Až budete příště potřebovat roční lékařskou prohlídku, možná si budete muset naplánovat schůzku s recepční v zálivu Guantánamo. Ve Spojených státech je přibližně jeden milion praktických lékařů a

sbor generálního advokáta soudce námořnictva Spojených států drží zapečetěná obvinění asi 19 000 z nich – praktických lékařů, specialistů, chirurgů, pohotovosti a personálu urgentní péče.

Zdroj JAG obeznámený s obviněními řekl Real Raw News, že obžalovaní lékaři se během Covid Plandemic účastnili neetického a nezákonného partnerství s CDC a NIH. CDC/NIH podněcovalo provinilé lékaře, aby nutili pacienty, aby se nechali oklamat, i když pacienti protestovali proti potenciálně smrtelnému bodnutí. Zdravotníci byli povzbuzováni, aby udělali vše kromě fyzického zasažení pacienta, aby dosáhli souladu. Taktiky zahrnovaly nadávky starším lidem a namlouvání těhotným ženám, že neočkované budoucí matky ohrožují životy nenarozených dětí. CDC/NIH také vyzvala lékaře, aby vyhrožovali „rozvodem“ pacientům, kteří nejsou ochotni se nechat ošálit, a sdělit pacientům jejich jména by byla přidána na černou listinu „odmítnutého očkování“. Mnoha pacientům byla odepřena život zachraňující léčba a léky.

Lékařům bylo řečeno, že mají lékařskou odpovědnost za účast, aby se neobjevili na jiném seznamu a jmenovali je v lékařské komunitě vyvrhelové.

Náš zdroj řekl, že JAG se o seznamu dozvěděl od nejmenovaného úředníka CDC, který je v současné době zadržován v Camp Blaz na Guamu.

„Mohl na dálku přistupovat k seznamu lékařů, kteří, ať už byli přinuceni nebo ne, šli spolu s Scamdemic. Měl názvy praktik a data. Mohu říci, že jsme vyslechli a později zatkli pět lékařů na tomto seznamu. Přiznali se, že přijali pokyny CDC. Pokud je pět z pěti náhodných dokumentů v různých částech země vinných, pak je seznam pravděpodobně přesný,“ uvedl náš zdroj.

Dodal, že aktuální seznam není úplný.

"Tvrdí, nebo říká, že věří, že CDC má další seznamy, ke kterým se nemohl dostat, seznamy, které, jak říká, obsahují více než 100 000 jmen lékařů a sester." Doufejme, že budoucí zatčení CDC nás dovedou k těmto seznamům, pokud skutečně existují," řekl náš zdroj.

Mezitím, dodal, JAG vytvořil předběžná obvinění 19 000; nicméně vzhledem k ohromnému počtu nevyřízených obvinění v rukou JAG neexistuje žádný pevný harmonogram, kdy bude 19 000 čelit spravedlnosti.

"Pracujeme rychleji, než by se mohlo zdát." Ale je sakra hodně lidí, kteří musí být uvězněni nebo pověšeni," řekl.

19,000 is not enough. These unethical doctors and nurses are guilty of murder. All for the love of money, they broke their oath.

Yeah, we obviously need to execute WAY more doctors than this. Blood for the blood god! Skulls for the skull throne!

I believe that 19,000 medical professionals is just the tip of the iceberg. I can foresee a mass exodus away from the medical community. Many people on those lists will undoubtedly try to escape justice by fleeing to another country. Looks like another checkpoint in places of embarkation will be necessary to continually monitor the list of names against those leaving the country. This is not a small task.

I'm making \$90 an hour working from home. I never imagined that it was honest to goodness yet my closest companion is earning sixteen thousand US dollars a month by working on the connection, that was truly astounding for me, she prescribed for me to attempt it simply. Everybody must try this job now by just using this website... <http://www.Payathome7.com>

Sure expect us to believe this story? Nothing is going to happen to these criminals. By rights they should be arrested, dragged into the street and executed on the spot. That also includes all hospital administrators who collected vast sums of cash for murdering their patients. Unfortunately this will never because Big Pharma owns most members of Congress and refuse to prosecute anyone. This corruption goes down to local prosecutors who again won't charge these criminals for mass murder.

They will be facing military courts and special Nuremberg Code courts supervised by the JAG (Judge Advocate General) military, not the corrupt, bribe-taking civilian courts. Half or more of the crooked civilian court judges will be defendants, fighting for their own lives. Big Pharma and the Medical Cartel will be shattered into tiny pieces.

Just keep waiting dude I am 100% certain that all the people you don't like will get arrested and executed #soon

I'm holding out hope that these so called 'doctors et al' WILL BE indicted and either sentenced to HARD LABOR or execution. They are frauds and are not healers.

Myself will roll with this article, giving it credence.

Apparently, top politicians were apprehended first in suppressing obstacles, then NIH & CDC folks, toss in eliminating Frankenstein laboratories, all while addressing pedophiles & child heinousness, now focus on Covid medical personnel, seem to me as appropriate sequence of attack.

Myself tell people: "when in doubt – stick it out, don't bail out".

Van Halen: Jump, 'You got to roll with the punches and get to what's real".

Taylor Swift,....with a Snake on her/his Coffee table, she/he claims to be a Christian.

By mocking God & Christianity, this filthy vile thing just broke her/his own back for ALL the World to Bare Witness Before God Almighty – all the while projecting its blame against Trump, without any shame. See it for yourself, they cannot help themselves.

You Go Woke – You Go Broke!!!

[bitchute. com/video/I1ZP1PNALCER/](https://bitchute.com/video/I1ZP1PNALCER/)

Taylor Swift could look pretty good as a "bare witness". But not the whole viewership, much less All the World. As far as I know, God created snakes, too. Antipathy to all of them is, in good measure, a relic of our monkey ancestry. Snakes eat monkeys.(We former monkeys sometimes return the favour.) Some of the antipathy is learned from the Bible's explanation of why they have no legs: God's curse or retribution. Guess I'll go view the vid if I can.

bitchute.com/video/I1ZP1PNALCER/ is the corrected link. I like Swift and her music but her success has been unusually fast, which makes me think, yes, she is aligned with the negative forces....and she doesnt even know it. She's young and we all know how easily the young can get gripped by phony ideals.....I think she is sincere in what she believes but who wasnt sincere in their beliefs when they were 20 yrs old??

I will never trust a doctor or a hospital again. Never really did anyway, but seeing what they did for money really opened my eyes. I have a sister that is a nurse in another state and she is totally brainwashed into getting the clot shots and tried pushing her beliefs on a younger sister. Luckily my younger sister did not fall for it. The nurse sister kept bragging about how she got the shot and had been boosted twice after and was working two jobs feeling great. I wondered since they were mandated to get the shots as part of keeping their jobs if they were giving nurses saline shots to keep them and not lose them. We'll never know. The forces behind all of this were sinister.

Ask your nurse sister where the snake venom and graphene went because I'm told by reliable sources they were in the jab. Everyone who took the jab was supposed to die too.

Jim Cavaziel's facebook page is run by a guy who asked me what I was doing today and said he was building a house for an orphan. Sure, so I'd go to the movie page instead.

19000 is fabulous. I fear its a drop in the bucket especially when you consider all that should be charged. This is going to take a while but I think it must be done,

We also, had a gal in our church that got Covid and had underlying conditions that caused her to have to go to the hospital. The nurse told her she was just days from going on a ventilator. We convinced her husband to sneak in ivermectin to her. Upon taking it, she completely recovered and was released.

The Durvet apple flavored 1.87% Anthelmintic & Boticide Ivermectin horse paste bought at animal supply stores works just fine. But do not give it to your dogs. I take a 1/2 inch long piece of it at body weight 180 lbs, almost tasteless, no side effects, no nausea. skip several days between 4 doses. The pills for humans are probably better. Haven't even gotten mild flu in years.

There should be a ton of doctors from Arizona on that indictment list. THEY PUSHED and PUSHED and PUSHED people to take their killer jab, even were making TV commercials, pushing their FEAR bullshit..... I think they thought they could kill off a bunch of the retirees, like Cuomo did in NY, but getting them all jabbed. It's so sickening, the lengths these evil doers are willing to go, all for their own GREED

Retirees were the main target, as they were drawing pensions from the government kitty. Kill them off and the Gov pays out less money.

I was in a manufacturing business in Oregon at the time of covid. Our wonderful governor Kate Brown issued an executive order that everyone had to mask up. An executive order is nothing more than a glorified suggestion. The legislative branch would not pass it into law so she decided to take matters in her own hands with that executive order. She then weaponized OSHA to start harassing business owners to mask up. They sent two goons to our business and they wanted to see the operation. We said no and asked them to leave. Two of us in the office were not wearing masks. So they said we are trying to figure out if we are gunna fine you \$750 or \$7500. We told them it did not make any difference which one they chose because we were not gunna pay it. We kept getting hit with the fines but did not pay them. I would like to see Kate Brown and her goon squad strung up for her participation in the pandemic scam.

I work at an infectious diseases clinic associated with a Medicaid dependently funded hospital that gave out bonuses in Dec, 2020 due to Covid incentives. I have worked here since 2011- never once ever given any bonuses. Of course they didn't spin them off as Covid incentives- they said something else caused them to be able to pass these funds around. They just remodeled the Emergency Department too. I do data collection for research and am in patients medical records- I can verify that Dr's are still pushing the Covid vaccine- latest given (that I saw) was May 2023. Just 2 months ago- so this isn't stopping. Hopefully these are all now saline injections but the mere fact that these are still being pushed disgusts me. I am disappointed that the medical community collaborated with and had their hands in this = profits over patients (and staff). I do want to see justice for the innocent people that trusted their Dr's to give them the right information. For the love of humanity to heal- people need to see people being held accountable.

and what about the tv stations that relentlessly hounded the vax message to their gullible audience? charge them too.

Yes, the TV stations and their news departments pushed the disinformation, maligning of the non-vaxxed and false narratives to get people jabbed. In Canada BTW. Disgusting.

Study up on the 'Biden cluster F-bomb' foreign policy. WW III here we go. Putin's bombs are better than ours.

The Finnish reporter that Slo Joe dissed has more foreign policy credentials than old man Slo Joe Biden!

Pathetic!

Wait so is Biden the President or not dude? RRN says he's not and he's never been in the White House. So wouldn't that make it Trump's fault if Putin has better bombs than the US?

Ask your doctor, "Did you support mandates?" If they did..do not trust them. My chiropractor is the only doctor I know who did not.

I asked my personal MD whether he's pushing the vax. I literally told him the next Nuremberg Trials will make the last one look like a kid's birthday party. Most of them will be in the medical profession, and he might want to rethink pushing a death jab. Delayed payback eventually arrives regardless. He walked out of the room shaking his head. I then over the next 2 weeks shared some fact memes with him over the medical portal. Now he can't say he wasn't aware.

My veterinarian too, no mandates as only doctor I trust, who recently gave me stitches after wife flung a knife at me. She got me on third attempt in the same week. Now she applying for pistol license.

They need to go after those hospital execs who pushed the 'death by covid' on death certificates to get the moolah. Should be easy to pick them out. See what hospitals have started massive additions, renovations, etc.

Yes, yes, yes. My husband had to claim religious exemption because they were forcing the jabs. These execs made a ton of money off of covid

Of all the doctors I have ever seen, only ONE IS VOCAL AGAINST THE DEATH JAB! ONE!! And, I have suffered through chronic Lyme disease (compliments of our military designing this disease on Plum Island and purposefully releasing in Canada and Florida) and have seen and still see many! They ALL COMPROMISED TO KILL AND MAIM SO THEY COULD KEEP THEIR LUCRATIVE INCOMES! Think about that.... Kill to keep your standard of living!! Furthermore, they will blame their killing and maiming on the cdc, nih, universities, medical associations, and medical journals to cover their asses! They will not see a day at the end of a rope!! They are the demons of big pharma... WHO CONTROLS OUR POLITICIANS! Fox in the henhouse!

Who is responsible? WHO AND WEF GLOBALISTS BILDEBERG, GATES, PAYSEURS ETC. ALL GOVERNMENTS CORPORATIONS ARE KILLING POPULATIONS TO CONTROL

Right now an older woman architect has been “grooming” a blue-eyed blonde, 8 year old. She has been taking her out alone(grandmother has custody) letting her ride her horse, buying her gifts and next week plans to take her on a speedboat ride with her husband. I have just found out about this situation. If we hotline the child, CPS will get their hands on her. No good. As people in St Louis know, in the famous Chain of Rocks murder, Robin Kerry was thrown into the river and her body was never found. I am putting this on public notice, if this child “falls overboard and is gone forever” this woman and her husband are the prime suspects. I have been warned that they are “powerful people”.

PRAY for this child. Is Gramma that ignorant? Is Gramma a confused individual? Make plans to take Gramma & child somewhere overnight right before the scheduled boat ride.

No one knows who “this woman” is. In the meantime, why not contact Jim Cavaziel through his facebook page and talk to the grandmother?

It would be a good idea for you to watch the movie “Rear Window.” Might give you some perspective on this situation.

There is a criminal organization called “The Rainbow Girls”, that are grooming young female children for purposes of pedophilia. contact Jim Cavaziel ASAP. He’s on Farcebook!

You understand that Jim Caviziel is an actor, right? He doesn’t actually go on missions to rescue children. That was just a thing called a “movie”

Kay is hot

Kay Schroeder joined the MJ Systems team in 2012 as an Account Manager. Today, she manages the company, sales team, marketing, manufacturer relationships and infrastructure. Call on Kay for timely support for contracts, commercial needs, training or whenever you’re not sure who to contact. She will get you to the right place.

Google paid \$95 a hour on the internet..my close relative has been without labor for nine months and the earlier month her compensation check was \$51005 by working at home for 10 hours a day..... Everybody must try this job now by just use this..... <http://www.SalaryApp1.com>

Many thousands of the hundreds of thousands of Federal Grand Jury Sealed Indictments have been unsealed, the criminals contained within arrested, delivered to military bases for prosecution.

There have been hundreds of Federal Grand Juries over the past 7 years producing these hundreds of thousands of Federal Sealed Indictments. There is no secret that they have been operating, their

courtroom proceedings kept secret as always. The Globalists do not want the people to know about them, therefore their mainstream FAKE News censors keep them from the public. But we white hat patriots know all about them. There used to be less than 1000 Federal Sealed Indictments per year, now it is hundreds of thousands per year. Many have been unsealed, the criminals arrested, many awaiting trial, many prosecuted, many executed, many imprisoned.

Feel free to research to your heart's content.

That particular phrase has been around since the dawn of the computer age. No proof needed

My hats off to whomever compiled that data you are linking here. The info is incredible.

This one is hard to believe for me since they are still pushing the fake vaccine in media, at hospitals and every CVS, Rite-aid any local pharmacy. Anywhere there is a pharmacy they are pushing the vaccines still.

If they were arresting anyone in the doctor's community whether it be nurses or doctors, it would have made a head line somewhere in the world. Not every site in the world is bias and fake news.

I want this to be true since my only remaining brother and his family are all hooked on fake news. They never took any vaccines in their life and now they are fully jabbed and boosted.

My daughter and grand-kids actually listened to me and didn't get vaccinated. My daughter had a problem when they jabbed her last son and he had to start wearing dippers again and ended up Autistic

after a really bad reaction to the MMR shot.

She was really easy to convince with the years of struggle she has had after they gave her son the MMR shot.

Good news maybe but again only time will tell.

It really doesn't matter if the fake news is pushing them, the pharmacies are the ones jabbing people. Stop the pharmacies and the news will stop talking about it.

I will never get another flu shot. I read that the covid stuff is in them now. Not this old girl. I don't learn fast, but I learn 'good'.

I believe my son was vax damaged and suffered from autism all of his short life. I was suspicious then, but everyone had to have all the shots to go to school. Now I'm convinced all the shots are to control population.

Will they be hanged while wearing their Stethoscopes and White Coats? That would be a great visual reminder not to be fooled by appearances. Those "Doctors" are worse than monsters.

Barako Insane assumed room temperature quite some time ago & so did his Bride Big Mike too! A certain update for you: Right now Obammy & Big Mike are now enjoying their now never ending eternity in "Hell's Lake of Fire".

Be nice to see a video of there great going to hell and don't let the door hit where the sun don't shine.

Wouldn't you like to be a fly on the wall when they're trying to talk their way into the "pearly gates"?

They have a fake Obummer, the real one is gone. Shot in the back of the head if I recall. MB has an article on it if you search.

Such an article is not here, though it may well be elsewhere; also a picture of what looks very like Obama and Big Mike in prison gear in a prison courtyard. Proof? No. And you have to take on board not

just the clones (articles on that exist here) but also the use of CGI etc. Good news is that clones do not last forever iirc.

I think that the worst absolutely gotta go Gitmo. The best among them should spend the remainder of their days trying to actually heal people, with med beds for free, as reparations to humanity.

NO!!!! They killed and maimed too many people, for any of these assholes to get away with it. Nurses also...they knew what was happening, but they wanted to keep their jobs, instead of trusting GOD that they would be ok and better than ok if they had walked away from the murders they were a part of and the lies of how these people died...I heard that nurses were brutal, and sneaky on how they coerced the elderly and ignorant to get the jab, they even held them hostage...their loved ones couldn't even get in to see their Loved ones even unto death....hang them all that had any part in this. They wanted the money more then being good human beings. Any that received bonus's at the time...Some nurses were still jabbing people even when it was announced that it was no longer needed, without even getting a written consent from the person getting the jab.

My daughter had not been jabbed all that time that it was required, but after it was announced that the jab was not required anymore, she had to go the Multicare hospital because she was in so much pain in her body from a flair up of colitis. From the time she arrived in the hospital emergency room she was being treated by one nurse, then some other weird nurse came in and said she needed to give her a shot and gave my daughter some excuse that she needed it as part of her treatment. My daughter was in so much pain that she couldn't even question the nurse. The nurse didn't tell her it was the jab or have her sign anything, just gave her a narely shot. My daughter said it hurt so much and the area she got the shot at, was swollen for days. At that point we realized that the weird nurse gave her the Jab...well, a few weeks later my daughter ended up having to get admitted into the hospital because of the colitis, and this time

she was discharging black goo, when before when she had a colitis flair up she would have bloody discharge...We are now hoping because of the flair up after the jab, all the jab poison came out of her body with the discharge of the colitis flair up.

As I said hang them all!!

Detox her, there are doctors that do that. Research & find someone to "remove" the toxins from the jab.

There is no 'best' among them, as you put it! They ALL should be DEAD...just like the ones they killed; only they should be hung.

Medbeds won't need Dr. or nurses to run them. The bed does all the healing. The medical scene is going to change drastically.

Okay say you have a heart attack going in one but no one to stabilize you so what happens can't go into med bed without being stabilized guess you die.

How do you know this since med beds have never been seen, and many say they don't exist. (That quack gadget for sale in India doesn't count)

Don't you think their days of "playing Doctor's & Nurses" should be over with?

After all, "Practicing" to be a Doctor or a Nurse is what is says it is – practice. They say practice makes perfect, yet for some reason we never see that practice stopped and turn into nothing more than practice. There's no empathy and no professionalism, not unless they're Brain or Heart surgeons.

My bitterness and hatred for what they done pity the fools pity the fools, for it will be awhile to be rid of these feelings. How could they show up to there job and stick peoples arms knowing what they do is

killing people how can they live with that how can they sleep knowing how many died at there hands.

Yup. **There** are many who don't know the difference; **they're** in need of a refresher on **their** grammar 😊

And back on topic, the motto of the medical profession is, "First do no harm."

Unfortunately for many, this apparently means "...to your paycheck or your job security." :-/

During the pandemic I remember one NY city nurse committing suicide and the family was trying to say she just couldn't handle the fact people where dying everywhere. I remember since I found it weird that there was just one nurse in the news and not more talking about some of the things they were seeing on the front lines. Maybe she saw what the vaccine was doing to people and couldn't handle the fact when she realized it was really the jab killing so many and not the disease.

Two questions: will this ever be reported anywhere other than here? The potential arrest and almost certain execution of 19,000 doctors would not go unnoticed.

Second; an indictment must be handed down by a grand jury. That's the law and the Constitution. So there must have been hundreds of grand juries, overseen by hundreds of prosecutors, who handed down the indictments. Further, once their grand jury service is done, jurors are free to speak. So there are thousands of potential leaks here. How is that being handled?

Second: YOU ARE TALKING ABOUT CIVILIAN, PEACE-TIME PROCEDURES. BUT, THIS WEBSITE is reporting on MILITARY ACTIONS, including MILITARY TRIALS because the CIVILIAN GOVERNMENT has been OVERTHROWN. MOST of the Civilian

government: Legislative, Executive & Judicial branches, ARE CORRUPT through ILLEGAL “voting”, bribery & blackmail. Suggest you get your head out of your ass.

I could offer you the same suggestion. There is absolutely no proof of your paranoid fantasy. And, in the USA, the Constitution is still in effect which means indictments come from grand juries.

Go and read up about the military law and the Executive Orders Trump put through and the whole question of “devolution” as put forward, detail for legal detail, by Jon Herold /Patel Patriot.

NOTHING in all this violates the Constitution, on the contrary, it upholds it, insofar as under tyrannical government, it becomes a right, nay a duty, to stand up against it. And there are ways and means of standing up appropriately. It is not without significance that Andrew Jackson’s portrait was one of the three Trump had at the White House. Jackson was “beaten” by a fraudulent election; he then went campaigning to get so many of the people on his side that cheating became impossible in the subsequent election. Trump and the Military are, this time, standing in the shadows in order for “We The People” to see firsthand the tyranny, and wake up. Trump and the military are doing this deliberately. This is not contradictory to the idea that actually the military are in control, nor is this against the constitution.

And here is another link for you to start to inform yourself, get the education it looks like you owe yourself: <https://t.me/s/mrtruthbombchat/2703> (remove all spaces). We’ve all had to re-educate ourselves, many of us have had to do 180 degree turns on previous views. No shame attached. We were trusting and innocent but realized we had to dig a lot deeper for the truth, and the truth matters.

Has anyone ever seen those orders? No. Mark Meadows, Stephen Miller and other top Trump loyalists say he never signed them. Trump never says a word about them and he talks non-stop about everything.

The problem about “educating “ myself with those sources is nothing they say is provable and “trust me “ doesn’t work for me. So I will continue to be a skeptic

not necessarily, this is not usual indictments...this is Military and War, so they probably have gag orders attached...

There have been hundreds of Federal Grand Juries over the past 7 years producing these hundreds of thousands of Federal Sealed Indictments. There is no secret that they have been operating, their courtroom proceedings kept secret as always. Don't despise small beginnings as the plot thickens. We have bigger fish to fry right now.

I remembered not long after it started the pharmacist crying about him being asked about why they pushing the death jab he just cried saying it was his job they pulled boxes of the jab to see the paperwork in them all was blank on the readout.

Docs indicted? Nurses and pharmacists who willingly and knowingly injected the vax for monetary compensation to the programmed peoples will most unfortunately see a fate unimaginable.

and they have some pharmacists on video being shown the statistics of the jab, and them saying that they will still be jabbing...those for sure need to be indicted and hung..."just doing my job", doesn't cut it.

In the beginning all were fooled...

BUT the hospitals were told not to treat the patients the regular way as well as nursing homes and VA and clinics. Those drs & nurses who went along should be removed as well as State health dept heads with their minions.

Less than a year after the vax was out did we know it was a death shot.

Those pushing the shot still should be hung.

Those forcing businesses to alter should also be hung.

Even the governors with their minions who kept things going should be hung.

Yes my friends, that's close to a million people – it will take time to bring them all to justice.

There were 5 major states that did the horror... this is where they are concentrating.

Pray my brothers & sisters to those that were caught under the rouge.

I'm glad that the doctors, nurses and other people that were involved in this genocide are finally being listed and will face justice soon. As for me, I knew that it was a bad thing to take the jab, get swabbed or wear the face diaper so I never participated in it. I warned my friends and family not to take it either but only some of them listened. One friend almost died. My sister told me that several of her friends get seriously injured and I think some of them died as a result. Another one of my sisters took the jab to keep her job and benefits and she knew that it was bad but she told me that she had no choice because she couldn't afford to lose her job. All she had to do is reach out to family for help but she didn't. For now, she is OK. She works for CVS Pharmacy.

First, speaking correctly, they should be HANGED. (It's NOT the same usage as for drying your clean, wet laundry. Second, what does "caught under the rouge" mean?

Well I for one seen the wicked stuff happening I did not take the jab my sister on the other hand took the Jab to protect her husband sounds like he'll to pay she needs justice for what medical done to her.

Whoa wait a sec please. There were many doctors, some of them expert vaccine scientists, who came out and warned everyone, do not take this, it is deadly. What happened to them, they lost everything, their license, their practice ect. They never complained about that. I don't think they even worried about it. My doctor asked me about it. have you gotten it? NO. do you want it? NO. May I ask why and I explained what the experts said, they had taken the time to break it down so a small guy like me could understand. Ok, no problem. I had to ask.r.

Hi, I hope you're feeling better these days.

I wanted to offer a suggestion. Perhaps you could offer a dark mode for reading your wonderful articles, since, sometimes, the bright, white glare makes it very difficult to read them comfortably.

Control your dark mode via your browser. It's what many of us do. Works well. Sing out if you need a hand. 👍

don't forget all of the dancing nurses too. all those who worked in the nursing homes killing our elderly. it should be well over 100k. much more.

Yes! When my Dad was in the Veteran's facility in Grand Rapids, MI years ago, a number of nurses were caught smothering their patients to death with pillows. To this day I believe that is what they did to my Dad as he was in the group of people that died. My Mom & family were too distraught to take any action. No one listened to me and some of these nurses were arrested. When grief hits, it is hard to take action. Get the damn nurses. Also, these foreigners who come to the USA to become MD's & then do very little to help our veterans.

How interesting, my sisters doctor told her to find exactly this after she refused to take the shot. She said he was really pushing her hard to take it and when she declined he told her that she's going to have to find another doctor. Hopefully he's on the list.

GOOD. It's about time. Absolutely NO sympathy! Can't wait for these traitors to be tried, convicted & hung. NO SYMPATHY WHATSOEVER!!

They did not show sympathy on the hundreds of thousand that died cause they pushed the jab shame on them.

Daniel 2:43

And whereas thou sawest the iron mixed with miry clay, "THEY" shall be mingled indeed together with the seed of man, but "THEY" shall not stick fast one to another, as iron cannot be mixed with clay. (FALLEN ANGEL HYBRID OFFSPRING)

The other side of midnight, the real version. The end of Doctors playing God. Treason is Treason. Time for us to shed blood over our Constitution. Democracy is Treason walking among us.

Treason is treason and murder is murder. I'm convinced these people knew the dangers of these vaccines — if not at first, then certainly soon after.

Putin speech said "Exorbitant ambitions and personal interests lead to treason". How they can judge people will be interesting.

The pressure and push of people at all levels, giving that jab was beyond belief. People with needles and swabs were trigger happy.

Some were tricked by what I heard was just trusting the system and the first two months was saline placebos to further trick people. I heard Benjamin Fulford say that Trump didn't do all that jab promotion, it was a Trump clone promoting the jab.

No matter how I look at it, seems things with it took way too long to end.

Also collaborating with the enemy. The Globalist Deep-State illuminati enemy wants a worldwide DEPOPULATION of over 6.5 billion people, which they have been bragging about for decades. These doctors, nurses, pharmacists, hospitals, nursing homes, politicians, Hollywood stars, FAKE Newsmedia liars, collaborated with the enemy and committed treason.

Our US Military can quietly, away from the bribed corrupt judicial system, prosecute civilians for Treason & Crimes Against Humanity. After 911, Congress passed the Authorization of Use of Military Force, War on Terrorism, on September 14, 2001; became law September 18, 2001. (Law of Armed Conflict) Still in effect and lawful. NDAA, Patriot Act still in effect, to be used on THEM instead of on us as intended.

American citizens who collaborate with the enemy can be considered “enemy combatants”. (Johnson vs Eisenstrager (339 US 763 1950))

There is no constitutional right to collaborate with the enemy against the American government, and American citizens can be prosecuted by the US military as “enemy combatants”. (Hamdi vs Rumsfeld (03-6696 6-28-2004))

(Verified by SCOTUS nominee Brett Kavanaugh)

And I pray they get ALL those who jabbed our Veterans at their homes for Veteran's. In 2021 (Jan 6th) the National Guard with blessings from US Army General Paul Rogers, and the help of the Michigan National Guard, jabbed hundreds of staff & residents at the GR Veterans facility. “Taking care of & supporting our residents at these homes is not only an honor, but a duty. This vaccine helps ensure they are receiving quality & long-term care & is central to our

'member for life' concept." From the lips of Gen. Rogers. In partnership with CVS, of course. Kent Co health dept. made sure that the Jacobetti home for vets & the GR Vets home were the 1st to get the jab to get back to a "normal" way of life since these men were isolated in their rooms since October.

Víte, jestli nějakí veteráni zemřeli nebo utrpěli poškození srdce v domě Jacobetti? Pokud ne, mohl to být pokus dát jim všem placebo a ochránit je před dalšími pokusy o očkování.

Velmi vysoké procento JAB v časně plandemii bylo placebem.
