Demokrat požaduje obžalobu Bidena kvůli nekonečné válce proti Rusku

Mé shrnutí: Ukrajina a NATO stále rozhodně prohrávají a Rusko stále rozhodně vítězí. To platí od začátku března 2022 dodnes. Rusko nemůže tuto válku v žádném případě prohrát a Ukrajina a NATO ji nemohou vyhrát. <https://t.co/qIopRDlcR5>

— Geoffrey M. Young (@GeoffYoung4KY) 11. ledna 2023

Demokrat, který je proti válce Anal Apocalypse War, je lepší než Republikán, který ji podporuje.

Není však jasné, že by měl guvernér skutečně velký dopad na válečnou agendu.

RT :

Geoffrey Young, který kandiduje na guvernéra v americkém státě Kentucky, obvinil Joea Bidena ze spáchání válečných zločinů na Ukrajině a v dalších zemích a prohlásil, že prezident by měl být obviněn z vedení nezákonného zástupného boje proti Rusku v bývalé sovětské republice.

" Myslím, že Joe Biden (válečný zločinec D) by měl být okamžitě obviněn z válečných zločinů na Ukrajině, v Jemenu, Sýrii, Iráku atd. ." uvedl Young na Twitteru . „Také za pokračování nelegální proxy války proti Rusku na Ukrajině. Všichni američtí prezidenti od roku 1945 = váleční zločinci (včetně Trumpa),“ dodal.

Myslím, že Joe Biden (D-War Criminal) by měl být okamžitě obžalován za válečné zločiny na Ukrajině, v Jemenu, Sýrii, Iráku atd.

Také za pokračování nezákonné zástupné války proti Rusku na Ukrajině.

Všichni prezidenti USA od roku 1945 = VÁLEČNÍ ZLOČINCI (včetně Trumpa).

— Geoffrey M. Young (@GeoffYoung4KY) 13. ledna 2023

Young, ekonom vystudovaný na MIT, který pracoval jako environmentální inženýr ve státní vládě, udělal vlny v loňském roce poté, co vyhrál nominaci Demokratické strany na křeslo 6. okresu Kentucky v Kongresu. Během kampaně slíbil, že pomůže předejít jaderné válce s Ruskem tím, že bude s Moskvou usilovat o „rozumný“ mírový plán. Nazval také kyjevský režim „nacistickou loutkovou vládou“ a řekl, že CIA by měla být odstraněna, protože je to „nejhorší teroristická organizace na světě“.

Ano!

Jak to, že ještě máme CIA? Jak hloupá je veřejnost, že to nechá dál a dál, bez ohledu na to, kolik nás to stojí?

Poté, co Young v květnu vyhrál demokratické primárky v Kentucky, jeho strana ho odmítla podpořit v listopadových všeobecných volbách proti úřadujícímu republikánskému kongresmanovi Andymu Barrovi. **Stranické vůdce si odcizil svými protichůdnými názory, jako je obvinění Bidena z bezohledného provokování Číny, nezákonného rozmístění jednotek v Sýrii a Iráku a zranitelnosti USA vůči útoku tím, že se staly „spolubojovníkem“ s Ukrajinou proti Rusku.**

Ano, demokraté jsou válečná strana.

Samozřejmě, že republikáni jsou také válečná strana.

Války proti muslimům byly v podstatě republikánské války podporované demokraty. Nyní máme válku za gay anus, což je válka demokratů podporovaná republikány.

Jednoduše nemůžeme mít tyto Židy pod kontrolou naší politiky.

Všechno ničí záměrně.

Německý generál Merkelové přiznává, že Válka na Ukrajině je
ZTRACENA

– Generál Erich Vad, vrchní poradce Angely Merkelové, se během roku 2010 podílel na vyzbrojování Ukrajiny, ale nyní přiznává, že protiruská válka selhala a že s tím souhlasí i americká armáda

– Němečtí generálové se nyní také obávají, stejně jako v roce 1944 za Hitlera, že bude zničeno samotné Německo, pokud válka bude pokračovat

Generál Vad řekl: „Nemůžeme [válku na Ukrajině] vyřešit vojensky,“ dodal, „toto je také názor amerického náčelníka generálního štábu generála Marka Milleyho... Opotřebovací válka nefungovala vojensky 1914-18 – a nebude tak činit. dnes.“

Generál Vad také řekl: "Vojenští experti, ti, kteří vědí, co se děje mezi tajnými službami - jsou z velké části vyloučeni z veřejné debaty." Varoval, že válka nyní hrozí zničením Německa, „ohroženého národa“. „Klíč k řešení války leží ve Washingtonu a Moskvě“, než bude „Ukrajina srovnána se zemí“.

Generál Vad říká, že mnozí z německé armády a německého byznysu s ním tiše souhlasí – USA a Pentagon by měly vyjednat konec války, Donbas a Krym zůstanou ruské, bezpečnostní záruky pro všechny.

Tucker používá slova kongresmana z Marylandu Jamieho Raskina, aby vysvětlil důvod, proč je americká vláda ochotna zničit svou vlastní ekonomiku, aby vedla zástupnou válku proti Rusku.

Škoda, že už nikdo nečte historii. Rusko má za sebou historii zahajování válek velmi špatně a nakonec skončilo na vítězné straně.

– Napoleon porazil každou ruskou armádu na cestě do Moskvy, vzal ji, když ji Rusové vypálili a opustili, a pak ztratil 9 z každých 11 mužů, se kterými se dostal domů do Francie.

– Rusko ve skutečnosti prohrálo první světovou válku, ale převažující spojenci odmítli samostatnou smlouvu, kterou Rusové uzavřeli s Německem, aby postavili Rusko na vítěznou stranu. Vyhráli tedy kontumačně.

– Rusko napadlo Finsko na konci roku 1939 a strávilo měsíce ponižováno menší finskou armádou a na jaře zvítězilo jen pouhou váhou čísel.

– Rusko samozřejmě přijalo všechny rány v roce 1941 a bylo vytlačeno na předměstí Moskvy. Stalin dokonce uvažoval o útěku z hlavního města. O 3 1/2 roku později ruská armáda vypálila Berlín.

Jde mi o to, aby tihle chlapi nezačali pomalu.

Teď tu máme válku o gay anus,

„Válka proti teroru“ se v podstatě neliší od dnešní války za homosexualitu, obě jsou o šíření krajně levicového liberalismu do celého světa. Bush a všichni ostatní neoconi nikdy nebyli proti muslimům (všechni byli pro ně za masovou migraci do Evropy), jen chtěli, aby se z muslimů stali dobří malí gójové sloužící ZOG, dobrým příkladem toho je současný starosta Londýna Sadiq Khan.

Proč by měl Young zůstat u Demů? Je pro americké politiky tak těžké kandidovat jako nezávislí? Uvědomuji si, že nebudou mít přístup k prostředkům na volební kampaň, ale v době internetu je to tak velký problém? Nejprve kongresman, pak guvernér, státní delegáti atd. Neočekávám však, že by senátor byl indy, protože je volen státy.

OTOH, uvědomuji si, že Young je velkolepý. Ale i zastavené hodiny jsou dvakrát denně správně.

OK, dobře.

Ale podle mého názoru je velkou prioritou, aby Biden a Harris a Mayorkas a Soros a Gates a Bezos atd. byli souzeni za velezradu, za umožnění invaze do NAŠEHO národa.

Počet uprchlíků ze třetího světa, kteří vstupují do země, je nyní minimálně dvojnásobkem počtu narozených domorodců. Zhruba, to je jako když bohatí nutili Američany mít šest dětí nebo více. To je doba zdvojnásobení asi 20 let. Žádný průmyslový národ si neudržel žádnou míru prosperity s těmito druhy čísel. Pokud se tento tlak udrží za 20 let, polovina země by mohla pocházet z uprchlíků z třetího světa, kteří začali s Biden-Sorosovou administrativou. A zatímco v zásadě by Spojené státy se 700 miliony obyvatel mohly být stále prosperující, to se může stát pouze s MASIVNÍMI investicemi do rozvoje nových zdrojů a infrastruktury – což se prostě neděje. Nezáleží na tom, jestli se tyto investice MOHOU objevit v paralelním vesmíru, kde je Spock zlý a má plnovous, neprobíhají TEĎ.

The ultimate goal, the *real* goal, is starting a war with China to destroy China and East Asia. In the last few years there has been a major U.S. government hiring of East Asian-Americans in the State Department and civilian employment in the Dept. of Defense and in intelligence agencies with the sole purpose of war with China/East Asia. Kind of weird it's East Asians proud of their heritage (with degrees in Japanese and Chinese and East Asians studies) who will be assisting the West destroy China and the East.

That part of the country has peoples with a cohesive and very cool culture. In terms of the book Albion's Seed, they're crackers, that ancient and honourable English pejorative. These are the guys who hanged the regulators and did Shay's Rebellion and the Whiskey Rebellion. There's a guy with a very similar platform who ran for Congress in Asheville. This, the nascent Appalachian Democratic Peoples' Republic of East Bumfuck, shall be the successor state to the USA.

What Young could do is execute the Rome Statute verbatim in KY law. Then beltway vermin would be subject to prosecution or extradition for their universal jurisdiction crimes against humanity or peace. That would be fun as shit.

You're not some chump stuck in a US state, you're a captive nation of the US impunity regime. If a state or region wants to secede, all they got to do is notify the UN they're accepting responsibility: acceding to the UN Charter, the ICCPR, the ICESCR, and the Rome Statute (without reservations, to show up their US occupiers,) and accepting the UDHR as law.* Then you've nailed the prerequisites for sovereignty. Your full integration into the international community is just a mater of friendly relations and recognition. And maybe a quick Slovenian switcheroo.

* The UDHR is already state and federal common law, under The Paquete Habana decision, and the ICCPR is equivalent to federal statute, so when you want to make government bureaucrats lose their shit, pointing that out is a great way to do it. They will actually back off their chickenshit administrative oppression to avoid the hopeless can o' worms of blowing off universal instruments in public. This commenter has done it. Everybody should fuckin do it.

I'll not only NOT take that to the bank, but my bet is that Biden's days are numbered. With all the latest revelations of Biden's pilfering secret documents (funny how it came out after the recent election, when it was known all along), Biden's future as president seems tenuous at best. The powers-that-be in the democrat party will ensure, one way or another, that an old White racist with dementia will NOT be their nominee in 2024. If he agrees to bow out and not seek re-election, they might let him finish his term. If not, he'll be hounded out of office.

For once, Republicans will have some pit bulls heading House committees. And heads are gonna roll. They know that, if they again do nothing with their (slim) majority, their party is finished.

The Democrat Party is the tool of the Ruling Class and the Managerial State. Elements of the Ruling Class are beginning to realize what we've known since mid-year 2022, that the West is not able to stop Russia from achieving its aims in Ukraine, lacking both the military and economic power.

The Ruling Class must engineer an exit from Gramps' Ukraine Adventure (GUA) in order to preserve the electoral prospects of its tool.

Negotiation with Russia is not an alternative. Russia has learned that the US and the West are not "agreement-capable", as evidenced by the Minsk and Minsk 2 agreements where the West reached signed agreements which they immediately violated. Merkel and Hollande both have publicly said that both Minsk agreements were shams intended to give the West time to fortify Ukraine.

A KY Democrat gubernatorial candidate matters is not a power player, but the Ruling Class should take a hint. Let the Freedom Caucus Republicans ally themselves with AOC's Broad Squad to defund the GUA. Or at least have a up-or-down vote on a short term (6 month) standalone funding package. And then have an identical vote every six months including one last one in October 2024.

Then the Ruling Class can have the US do an Afghanistan-style exit and the press can drop the whole grim slaughter down the memory hole. And the Democrat Party can blame the disaster on the Republicans.

And then the Neocons can execute their plans for China, but at least bleeding Ukraine can begin to heal. And perhaps Europe can reestablish pre-GUA relations with Russia to avoid freezing this winter and next.

That's no different from the past. Go down the rabbit hole of the Russo-Finnish war of 1939-1940. Churchill was considering helping the Finns, along with tons of heroic propaganda about how the Finns were winning so big and just needed some Allied weaponry and troops to keep up the winning. Luckily (or perhaps not depending on your point of view) Finland was not helped by the allies and was left to eventually concede territory to Russia. Had Britain openly fought Russia over Finland – perhaps Germany doesn't invade Russia a year later. One of those “what-if's” of history.

Well America has a lot of cleaning up to do in a lot of areas, I would start with the electoral system.

The establishment decried any suggestion that Biden wasn't elected legitimately but as the last midterms show...the establishment meddles and influences elections.

If information is deliberately withheld that would influence a voters decision by showing the incumbents as hypocrits then that is meddling.

The midterm election in marginal seats should now be rerun after Bidens document fiasco.

*{A Democrat who is opposed to the Anal Apocalypse War is better than **a Republican** who supports it.}*

Republicans are gutless weasels.

Democrats are the Devil, but they don't give a S____t: based on nothing or outright lies they themselves manufactured, they dragged Trump thru the mud and went so far as to Impeach him on bogus charges.

Dementia Joe can be legally Impeached on half a dozen charges, #1 being him opening US border to anyone who wants to illegally enter the US. #1 responsibility of the POTUS is the defense of the country and the country's borders.

But ChickenS_____t Republicans will waste 2 years on useless "hearings".

It is understood that the Senate would never convict Biden. But Democrats also knew that the Senate would never convict Trump, yet they went ahead with circus.

If Republicans were real — which they aren't — they'd keep impeaching Dementia Joe until the end of his term.

Curmudgeon, re 20, fortunately there are UN agencies and UN agencies. The US wrecked the Secretariat at the outset (Shirley Hazzard's Countenance of Truth tells all about it) but the UNGA, UNESCO, UNCTAD, and the treaty bodies give US assholes fits. UNTOC got written under the auspices of two of the least-perverted agencies, ECOSOC and the UNGA, so it turned out to be a useful tool for countering CIA crime.

The UNSC gave the P5 impunity with Article 27§3 but the UNGA is chipping away at that (e.g. the Small Five initiative.) In that case, for instance, the US squelched the Small Five, but only with double-secret crooked intervention by the CIA spooks infesting their captive Secretariat.

It's constant, pitched battle but the CIA regime gives you Idiocracy-level indoctrination, armies riding dinosaurs fighting the UN (the shaved apes in Langley probably do pronounce it "un.") There's a lot going on, and it gets more traction as the CIA regime decays to shit.

<https://archive.globalpolicy.org/reform/topics.htm>

<https://centerforunreform.org/search-hub/main/>

Wherever the UN is fucked up, you can be sure the US fucked it up to make it easier to push around. And the civilized world is patiently patching it up. When CIA loses this world war it started, the member nations are going to rebuild the UN from scratch to make it USA-proof. They've been planning for that since the 70s. They'll put the HQ in Jerusalem, capital of Palestine, on the nuked bones on Zionazi cocksuckers.

@follyofwar

Agree, the classified crap only came out on the heels of Jill Biden at Christmas announcing 24 is in the offing. 2 weeks later, scandal, a scandal they've had in the can forever. But not scandal as ugly as Hunter or China finance. The classified scandal is just enough to force resignation. And they're going to say we hassled Trump, we have to do this and even derive virtue from the deed. Perfect! Then they have to figure out what to do with Harris. Democrats really painted themselves into a corner with these two.

Getting Biden impeached was significantly more possible before this asshole opened his whore mouth.

Now it's going to be all, "Oh, you're like *that* guy. You know the one."

If you're *that* guy, remember to use your power for good: support the things you hate, so everyone else hates them too.

@Judd

I wouldn't mind posts like this except the ignore list only has 50 entries and I keep filling it up.

Can I get a not-ignore list instead? 50 names that aren't automatically blocked?

@American Citizen

Too bad nobody reads history anymore. Russia has a history of starting wars very poorly, and ending up on the winning side.

Except when they don't like the Russo-Japanese war where they lost their navy in a single battle due to the Tsar's arrogance and total failure at researching the enemy. Sounds awfully familiar.

Napoleon beat every Russian army on the way to Moscow, took it when the Russians burned and abandoned it, and then lost 9 of every 11 men he came with to get home to France.

Yet he wasn't defeated until Waterloo. The Russians used their winter to weaken him and a multi-national alliance defeated him.

Russia actually lost WWI, but the prevailing Allies repudiated the separate treaty the Russians made with Germany to put Russia on the winning side. So they won by default.

Having Communists make a deal with Germany to take over the country and abandon territory is not a win by default.

The Tsar certainly did not win as he and his family were murdered by Communists.

Russia invaded Finland in late 1939 and spent months humiliated by the smaller Finnish army, and only prevailed in the spring by sheer weight of numbers.

They originally planned on taking the entire country and then changed their goal to taking a small slice after getting their asses kicked by Finns on skis.

Sounds awfully familiar.

Oh and they lost to the much smaller Polish army after WW1. No slices of Poland, just a total ass kicking.

Of course they don't like talking about that war.

Russia of course took all the blows in 1941 and was pushed to the suburbs of Moscow. Stalin even considered fleeing the capital. 3 1/2 years later the Russian army was burning down Berlin.

With Stalin admitting that they barely won and only did so with Allied help.

My point is don't count these guys out off a slow start.

Or they start slow and still lose like the Afghan war.

The clear lesson of Russian history is to expect an insecure Tsar or Communist dictator to eventually start a needless war that is really tied to his pathetic ego. Sometimes they win, sometimes they lose.

@Avery

Russians have been picking radio chatter between troops at various battlefronts for months in foreign languages: American English, British English, French, Polish, Romanian,....who knows what else.

Those are volunteer forces. They make GoPro videos and post them on youtube.

It's not a conspiracy.

It's not news to Russians that NATO is fully in, in Ukraine.

If NATO was fully in then airstrikes would destroy the remaining prisoner and forced conscript battalions within 24 hours.

I have no doubt the NATO eye in the sky is feeding intel to Ukraine. We don't even know the capabilities of NATO satellites. They could have every prisoner tagged and tracked by computers. Hitler said when you start a war you open a door and you don't know what is on the other side. You don't know the full capability of the enemy until you start the war.

NATO is not fully in nor are they committing forces. Ukraine hasn't even asked for volunteers. They want heavy weapons.
