnů po výstřelu. Mnoho dalších představovalo oslabující nemoci. Doktor Tillyer měl morální a etickou povinnost vystoupit, ale byl součástí agendy. Databáze byla označena jako 'DNS' a předpokládáme, že to znamená 'nesdílet'. Stačilo vydat zatykač,“ řekl náš zdroj.

Neřekl, jak JAG databázi získal, ale řekl, že je autentická.

Když se na něj obrátili vyšetřovatelé JAG, Tillyer své zatčení pokáral a řekl, že ochrana firemních tajemství není zločin. Když byl nasazen v poutech, údajně „kňučel jako nemluvně“.

Úřad vojenských komisí stále sleduje tři další vedoucí pracovníky společnosti Janssen.

Janssen Pharmaceuticals je dceřinou společností Johnson & Johnson.

Kromě toho byl v pondělí ráno na Guantánamu oběšen bývalý generál chirurg Jerome Adams. ~~Real Raw News již nebude tvořit články o popravách (budou se velmi opakovat), pokud se nestane něco neobvyklého.~~ Dlouholetý čtenář RRN říká, že bych měl v jejich zveřejňování pokračovat, tak to udělám.

Pane Baxtere, věřte mi v tom: „opakování“ nám nevadí. Číst o popravách je balzámem pro naše divoké duše. Ve skutečnosti by DALŠÍ podrobnosti byly velmi dobře přijaty.

ok. Thank you. I appreciate the sentiment of longterm readers and will take their concerns into consideration. Since many seem to want to read about them, I'll continue.

Please do. Without knowing about the executions we have no way of knowing how justice was meted out and the reactions of days justice received.

What has been a fight for our lives is now our turn to see the result of the turnaround.

Thanks for your work.

amen, the receptive crime is the hear breaker, but the executions seem to bring hope.....especially if we know about them.....

Agreed with WWC. If you have access to the details, please share no matter how redundant and repetitive they may be. Also, the new poster Julie and another Jason certainly appear to be the same

person and the one who has been kicked off countless times for having a stuck “o” key.

I’ve tried to post 3 times. Even replied to Michael Baxters post to see why I’m not allowed to comment but these new posters can? Ok no problem I’ll just read like I have since the beginning.

Yes. Sorry. It takes me a while sometimes to get to comment approvals. One approved, you can post freely, as long as you’re not a troll.

I've been reading your site for nearly 3 years now – if you consider that long term. I'm also interested in the executions. I was waiting all week to read about Adam's execution. Strangely, I want to know what they ask for to eat and how they behaved at the rope, if they have any last words, was the criminal remorseful. Thanks, Michael.

Thank you Michael for deciding to continue the articles on the executions. We appreciate knowing. For myself it is good to know if they come to salvation before their justice is meted out here on earth. God bless you.

Yes, knowing that they acknowledge God and our Lord as Savior would be terrific news.....

This is the only way we know the players put in front of the camera are clones or masks. If I missed any details on the real Joe Biden, a rerun would be most welcome. Also, information on the Hollywood players.

I also could not find specific detail in RRN reports of what happened to the real criminal Joe Biden.

There are also many actors and actresses that appear to have been dealt with, but no relevant RRN reports posted.

Can you help with this Michael?

You're such a douche. You accuse MB of writing fiction, then ask him for specific info. You're also a clown.

I believe the real Joe was VP when Bho took office in 2008. I believe Joe was there for those 4 years. 2008-2012. Somewhere at the end of BHO 2nd term vpjoe was switched out with the actor. I believe it was the actor that threatened the ukraine guy to be fired. Then it was time for the 2016 elections and it was killarys turn. That gave them time to fine tune LGB. 2020 covid was in vogue, distraction from the pink hats took everyones eyes off of LGB. Absent from debates, mask and sunglasses. Hocus Pocus you have a clone/faux puppet no.46

My understanding is that the Hollywood players are being brought to Diego Garcia. If someone has better information than I, please add what you know.

There are a couple of sites in Central/South America too.

One of the military tribunal sites where they get the deep state traitors tried and punished Besides GITMO, we have Tierra del Fuego, Azores, XL Honduras, Iceland, Greenland, because there are so many traitors and Rothschildian agents worldwide.

also heard there were /are tribunals at the 'real' White House...not sure if they are still going on there..

See Michael Baxter's articles in the "Archives" webpage. Here's an updated list of Military executions and prison sentences to get you, and others here, current.

YEAH.... don't we all *WISH* the above were true. About all I can say for this website is..... it makes for interesting reading. ** FOR ENTERTAINMENT PURPOSES ONLY ** RRN is getting to be just about as bad as The Dark Outpost.

Hey, kid, who sent cha, CNN? Everyone knows DNN is “entertainment” for morons ... the other clown-head fake news channels are no different, just blah blah blah FANTASYland nonsensical lies. You are entertained by brain-bugged “programming.” Just saying...

that is a lot of names by R.R.N, so should be easy at this point to credibly debunk, So Where is your debunk, ?

Even if you were to combine a few together and give the highlights of each one....I think that would be good too. You do a great job on all of these articles and I can't wait to read them all. I keep going back and re-reading a lot of them. I just finished re-reading about Bill Gates yesterday. Prayers are with you as you undertake this task.

Extensive details of detainee behavior, words spoken, last minute utterances, facial expressions, and any peculiarities on the day of execution is also our only means to verify the authenticity and veracity of your reports, because your sources are inaccessible to readers, and stories can't be verified by any published military or law enforcement reports.

SO WE NEED DETAIL, as our only method of verification, by comparing all known personality and behavioral habits and character to those details you provide in the execution reports.

Thank you Michael!

OMG. Your comment is absolutely preposterous as well as obnoxious .This is a person who receives intel. Do you think he and his sources call each other while relaxing in their homes smoking cigars and chat about behavioral nuances? Or is he catching salient facts as much as he is able to by whatever means and sharing them with us? God! What a clueless idiot you are.

It's hard to report about the deaths when the orange obese Cheeto / cult leader of most here did the killing .

Triggered much? Your comment lacks substance! Truth be told, "President Trump" to you, has a minimum following of 100 million voting Patriotic Citizens that pay close attention as to what his

purpose is. If it's your pedophilia leftist drug pushing vote stealer commi, your referring to and defending, they should all die through all means necessary!

Do you have anyone who can help you? Maybe put the reports together like you do? I know you have a lot on your plate.

I wish we could also receive info re tribunals and executions/sentences in other places. Keep wondering if AMG is accurate.

Lmao....Everytime a trump tard says "soon" a thousand more folks die from the drumpers death jab.

You people are worse than the satanists.

Lying isn't ok.

Nothing is happening soon.

So the original discussion of times lines was anywhere from 3-5 years of chasing down and arresting those listed on over 100k indictments. It's four years in so go back to sleep "negative Nancy" and let the patriots do there work.

Ps, if you think for a second our military is going to stand by and watch an election coup de'tat take place on our soil your understanding of military law needs an update.

I noticed many of your past stories are no longer available. Your story histories stop at tab #50. Why were they dropped? I loved reading them.

Dr Frank Plummer was chief scientist at a Level-4 Biological Laboratory located in Winnepeg. Plummer was assassinated in Kenya (in 2020) for his central role in creating the original extinction-level biological weapon retrieved from Guatemala Trade Bureau in Los Nageles. It was weaponized rabies with DNA inserted from Ebola, HIV, and MERS. It was designed to kill everyone within 18 hours of infection.

Janssen worked alongside Dr Frank Plummer to extract Ebola RNA and insert it into biological weapons which are then tested at CDC/NIAID laboratory in Tblisi, Georgia. They tested these weapons on humans in violation of all treaties.

There is a NIH Biological Weapon research Laboratory in Hamilton, Montana, which is still operational....I had a friend drive by it.

Anthony Fauci and Francis Collins discussed, via emails recently dumped into the public domain via wikileaks, the assassinations of doctors around the world who were part of Fauci and Collins' conspiracy – to limit risk of exposure. The following people were

killed/assassinated recently in 2020 and 2021, but we have no publicly available documents connecting Fauci or Collins directly to these assassinations and deaths.

1. Dr Frank Plummer, who discovered ebola, was assassinated in Kenya in 2020 while attending a conference on HIV. EU doctors and health ministers were all involved in helping Fauci.
2. Professor Bing Liu of the University of Pittsburgh was on the verge of a breakthrough in scientific understanding of the SARS-CoV (MERS) was shot dead. He was found in his townhouse with gunshot wounds to the head, neck, torso and extremities...an apparent suicide.
3. Alexander Kagansky was working on a SARS vaccine before allegedly being stabbed and thrown from the window of his 14th floor flat....an apparent suicide.
4. Gita Ramjee, an HIV Scientist died. when she was in London to deliver a lecture in March 2020. On her return to South Africa she felt unwell and was hospitalised. How did an HIV researcher come into contact with a lethal coronavirus at her own lab? South African/India lab connection?
5. Pyae Sone Win Maung was driving a well-marked United Nations vehicle when it was hit by gunfire in Rakhine State in Myanmar. The World Health Organization (WHO) vehicle carrying coronavirus test samples came under attack, leaving the driver dead and a government official seriously injured...an apparent attempted murder-suicide.
6. Brandy Vaughn, a former sales executive for the pharmaceutical company Merck and the founder of "Learn the risk".a website dedicated to educating people on the risks associated with vaccines, was found dead in her home beside her nine-year-old son on December 8, 2020.

Wow, that was a twisted tale, kinda like our small intestines. It goes this way, then that way, throws up but still remains an ORGANization. Thanks for all that info.

“Which SARS coronavirus is being tested for with these test kits, if we’ve never isolated the virulent source to be certain?”

“If we haven’t isolated the correct pathogen, how can we have efficacious vaccines?”.

“If we don’t know what the specific pathogen might be, what exactly is in the vaccine that stops things we do not know about?”.

“If there was no gain-of-function research conducted by all three labs, why was CRISPR being used on already virulent viruses?”

“If there is no virus that can be isolated, from whom the protein receptors can be mapped, why is an mRNA gene-modification cocktail being delivered in the “vaccine?”.

This link takes you to a write-up concerning Frank Plummer and his affiliated biological weapons laboratories.

Rocky Mountain Labs Overview A Premier NIH Facility for Biomedical Research

Some 3,000 feet higher above sea level than the National Institutes of Health (NIH) familiar brick campus in Bethesda, Maryland, and a 5-hour, 2,300-mile plane ride northwest of that point, lies Rocky Mountain Laboratories (RML), an NIH state-of-the-art biomedical research facility in Hamilton, Montana, a small but thriving community nestled between the Bitterroot and Sapphire Mountains.

A key component of the Division of Intramural Research, RML is perhaps best known for its research into vector-borne diseases, such as Rocky Mountain spotted fever, ****Q fever****, and Lyme disease—three illnesses caused by microbes whose names pay tribute to the former RML scientists who discovered them.

He does mention last meal requests. Many don't want one and I remember he wrote that skank hillary got scrambled eggs and a milkshake. I'm sure some such details are simply not available. I know he always writes their final words.

A jalapeño omelette and strawberry milkshake.. God, I can't believe I haven't forgotten such irrelevant trivia yet. 🤢🙄

i would like a close up video clip of the shitbag's face as soon as she/he walks up those beautiful gallows stairs!

The Shills appear here because what you post upsets the story the Deep State want to share. They read or hear about what is going on and knowing the noose may be going around their neck next; it is important to remind them over and over again what is waiting for them. FEAR is what they use against us; this is our turn to bring them down. They can suicide, try to hide or turn themselves in, but in the end they will be caught. Cooperate and they might get life instead of the noose. After everything is known, they have nothing to barter with.

Keep the detail coming... you are terrorizing the enemy... GOOD FOR YOU

Chyna Phillips is married to a Baldwin brother, forget the first name—William I think. . Definitely something strange going on a couple years ago. Her husband's appearance looked cgi and her behavior got more erratic and sad. Her mom, Michelle Phillips, talked about her childhood, and religion. When she was supposed to be talking to William, her face didn't look in the right direction. He really seemed cgi, and according to WarNuse,, on Twitter until banned, Wm. Baldwin was on the list of gone forever

Mr. Shill, be prepare for what is coming...think twice in what you are doing...who's side do you really want to be on...really honestly look at yourself...denial and deception are very strong until you face the truth...you make the choice and there are consequences either way of your choice. It's up to you.

It's hard to believe things in our nation got so bad. But, my mind keeps taking me back to what I learned in a college geology class: what ever "clan" rises to the top of the heap in a state of chaos is that which is being scraped off the top of any experiment. DNA has a shelf-life.

As above so below.....the concept resonated but witnessing an extinction event is not something I planned to experience.

I totally agree with you Dr John. These articles are very effective against the enemy and hopefully wake them up because it is coming to them. Nothing can stop what is coming.

Thank you. This is the only info we receive confirming WH are active .. it gives us hope.

It's ugly, but we need to hear about these executions. These monsters have filled our world with fear, and suffering, and we need to know when they get what is coming to them.

Please don't stop. I hope to see video footage of these executions one days, once the EBS has gone off, and their sorry asses have all been rounded up.

Exactly right, Ryan! We need closure and to see justice done. C'mon Mike – Let's see them on video if possible! I'm not into gore but I want to see proof...

In fact, embellish the executions as much as possible for our enjoyment! Perk of the job as a reader!

This is the only place we hear on the consequences of the crimes they've committed to humanity...I hope they also go after the nurses and dr's at clinics and hospitals that sneak the jab on people without their knowledge and or their consent...They just come in and tell the patient that a shot is needed and they give them the jab...it has happened to many that I know.

Mr. Baxter, I want to thank you for all your hard work and time you devote to bring us the latest news in what's happening. I check every day 2 or 3x for news and when some days go by without any new posts you may have been hacked or having trouble. I and others believe you could be hitting too close to home and the corrupt ones are trying to take your website out! Thank God you never give up! 🦊 You give us hope and belief that we are and will WIN no matter how long it takes. God bless you and the military and everyone risking their lives in this fight against evil. With God on our side well win and our country will be safe and prosperous again. 🇺🇸♥️ 🇺🇸🦊🤪

Jerome is married to my daughter in law's second cousin. Do we know if the spouses sign NDA's .. because asked my son about it and it appears the rest of family do not know what is going on. But yes we want to know about the executions.

May I suggest you get your son, playing devil's advocate, to tell the Jerome family, or their relatives that he may know, that there is this story in RRW about Jerome, and maybe they should have a look at it and sue big time. See what their response is.

I know someone married to Alec Baldwins brother. She definitely doesn't know Alec is dead. Just says he has so many kids the family doesn't see him and his wife much. But she clearly loves being married into that family and says they are all really great people. Strange.

They probably don't know what he did to Kim and Ireland. If they did, they would disown him and disavow even being related to him.

Not to mention the ridiculous impersonations Baldwin did of Trump making him look like a complete fool! Oh, and the fact that he killed someone.

He's been charged with manslaughter, or at least his doppelganger was. I wonder if the families noticed the difference?

Please reconsider I look forward to read all executions articles. Gives me justice knowing they got caught paid the ultimate price. What their actions are at time of execution. Thank you

The only reason why I read RRN is for the executions, we need to hear that we are winning this war, we need to hear that there is justice bring met, it does give us a sense of justice, it is healing to our wounds.

As far as I know we have no other source at Gitmo. Details are always important, even if it get repetitive writing them up, when you have the only source. It's historical in a way.

Thanks for your consideration. If an execution is unremarkable I'd be happy with articles that post several at a time with no more than a paragraph or two about how unremarakable each one was – or even just a list of executions, times, dates, who was executed & why? That may allow you to cover more executions we are not even aware of.

OMG! This person thinks you were there and watched every detail but are purposely holding back information. They obviously have absolutely no idea what gathering intel is like. I honestly don't know how you cope with these people.

Please continue posting them them Michael. I'll speak for many of us; we'd love to read the additional details about Jerome Adams as well as all the other deep staters there.

Thank you for all you do. 😊

Please know this: Everytime you post a story, you are throwing a lifeline out to untold numbers of people who are treading water under difficult conditions. My husband and I never miss one of these stories. We never missed Q either. In this time, information is more precious than diamonds.

Mike, thank you for the hard work you do but I believe you may not understand that the arrests AND executions are exactly what we are looking for. PLEASE continue and list every detail possible, Sir. We the People need to see justice done and I would also ask for a current updated list of every creep that has paid for their crimes against humanity and treason. I'm certain I speak for most of your readers when I say that you couldn't graphic enough for most of us. I hope when they air the EBS/EAS that they have videos of the executions and court cases. WWG1WGA, Doc.

Correct! If Michael stops writing fully about these criminals then what's the point of even coming here?

MICHAEL..WHY are new comments BURIED IN THE MIDDLE OF THE PAGE???...THIS makes your comment section look RIGGED....

Thank you, Mr. Baxter. I totally agree with WWC. It gives us a sense of justice even though we aren't privy to a video (at least right now). Knowing these evil scumbags are meeting their maker does my heart good! Let me know if they should run out of rope. I can help replenish their supply.

It doesn't need to be a lengthy report. Just something to the effect that the sentence was carried out and the date. I assume most is by hanging. If not maybe you could mention that.

Where is Gina Haspel, former CIA chief? Last I heard she was injured in Frankfurt. Is she in protective custody in GITMO?

She was on a plane there last time I heard. Dirty traitor needs life for what she did to betray us. She got people killed in the process as well.

Hi Michael,

I agree with Corrigan to keep 'em comin'! I understand your point also about how repetitive and boring it may seem to you to write and publish, but it is so much desired by us your readers.

Yes, sometimes the real and the raw of life and certain events are unremarkable. If you feel that way about certain cases, take the route that a few have suggested of combining a few reports. You can call it the RRN Obituaries [Volume 1 (2, 3, etc.)].

Without an obituary of sorts, there's no public record of expiration. Not having this record (of course wouldn't stop the shenanigans but) would make it easier to for them to slip in clones without getting too much scrutiny.

Lastly, perhaps you could be allowed to interview various ones the day before the noose. If anything fruitful or colorful comes of it, awesome!

Michael....you've got the BEST news website on the internet. By far. These other pussy news websites (including Fox News) would not dare report some of these stories. My only hope is....that even a small percentage of these reports are *TRUE*. One of your competitors posted and promoted a story (to sell new memberships) on his site claiming that Hillary was HUNG at GITMO. And, we all believed

it...until she was spotted a few weeks later enjoying a glass of wine at her favorite NYC restaurant. Since that episode....he has completely changed the format of his site....using guest speakers—because he lost many of his followers due to his *bulls**t stories. SO...KEEP UP THE GREAT WORK, MICHAEL. I check your website every day for all the latest. BEST WISHES !!

That is correct.Hillary had more doubles than any Deep Stater out there.

nope. spartacus set the rules: if they can tweet, they're alive. so sorry mikey, she's alive

Was this sarcasm? HRC was executed years ago, RRN had an article about it? That Viper HRC has throngs of clones and body doubles, let alone the CGI they can make up. You need a bigger red pill and get out of the gopher holes, the rabbits are much deeper.

What are you on about? HRC was ended at Gitmo or some such facility. Probably several more of her are still scuttling around, but I think a couple of those critters were also put down.

Please continue to report as much as you can. People need hope that justice is being served. You are the one who is reporting what is happening .

I want to know they happen and I want specifics about the people: Did they express remorse; Did they seek God; Did they manifest demonics like Newsom...Did they reveal intel.....I do not want graphic details about the executions themselves. I, too, am very angry at many of these clearly evil people....but I don't want to become like them. I just want justice and for it to stop and Patriots/White Hats to win.

Now Mr. B, I look forward to all repetitiveness of these updates. As a fellow Navy veteran, you're doing an awesome job! I look forward of reading these updates.

Young man. Please continue to satiate my blood thirsty appetite to see justice done. Continue to elucidate on the gore all over the floor details of the miscreant's last hours on earth. Really think these wretched souls should receive their very own poisonous injections and writhe in pain and agony the way they have put us through. For the USMC yahhh kill and go Teufel Hunden! Keep up the good works.

Every single execution will make good people feel more relieved from the pain of seeing so many jabbed innocent lost their lives. Please continue the repetition more and more and more!!!!!!

Thank you Mr. Baxter. Reading about the execution will give more assurance that the criminal is out of the way. We cannot wait to read about the execution of this disgusting criminal called Richard Tillyer.

I love reading about the executions. Sometimes I read the articles 2 and 3 times over. It makes me feel so good.

Michael, CONGRATULATIONS ON YOUR SUCCESS AS A FICTION WRITER!!

Your Stories are GREAT, but WHY did you STOP POSTING in Feb 11, 2020?

Your AWESOME FICTION STORIES are at...

TWISTEDTRUTH.NET

We feel abandoned! Please do a follow-up story on...

“Putin Recruits Steven Seagal to Fight the Annunaki”!

Thanks Michael, I know it may seem morose but many of us have watched countless friends and family die because they refused to heed our warnings and took the god damned vax. I had to watch it kill my dad over about 5 months. Those stories give us some hope that some justice has been dished out to another criminal.

In the St Louis Post today, it says all spy balloon wreckage has been recovered and it is headed to the FBI lab in Virginia. I guess the White Hats will never know what the contents reveal. It seems to me that this Balloon was tracking underground tunnels more accessible from the 60,000 ft ht vs from satellites. No doubt, fully analyzing the missile silos as well.

Thank YOU. Have you been able to inquire into the resolution of Malinowski from Defense?

We appreciate you and all the virtue that comes out from you as you try to be a part of justice and letting us know what is going on in this mean world.....you help us to have hope since the American justice

system lets folk away with anything.....please keep us informed about those staying there at Gitmo as in the case of Paul Pelosi (Nancy's husband)thanks Michael.

Thank you Michael! I share your articles each day with the world that drives communists, and their shills and trolls, to lose their minds.

I want to know what’s in the dead bodies they shot in Idaho, that facility appears to be at the site of Northwest Lineman college. The idea is what drug were they hyped up on to do this crime? These criminals are so consciousnessless it points to that Non-human DNA without empathy many are speaking about. The stab was said to kill the partial human or human hybrids, way faster. That would include the MK Ultra and whatever programmable human looking normies, or what else.

Richard Tillyer, Ph.D., Global Head of Janssen Research & Development, was apprehended near his home in Short Hills, New Jersey, with his blank stare, looks like he don’t care a wit, because he’s inherently emotionless, because he can’t feel empathy, just a yes man figure, for pharma.

The more gore, the better as far as I am concerned. Eyes popping out would put a smile on my face.

Especially if 2 in a row were shown photos of Dr Death Anthony Fauci dangling from a rope just like they would!

booooooooooooooring. what’s an accessory anyways? we need real charges not this bs. It’d be easy to simply say he was acting under duress of the dark lord and there goes the case. brilliant!

Not according to military law. Obviously there are real indictment charges or he would not have been arrested.

I also am extremely interested in reading about the executions. I'm sure close relatives of the criminal would also like to know about their relative's execution as well. It is also necessary for other deepstate cabalists to read about how their comrades die. Since EBS is taking a long time, we have your RealRawNews website to depend on. If I had extra time I would make a video reading your articles and commenting about it in a podcast to draw more interest and traffic to your website to wake up the Normies

Not only do I agree, but I actually engaged in Marketing for RRN. Got a huge backlash from shills and biased normies regarding the RRN Disclaimer's "humor, satire, and parody" statement. But when their pseudo-logic was challenged with real logic, they shut up.

It turns out those "experts" critiquing the credibility of RRN did not actually read any RRN articles, and were unable to put into words how they achieved their expertise.

Good idea, Max. Perhaps the normies prefer to have lunch at their desk and just listen. A reformed normy might do the movement a lot of good, preaching rather like a reformed alcoholic.

I agree. These snippets of Justice are the only thing that keeps me going. I check every day. I want to know who was arrested, what is said, and how they act all the way till the end.

They should have to go through the "Flesh Fair" in a large stadium with real patriots like in the movie artificial intelligence with the robot boy.

You said it so well!!! It is a balm of justice to our souls...every last detail. Thank you, Mr. Baxter, for taking the time to hear your readers. Much appreciated. 😊

Yes, we are all abused, fed up, starved for justice and a sense of closure from the vile predators of men, woman, children and even the earth. IMHO, every execution should be televised for all to see

and observe as a Civics Lesson. Also, it would help to deter other soulless and arrogant leeches from doing this again.

I agree that deterrents can be a good thing for those with a conscience, but I question if it is possible for one who is without a soul to be deterred.

Friends of mine will be going to Richard Tillyer's home to see if he's still there in NJ.

You are so RIGHT ! Linda am tired of the disbelievers. Let's face whatever it is .

Hi Michael, I hope you do continue to post this type of articles, because it gives We the People some comfort or at least hope that these Criminals are Truly being Dealt with! God bless you in your work, it is appreciated!

Yes, please continue to author all the executions. Since we cannot be there to see these executions, we at least need to have the details to free ourselves of the desire to take them out ourselves. God bless you for all your work and never stand down from reporting the truth.

Reporting the executions is a powerful testimony to the reality that righteous judgement is at least taking place somewhere, even if not in general public at the moment, don't under-value how important it is to those of us barely hanging onto the hem of HIS garment each day, to hear of any progress of good against the evil of our time, and that righteous judgement is being for-filled.

Absolutely continue reporting on the deaths of these demons. In fact I'd like more details. Were they shaking? Sweating? Puking? Did they pee themselves? No detail is too small, it's quite satisfying.

Someone like this deserves to be taken apart piece-by-piece, slowly. Hanging is way too good for him! Of course, justice is blind, and is not revenge.

Absolutely, continue posting them. You have no idea how it encourages Patriots. We need to see that some justice at least is being done

I concur with the individual who expressed the hope that executions should be reported in RRN. I hope to see so many reports of convictions and executions that they are simply tabulated in a database because they are too numerous to read in one sitting.

♥Our local cemeteries are filling up real fast starting last year. Catholic cemeteries are filling up faster, here in northern CA. 😞

Thank you for continuing articles on executions. We need to see progress to maintain hope since the truth remains hidden from so many.

wonder why it took so long to capture these evil maniacs who made this poisonous vax ??and all those who still push them and brainwashing silly people?how long will it go until people hear it publicly on the news???

Of course we want to know about the executions!! We need justice!! we need to see it! That's what this is all about!!!!

It makes me feel good when these people think they can get away with murder and get caught.Jag and the Admiral are doing such a wonderful job.

Please keep posting executions, it is just for the lives they have taken and to know they will do no more harm.

PLEASE!! Do not EVER stop reporting the information given to you by the White Hat Military!! You have often been the only reporter to post articles about what is happening under the radar of the fake, totally corrupted, and traitorous regime. Many patriots count on you for your truth in reporting in the face of naysayers and deep-state retaliation. Keep up the good fight, and God Bless You Always!

Thank you Michael for keeping us informed of ALL those evil monsters getting executed !! It's too much JOY for We The People !! 😊 God Bless you & all the Freedom Fighters Worldwide

Yes, please keep posting on hangings. It brings me comfort to know that something is happening to hold these bastards accountable!

Please enough of these stories, they are all fiction unless of course you start showing pictures of arrested individuals in handcuffs or getting hung. How about CDC Director Dr. Welensky, you said a while back the White Hats could not get her because she's hiding out in Europe somewhere. Not true she was in DC this week testifying in front of a Congressional committee. If the "White Hats" really existed they could have picked her up easily. Instead she goes in and repeatedly lies. The White Hat story is one of the greatest fiction stories ever told.

Con todo respeto, no te has enterado nada de los "clones" y "stunts" que el pantano profundo esta utilizando?... Nadamas porque CNN o FOX NEWS no hablen de esos asuntos no significa que no existan.

Richard Tillyer arrest is meaningless as the Genocide Vax is still dispensed, WTF.

Under impression that Commander in Chief [whomever that may be] is on Big Pharma's payroll.

Adage: "Don't piss on my head and tell me it's raining.

Time to arrest the hospital employees who killed our friends, neighbors and family with the vent and Remdesivir as well. This whole mass murder had many levels for PROFIT!!

They are the ones who absolutely have the most power over us and have the largest ability to destroy lives. I am sick and tired of seeing it.

Thank you Michael for your credible information. We, THE PEOPLE, want as much news and information as possible. We will continue to follow RRN and pray for your safety and good health. God Bless

We have been waiting so long for justice. As an American I would much rather a 50 cent bullet than a lifetime of incarceration. We need closure. Thank you for all you do. If you could have a side page with the names and dates of execution that would be much appreciated.

My first comment washed. Hopefully this one does not. Mr. Baxter you are appreciated daily more than you can imagine. You are the only one that tells the “whole truth”... where else are we to go to view the arrest, conviction, and consequences (i.e. execution or life imprisonment). We need to know there has been consequences to the murderous actions. This knowledge reduces some of the pain and suffering all of us have experienced at the hand of these sick, wicked, demonic, insane people. Thank you Mr. Baxter. Our prayers are with you.

PLEASE ,,Continue Posting.

Until this *evil & wickedness* is gone, No One's **Soul/Spirit** are *safe/saved* from hELL.

Blessing's of the U N I V E R S E

Upon all that S T A N D for T R U T H ~

Ty*** Michael ~

I, too, would like to see RRN continue to post these stories of executives arrested and tried for their crimes It gives us hope that all of those who have done us wrong will ultimately pay for their treachery.

Yes, do keep publishing the executions and add photos and videos when you have them. They are cathartic.

NOW I understand why you have treated your website updates like a hobby, instead of a professional calling. Simply put, because you can.

I remember, and many of your followers will remember all the promises you made about ramping up your posts, but you didn't. There were periods of more than a week, several times, when you posted nothing!

I kept asking myself, if he has a confidential connection with General Smith's press liaison, and they are giving him all this detailed information, which he promised to publish, then WHY would he just suddenly take a two week vacation and fail to post what he had promised to post, and disappoint is valued confidential connection?

HOW could he do that and get away with it? Military press releases are not an optional activity! Not only do they expect you to do as you have promised, but they also expect military precision on your timing of releases.

Military Precision, in all honesty, is something you lack completely! At this point, I am close to concluding that you are a complete fraud. But it's better that you clarify WTF is going on. Or not. After all, it's your website...

I have only started my investigation, but I will make sure everyone will know what I find, because frankly, willful deception, *if* that is what I find, gets under my skin.

Ridicule and innuendo, I see, but what are you doing to positively help WE THE PEOPLE, who are under seige.

I do understand your skepticism, but can you imagine for just a second how suicidal it would be to willfully deceive all the bloodthirsty creatures that inhabit RRN? As you probably know, it doesn't take much research to find the whereabouts of MB.

Yes, yes please keep posting these arrest.....they are answers to our prayers for our country.....I encourages us to see progress.....we will not get bored, we get excited to see evil brought to a halt.....we appreciate youvery much.

Yes please let us know that Adam's was hanged. It's not enough to hear that he was sentenced to death. Personally want to know him having to be walked to get hanged and his reaction even if it's repetitive.

Boo-freaking-hoo. Pence is next, he tried to kill our POTUS with Paul Ryan's help and he wanted to kill the website designer involved in the plot so there would be no witnesses that would spill the beans to the White hats.

Oh Shit! The cat's outta the bag!

...and it ain't never goin' back in.

That's right. In case you missed it, Michael Baxter, the author we know and love, is an AMAZING FICTION WRITER!

His website, which he abandoned on Feb 12th, 2020, is at...

TWISTEDTRUTH.NET

I don't want to act like a jealous girlfriend (pardon the sexist comment), but YOU HAVE ABANDONED YOUR ORIGINAL FICTION FAN-BASE!!

...and NOW WE'RE PISSED!

But we can forgive if you would at least be so kind as to publish a follow-up story (that you left hanging!!) to...

“PUTIN RECRUITS STEVEN SEAGAL TO FIGHT THE ANNUNAKI”

Come On Man!!

THERE'S NO FURY LIKE A SPURNED FICTION FAN!

I hope he gets hanged and yes I want to know if there are hangings, even Adams. Repetitive or not. I want to know there is Justice.

MICHAEL!! You're an AMAZING FICTION WRITER, but you have abandoned us at your previous website...

TWISTEDTRUTH.NET

We've been waiting for follow-up stories for 3 years dude!

The least you could do, is to post a follow-up to your article titled...

“Putin Recruits Steven Seagal to Fight the Annunaki”

Come On Man!! We feel abandoned!

Are you getting more donations on this site? Is THAT why you left us?

I can see you changed your style to feed the Trump supporters the fiction THEY want to hear, but we need fiction too! Get with it dude!

Even after losing my father to the , I pray for their souls. None of us, and I mean NONE are without sin. They can save their souls if they accept Jesus as their Lord and savior who died for All our sins and repent. It took me 2 years to forgive these monsters (two years too long) and my mind and heart is better for it. The anger and pain of holding on to hate and blame had only made me sick and an emotional mess. I still struggle but I find comfort knowing I will see him again. His time on earth was over, no matter how it ended or who was responsible. I do think being able to throw some names around to our sleepy peeps regarding executions will help their reaction when the reveal happens. The seed will be planted so the shock will be lessened whether they believe it now or not. I find nothing glorious about the fall of man, just sadness. Loving each other is the only way to get through this, even loving our enemies who planned our demise. God will sort it all out and the meetings are being arranged.

Unfortunately you must understand these Nazi's do not repent. For me personally it's not a matter of forgiveness but I will not forget. My husband, my 3 children & son in law took the jab & boosters. So far they are not dead but what side effects or early death will I and they have to deal with? Who will I bury first or will it be all 5 at once? So far my husband is having worse issues with an already problems with his heart & liver. Was in the hospital with sepsis a week after taking a booster. I don't have unforgiveness but I will not forget and I will continue to fight for Justice. I continue to pray for healing for my family and others who were dooped and harmed and that the med beds will become available for my family as well as others but I am still going to Demand Justice. They violated the Nuremburg Code and GOD'S Laws even if they get saved they have to pay the price for their Crimes and be executed. But you already see their arrogance of how they use "Religion" to their advantage believing they have no sin and that they can do whatever they want and get away with it. Like I said these people are Nazi's their in the Illuminati and satanist. I really don't see them being truly repentive and truly accepting YESHUA/JESUS as their LORD, SAVIOR and MASTER and truly having a Love for HIM.

Blessing's of Our Creation is Upon Us

Make thy S T A N D Universally Blessed

][Stand with You and EVERY Last One of Us CREATED ~

My point is, there are doctors fighting this, against the narrative yet All are clumped in one box. Covered with a wide brush. A vigilante attitude directed at ALL. How about those involved instead of ALL. Should you be held responsible for what your family did taking the jab ? Did they listen to you ? Did you try to stop them ? See, I had that talk with my father. I told him it would kill him. He made his choice not because of a doctor or myself but out of FEAR. His own

child could not stop his fear. Should I be blamed he did not take my warnings to heart? This is FEAR based decisions not what someone tells you to do or Not to do. Pure fear driven media hype which supersedes all thought and reasoning. Mind control on a grand scale. All perps should face justice, but many made their decision without a doctors input. As I said, clinics were set up outside so as to social distance and the fearful flocked to be ahead of the line. No RX needed. One size does not fit All narrative. I guess President Trumps “get the jab “ counts too? You got your freedoms. From the beginning it was 99.7 up % you would be ok. No one cared because of the fear and mass formation. (mind control). It is not black and white and it certainly is not one size fits All for doctors. How fair is it going to be when angry mobs kill innocent doctors? Will you take your part in their death? Inciting on all instead of those it pertains to? It’s like me saying since male pedophiles raped children ALL males are rapist and pedophiles. Make sense yet? Let the process play out without casting judgement to ALL. Better yet, let the judgement be by God himself as it should be. I will not face my creator as a sinner and cast judgement on other sinners. If I don’t forgive them he may not forgive me, and why should he? Judgement will happen without incitement. 🙏

Most people will never forgive the damage done to their lives and their families and friends and the babies they lost and the fertility they lost because of this poison.. You are a saint to be able to forgive the murderers of your father; most everyone else is not able to do so because their loved ones were murdered similarly. . They will hate and have revenge against these traitors until they die because they are hurting and raging against this global genocide. Can we blame them?

WE DID NOT DESERVE THIS. WE WERE LIED TO. WE LOST PEOPLE WE LOVED BECAUSE OF THESE DEVILS IN FLESH OUT TO KILL US FOR MONEY AND GLOBAL CONTROL.

I agree Michael. Please report ALL that is going on including the executions.

I may not post on all your articles, but I do read them all. Thank you for your patriotism.

Semper Fi

A weekly run down of those hanged, shot, injected, etc. would be nice.

Great work!

Keep it up!

Mb, just keep up the work you've done for all of us. The more we know, the better informations we've received, the better results and give us hope that justices will prevails. The tribunals, the executions needs to be told to the Americans peoples!

Osobně jsem na tyto popravu čekal roky, Michaeli. Myslím, že pro většinu z nás je to světlo ve velmi, velmi dlouhém tunelu. Prosím, nevyhazujte to.
