Miliony pacientů nemohou najít léky k léčbě život ohrožujících onemocnění, protože Spojené státy čelí největší krizi nedostatku léků v moderní historii. Nedostatek antibiotik způsobil, že pacienti prohledávali různé lékárny, aby našli amoxicilin, běžné antibiotikum, a onkologičtí pacienti zbavení léků proti bolesti snášejí

nepředstavitelné utrpení. Dokonce i dětský Tylenol se stal vzácným. Více než 300 kdysi běžných léků se nyní objevuje na seznamu nedostatků FDA a zločinecký Bidenův režim vytvořil poradní sbor, který má prošetřit základní příčiny ochabujícího trhu s drogami a jmenoval Xaviera Becerra „carem“ výboru. Hegemonní ministr zdravotnictví a sociálních služeb režimu rychle připsal neštěstí „pokračujícím problémům s dodavatelským řetězcem Covid-19“ – do očí bijící lži.

Jak bylo oznámeno tento týden, americké speciální jednotky narazily na sklad plný antibiotik a léků proti bolesti, které by byly na Ukrajinu, kdyby nezasáhly. Zmocnili se léků, ale nyní musí najít způsob, jak je uvolnit zpět na trh – náročný úkol, protože agenti zla Deep State by je mohli jednoduše znovu ukrást.

"Toto je zvláštní druh zrady," řekl zdroj z kanceláře generála Erica M. Smitha Real Raw News. „Naší odpovědností je postavit zločince před soud, ale, víte, vydávání léčiv není v našem popisu práce. Jsme nataženi na tenko. Léky jsou součástí většího problému – nelegitimní vláda vykuchala USA a poslala Ukrajině náš plyn, jídlo, zbraně a léky. Obohacují sebe a Zelenského, zatímco my tady doma trpíme. Administrativní rada vyšetřující nedostatky je podvod – jsou to oni, kdo způsobuje všechny nedostatky; rozdávají farmu. Nenávidí Ameriku, ústavu a drancují náš velký národ.“

Bílí klobouky, dodal, se domnívají, že režim si pronajal stovky nebo tisíce skladů od pobřeží k pobřeží, aby ukládal ukradené léky, protože ten, na který zaútočily speciální jednotky, obsahoval pouze několik druhů drog – penicilin, amoxicilin, oxykodon, hydrokodon a další. fentanylové náplasti – daleko od 300 na seznamu FDA. Připustili také možnost, že na ukrajinskou půdu se již dostaly lodní a letecké zásilky drog.

Hledání drog přirovnal k hledání jehly v kupce sena.

„Ve Spojených státech jsou čtyři miliony skladů. I kdybychom se podívali na ty, které se nacházejí v okruhu několika mil od letišť a doků – stále je to kolem dvou milionů. Můžeme toho dosáhnout jen tolik,“ řekl náš zdroj.

Kromě vyšetřovacích technik se White Hats spoléhají na tipy udavačů, aby zajali a uvěznilo zločince z Deep State. Tipy jim pomohly najít a zničit adrenochrom, sklady vakcín a klonovací zařízení. Náš zdroj řekl, že White Hats potřebují vysoký hrot, aby získali ukradené léky. Druhou možností, dodal, by bylo zjetí Xaviera Becerry, který je na seznamu 10 nejhledanějších White Hat od svého nástupu do úřadu 19. března 2021.

Ale náš zdroj řekl, že Becerra se skrývá v Polsku, aby se vyhnul vojenskému zatčení.

"Kromě toho, že žije v exilu, patří k nejchráněnějším z Deep Staterů." Máme konkrétní důkaz, že je někde ve Varšavě. Dostat ho bude jako to, jak jsme dostali Walenského – čekání na vyklouznutí. Jinak děláme to nejlepší, co můžeme, učíme se, co můžeme, a doufáme, že Cyber Command zachytí něco, co nás zavede tam, kde administrativa hromadí ukradené léky,“ řekl náš zdroj.

Mimochodem, lékem, který není na seznamu nedostatků, je Paxlovid od společnosti Pfizer, který je nabízen jako lék na Covid-19. Lékaři White Hat ve Womack Army Medical Center, Fort Bragg, vyšetřují zprávy o tom, že Paxlovid způsobil poškození mozku.

Ameriko, můžeme napravit všechny ty zmatky, které Biden a demokraté vytvořili od ledna 2021.

And I mean all the screw ups . . . Everything the illegitimate criminal Biden regime and the Democrats touched was a failure, everything.

It's all up to us if we want to take our country back and Make it Greater than it's ever been. Let's work together as a great team and vote out all Democrats and RINOs. All of them.

You say it's impossible? Maybe but at least give a huge majority in the Senate and the House (Congress) to the Republicans.

VOTE IN PERSON. Do Not vote by mail and Do Not vote early.

We need President Trump back in office and watch the greatness he will do for us, our country, and the world.

Trump will overhaul all three letter agencies top to bottom and fire all the Democrat corrupted directors.

VOTE IN PERSON and make your vote count. Do this and you'll Make America Greater than It's Ever Been.

GOD Bless America!

Drug shortages are just one of the major dramas, that the crippled, criminal, Biden regime is causing in this country hourly. Yet, more than half the country actually thinks Joe is doing a good job.

Last edited 2 days ago by Joanna

No they don't!! His approval rating is in the low 30% and if half the people approved of the job he is doing, it would be a lot higher!!

May I suggest the get in touch with Sheriffs across the US to look for stolen medications/warehouses full of meds? Sheriffs swear allegiance to the Constitution and are NOT under local control as such. Let them help the White Hats as best they can in their own jurisdiction, there are THOUSANDS OF THEM!

Deep sweep...lock em up...trials...consequences. if you know all this and have for many many years why oh why do the perps not get taken down. Everyone suffering in many ways for a group of sob's that would sell their mother if the price was right.

Please pray for President Trump, he is the only one right now who can taken down the deep state, fight the Satanic paedophiles, arrest the child sex traffickers, punish the traitors and save the kids, but the military has to round up the bad guys for justice before he can continue the job.

It's people like Cobb, Jim, and other Biden lovers who hate goodness and justice and ruin this great nation by voting for and supporting a paedophilic, incestmongering, lying, cheating, racist, abortion-loving, sexual deviant-supporting, same-sex marriage protecting, child sex change surgery defending, bribetaking traitor like China Joe who loves the New World Order, the Taliban, and loves adrenochrome made from screaming, tortured kids. WE DON'T SUPPORT THAT BETRAYAL, NOW OR EVER.

Delenda Est Coniurati

IF HE TOOK DOWN ALL OF THOSE GROUPS WHY DO WE NEED TO VOTE FOR HIM AGAIN,,,?

Where is your brain? Can't you see there is at least 20 years of hard work Trump needs to do right now with hundreds helping him....

Where have you been Jim?

Let's roll up our sleeves, Carol, and tear these bastards up!! Book them and charge them!

The one writing these stories. Look MB had me sucked in at beginning with HRC tribunal but more time when on me outed himself as a fake. These articles read like a novel. The term "parody" isnt put in for protection of lawsuites it's only truth he writes.

Is it even happening or did MB just forget like he forgets a lot of his storylines?

Fmr. Federal Prosecutor Claims 'Electoral Interference' by Clinton Campaign in Trump Russia Probe

The world witnessed how deep the FBI Corruption is in our country.

Supposedly the world's best and most elite Police Force is now infamous as the world's dirtiest and most corrupt. Embarrassing, humiliating and shameful. Zero integrity.

We need a complete overhaul of our three letter agencies. Abolish these agencies and completely replace from top to bottom all personnel.

And those responsible should pay the price. These crooked corrupt dirtbags committed Treason in the highest degree. Treason is punishable by death and there is No pardon, None, Zero, Nada. They will hang.

Rather than over haul the agency's, let us abolish them altogether. They do more harm than good.

Amen, and, as a friend used to say
“ Send them to God's courtroom and let Him deal with them”

raylandbrunson dot com scroll to the bottom, has the latest filing, last motion was the 5/15/23 today is 5/20/23 Filed an opposition to the motion to dismiss. It's tedious but as soon as they get a positive ruling Trump is supposed to be in office by the next day as far as the public sees him in office. It's expected to happen on May 25th this time. Trump was said to get back into public office on July 4, 2021 here on RRRN. For some reason Trump won't say he's the president, he's definitely acting like he was robbed of the presidency so then he's not president, he's a man that got robbed. It's just military ruling and like two presidents it's white hats and black hats each doing their own thing. WH military won't come out and say “pay no attention to that fake Biden on the tv screen”.

I can guess the hold up is that the military is in power but divided among themselves, since they are doing WH and BH, and that could even remain the same so what's the point?.

The public is showing too much confusion over who the president is or who is ruling. This is more about putting Biden OUT. No more looking at Biden on tv, and arrests of 3000 more officials I heard but they recently fled DC it states on YT Florida Maquis site, a lot of officials went to Lebanon to set up shop and still rule the USA. I

wonder if they are avoiding arrests or I can make a joke of a guess and wonder if they have a plan to do some issue in DC since that's where the court is that sounds like they are going to rule Trump is president in a few days?

I don't understand all he said since he abbreviates a lot and it is real late here in Ga.

That would be an awesome happening. Yes the DS dogs are fleeing this country every day. They act like they can't be found. I think the White Hats know exactly where all of them are. Biden's little doppelganger is either completely demented or he is arrogant enough to think he is now the President and he has all this power. This fake Biden has a reckoning day awaiting him also. NO, I do not think the fake stupid Biden is working with the White Hats. He and all the fakes are DS demons. Their day is coming.

The Supreme Court has rejected the Brunson case. The opposition motion carries no weight. There is no provision in the Constitution for restoring a president to power. Not even the Supreme Court can do that. Your lack of knowledge of civics is appalling. It's not happening. Move on.

We are not. COG is the fantasy of some random online dude who wrote a really long and totally incorrect interpretation of the process

When they replace the personnel the people should somehow be involved in the process, even if it requires votes. Letting the congress and the FBI hire their friends and criminal cohorts is what got us here.

Where are the rest of our military? Army navy Air force? Are they really all that stupid? There must be some reason for it in the ranks. I can't believe that they are all that brainwashed!!! I want to see a coup if that's what it takes. Americans need to wake up

Israel has not yet learned how to be multicultural. And I think muslims are going to be part of the throes of that transformation, which must take place. Muslims are going to be at the center of that.

Julie is referring to this:

https://en.wikipedia.org/wiki/Kalergi_Plan

by way of a sarcastic rephrasing of a quote by a proponent of this plan whose name I won't mention here. If you decide to do research into this, you may come across the actual clip with the actual quote. I last saw it on YouTube and it wasn't scrubbed as an 'inconvenient truth' at the time I saw it. The clip may still be on YouTube.

30% (or a little more by now) of the population of the State of Israel is of 'palestinian' heritage. And these palestinians have representatives in the Knesset.

Sounds like a good start.

My landlord pulled that muslim crap on me while I'm a white person in USA, until I pointed out he and his wife were my great grandparents and I was just here learning what happened to them when they died. Religion and culture don't last past the lifetime. Reincarnation pulls the plug on that logic. We're all a lot of religions and cultures.

They're trying to murder us from every possible angle. Air, land, sea, weather, food, infrastructure.... What harm CERN couldn't do to finish us off, THEY will. Guess what, "They". Spoiler alert! You lose in the end.

Mr. Baxter: Patriot sources say that Indiana is one of 24 states sending troopers to the Mexican border at the call of Texas. Can you ask your sources to determine how the compromised Indiana governor saw fit to do the right thing? He was Pence's errand boy and I'd have to assume that Q's Midnight Riders paid him a surprise visit to discuss the facts of life.

Just write your own fan-fiction WrongWay. If MB can do it so can you. Using the power of imagination you can make the Q Riders or whatever say whatever you want them to say to your governor

Good time for another pandemic huh cobb? Maybe they'll throw CCPox at us, eh? When the blisters pop you and Will spurt out and cry,"This isn't happening!"

Incidentally, how long did it take for your contacts' higher command to realize that Ukraine was being used in this way. Anyone with a basic working knowledge of criminology and history, even just recent 100 years worth of history, could have figured it out even before it "started" in 2014. Anybody with any sort of brass on their lapels should have been keen to the goings on in the world around them, meanwhile my time and talent have been wasted for the last 10 years when I was hot on all of these issues and subjects due being FORCED into them due to the complete delapidation and despoilation of the society in America and all western (WHITE) countries. I'll say this to you as a warning: The worst thing that there is is the "Good gone Bad". Don't be that.

Durham Report Confirms TRUMP EXONERATED and FBI CORRUPTION Revealed in MASSIVE Report

TRUMP EXONERATED – are any of these thugs going to serve time? They committed treason.

FBI CORRUPTION Revealed – any resignations or firing? If none, then the corruption is really that bad.

One of those thugs, Killary Rotten Clinton, was executed at GITMO less than 2 years ago. Even President Trump attended her hanging and she cursed him like the demonic being she was. He also

attended Nanny Pelosi's hanging and received a sound demonic cursing. Those 2 were such "ladies"!! It is a far better place with those 2 gone.

Proof? I agree with Glenda. Hill dog & her daughter are both more dead than, doornails.

Whatever proof is offered, you will trot out one of the many timeworn, unconvincing excuses like clone, double, actor, CGI, blah blah. Keep on believing they're dead and ignore reality.

ICYMI, Hillary died after she attended the 911 memorial back in 2018. Recall the video of her helped by SS detail into the limo and was taken to Chelsea's Manhattan apartment where her doctors performed a non medically approved procedure called probiosis. It is the equivalent of transfusion except it uses adrenochrome. Also recall her double came out but HRC was gone. Imho, the execution reported by this site is ATF aka after the fact. I would assume by now their Armies have crossed our Borders and are organizing an eventual attack of us citizens. The FED Gubberment wouldn't want to take away our guns otherwise. So, if you read between the lines, er "lies" it all makes more sense they want to start another war here – "again", and with the FED also saying; oh no, you can't defend yourselves (white people) otherwise you're racists.

To that I will say a sleeping Giant is awakening right here and now, and with it, pretty much the entire "FED" will become officially recognized as an international terrorist organization that protects themselves and their constituents very well, which may become their

downfall in a very short period of time now. All the shows they have in Congress, the Senate and the House are jokes on and against “We The People”, there is No accountability whatsoever – we see it every day. Its continual repetition along with their narratives, gerry mandering and pandering to certain ethnic groups, all the while another hides from behind the scenes funding and spearheading indirect violence against white people.

From what I’ve read, and witnessed in Video’s etc over the last several years, gets debunked – mostly by fake news media itself of course, and from the unwillingness of those “in the know” that seem to want to change the subject and move onto another narrative to investigate and question when they want to, or their masters say so.

Seriously, when the FED investigates the FED, they can’t seem to find “anything” wrong, and if they do, its just supposed to be trivial and all parties involved are declared innocent, or they’re sent to Camp FED for a few months where they can relax on a lounge chair in front of a pool drinking wine, smoking weed and snorting Coke. And who knows, maybe even indulge in some sort of pedofilia with little kids from which we know, is right up their avenue.

It ALL comes down to one thing – accountability, who is it that is accountable? Who is it that will be held accountable – the milk man, or the mail man?

Cant the military round up the Rockefellers? They are enemies domestic. I know the military cant but cant the national gaurd or the sheriffs. This is ridiculous how long this is taking. The military was all elbows and assholes invading Iraq, Afghanistan, Lybia and Syria.

No the Rockefellers are too well protected. Rumor has it they have already gone underground and formed a powerful alliance with the Mole People royal family.

Aimee, if you’re new here Cobbane is the local conspiracy theorist. After awhile, she’ll start thinking Aimee is a guy’s name ffs!

Podesta and Barr were arrested and executed. Obama and Biden not yet. Barry is pulling the strings and Incest Joe is taking adrenochrome in his basement.

After the Durham Report many characters who RRN reported months ago some a few years ago were executed or are in prison in GITMO are now surfacing, i.e. sussman, strzok, comey, mccabe, etc. Some of these characters were reported to have been executed or are inmates in GITMO or now transferred to Camp Bliz Guam.

MB, can you confirm the status of these characters if they were executed or in prison in GITMO or Camp Bliz?

Patriots standing by for your response. Thank You MB and Keep up the hard work.

MB won't see this but if he did would just say the same old shit like "they were executed and those are just clones. Clones clones clones CGI blah blah everyone is a clone"

Hillary Clinton On Notice After Durham Report – She Cannot Get Away This Time

MB, this report is out in the news today (5/20) after the Durham Report.

I thought she was executed (hanged) in December 2018 as reported in one of RRN's reports. Can you confirm this? Is this a clone?

She didn't get away. She was among the first he reported on. She was hung at GITMO around 2 years ago. Kind of hard to punish her for anything since she has received the ultimate punishment already. They do have a lot of Killary doubles, etc. running around keeping the evil witch alive in the hearts of DS demons.

Ahahaha "Hillary Clinton on notice". Durham spent FOUR YEARS investigating, buddy. In four years he couldn't come up with a single charge? The best he can do is "on notice"?

Thanks for asking

But don't tell the rest of the troops

Also disappointing. Come on, Bobby. You're the commander. Show us what you're made of.

What kind of remonstrance are we talking here, RGB? Like a werewolf, or more of a Frankenstein?

Waiting on orders to shoot all lawyers first, fact, they're the enemy.

Google, Corpus Juris Secundum Volume 7. Rule 4., which explains lawyers are the fox that guards the henhouse of the injustice system, case in point: J-6'ers.

It's easy to identify lawyers, commonly outside court house or at nearby gin mills who often wear off-the rack cheap suits.

I'm currently hunting a esq., I'm so deep into his shit waiting on him to smoke tailpipe in garage. Been on him hard since Thanksgiving, his grand finale cometh.

Just make sure he doesn't smell your colostomy bag when you sneak up on him.

Contracted retribution with eastern bloc dark web extraordinaires, no violence involved. All it took was vehicle license plate. Adage: "in this day and age".

BTW, Coney Island provides multiple types of amusements, also famous hotdogs, whereas those extraordinaires soon to land me a huge Coney Island White Fish.

Fish-On.

Durham report confirmed Adam Schiff's role in 'misleading' Americans: GOP rep

And this lying thug will run for a Senate seat. Do Not vote for this lying corrupt evil democrat.

They won't be voting for the real demon...Adam Schitt!! He was executed at GITMO almost 2 years ago. His doppelganger needs to be arrested and put out of business.

The root cause of the Socialist movement in the US is being pushed by Fink of Blackrock and Bloomberg. Both billionaires want to change the US and have the means to cause a major change through media and direct control of companies board of directors. The White Hats need to focus on these individuals at the top now!

It won't fly Xena; it better not! Canadians like their own money, not pretend money existing on the ethers! And they want access to it too...not at the whim of internet machinations of every kind by DS liars, cheats, theifs and no-good thugs. They also want money that is backed up by something real, not money pulled out of the asses of the DS. Remember what Jesus did to the money changers? History has a way of repeating itself only this time, with the help of the Quantum System, Jesus can see his vision through. Just my opinion, but no way should we EVER go to a cashless society. They want to prevent bank runs so that is why they do this. They want to prevent us withdrawing our cash, so that is why they do this. They want us all cashless so that they can control every aspect of our lives, as every aspect of our lives is governed by how much money we have. Cashless??? That means they have OUR money and they will give it to us if they want to give it to us. Which, soon, will probably be almost never, and then never at all. You will work every day for the BANKS! They will then DICTATE. If we wanted to use our "money," the computer will say that there is a glitch, or the hydro is out, or computers are down, yadda yadda yadda no money for you or I or for anyone!!! If the military does not take the Turd out, here, then we know where the military stands, DO WE NOT?

Just checking in to see if anything was going to be written about the FBI whistle blowers.

This story was a given, people in the search for the truth all ready knew this. We knew that there was shortages everywhere. Medicine, certain foods and a bunch of products needed for self off grid living are getting hard to find.

If people lose their drugs fix it might help some people clear their mind and body.

People will have to start helping themselves or the government, if they find your Kryptonite they will exploit it in order to control you.

Looks like the government is trying to box “we the people” in so we need them to survive. That’s the deal with the gas stove removal type things and money that is computer based.

That way in the future they can turn off the power and you have nothing, no money, no heat, no way to cook food, no water or food, Total Control of the people is their goal.

Anyways looking for something new and I see there isn’t anything new happening. lately.

It’s scary when you are dealing with demonic beings. You are right, those sick evil things want total control.

We are more than conquerors in Christ Jesus. WE HAVE NOTHING TO FEAR FROM DEMONS. BUT THE DEMONS HAVE EVERYTHING TO FEAR FROM US!!

And Luke 10:19 gives us authority over this evil. God gave us power to tread on these serpents & scorpions & over ALL the power of the enemy.

We use it or lose by prayer & binding the spirits of fear, control & these

3 letter agencies, along with the demonic governors.

Allopathic vs natural, I'll take natural any day. In 1976 Pres Gerald Ford wanted all to take the swine flu injection. All 3 of us that took got sick with the flu for about 3 months but that isn't the worst. It ruined my health and I haven't been the same since. Most all flu shots I got there after I got sick. I then decided to go natural and am not sorry. I started studying herbs and it was just fascinating so now I am using TCM Traditional Chinese Medicine and is keeping my health issues under control and best of all NO SIDE EFFECTS! If the govt gets really mean and tries to shut down herbs it would be hard because one of the most plentiful and beneficial herbs we have is Dandelion or *taraxacum officinale* which is everywhere. I have dug mine up in the yard and dried the roots and ground them up into powder. It is bitter but what price health. If you should take on this venture, get a long post digging shovel (roots go deep), make sure it is not sprayed with weed killer, be careful to get the right plant. There is dandelion and groundsel. Groundsel is poisonous. Both plants have yellow compositae flowers but the main difference is in the stem on the flower/seed head. Dandelion stalk is light greenish brown and hollow like a straw whereas groundsel stalk is green,

solid and ridged. What is dandelion good for? Lots! I use it for my flu mix with goldenseal, echinacea and myrrh but it is good for detox as in cleaning the liver and lowering blood pressure just for starters.

Holly, that is awesome, and thank you for the information. It doesn't sound like a weed as much as it is a healer.

GOOD TO SEE MICHAEL PIVOT TO ANOTHER BUSINESS MODEL,,,SOON HE'LL BE SELLING ALEX JONES'S'S' PILLS

The only part of a dandelion that you discard is the flower Stem. The flower is good in tea or even on a salad and the root is dried and good as a tea. The leaves are good on a salad all though a little bitter, or you can like me juice the leaves with your smoothy, or carrot juice and it is a power house in your drink. Again to much will make your drink a little bitter.

Apple Cider Vinegar is one of the best natural things you can drink or use on your salads that you should try and take every day. Drink a little before every meal to help with digestion and you might even loose weight. It also helps with kidney stones as well as acid reflux, and I know that from personal experience since I only have one kidney and stones can kill me.

When I was taking acid reflux medication I stopped and just started using apple cider vinegar and have no problems with acid reflux any more.

I was living in El Paso Texas at that time, and I was seeing people coming into the hospital with Guillen Barre and experiencing various levels of weakness and paralysis. I was in my early twenties at the time, I was frightened by what I saw. I sure wasn't volunteering to take that flu shot (I hadn't taken any at all up until that time). That flu shot was pulled from the market after just a few people died. I didn't take a flu shot for several more years after that.

I only have one kidney and never knew or found out till after I got out of the military and started to have side pain.

I went to a specialist and he said he had never met someone that went through their whole life not knowing they were born with only one kidney.

I would say I owe it to my father since when he owned a health food store for a few years before retirement I got interested in natural medicine and have lived a life free of pain and problems.

I did take some blood pressure and cholesterol medication for a while and felt worse than I ever felt in my life.

I went back to no medications and herbal type teas and flowers for my salads and I feel much better again. I would be in better shape if I just found the time to get to the gym and do more than just work and sleep.

There is a dandelion type tea that taste almost like coffee, I have seen first hand where I told a young lady how to use apple cider vinegar to cure psoriasis on her skin.

She went through her whole life never wearing short sleeve shirts since she had it bad on her arms and wrist. I told her to use Apple Cider Vinegar and when I saw her 8-10 weeks later she was wearing a short sleeve shirt and was so thankful and happy.

To this day it is gone and she only uses Apple Cider vinegar when needed. She said it did have a small side effect of making her loose weight as well and she was already thin.

"I...have lived a life free of pain and problems."

Except, apparently, for the “side pain” you mention above above, and problems with your blood pressure and cholesterol, and with acid reflux.

The blood pressure is under control with no medications, even the kidney doctor thinks I should still take medications even when the reason for my high blood pressure is the fact I have only one kidney, not because of age and health.

Acid reflux and cholesterol both controlled using only natural remedies. Been 20+ years since I stopped going to the doctors and buying drugs and I’ve never looked back.

Moral of the story is when the drugs become unavailable you still have to try and live a pain free somewhat health life.

Try and do so on your own terms rather than to wait for the doctors and drug manufacturers to stop you drugs and hold your health hostage with their drugs.

Don’t get me wrong though, doctors are still a good thing and do help people. I’m just stating that you can manage some things, you shouldn’t have to go to a doctor for every little sniffle and itch.

So you don’t have any problems except for the high blood pressure caused by a missing kidney.

Yup, that tracks. 🙄

Prez Trump isn’t the most famous person. Mr Baxter? Wrong Way? No, sorry.

DJT – “It’s a little tricky thing. Dust. Mask. No mask. You can do all you want, you know, you still need help..from the Boss. You need help from the Boss, right? It’s alright to say that, but they’ll criticize me for that, ‘how dare he say that!’ No, I’ll say it, I’ll say it! Somebody said to me the other day ‘you’re the most famous person in the world by far’ ‘No, I’m not!’ They said, ‘Yes you are!’ ‘No!’ They said, ‘who’s more famous?’ ‘Jesus Christ!’ I’m not taking any chances, I’m not having any arguments, ‘Jesus Christ’, I guarantee. Let me look up & I’ll say, ‘not even close!’” -at N Carolina rally 2 yrs ago.

I’ll take this one, Mr. Baxter, if I may. Our hero president, Donald J. Trump, is the most important man of the last thousand years. I will leave the dance with the one that brung me.

I just wanted to post Trump’s previous sayings, but I added the 2 names to lighten things up, to tease a little -on hindsight, it’s a bad idea. That’s all there is!

He’s a self-absorbed game show host who spent his one presidential term tweeting and watching people talk about him on Fox News. Then he lost reelection because he sucked at being president. Not the most important man of the last thousand years by a long shot.

If Cobb is not ignorant, perhaps a paid troll who sold out for money. I met this kind of human garbage who are bought and paid for by those who wish to destroy our country.

No one pays me to make fun of you for being a doofus who actually believes everyone is a clone.

Of course you are a paid troll, no one can be this stupid such as you, right Snafu?

You sound like my neighbour! Nice guy, but his mind, when it cones to Trump, Rudy, Bannon, etc., is no longer his. We walk, golf, get together for Sunday dinner, etc., but ‘politics’ is kept out of it. It is

either your fault (for money) or it is not. I wish you luck, Cobb. Have a great day!

I bet your neighbor is in his 60s or much older. I find that the older these people are the dumber they are and I bet he takes his info from the liberal news papers or the lying news media. I wonder how many clot shots he was dumb enough to take? and many of these people are well educated but still dumb.

You've reversed it. The baby boomers are the ones saving this nation after having been the ones too busy to monitor the running of it. But, as the Great Reveal will show, we've been asleep since 1803, precisely 1803, as my upcoming Episode Number 44 will show.

I have worked with the elderly and most of them do not know anything about research or know how to use a computer with internet. They read these liberal news papers or they get their info from the propaganda news media. I kid you not, with age does not come wisdom, I have personally witness this.

Thank goodness. Please do not pollute their minds with this dumb internet garbage, Julie. No one wants their sweet old grandma and granddad to suddenly be raving & ranting about nonsense executions and clones and shit.

Hey Snafu, how many jabs were you dumb enough to take? I bet you took several. I bet you walked around wearing two face diapers too.

I don't write people off, but if they are going to insist in believing lies of the propaganda news then I just leave them alone. I have a 80 year old aunt who took several jabs and wound up in the hospital. I warned her to be careful and she told me not to believe alternative news because they were lying. As they say you can't fix stupid!

Wasn't the clot shot supposed to kill everyone months or years ago by now, Julie Me? Whatever happened with that? Every single vaccinated person I know is still alive.

Everyone has a story. I know at least 3 people that died under mysterious reasons after a clot shot and no one died before it. I also see where my friends and some family are sick a lot more often than they use to be, even the kids are sick all the time now after taking the boosters.

Yourself and one or 10 other people that are still living a good life is a good thing.

Drugs and pharmaceuticals affect everyone differently. If they made a shot that killed everyone the next day, they would be in jail already and no one would take the shot after day 2.

I think they wanted people to just be not as healthy, keep and build a customer base for the next round of shots and drugs for other diseases that keeps people coming back for years.

Millionaires now billionaires in the near future.

Just like cigarettes, we know they kill you or at the very least make you less healthy, just usually not the next day. They made them addictive so as to keep the customers coming back.

The difference being you can choose to smoke but millions of people were forced or bullied into taking the jab.

Just because a few of our friends haven't shown side effects doesn't mean there aren't millions who had a different story.

If the jab was so good they wouldn't have had to force or shame people into taking it.

It's just my opinion, I don't get paid to post here or think a certain way. You have a great day too, Johnny 😊

You will not know the real side effects until years later! Remember this was an experiment and you volunteered to be a Lab Rat. I see you are very intelligent. Lab Rat.

You must be a paid troll who sold out and work for the D.S. or you are just a very stupid person. Either way, you are a loser.

Ever since Xena scolded you for ur extreme racism against other races, you've tried to antagonize & harass her with unjustified remarks. When will u stop?

Back off of Xena. Moses didn't say that God told him: "Ohhh Moses, just so you know, these are the 10 Suggestions. Remember to blaspheme on social media."

Being famous? Is that what you think? Being famous isn't even in our vocabulary. It never crossed my mind. But what he's done IS FAMOUS! What he continues to do outside of the WH makes him even Greater than being Famous! He's still doing what's needed away from the WH. He's done more maybe away from DC , in the eyes of the public. When they can... they will let the public know what's going on. Oh Donald- Friend of The People will be So Much More than just famous as you say! Only people that are young don't know what's going on. He's the Most loved today along side JFK, & Lincoln in their day.

My personal opinion.. President Trump and Family stepped up to the plate because they knew they had the best chance of succeeding at making the big correction.

They knew they were needed. Trump knew that probably no one else could do what he's doing and I've heard him say that back in 1980 or so when he was interviewed. He's been preparing for this for a very long time.

A lot of people in Germany back in the 1930's believed the same thing about a short Bavarian corporal.

Look a little closer. Populist, authoritarian, shouty, loud, crude, no experience governing, advocates violence, ignores the law. Yep, that's our guy

Good on what Trump has been doing, after he was asked to run for President. He has done a huge amount so far, and has some more to do, too.

There is also what Dolores Cannon says about so many of us that came here to Earth to help out, after we heard how bad things were here. Don't forget that. Many of us are heroic too.

Yes, I'm well aware of what Dolores Cannon has said and have read several of her books. I do remember that alot, that many of us came here to help out, I believe I'm one of them. I was told by a psychic back in 1985 about all the trouble we are now in presently, and that Trump would become president in 2016 and would be an absolute hero. I was given MUCH information. I've been preparing for the present time for a long time, too, and the important thing is that we ARE and WILL win!

The man's narcissism knows no bounds. WrongWay, I sincerely doubt your judgment. If you want to suck his...ego, go ahead.

Don't be rude to WrongWay, he is more of a gentleman than half the men on this site, it would behoove you to listen to him share from his educated mind. Please continue, WrongWay.

To Michael's Radio Show Question, "When did you wake up?"

My awareness kicked up a couple of gears when President Trump was on the escalator.

Then watching very closely to all the TDS politicians, entertainers and especially the msm fake media freaking out, saying to myself and others.."why are these people going full on crazy?"

For me, it was while listening to the 5-6 State Hearings, convened after the crazy Biden Election coup. From the sworn evidences, it was just inconceivable that so much school-boy chicanery was employed and allowed to go on, supported by so many Americans. And yet it happened, and to this day it has not been undone. But that was just the tip of a ginormous suppression of Humanity, stretching back many many years.

I woke up when teaching chemistry at CNA in Qatar, 2016. Attending a pre-election lecture at the Georgetown Campus there, I heard a visiting Georgetown prof say (nearly a quote): “For the first time ever, 8 of 10 news media companies support the Clinton campaign.” Boom! He said ‘support’ not ‘report’.

Then I knew I was right to naturally dislike and distrust the Clintons for years.

No one else in the car on the ride back, (‘glass ceiling’ Hillary fans) even heard that comment, it seemed! Pre and post election chatter on the morning CNA bus was hilarious and frustrating to the very few of us (two) that were awake.

This is good news, the drugs are poisonous garbage that kills people or makes them sick.

Thank you President Joe Biden for ridding our country of these harmful drugs! 🙏

Every once in a while even a idiot like you gets it right.

Congratulations keep it up, you just might make it to human level of intelligence.

Na people would be better off without none of this shit man made drugs. I have never taken any of this poison and neither my mother of 96' She has never had a vaccine in her life and has never taken any kinds of pills. I give her vitamins and natural herbs and she is still going. She is in better health than most I know who are addicted to these man made drugs.

GOD DAMN THESE FUCKING TREASONOUS SATAN WORSHIPPING GREEDY BASTERDS. I WISH I COULD BLOW THE WHISTLE ON SOME OF THESE SCUMBAGS. IF U R A REAL AMERICAN & HOLD BACK EXPOSING THEM YOU ARE EVEN WORSE THAN THESE SCUMBAGS...

Instead of whining on the internet, why don't you do something about it?

Exposed? No one knows who he is or where he is. So yes, you exposed him for all the world to see, whoever he is

You give an excellent witness to the Lord then turn around and use blasphemy to describe these satan worshippers. God's last name is NOT damn. God's Name is not a curse word."Thou shalt not take the Name of the Lord in vain" is a commandment, NOT a suggestion. God's Name is a Name above every name.

Right you are, Maggie. The Cabal have got us accustomed to use those phrases/words/statements when we get annoyed, using their twisted Hollywood films and other MEDIA. The purpose being that we start using them in normal conversation (programming of people). That strategy is intended to alienate us for the Creator.

So, suggest you review you usual outbursts. Change them to “Oh, Hell!” or something like that, which does not disparage the Creator.

Nothing will separate us from the love of God, it is written in His word. Nothing at all.

Tell him, Maggie! Our little buddy Cobby needs a refresher course in common civility and respecting the Lord’s Name himself.

Lot’s of Feds on this site lately. Their strategy is simply to cause so much white noise on the posts that it drowns out the true conversation. What’s pathetic is that this is all they’ve got left.

Republican Rep. Marjorie Taylor Greene Files Articles of Impeachment Against Joe Biden – But That’s Not All

By Johnathan Jones, Western Journal
May 18, 2023 at 1:38pm

Republican Rep. Marjorie Taylor Greene said Thursday she has introduced articles of impeachment against President Joe Biden and other members of his administration.

On Wednesday, Greene announced during a House hearing Wednesday her intention to impeach Matthew Graves, U.S. attorney for Washington, saying he has refused to prosecute “real criminals” while targeting Jan. 6, 2021, Capitol protesters.

On Thursday morning, she targeted Biden and others over the executive branch’s failure to secure the country’s southern border.

The Georgia Republican said she intends to impeach the president and those tasked with protecting the country’s sovereignty.

At a news conference, Greene accused Biden of working to destroy the country.

Greene said the Biden administration is proof that “power corrupts.”

“It is with the highest amount of solemnity that I announce my intention to introduce articles of impeachment today on the head of this America-last executive branch that has been working since Jan. 20, 2021, to systematically destroy this country, the president of the United States, Joseph Robinette Biden,” Greene said.

“Joe Biden has deliberately compromised our national security by refusing to enforce immigration laws and secure our border,” she said.

Citing the latest influx of illegal immigrants crossing the border after the lapse of Title 42, Green said, “His administration has willfully refused to maintain operational control as required by law.”

Green also said she was filing articles of impeachment against FBI Director Christopher Wray, Attorney General Merrick Garland and Homeland Security Secretary Alejandro Mayorkas.

Zee, MTG has filed articles of impeachment against President Biden like 8 times already. It won't pass, it won't go anywhere. She just wastes everyone's time for attention.

There's a lot online saying that especially Lionel. He was with Trump in person before. Trump was impressed with him. He calls the Brunson case a nothingburger. I went to this Rumble title on (WeThePeopleNews title: SITUATION UPDATE 5/18/23) Boy are they ever doing dates on this one. Trump is supposed to take office on 5/25/23 with another Brunson ruling he get's reinstated the day after. There's lot's of other dates and they talk EBS again every time. Diana is supposed to be made queen, coronated on July 25 AFTER they haul off king Charles and some other's.

Oddly enough it sounds exactly like something Trump would do.

This YT title: INSIDER: A BLACK PROJECTS TAKEOVER... is on Riss Flex site. This is new information. A UFO disclosure famous one has said they gave the green light to tell the public now. The situation is problem, reaction, solution with ET set us up with the demons, reptilians, and greys in order to solve all our given issues

for the end result of take over and rule. I'm hoping it's the 3rd density earth they will rule and figure this is what the EBS, Quantum laptops for all, burning out all our current laptops, new financial system, new cell phones for all is about. Lot's of us are waiting for ascension to get into the 5th density. Ascension is a matter of a positive enough soul score.

Stinky, there is ALWAYS a lot online that says next week will be the big week, or this thing or that thing is going to rocket Trump back into the White House #soon. It's all bullshit dude. These people make money off of you by just making up lies that you want to hear. Why do you think you've been waiting for years and years even though they are CONSTANTLY telling you the big booms will happen next week? It's a grift. I 100% guarantee you none of this shit in your post will happen on May 25 or July 25 or whatever other made up date they throw at you.

I think this is the change point, now we'll see the expected reversals of Rothchild and Rockefeller satanist's laws fall for ever. No more admiralty law or Law Attorneys and Bar Judges ruling from the City of London and they're certainly not for USA's WE THE PEOPLE. It is the BS Bar that have held back the likes of the MTGs. It is not MTG's fault. She keeps at it.

Spoiler: MTG introducing pointless doomed-to-fail articles of impeachment for the tenth time is not 'the change point'

No change point is not here yet. When we have truth, it will come I feel.

Cobby can't read, he is bought and paid for by the likes of losers. Cobby is too busy kissing G.Z.' Ass.

One more thing to help hasten depopulation.

If they can't kill you with the jab, they will continue to find other ways.

They may try. But let's not spread more fear. Be more positive for a quicker better outcome.

Dr Tom Cowan said early on. "You should never trust a doctor again after what they did with the jabs."

Now doctors are turning their patients away for not taking the jabs. They want that Covid bonus soooo badly. "Screw your urgent healthcare, you must take the shot," they say.

The hell with you and your bloody jab, assholes!!

If there's one kind of "jab" we can all get behind, it's Hot Beef Injections

To Michael's Radio Show Question, "When did you wake up?" I woke up in the early 80's when I started questioning life. Why are we here? What is the meaning of all this? What is our purpose? It can't possibly be to get up, go to work, spend 8 hrs. at a job you hate, go home fighting traffic, have dinner, spend what little spare time you have with family, go to bed exhausted, only to start all over again the next morning. This couldn't possibly be why God put us here! This was Hell!

I started searching for answers. And the saying goes, "Seek and you shall find." I found, life is meant to be BEAUTIFUL! It's all our thoughts and attitudes. Think negative, and bad things come to you. Think positive, and good things come to you! Simple as that! God designed us to live beautiful, luxurious lives, filled with love, joy and happiness! It was strange, but the more I searched for answers, the

more was revealed to me. I have always been a Christian my whole life, but walked away from my faith in my twenties. And so many things went wrong. In all this searching Jesus revealed himself to me. He walked right through my bedroom wall and said, "I love you, You are never alone, I am with you always."

My life has never been the same!

The day I became awake!

So they say.

Lately, I have begun to wonder about the validity of everything "they" say....

Yeah but Biden can still do lots of cool President stuff like redirect loads of money and drugs to Ukraine, and appoint a guy to command Space Force, and tear down Trump's border wall. Trump and the military just let him do all this for some reason even though they are in control and Biden is just a fake actor on a movie set! MB does not seem to be willing to explain this 🙄

Baxter sais it regularly that the administration is illegitamite. I think it's all settled out but has to play out to the one's that don't believe it.

He has to win some kind of legal issue to get in. I'm hearing it's less than a week away. Hinging on the Brunson case still. It's all on raylandbrunson dot com and the last action was May 15th. They can appeal but instead first tried a motion of opposition to dismiss.

The Brunson Case is bullshit dude. They already lost badly. They are not going to suddenly win on appeal because they still don't have a real case.

The Brunson website is down. The court denied cert last time around and stated it would not take up the issue again. Read their case file. The thing reads like it was written by a high school student. Cranky and incoherent.
