Pokud by Fox News byly autentické, řeklo by to divákům, že Senior Vice President of News & Politics Alan Komissaroff, který zemřel v pátek na infarkt ve věku 47 let, dostal v dubnu 2022 a lednu 2023 posilovací dávky Covid-19. Zdroj Fox Mluvčí pod anonymitou řekl

Real Raw News, že Komissaroff byl zastáncem vakcíny, který nosil špendlík do klopky „Get the vax“, dokud si ho jiné osobnosti sítě neškádlily, i když i oni byli očkovaní.

V srpnu 2021 Kevin Lord, výkonný viceprezident pro lidské zdroje mateřské společnosti Fox News, Fox Corp, požadoval, aby se všichni zaměstnanci nechali očkovat nebo se podrobili každodenním testům, a později uvedl, že 90 % zaměstnanců zvolilo injekce před bolestivými výtěry z nosu. Nakonec mnoho osobností vysílaných ve vysílání, které oprávněně kritizovaly vakcinační mandáty, dostalo bod nebo tři.

Komissaroff byl alespoň upřímný; nicméně, stejně jako mnoho naivních oveček, svěřil svůj život CDC, slibům zesnulého Dr. Anthonyho Fauciho, chatrné, nepodložené vědě a neověřené vakcíně, která zabila stovky účastníků pokusu a statisíce dalších poté, co FDA udělil farmaceutickým výrobcům povolení k nouzovému použití.

Není možné vědět, zda vakcína zabila Komissaroffa, ale byl ve vysoce rizikovém fondu – před deseti lety měl téměř smrtelný infarkt. Milovníci vakcíny skutečně říkají, že jeden infarkt zesiluje pravděpodobnost druhého, nebezpečnějšího infarktu, bez ohledu na stav očkování. Lékaři, kteří léčili pacienty osvědčenými léky, jako je ivermektin a hydroxychlorochin, však empirickým výzkumem prokázali, že vakcíny zabíjejí neúměrný počet starších a imunokompromitovaných.

Co se týče Komissaroffa, mohla být doba mezi jeho posledním posilovačem a okamžikem smrti náhoda? Všechno je možné. Ale i skeptičtí lékaři připustili, že vidí nepopiratelnou korelaci mezi vakcínami a nadměrnou úmrtností. Teprve když se objevily vakcíny, lidé ve věku 30, 40 a 50 let začali hromadně padat mrtví a lékaři si začali všimnout hadích krevních sraženin v mrtvolách.

Patnáct set očkovaných amatérských i profesionálních sportovců – lidí v nejlepším zdraví – utrpělo srdeční zástavu od rozšíření vakcín proti Covid-19; v předchozích letech byl průměr 29, což je výrazný rozdíl.

Komissaroff nebyl ani sportovec, ani příklad vynikajícího zdraví, ale mohl být další statistikou vakcín, jedním z milionů.

Náš zdroj uvedl, že Fox nebude veřejně komentovat stav očkování Komissarov, protože HIPPA chrání individuálně identifikovatelné zdravotní informace o zesnulém po dobu 50 let od data úmrtí.

„Nemluvě o tom, že Fox News sakra rozhodně neoznámí svým divákům, že 90 % z nich bylo otrávených, včetně mě. Všichni tady milovali Alana [Komissaroff]. Všechny nás rozesmál. Byl to skvělý chlap a udělal to, co jsme všichni museli. Bude chybět. Doufám, že ho vakcína nezabila, ale mnozí z nás se tu tiše ptají, včetně některých velkých jmen, o kterých byste si nemysleli, že dostali ránu,“ řekl náš zdroj.

Po Komissaroffovi zůstala jeho manželka Rachael, která byla jeho středoškolskou láskou, spolu s jeho dětmi Benem (17) a Olivíí (13).

Jsem si vědom pravopisné chyby Komissaroff/Komissarov a opravil jsem to v celém článku a zobrazí se, jakmile bude propagován. Omlouvám se za to. Už je pozdě.

I am making \$90 an hour working from home. I never imagined that it was honest to goodness yet my closest companion is earning \$16,000 a month by working on a laptop, that was truly astounding for me, she prescribed for me to attempt it simply. Thank you, Michael. No worries. Make some fresh hot coffee in the a.m. with some croissants, perhaps with French vanilla and almond filling.

such a shame

‘I’m serious. I thought I knew them both, I didn’t, I knew Diamond, but I didn’t know Silk at all. I just learned about Silk. You’re fantastic, you’re going to carry on beyond, beyond anybody’s wildest imaginations,” he said.

A FOX vax commissar died of a heart attack shortly after subjecting himself to a second “booster” shot. Sounds like poetic justice...

The Commie News Network goons are more deserving of this plague, that the lesser lefty news group, such as MSM Faux Nooze, but they used to be more rightest until Murdoch, gave it to one of his leftist sons. Faux news is “walking the fence” right now, to see how the black hats are going to fall on what side of the fence...., so they can tell Trump; “we were rootin for all the way”, as to not be left out as a turncoat....,either way, though, they are fuct...!

LIARS!! Murdoch’s daughter-in-law had a picture of champagne the day after the election was stolen. And it wasn’t to celebrate Trump, either, since they called it for the shit-for-brains who loves to molest children.

Ni de loco me inoculo esos malditos venenos..... Que Dios se apiade de aquellos que han sido obligados a inocularse. Amen.

Genocide through vax and boosters will take down millions of conformists who just went along with the non-thinking globalist propaganda. But the total death and destruction caused isn't nearly as much as these murderers wanted. Time to stand up to them all with the power word, "NO!".

Hope this guy was at least cautious enough not to have his kids get an experimental shot, knowing the low-risk odds of kids actually dying from Covid.

From the above story, this guy sounded like a **zealot**. Wouldn't be surprised if everyone in his immediate family was vaxxed and boosted.

Everyone had low risk odds. Those who had health issues were more vulnerable to getting sick. But the treatment they got was murder part. By design

so when is the coincidence and the death jab going to correlate and come together? i am not a dr/ or a scientist / heck .. i am not even very smart but,,, i can add 2 and 2 when the death jab came out people stated dropping like flies / HELLO ??? is anyone home??? and michael /great work you do !!!

It's true, my uncle works at Fox News and hold told me that Komissarov has had *at least* 8 different covid vaccines. They guy couldn't get enough of 'em. RIP

Some have claimed that lab work has shown the bio-weapon was engineered to target specific genetics. White Europeans and blacks had the highest uptake...Ashkenazi jews ...none.

Never had the nasal swab, but my understanding of it was they would stick a pipe cleaner up your nose as far as they could, and then spin it with an electric drill. OK, well I have heard of people having CSF ( Cerebral spinal fluid ) appear in their nasal cavities afterwards.

That was only in the very beginning. That horrible swab went the way of the dodo ages ago, like early '21, it's just regular swabs and when I had to do it for a few months at my job, you do the swab yourself, a nurse "watched" but didn't stare; I put the swab in the center of my nostril and barely ever touched my nose with it. and I did not put it very far in my nose either.

I heard the swabs are "sterilized" with a chemical known to be one of the most carcinogenic toxins around. I can't remember the name of it but they push the swab to the back of the sinuses right where your pineal gland is located. Early on I heard of a huge rise in brain tumors. I don't know anything for sure.

I contracted Sinusitis twice within a 3 month span; AFTER a flu shot. That was my first & last vaccine.

There were people in THIS Country who were FORCED PHYSICALLY a mentally challenged female who was in a wheel chair, by a nurse and a sheriff officer at her home. Her family cheered and congratulated her for the shot shoved in her arm unwillingly, and not mentally able to comprehend why she was in pain from the shot.

( There's a video of it. )

I guess her family might have, well wishes for her future departure.

When I do a nasal swab on myself, as soon as possible afterwards, I flush both nostrils out with one or two cups of sterile saline with a Neilmed sinus rinse squeeze bottle. I prepare the Neilmed bottles so they are ready to go with the flush job. I did this with the one PCR test I was required to take, and have done it after all the antigen tests

I've done on myself. I figure it can't hurt, and probably washes away at least a good percentage of bad stuff the swab might have introduced.

Yes, you got that right. They've been scrubbing it off the video sites, but you are correct. They are doing it in the UK as well.

That's what I read as well and there was no way I was going to take one of those swabs but so many people have taken a lot more than just one.

Right on! Never trust a lizard person or their... implements and you'll be fine. All this mindless trusting as if we're livestock will kill us. I trust my mom and gravity. Everything else I question daily. Anything from the government I flee from in horror, whether it's forced injections, nasal swabs or meaningless surgical masks. Bad touching!

Strange that so very very few actually pause to ask the REAL purpose of these nasal swabs.

Since when was an invasive intra-cranial sampling procedure necessary to obtain material to test for a simple respiratory infection?

A saliva swab taken directly from the tongue would accomplish that purpose.

Ergo, whatever the stated "purpose" of those invasive nasal swabs may be, it is NOT their ACTUAL purpose.

OW! and some people say it clears the sinuses. Maybe they like that, but I prefer my nose to be nanotech/mRNA free.

I never had any swab either. I read they had put a cancer causing agent on the tip of the swab so no thanks. My mother has had all 5 shots and she was the one who gave my daughter and me covid in the beginning of January...mine went into double pneumonia. I have not taken the bioweapon and never would.

The highest priority for our White Hat military leadership must be to end the genocide taking place by this bioweapon parading as a vaccine. The spike proteins are derived from 36 peptides from the deadly venoms of snakes, snails, and starfish according to the exhaustive research conducted by Dr. Bryan Ardis and Dr. Tau Braun. DARPA developed the Hydrogel delivery system with Graphene Oxide – it is lethal! While Fauci, Bancel, and Collins have met their demise there are others who must be intercepted and stopped immediately – Ralph Baric, Peter Daszak and those at EcoHealth Alliance, and the researchers and corporate leaders of pharmaceutical companies in addition to WEF restore under our jurisdiction. Even those who are being paid royalties... These are Crimes Against Humanity, especially robbing the lives of our innocent children without informed consent!

“The highest priority for our White Hat military leadership must be to end the genocide taking place by this bioweapon parading as a vaccine.”

Just an observation here – whenever someone steps forward from a crowd and says “we must do this” or “we must do that” – nothing happens. Ever.

God is just in all His ways.

After what the Legacy Media has done, they deserve to receive the punishment that their willful gaslighting has earned.

A slow, painful exit from this world, into hell.

Fox is 100% controlled opposition. They had the same info we got back in 2020. Yet, they chose to save their lives in this world, instead of surrendering their lives to the Lord Jesus Christ. They chose to hide the truth.

I had hopes for FoxNews, years ago... but their behavior over, and towards President Trump, and their continuing bashing of President Putin, their devotion to their lives and the preservation of the Deep State/WEF, seems to be their undoing.

Note: I do feel empathy for those who were deceived, who, trusting their government, got these death shots. Not that it means much.

One thing is certain: the death toll will be biblical over the remainder of 2023-24.

I remember the govt. pushing the swine flu vaccine bullshit in 1976 and it killed the aimed elderly group, trusting govt. seniors, so that congress could collect their soc.sec. payments and pocket the dough and then 10 years earlier, our dumbocrat politicians created the dandy Vietnam war to make buckets of M O N E Y, lots of money but we, hip people fought against it, because of the horrible dying of our youth. I guess the “normies” forgot how to fight tyranny against our own country, on a global scale, though.....

**THESE VACCINES NEED TO BE ABOLISHED, AND THE LIARS AND MURDERERS PUSHING THEM NEED TO BE BROUGHT TO JUSTICE.**

Bold work, Michael, thank, you. Please keep us updated.

I for one couldn't agree more...

BUT I'll be way more comfortable when I actually SEE a few hundred thousand genocidal arseholes swinging from lamp posts.

Until then, it's all sounding a lot like wishful thinking.

Anybody looking for sympathy for vaxx pushers like Mr. Komissaroff can find it in the dictionary between shit and syphilis...

It's not struggle to have sympathy for his family members members who loved him; they lived with him 24/7 and now they are being devastated from losing him to the shot, which is a genocidal lie that he pushed.

Gotta admit that he really believed the lie – with his pre-existing condition, he should be counted among the most-deceived. I, for one, never considered taking the jab: I've been avoiding jab-fads since 1976 when I skipped the swine flu, and with Covid I should be exempt on grounds of lack of consent, lack of information needed to inform consent, religious objection, previous pericarditis, and, as a seasoned citizen, non-coverage by the EUA, as a member of a non-tested group. Not being covered by the EUA, I believe it would be illegal to give me the jab. (As if the Minions cared about the Law.)

Life & health insurance companies draw a vivid picture of an astronomical increase in deaths resulting from the clot shot !!!!

So do morticians. And since the vax, they even have trouble getting embalming fluid in their veins.

To be learned, one goes to school. Knowing how to use that knowledge takes common sense.

Trust is based on historical information. If you weren't digging into things like President Kennedy's NATURAL death, you missed an important piece of who to trust.

I am old enough to have this kind of experience and have kept abreast of much of what they do ON OUR BEHALF. Knowing the attack on Pearl Harbor was a set up is important. Questioning how could that have happened and why was key.

Did I know everything, of course not, but I had a good handle in who to trust and it was not our government, nor many of the politicians.

I knew about the Rockefellers, the Rothchilds, and Vanderbilt to name a few. And I certainly new about Gates. I read Behold The Pale horse and others before the Plandemic and was aware of meetings about a possible pandemic right before it took place. I mention this because few of my friends knew any of this.

When things went South, one friend exclaimed he had Covid 19 within weeks of it hitting the US coast. He lives in the Midwest. To this day he stills tells people he was one of the first to get Covid! Another recently got sick as did his wife. “LUCKILY they had order the FREE COVID home test kit for dummies.”

As the Plandemic broke out, I explained to all of them there was no COVID 19 and why. As an independent Biomedical scientist of 30 years, they have had to put up with my topics of interest, my latest research. This was what they used to trust me, when I said there was no COVID virus and getting the vaccines were likely an intended behavior on our part; meaning it was not a good thing.

Still as noted they held a modicum of “ITS COVID, I MAY DIE!”

People don't always take the time to think some of these things through, but with the knowledge of such corruption over and over, you become shy of anything the government says or does. Politicians got bad reputations due to things they did, historical behavior.

And a background in biomedical science, including the corruption in the science you could have worked your way through this logically. I was lucky, but how did so many others make the right decision? Was it government distrust only? Was it common sense saying wait a minute it appears they are using the cold and flu season to pawn this story off on us?

Some people don't apply themselves in these areas and as we see, they only had the word of the government to trust. Since they did not know us or trust our experience with their lives... they went with the only logical answer for them, TRUST BIG GOVERNMENT!

Learning how to use common sense (logic courses) are rarely taught anymore. With all the logic symbols and rational to determine whether someone is telling the truth or not seem boring, but once you get into it, the power you gain is very interesting.

This time we were the smart ones, for what ever logic we used, it was the right choice not to get the shot, nor follow any of their other mandates.

Now what about the next decision you make. If you feel pain in your chest or half your face stops moving or you have a serious bacterial infection, what are you going to do. RUSH to the hospital of course! Depending on where you live that may be the last thing you do. SO shouldn't you be learning more about your body and how to fix it.

We ALL need to learn how to be more independent and how to build a base of information in our weakest areas. We need to talk to our friends and neighbors more to share valuable information and gain insight where we may be lacking.

Thirty years ago I knew I had a heart, but only had a general knowledge of how it worked. I had kidneys somewhere in my body, but again actual function was over my head. It took lots of books and lots of research to fill this gap. At that time doctors were failing our needs and offering toxic medications or unnecessary surgeries. It was a fight for our survival that pushed me to learn more and as the years passed I needed even more information about conditions that we were enduring.

I am not sure I would want to go through the massive time and effort again, but it has paid so much in dividends. When something happens we have remedies that cover many issues that are safe and really work with no side effects. We are far more independent and know how to investigate medications recommended and to ask the

right questions of doctors. Doctors can't overwhelm us with medical jargon and we do not see them as the medical God handing over our life willingly.

Your probably saying, nice idea, but I just don't have the time. Maybe you don't have to do it alone, but can get a group together where each person or two take on a subject like colds and flu or allergies. Start small and build. Now that there is a demand you may be able to pull together neighbors and friends or relatives.

Take control and be ahead of the game.

I heard all business who convinced their employees got money from the government. All hospitals received payment for every corpse they put a Covid-19 death to the toe. How about the drs. offices, were they paid too? I have seen the payout lists for the hospitals and it was by states. Churches received dollars for pushing and complying with shut downs. Truth should be known. This was our tax money they were dishing out. Please tell me if I am wrong.

Ill tell you that they all are not going to be enjoying their money for too long.

So done worrying about these people. "Free Will" is hard to watch and saving this country is much more important.

Fauci:If you believed SCIENCE you would let me go right now...

Respondent: In science there's this thing called GRAVITY.LET US SHOW YOU...

Do not ever trust the medical industrial complex. This has happened before. Remember the swine flu fiasco in1976.

"60 Minutes Mike Wallace Exposes the 1976 Swine Flu Pandemic Vaccine Injuries"

In the end, they've all killed themselves, just to fit in... One wonders if Fox will have the courage to hire new pure-blood talent as the old crew all die off with the #SuddenlyDied hashtag following each very

public death.

Time to get out the pitch forks and torches, along with some rope, hot tar and chicken feathers and do some old time terminating the old fashioned way.....

"The late Doctor Fauci," those words warm my heart. Sorry the fox executive lost his life. I don't understand why so many people were sheep. I immediately was suspicious as apparently the majority of the people here are.

Doesn't surprise me or probably many others who have had to watch the entire 9/11 debacle unfold for twenty years. Fifth grade science: an aluminium can filled with kerosene does NOT demolish steel and concrete buildings in free fall, never did, never will, yet that is what most people believed because the same shitbag government told them so. I can't even imagine a lower cutoff point for the absurd nonsense most people will decide to believe just so they can fit in.

A daughter, son, and wife now devastated by a life snuffed out. Sad, no matter how you look at it.

It's a damn shame but some of these IDIOTS need to find out the hard way for themselves, when they DEMAND that others, especially people working for them, take the vax or lose their job. Everyone that forced that issue needs to go to prison or die of the vax themselves! That includes Governors, military commanders, & even sitting presidents. Vaccine mandates are unconstitutional. I will kill any bastard that tries to force them on my family! Guaranteed!

What's up with Damar Hamlin? That entire situation is sus af and I really wanted to believe he's alive. Now, I'm not so sure after that publicity stunt yesterday.

Mr Baxter,

Sir, is there anyway, the AMERICANIZED ENGLISH or GOTHIC translation for vaccine/toxin, be utilized? Instead of repeating a

Latin word, as per mocking-Byrd's "orders"??? I KNOW a Genetically and Akashically, unwritten TRUTH, "PATTON", is not and was not, that 3 Star, Black Helmet's real name. I like MOVIES, a lot. Ever watch that old one, with Snake Pliskin?? "THING"??? What about the "ALIENS" series??? That Deacon, "Thing", Black Goo, Xenomorphs, the "Mother Ship" from INDEPENDENCE DAY, Bio-Mass, the Men in Black, and even many "video "games"", and, yeppers, The MATRIX. Last, but not least, the MARVELS, man, o'man do meza lovza somza MARVEL. Want to bet a dollar???? JaJa will whip the shit out of any other JEDA. JaJa CHAMPIONS PLUTO. Wanna make a "MOVIE"? Too many, take LIFE, for granted, and then lie and say they don't. Keep fucking around, Vader showed You what it means to be "put on ice"!! And no Sir, not every word, is towards anyone life-form, specific. This is one of my few "cafes". The ARENA IS OPEN!! Practice makes perfect!!!

Do not threaten the WHITE BALL, communicate honest INTENTIONS, Wi will help. Integrity, WORLD WIDE!!!!!!!!!! Stop FUCKING LYING to this population. FULL DISCLOSURE!!!! Hell is a very REAL PLACE, and I'm not in "it", it's in me!!! Do not continue the frazzle drip!! It's counter productive. DAH!!

Adolf Hitler, another COLLECTIVE, hates liars, thieves, murderers, rapists, cannibals, etcetera, but noooooooooo, "they" fucking lie about it. People from Our "time" went back to help, and those were left to starve in the damn USA death camps!!! Do not lie!!!

INDIGNATION!!! No excuses this time. Bio-Geological activity and NATURE's wrath, is coming. No skipping through it. I truly hope You People pick up the pace. Being at WAR with NATURE, is retarded. The White Ball, KNOWS this, why can't "hoomawnz" figure it out? Telepathy is used during prayer, not just some mind to mind tech. The humming or ringing inside the head, is the HIVE. This is not the "EARTH", to "play" this "game". Please, just skip to the "end", it's better that way.

I heard about this guy dying while on Gab. When I saw his age the thought immediately came to mind...did he take the bioweapon. What honest doctors have been telling us up until now is that there will be millions of deaths in the next 2 to 5 years is coming true. My heart breaks for all those who trusted their governments and took an unapproved and experimental bioweapon. I wonder what God is thinking. Heaven help us.

“Get the Vax, Soon you’ll collapse! ”

On another note. NO one can force “require you” to taking any drug where you work! Thats BS. A mandate means shit!, Ask them where it says that in my job description! Let them fire you , collect unemployment, and sue the bastards.

I cant believe how many sheep are walking around on this planet.

The covid Injections do NOT comply with legal definitions of a vaccine... they are NOT vaccines ... they are mrna injections ....no one should refer to them as vaccines ... its illegal!

Tyto vakcíny a boostery zabily nespočetné množství lidí. Nikdy jsem neslyšel, že by tolik mladých lidí zemřelo na infarkt. Je načase zničit vše, co souvisí s těmi smrtícími vakcínami. Nic z toho jsem nebrala a když vidím svou Dr., zdá se, že je znechucená, že odmítám vakcínu a očkování proti chřipce. Lékařské profesi už nevěřím, protože většina z nich je pekelně odhodlána dávat ty dávky. Ze všech živých lidí byste si mysleli, že to vědí lépe, protože jsem si jistý, že vědí, co v nich je. Proto je to tak špatné. Odmítnu si je vzít, dokud nezemřu. Bože, prosím, otevři oči všem pro skutečnost, že se nás snaží zabít a daří se jim to.
