Sbor generálního advokáta soudce námořnictva Spojených států amerických a Úřad vojenských komisí stáhly všechna obvinění proti bývalému generálnímu prokurátorovi Jeffu Sessionsovi, řekl zdroj JAG Real Raw News.

Jak bylo oznámeno minulý týden, vyšetřovatelé JAG zatkli Sessionse na základě obvinění z velezrady poté, co získali důkazy, že se spíkl s Merrickem Garlandem, aby uvěznil Jana 6erse, a spolupracoval s Deep State na podkopání Trumpova prezidentství v roce 2018.

Podle našeho zdroje v pondělí viceadmirál Darse E. Crandall obdržel překvapivý telefonát od nikoho jiného než od prezidenta Donalda J. Trumpa, který řekl, že JAG udělal hroznou chybu a „nařídil“ admirálovi, aby osvobodil Sessionse a vymazal zmínku o jeho zatčení z vojenských záznamů.

V reakci na to admirál Crandall řekl Trumpovi, že JAG má „konkrétní, nevyvratitelný“ důkaz o Sessionsových zločinech a že jeho propuštění by poškodilo důvěryhodnost JAG a ohrozilo budoucí zatýkání. Řekl, že JAG utratil spoustu peněz a pracovních sil během několika měsíců na vyšetřování Sessions. Vehementně trval na tom, že má dostatek důkazů k usvědčení.

"Poté, co admirál Hannink odešel do důchodu, jsem tuto odpovědnost přijal." Splnil jsem to se ctí, hrdostí a přesností, pane prezidente. Mám proti Sessionsovi tolik důkazů jako můj předchůdce proti Hillary Clintonové. Jak mě můžeš žádat, abych ho propustil?" řekl admirál Trumpovi.

„Nejdůležitější mise v historii naší země se odehrává právě teď. Jediné, co vám mohu říci, je důkaz, který si myslíte, že proti němu máte, je stejně falešný jako podvod Ruska, Ruska a teď podvody s tajnými krabicemi proti mně. Nikdy tu nebylo nic podobného tomu, co se právě děje. Odvedl jsi skvělou práci, skvělou práci, ale Jeff se mýlil. Musíte ho propustit. Víc vám teď nemůžu říct, ale jeho zatčení byla obrovská chyba,“ odpověděl prezident Trump.

Admirál připomněl Trumpovi, že jeho použití zákona o povstání dalo Spojeným státům prozatímní vojenskou moc zatknout minulé i současné vládní úředníky, jejichž prosazování agendy Deep State

porušuje ústavu Spojených států.

Trump řekl, že Sessions byl součástí „nyní zničeného plánu“. Řekl, že Sessions musí být propuštěn a chráněn, protože jeho krytí bylo ohroženo.

"Postarejte se o to," řekl Trump admirálovi Crandallovi.

Sessions, řekl náš zdroj, byl propuštěn z vazby v úterý ráno.

Až to dostaneme, Real Raw News poskytne další informace o této vyvíjející se situaci.

Found this clip somehow:

<https://www.bitchute.com/video/s4KtWJjnLohZ/>

Famous veteran truther Jordan Maxwell 'throws in the towel' on 'audio delay' from 2014 (released June 2023 after his death on 2022-03-23).

I listened to it and the gist of it is if you tell the truth that is too damning under your own name, you face severe consequences—even death from your enemies if you are a 'big enough fish' or can potentially cause 'too much damage' like

[https://en.wikipedia.org/wiki/Murder\\_of\\_Seth\\_Rich](https://en.wikipedia.org/wiki/Murder_of_Seth_Rich)

[The people behind the people behind Wikipedia apparently want you to forget about Seth Rich, if I am not mistaken, they removed the picture of him seated, drinking a beer and thinking about something wearing a 'USA Flag' shirt from the above Wikipedia page.]

Here is a recent example.

Shortly after (originally) posting this (mirrored) clip

<https://www.bitchute.com/video/7MqULDOGi5Qj/>

Dr. Rashid Buttar 'died conveniently'.

Same thing happened quite some time ago to Dr. Andreas Nowak

<https://www.bitchute.com/video/mabVDxWd7Gzd/>

<https://www.bitchute.com/video/aV5xKb9QZAJK/>

Getting back to Dr. Buttar, truther Todd Callendar basically made the same warning before Dr. Buttar in this clip

<https://www.bitchute.com/video/1Z2EEoG8tTii/>

and as far as I know, Todd is still alive.

After listening to the Maxwell clip at the top of this post, I think I figured it out.

The bad guys are apt to quickly scrub people that threaten their plans of darkness against 'the masses' but only if you are a 'big fish' that when scrubbed, will send a 'keep quiet' message to other truthers/whistleblowers. Dr. Buttar was one of the first to sound the alarm about the Plandemic so after his final warning, the bad guys had enough of him exposing their plans and they likely had him scrubbed to shut him up for good on this side of Eternity. In Callendar's case, he appears in the one clip linked above and says the same thing. Afterward, all his other truthing I've seen him do in clips revolve around the insurance side of the Plandemic—how it is costing the industry big bucks through all the 'excess deaths'. In some cases (in France that I know of) they deny paying off the survivors of one (maybe more) policyholder because the policyholder effectively 'scrubbed themselves' by taking the death jab that was deemed by them to be 'experimental' and not covered by their life insurance policy.

The simple solution to this is to truthtell/whistleblow 100% anonymously—using just about any means necessary and available to do that.

However, the bad guys (I'm sure) conditioned 'the masses' to disregard/ignore any sort of truth put out by anonymous sources solely because they didn't 'step forward to identify themselves' to the

public. This is so the truth-tellers/whistleblowers that identify themselves and take credit for their disclosures can be dealt with later by the bad guys if they cause 'too much trouble' for them. This is a 'double standard' as I've seen a clip of an elderly prison guard that used to work for 'Mr. Mean Mustache Man' as truther Owen Benjamin calls him, allowed to testify/be in court while hiding his face/identity behind an open blue folder.

Another angle is nation-states forbidding their citizens from using 'strong encryption' to secure their communications with others. See

[https://en.wikipedia.org/wiki/Phil\\_Zimmermann](https://en.wikipedia.org/wiki/Phil_Zimmermann)

<https://www.youtube.com/watch?v=rCZDV6RlaxA>

This is a 'double standard' of sorts as

<https://en.wikipedia.org/wiki/HTTPS>

is already in use to secure e-commerce and the like and in the wake of this

[https://en.wikipedia.org/wiki/Edward\\_Snowden](https://en.wikipedia.org/wiki/Edward_Snowden)

This means a number of things.

They pressure people to give up their 'secret' encryption key(s)

<https://en.wikipedia.org/wiki/Lavabit>

[https://en.wikipedia.org/wiki/Key\\_disclosure\\_law](https://en.wikipedia.org/wiki/Key_disclosure_law)

They regulate 'strong crypto' through lots of confusing 'red tape'

<https://www.bis.doc.gov/index.php/policy-guidance/encryption>

[ Weak encryption avoids the red tape. See 'N.B. to Note 3 (Cryptography Note)' of the PDF at

This subjects people/business to stiff fines for breaking the rules about 'strong crypto'

Or doing business with people/businesses on this list

<https://www.bis.doc.gov/index.php/policy-guidance/lists-of-parties-of-concern/denied-persons-list>

In the end, HTTPS is 'security theater' because nation-states (secretly) control the

or have the computing power to crack encryption now

or later

[https://en.wikipedia.org/wiki/Utah\\_Data\\_Center](https://en.wikipedia.org/wiki/Utah_Data_Center)

or use 'dirty tricks' to bypass the cracking and get the plaintext in ways like this

[https://en.wikipedia.org/wiki/Tailored\\_Access\\_Operations](https://en.wikipedia.org/wiki/Tailored_Access_Operations)

<https://www.extremetech.com/defense/173721-the-nsa-regularly-intercepts-laptop-shipments-to-implant-malware-report-says>

The only known antidote/solution to all of the above short of face to face meetings in privacy out 'in the middle of nowhere' with no electronics whatsoever on their persons appears to be a simple combination of offline and online PCs/laptops and a Faraday Cage. I describe this possible solution here

Well, ain't THAT a hoot! I hope Sessions really is the 'helping hand' Trump thinks.

About 5 days ago I posted the egregious behavior of the Ameren Electric company; they showed up in armed force to install a meter on a personal property. The neighborhood was safe and the home owner was not in the least aggressive. A few days later I receive the

same threatening letter as he had with a 5 day warning to accept the new “5G” meter or install an old meter that would be read month with the burden of the expense on me.

I was frustrated, and ready to take the on. One of the first things I did was to call the company where I found a very rude customer service representative the would only respond to questions to a practiced, “Do you want the new meter or or the old.

I asked to speak to her manager and the response was “Do you...” My next response was the correct response is, that is the wrong response. You are supposed to answer, Yes, I will located a manager for you. And she finally broke the routine and said she would have a manager contact me.

Today I called customer service again and made contact with the most pleasant and helpful young lady. It shows how important those contact points are, however the young lady did not have the information I needed.

Several hours later the manager from the first contact called, a very nice and knowledgeable person.

Here is what I learned that is important to all of us.

- There is no 5G 6gigahertz being transmitted to our house
- That is the backbone signal rate on high antennas transmitting long distances to the company.
- The signal going to the home is less the 4G 900megahertz a much slower rate transmitted in a fraction of a second every 15 minutes.

The above was explained and questions I asked were answered fairly and honestly. It appears some sources confused the facts and 6G is not transmitted to the house. Or it is possible that Ameren redesigned the network to avoid the roadblock of the courts and the FCC.

From our position it is hard to find the facts and the logic behind what is going on.

For now I am accepting the lower frequency new meter since it is out of what I consider a danger zone. I will be getting an EMF meter and monitoring the impact i the area.

I hope this helps clarify at least one installation location. The customer service agent also said the do not pick up anything but the total meter reading each time. That also makes me feel better. I hope that is true and it could be. We meet so many liars it is hard to tell what to believe.

For now I am accepting and monitoring the situation.

Maybe this is good news for all of us. I talked to the company about being more transparent to avoid future unfounded concerns. I had in the past tried to find out the basic information the manager gave me in a 15 minute call.with no success.

The manager was surprised when she heard excessive force had been used in a peaceful neighborhood stating yes we do have occasion to use security, but that is when an employee is being threatened with physical violence or entering a dangerous area. It is not common place. A manager overreacted and made a bad decision creating a bad reputation for the company.

I hope this helps some one.

**MR. BAXTER:** This post is an example of the local emphasis for which I have been trying to enlist your assistance. John's questions should be everyone's questions (if they are not already). John's experience shows the Great Return and Military intervention to be as far away now as it was in May of 2016 (the month before the escalator). Events both national and international are only the

**BLOCKADE.** The city is the **BATTLESPACE.** Why the news blackout from the cities? Are the WhiteHats short handed or underfunded? Does there exist a **DIRTY SECRET?**

If you have an I-phone you can download an app to turn your phone into an EMP meter

There are screens available online that fit onto the meters. They are said to block anything harmful that could be emitted.

A little off topic but this is big and has big ramifications. Israel is to give Ukraine 200 Merkava tanks. This will change the m/e big very big shortly. You will most likely see things start shaping up in Syria in a different way. Russia has been kind of a traffic director and allowed Israel to do what it wants in Syria. Russia is in Syria very strong and keeping Assad in power—the party is over and US/CIA is going to have to get out or get its butt kicked. The CIA has been taking the oil out of Syria and selling it. This will push us closer to what is known as the Ezekiel war 36/37/38/39—read and you may get a little better understanding. Nations are mentioned but you will need to see who some are in todays world—Togarmah is the Turkey area and of course Persia is Iran. Many believe Magog could be Russia—sure pushing things that way—ok enough if you are interested that could get you started but buckle up—Matt 24—there will be wars and rumors of wars—

But the end is not yet. The best we all can do is start living righteous lives now. Tomorrow is not a given. As for when the world will end, no one knows not even Jesus but only the God the father. The world end when the Gospel is preached to the world. Blessings 🙏 from The REAL Delavic.

I appreciate your response and that is the general response of not knowing but the reference in the bible is talking about the end of the 1000 yr Millenium. Remember Satan is loosed for a season and it doesn't say how long. Then in 2 Peter 3: 10 the day of the Lord will come as a thief in the night, in which the heavens will pass away—and the earth and elements etc. will be burned up—the heavens will be dissolved being on fire—you can go read to get full context—but that doesn't mean we don't know at least generally the return of Jesus to set up His kingdom and of course prior to that the tribulation and the events and wars that are staring us in the face now—again I appreciate your input—G-d Bless

You've gone so much pain & sorrow. But seems likes you still on the Top.

Heavenly father is watching over you... While this evil one is disappearing little by little.

Wow, so glad to hear this. I always thought Sessions was a WH and was shocked when he was arrested. God speed Jeff.

He was hit hard a lot about doing nothing, there are some that prefer and do more and better work behind the scenes.He turned in a ton of that. A very busy man!. He also had to step out too,20 Years in the senate a record beyond reproach.He was asked for more,"I need you to pretend to betray me,we need you to help us set some traps." Ha Ha,the old fox! He surely knew who to call, and he could croon

that monkey talk! Just one thing, they did not trust him because he was too clean, to get into that you must prove you can be corrupted. So he publicly recused himself and betrayed Trump. They bought it, hook, line, and sinker! DJT came in after that, flew into his rage!

Wow. Trump doesn't even share his info with the US mil despite being on the same side?

Fissures in the ranks.

But he shared it at the right time. Give Trump a pass on this; he was dealing with a bogus leftist indictment, and hundreds of other issues.

Keep Your secrets DJT, they're trying to help, but You and Your fuching ego!!!! Can't say??? Or refuse too??? Full Disclosure is not a fuching option!!! Like I've said, "Humans are thine enemy"—"Hate"!! Caught literally in tye "act" and refuse to accept the TRUTH. Your choice, not mine!!! Full TRANSPARENCY, not "do the same dumb thing", I KNOW, the EGOTISTICAL "side" must be "winning" instead of the INTELLIGENT "side", WTF?????? Your "keeping" of secrets DJT, is helping only You, not the FLOCK. I'll ask a very SIRIS Q uestion, have I wasted the last 329 gazillion years of my existence??? For a liar??? A thief?? A cheater??? For the sack of "Humanity", TELL THE FUCKING TRUTH already!!!!

Listen buck wheat, you're wayyy outta your league. Settle down and have a cookie.

anyone who requests trump not be a compulsive liar and actually tell the masses the truth is instantly labeled a libtard. jesus christ himself could remind trump himself that lying to folks is wrong and the trust the plan crown would tell call jesus a deranged liberal. most are vaccine damaged by his beautiful vaccine i would assume to be that ignorant.

mel k, charlie ward, et al are all liars. Didn't charlie ward say the 'end was near' back in 8/2021?

Do you have any idea how many DECADES this has been going on? I didn't think so. This is the end. When (if) you get to the Pearly Gates and God asks you how you helped, are you just going to sit there stuttering?

so calling out liars is bad, but sitting here doing absolutely nothing like you are is noble and good? according to boss lady the most noble profession out there is being an online grifter. you can lie all you want and it doesnt matter bc, " this has been going on for a long time"

You assume much. You are clueless about what people in this group do beyond a quick visit to this site. Leftists are very good about grouping up people and calling them names, just to create the chaos they need to rule more of the world. This situation has been going on a long time because it involves the whole world. How long do you think it should take to stop the leftist agenda and the illegal flow of money that facilitates the evil??!!

He and I will have a good laugh over how many people fell for this massive scam

At one time we had a man dancing in the street with nothing but cowboy boots on saying, "the end was near". He was more accurate than Charlie Ward and Mel-K.

They both have had some great life experiences but that doesn't make them able to predict the future any better than anyone else.

Moral of the story, believe whoever and whatever you want, but don't be disappointed with the outcome when it isn't what you expected.

you could replace charlie ward and mel k with " every single person on fb twitter and youtube" and it would be just as accurate. they are all wrong 99.5 percent of the time.

I don't trust Charlie Ward as I have heard that he was involved in transporting young women for use by the cabal for which he was exorbitantly paid. I can't even listen to him. I don't listen to Mel K either because some of these people, always at the front of the page with the newest information just don't ring true to me. Just sayin... IMO.

ive heard it got pushed back " two more weeks" be patient and trust the plan. june 30th is guaranteed.

99.5 percent of the folks you encounter on youtube, fb and twitter are compulsive lying pieces of shit and have been wrong 100 percent of the time. trust absolutely no one on any social media platform.

One guy puts up a video "hey google, who is the president of the USA?" It comes back Trump. I tried it myself after hearing that and it came back Joe Biden.

Well, sorry to burst the bubble but I have been reading that Nasara is ready since 2001. Not much hope in that, lol. Not in my lifetime.

I am making a real GOOD MONEY (80\$ to 92\$ / hr. )online from my laptop. Last month I GOT a check of nearly 21,000\$, this online work is simple and straightforward, I don't have to go to the OFFICE. At that point this work opportunity is for you. If you are interested. The more I think about it the more happy I am about it. Jeff was acting all along. He did a good job of it too. I was so angry when he recused himself from everything. I thought he was going to solve everything in one foul swoop but he went in the opposite direction. At that time I had no idea what was going on behind everything. This clears up a lot of questions for me about the early days of President Trumps administration. Thanks Michael Baxter for bringing me some peace of mind! I love this article! I really needed for Jeff Sessions to be a good person. Just look at his picture! How could there be a bad cell in his entire person?

Bill Bar, Chris Wray, Sessions, unless they where in on some master plan from the start with Trump, I see no way they should set him or any of them free if the evidence against them is true in any way. That makes it look like a 2 tier justice system just like what is happening now, only with the other side.

The weird thing with Sessions is his tour of duty with Trump was uneventful “which means he could have been hiding in the background gathering evidence against everyone for as long as possible”. He would have seen the Truth and known Trump was

innocent. He was also the first guy to publicly back Trump. Why waste any of his time on a Hoax that he knew was a hoax.

Session's hid in the background his whole term with Trump and we didn't see him till he left office. By recusing himself from the Russia hoax, he knew was a hoax, he was free to do other things while the Democrats ran with their own hoax. Spent a ton of time and money trying to keep the Hoax afloat, all the while Sessions was gathering the real evidence against everyone that was evil and corrupt GOP and DEM alike.

This is just my read on Sessions after really looking into as much of him as you can find on the internet once I saw they had arrested him. I still feel something is off with him but again just my feeling toward him since I've never seen or heard of him doing much of anything, "always hiding in the background". He could be the man behind the curtain.

Gain the bad guys trust and you are one of the most valuable players on the board.

For a dead guy he's doing a lot of TV and print interviews. And he says the same thing the original did. So what's the diff? If Barr is dead he doesn't care anymore because HE'S DEAD

Biden is still on your television, but its not him. He's been gone for a while. Clones and doubles Mr Jim, but I guess you don't believe anything unless it comes from CNN or MSNBC.

who specifically is it if not biden?

and does it really matter if its not him when 99.9 percent of the population thinks its him?

99,9 percent of the population does not think it's him. Have you not seen close-up media pictures of 'him' revealing mask lines??!!

Those lines are the product of your weak eyes and cheap WalMart TV. Old people have wrinkles. Look in a mirror

Notice his eye color changes every few days from blue to brown and back again.

Earlobes are attached one week, not the next. Teeth are white dentures, then brown with gaps on the bottom row.

Reports say there are 4 doubles in circulation now.

Really have to ask yourself who would volunteer to wear such a grotesque FAT suit to play the role of Barr

Whoever he is, he's doing the same things as the original. So what does it matter that he's "dead?"

Mike Pompeo worries me more than little mousey Barr ever did. Barr was a waste of oxygen and seemed like a coward to me. I feel like Wray is a coward as well, just my opinion. Pompeo is the kind of guy when he talks people seem to listen.

I think Pompeo is one of the big guys in this story somewhere. He scares me the most since I think he is smarter and tougher than most of the people in government. I hope he is on the right side of things more than most of these other people hiding in the background.

Blinken is another coward in my opinion and I think he would rat on his friends like the rat that he is. Although I heard he went and played a little Chinese roulette and lost. You usually only lose once in that game.

Not saying this to contradict you but I just don't think Barr is dead yet. I'd like for it to be true but I must say, He is one of the ones I would really like to see -SWING.

His betrayal and treachery (though it could have been predicted by his lack of vigor in office prior to the point where he was really needed to get it right)... and he completely sold out the American people and the man he should have done right by.. our President Trump.

Barr is a particularly vile piece of excrement... along with Pence.

The author of thousands of indictments. A long successful Senate career, he knew who to call with the news he had changed his mind. They, the bad guys, had trouble trusting him as he was to clean. He had to do something publicly to prove he was corrupt. There you have the recusal, then he laid low and went back to work on indictments. Trump became enraged, dissed him up and down. Don't forget DJT is an actor, a pro. Threw him out on his ass.. He scored big points with the bad guys. It was a trap home boy. As they say in show biz.....Ta Da! Ho wee! A good old boy! He was the only one that warned skite bird Biden to take his hands off his granddaughter!. Don't give up or give in ever! Trust The Lord. No matter what anyone says. There may be hope for us yet!

The whole thing looks like theatre.

They arrest him on what looked like very very weak reports of him saying he WANTED to hurt Trump. And he gets a Tribunal for that? There would normally be a whole lot more facts of what he had DONE, and those facts would have some substance. Not on this one.

Looks like theatre, with the subsequent Trump entrance. Something not right about this one.

It is a well scripted theatre. CUE keeps reminding us to enjoy the show or or good movie. And he asks, what makes a good movie? Great actors and it shows. The movie has accordingly five parts. Hopefully, we are in the last part. Blessings 🙏 from The REAL Delavic.

a lot of time left. they still need to gate our funds into a digital currency, seize farms in the US, try to confiscate guns, collapse the supply chain and food production structures, etc

Getting Sessions arrested might have been just what was needed to get him away from danger, but going back? He has to go into protective hiding I would guess.

Nancy Pelosi did the same thing and had her neck stretched for it. Who in the Democratic party hasn't thought of and wanted Trump dead. If they arrest everyone that said they wanted Trump dead, they would have to arrest 1/3 of the country and all of the Democratic party.

Crazy world for sure, we are living in some of the strangest times ever in my opinion.

"JAG made a terrible mistake." – I disagree.

Well, I do not think the mistake was with JAG, who were just doing their job. And a good job at that.

If Trump has some people that are under his wings, he needs to coordinate, or have JAG coordinate with him.

The mistake is the lack of coordination.

Sounds like Trump should have presented his info to the Tribunal, and they would have looked it over and maybe found the man innocent of all charges, freed him, with his record expunged.

Something does not ring correctly here.

maybe there was a leak—they did find some—who can you trust—the circle can be very small—

I will grant you that. Those are fair points. He was not safe in there. There are many bad guys that would not want him to testify. Get him out of there and get him protected. Admiral Crandell is not a pushover. An exception was agreed on for him, a very rare almost non-existent one.

He's the best we got and our last great warrior to fight the DS here and abroad. Blessings 🙏 from The REAL Delavic.

While Biden's DOJ had been tying up Trump's energy, the walking corpse Biden and his babysitter-wife have been on a billion dollar fund-raising bonanza. Tonight he is at a 25k plate event in CT. He has already sucked up a Blackstone executive's bounty and also a Greek shipping magnate. Mayor Pete has been tagging along. This filth never quits. Hello Wagner Group!

Something radically wrong w/this pic, ! Why in the hell was the JAG. not informed of this sting opp???

who can you trust when it only takes one to screw it all up—one person in the office lets it slip and with tech like it is even a whisper can be heard—reported an Apple I-phone takes your picture every 5 seconds and can listen even when off—

Seeing is not necessary believing. Sometimes it's impossible to get "the rest of the story" that very few know. If anything trust Trump and trust Putin.

I believe in God without reservations yet I have not seen him. That is faith in essence. Among the many catch phrases in The Great Awakening is; In God and Trump we trust. Can I get a witness? Blessings 🙏 from The REAL Delavic.

If God created you in His image, then HOW COULD you SEE Him? seeing and believing are of the same realm of discourse.

Perhaps it is true we can only KNOW God

The release of the Halderman report, which proves that the defective Dominion voting machines can be hacked, should be the impetus required for Smitty to restore Trump as President.

Good Lord, you suckers will fall for anything.

One of the saddest things is people here explaining all this nonsense with Sun Tzu quotes from a book they've NEVER read.

In fact, I'd wager most people here who believe these stories haven't read more than 2 or 3 books in their entire life.

Not only Real Raw News, but also Operation Disclosure, EBH.club, ALL the so called "truthers" aka false prophets. HOW DO THEY KNOW...they don't. Watch and read for entertainment purposes ONLY folks, because that's all it is...pure entertainment!

These truthers know one thing.... I can make a lot of money from white hat fairy tales, hopium, and fears of patriots! The world is under judgement.. That's the TRUTH! They know no more than the average person... just know how to paint a good story!

Sun Tzu said only idiots follow the "Plan"! I'm going to be a truther and tell you the truth... THET ARE ALL IN ON IT! There are no sides.. just intentionally separating libtards from patriots so we do not to focus on them ( white/black, man/woman, gender, immigration, etc etc etc)!

Sun Tzu also instilled a fact of WAR. The "plan" is the first casualty. That's why I'm 99.99%, the idiots on the internet, or in the Matrix, simply want another ass beating. I sent Neo/Keanu, he got "distracted", his FATHER won't!! Stand By!!! Buckle up, SHAMANS, let's do what Wi and We do!!!! Stupid sheep, win stupid prizes.

They do indeed. If I were a small time criminal, this kind of stuff would be my bread and butter. But I have morals

Acting like your better than everyone else cause you watch fake news

Your brainwashed.

You might as well be fat.

Oh get Lost! Just because you lack discernment and think you are here to insult everyone who values MB's stories even knowing that we won't know the most important answers until they can be known... we don't need your presumption of futility launched against our thoughts, considerations or even whatever hope we may sometimes feel.

You are just too much of a coward to risk being wrong. You really aren't important enough for it to matter if you are wrong and the irony is that you will always ultimately BE wrong.

Dump Your brainwashed bullshit, please. False "profits", the problem is false "profits". "Humans" did not "create" themselves, but act like God. Everyday, judging others like God. It's not Your job, "Humans", it's mine. And Your "approval" isn't required. Deny me my identity, cool, but You took it, and used it as if You are me. Remove "the veil", or HELL will be upon the EARTH. I've asked nicely, been polite, did everything "God" demanded, just to get fucked over, again? NOTHING, could stop what's coming, but isn't going to. Betray me, You cease to exist. I do not require a following, nor Disciples, they're just a bonus. You'll KNOW it's not "project blue beam", when REAL XENOMORPHS, "PROVE", We are not alone in the UNIVERSE, and the UNIVERSE, is pissed beyond "Human" comprehension or understanding. Stand the Fuck by, Heaven and Earth will collide. SSP-FULL DISCLOSURE!!! You do not have the "time" to continue procrastinating!!!

I have been reading in depth for years and I always will. Sometimes when it comes to belief, you just have to back the best possibility unless and until and unequivocally better option is available. I pray

many times a day and I thank

God for this beautiful planet and for Donald J. Trump, his courage and his leadership.

No you're wrong. I have actually read over 5 books, mainly because I only had 50c allowance to spend.

Lucky to be a Yankee—my first book—for the many I am sure don't have a clue who wrote this book and about whose life it is —it was Joe DiMaggio—he also married Marilyn Monroe but book is about baseball—

I also have it on a good source Son Zoo said go and kick some ass —

You criticize the people that come here and read the very same stuff you came here to read.

Talk about Ignorant.

So we're stupid and yet you believe in msm?

You have no idea what you see.

Most of us in this group now eliminate leftist-leaning books by researching the books first. Does that sound like we will fall for anything?!

I'm making \$90 an hour working from home. I never imagined that it was honest to goodness yet my closest companion is earning sixteen thousand US dollars a month by working on the connection, that was truly astounding for me, she prescribed for me to attempt it simply. Everybody must try this job now by just using this website... <http://www.Payathome7.com>

From a commenter:

@JoeBiden:

I know you do not write your material and I know that you are not the

lawful President of the United States and I know you were installed by the evil Committee of 300 to be their puppet, but all this will not excuse you from the judicial punishment coming your way. You have crossed a line attacking millions of innocent children and allowing millions of innocent children to be trafficked and sold into a life of torture and rape. And now you publicly encourage the mutilation and chemical castration of innocent children through evil child Transgenderism. You are vile Joe Biden and you are a known Pedophile and child trafficker yourself. You have no regard for life and the innocence of our children. You and your wife are some of the most evil people in the world because you pretend to do good when you both know you are doing evil.

Good news! Joes been dead awhile now– Hes not Joe and shes not his wife tho I have no idea what fate befell the little controlling shrew..

are you sure, Admiral, you were talking to the real Donald Trump?

if so, I would say the Freemason that Trump is, and that loyalty echelon, superceded justice. But hey, he is the CIC so what you gonna do.

Rock and hard place.

Not all Masons, or Freemasons, are bad or evil. The split between good or evil Masons, or Freemasons, first occurred at The P2 Lodge in Europe many years ago, after it too, had been infiltrated.

In America, on a National level, to my knowledge, the Masonic, or Freemason Lodge, did not become negative until after George Washington, America's first President, was offered the Position of becoming the Leader, or Grand Master, of the Lodge, which he declined and his turning down of the offer, led to America's Masonic

Lodge becoming infiltrated. It was mentioned where some unsavory members from Europe managed to “swim across the pond” and into America’s business.

True most of them don’t have a clue what it is. They just show up for the monthly breakfast like my husband.

The original Masons were more like Theosophists who study divine cosmic mechanics and their relationship to man.

The Masons/Freemason groups are bad bad bad, run by higher levels of evil.

To say there are pockets of goodies in that group, is naïve. Everyone in that group of groups obeys their seniors, and that all leads up to the illuminati and other very evil beings.

The newbies join to get an unfair advantage over others; that is already corrupt and there is nothing good about that. (There is plenty of information on the Internet about the true Freemasons activities and purposes, so none can say they did not know.) As they advance, they slowly learn more about what they are a member of – a little more, and a little more, and a little more evil as they advance. And it is too late to get cold feet when the pennies drop.

Before long, they are involved in child/lady trafficking, abuse, torture, adrenochrome, and murder. And the New World Order, etc, etc, etc.

And they cannot resign.

So, do not be fooled by those who try to confuse the general public that a member of the Freemasons is something good. It is a façade they fabricate to hide behind, while they do all of the above.

Every one of them should attend their own Tribunal, with the right level of justice applied to them.

And when many find out what it's really about, they drop out and follow JFK's mantra: "Ask not what your country can do for you . . ." which is just what President Trump did. It is easy to spew anti-Trump misinformation when you haven't read his long list of Pro-American accomplishments.

Sun Tzu – The Art of War, ...

"All warfare is based on deception. Hence, when we are able to attack, we must seem unable; when using our forces, we must appear inactive; when we are near, we must make the enemy believe we are far away; when far away, we must make him believe we are near."

"Appear weak when you are strong, and strong when you are weak."

"The whole secret lies in confusing the enemy, so that he cannot fathom our real intent."

"He who is prudent and lies in wait for an enemy who is not, will be victorious."

"Rouse him, and learn the principle of his activity or inactivity. Force him to reveal himself, so as to find out his vulnerable spots."

"Treat your men as you would your own beloved sons. And they will follow you into the deepest valley."

"Let your plans be dark and impenetrable as night, and when you move, fall like a thunderbolt."

Yes all warfare are based on deception to include everything you stated and last but not least the use of the deepest fakes there are. Blessings, 🙏 from The REAL Delavic.

Professional military units have the training, the planning, the coordination, and the discipline to follow through in the operation. Just because others read it doesn't mean that they know it. White Hats are running circles around their opposition everyday. Good tactics and strategies are never obsolete.

This event is really puzzling. It may well be the evidence is fake but wouldn't JAG be able to see through that as thorough as they are? If Sessions has been working for Trump why not release Session quietly because now the cover is blown and Sessions is compromised and now maybe a marked man unless this is a red herring.

That's what I was thinking, why post it here that Sessions is a good guy unless they wanted him outed for some reason.

This site is being read by good and bad for sure. Not one bit of news about this site being shut down for misinformation by the MSM or news as some people call it.

Why would they out Sessions unless they wanted the bad guys to know what they did?

Makes me question things for sure, I for onenever liked Sessions but my dislike never wanted him arressted unless he was guilty of something bad.

I hated him as a Trumps friend even though he was one of the first people to come out in favor of Trump.

When he recused himself of his job that really did it for me. Wish I could recuse myself of my job and still get paid.

With all that being said when he was arrested I didn't comment much since I knew nothing about him or his actions while working for Trump. I saw him get hired, I saw him get fired or step down and that was the highlights of his career.

When he recused himself it was pure theater. Who do you think wrote the 500k indictments? He was a very busy man, able to work completely unbothered and unnoticed.

When he recused himself he was very likely paid off. Like all of them. They all have a price and it makes me sick. Smile for the camera and screw the people.....it is the order of the day.

I suspect this might happen. It's so hard to get a read on who is playing a role/under cover and who is not.

Good to see this was corrected in time.... or is this deliberate disclosure to prepare us for what is to come? Either way the white hats Q intelligence are playing this "game" for keeps – evil lost, they just don't know it yet.

reading comprehension !!! Trump said Sessions was part of a (Now ruined plan) and to be protected !!!!! I read all these posts below and it is like you are in a different world—you can't read the statements made which answers all your whatever's—I posted way back to look at his history and there was no way Sessions was a TRAITOR—and yet how many here wanted him hung/shot/dismembered/drowned and any assorted ways of killing him—and some of the statements here aren't much better—Sessions sounds like he was some kind of a brave patriot especially at his age—willing to put his life on the line—most here wouldn't crawl out of bed—

Baloney. Sessions didn't do squat once he was in power as he should have done. He talks a good fight — then turns and runs. When I read the headline my first assumption was that the Deep State has infiltrated the JAG. Now I wonder if Trump is being misinformed as he was with the COVID shots. Or is Admiral Crandall sure he is speaking to the actual Trump?

I agree. A fake Donald Trump could have made the call. When I read the headline of this article, I felt sick.

you just want blood and not truth—sorry your scenario doesn't fit the reality of it all—

you are showing your ignorance in spades !!!! I have given examples of what he did in past posts and am not going to do it again—Just what do you base your statement on—Some guy that hates Trump and Sessions and can post anything and you jump on it—

by the way read 5th rib below—a little insight—50,000 sealed indictments—that is nothing right and much/much more

That's what they said, it is deliberate comms for reasons unknown but plenty of speculation on everyone's part except for those driving this.

Don't be so quick to jump on others who may be using their God given discernment beyond what we are told is true.

Sessions is a brave man. He knows what the enemy is capable of and had previously lost Co-workers in the Lockerbee over Scotland air crash. Forgive me if I did not say this correctly as it has been awhile since the Lockerbee air crash. I may be spelling it wrong, but the plane that crashed, had Co-workers aboard. Sessions would show up and speak at Remembrance Ceremonies for them. He is a good man. Sessions had a glimmer in his eye at one of the Ceremonies. There is no glimmer in the eye of evil. Sessions is former Military as well, and can, at any time, be Called back up to Duty.

I believe that he Stood Up when asked. He also is responsible for readying the first 50,000 Sealed Indictments.

Yes, Sessions is a former Army National Guard Captain, still under oath.

Those sealed indictments are over 500,000 now, were 234,420 on 2-28-21.

Won't be surprise if he had a hand in OWS which in reality was the use of the military to issue arrest warrants and in some instances arrest of those guilty of crime against humanity. The mandatory lockdowns during the plandemic certainly helped. It is suggested that the Covid virus was really the pedophiles and the military the vaccine. Blessings 🙏 from The REAL Delavic.

Sessions is singular in that he lives very modestly. Has never used his positions to enrich himself. It speaks volumes that a man has many opportunities to take a bribe and refuses. It tells you who he is and what he believes. When Q said Trust Sessions, Sessions had to work doubly hard to infiltrate the deep state and cause them to trust him because Q had outed him. It's a wonder he succeeded in deceiving them. Great actor.

You'll never convince this bunch who always know what is right no matter what. The radical right can also be a big danger because 'God is on their side' at all times.

all I ever said was look at the facts and not the emotions—look at his history—and left leaning weanies wouldn't know truth after it bit you in the ass—

I believe Trump should have listened to Jag on this! The wool can not be pulled over his eyes? Jag had the evidence to bring him in..Then it should have been heard...This leaves a very bad taste in my mouth...Who picks and winners and losers here? Something is not right at all! So Trump is saying that what Jags investigation is false info...really what about all the rest then..No I am not buying it.This system is broken,,,,Trump should have stayed out of the way. Lets here the info from the investigation. Trump just put this whole thing down the shit hole because they all can say now that Jag has got it all wrong in every case.

I am done!

This story vindicates Q who said “trust Sessions.” It is also heartwarming to see how Trump fought hard for Sessions. He loves loyalty and offers it.

If you do a search for **Hierarchy in the Church of Satan** you will find a website that list the different degrees of the members in the so called church ....

- Registered Member (*no degree*)

- Active Member—Satanist (*First Degree*)
- Witch/Warlock (*Second Degree*)
- Priestess/Priest (*Third Degree*)
- Magistra/Magister (*Fourth Degree*)
- **Maga**/Magus (*Fifth Degree*)

Maga? Highest female degree? ... coincidence or red flag?  
 Didn't Q say there are no coincidences?

Looks like the best the trumpsters can do as usual is click the negative key, cause they sure as hell can't explain why **MAGA** is the high position in the church of satan. The site is there for all to see ... I didn't make this up this is a **undeniable FACT**. You hypocrites hit the negative key because you don't want to admit something is up with this and it definitely raises an eyebrow.

You trumpsters are nothing but a bunch of filthy hypocrites ... not one of you can address this issue ... your intelligence only goes as high as hitting the negative key.

Continue to do what you are best at since you know you don't have a leg to stand on. Just keep looking the other way.

Their not? Sure can fool people when they look the other way when something is not right.

I'll explain why. Because SATAN, is a FEMALE, DAH. I've personally met the Male and Female, that were students of Socrates, me. I've been reincarnated. Not a hard fact to grasp, unless You're going to help the enemy, and keep lying about reincarnation. Think about the movies. Many are based upon facts, and have been "embellished" in some aspects. "Mad Max", every single "one" is how this civilization "ends", not this "time". Or the "Walking Dead" series, live action. Many movies are, Live Action, no script, improve. And yep, this is a shit show. "Humans" are God, right??? You've got "it" figured out, right??? Reminds me of another tv quote, "he thought he knew something, he didn't KNOW shit!". Q, Loves the "movies". Now, You

KNOW why. Past, Present, Future, which One are You “in” or of????  
HmMMMMM??? Jumpin Jupiter Josephat, loves himself some

It’s maga because satan is a female? Movies are live action with no  
script? I never stated anything about reincarnation ... what does that  
have to do with anything concerning the issue? Your comment  
makes no sense.

Sessions has not been an active participant in the US Government  
since Trump fired him in 2018.

Every Player in the Loy Brunson Case is currently a sitting member  
of Congress or of the Biden Admin!!

How did this get so far gone that Sessions had to face military  
capture? I mean it sounds like it was close. That close is best  
handled by people with dare devil energy that thrive on close calls.

The one concern that I’ve had throughout this whole thing was the  
nightmare worst case scenario of an innocent person being brought  
before a military tribunal and wrongfully convicted. This article helps  
to put to bed such concerns over that type of situation happening.

Thank you Michael for bringing this bit of news to all of us, because  
it’s been bugging me for awhile, but I didn’t want to say it out loud,  
lest it would contribute to doubt being cast upon these proceedings.

God bless you, and stay safe out there.

Does seem that DJT was using Sessions to play some “long game” that now is out of play.

No surprise there. The only thing about this that surprised me is the fact that it took long as it did before Trump caught wind of his arrest.

You’d think that would have been ironed out before they went through the added headache of sending Sessions to the big house. Transport overseas isn’t exactly cheap...even during the best of times.

What, me worry? Nah!

And speaking of rock ‘n roll music-related stuff...

The guys in the band will be needing your wife for another week. Kindly stay away from the tour bus.

They don’t bring people in unless there is just cause. When they come in, they already have everything on them. There is a hole in the story. The hole is when and why did JAG and Trump start differing?
