— Ian Miles Cheong (@stillgray) [22. ledna 2023](#)

Dříve: Zelenského BFF byl vynucen z role hlavního poradce poté, co uznal, že Ukrajina zabila rakety

Arestovičovi netrvalo dlouho poté, co byl vhozen pod autobus, aby začal útočit na Zelenského režim.

Kdybyste o tomhle chlápku něco věděli, věděli byste, že to není ten typ, který by reagoval pozitivně na to, že vás hodí pod autobus.

Nyní veřejně říká, že Ukrajina prohrává válku, což je přesný opak toho, co celý západní svět stále říká.

RT :

Ukrajina promarnila příležitost zvítězit v konfliktu s Ruskem, řekl v pátek Alexej Arestovič, bývalý poradce prezidenta Vladimira Zelenského.

V rozhovoru s politickým analytikem Jurijem Romaněnkem Arestovič řekl, že „pokud si všichni myslí, že válku zaručeně vyhraje, zdá se to velmi nepravděpodobné .

“ Co myslíte, hodnocení polského prezidenta Andrzeje Dudy... že v podstatě neexistuje jistota, zda Ukrajina přežije... Řekl to bez zvláštního důvodu, nebo to řekl na základě nějaké informace? “ zeptal se Arestovič.

No, zdá se mi, že to řekl na základě nějakých informací.

Duda před několika dny řekl, že „rozhodující okamžik“ v konfliktu může přijít za několik týdnů nebo měsíců. "A tento okamžik je odpovědí na otázku, jestli Ukrajina přežije, nebo ne," vysvětlil a zdůraznil potřebu podpořit Kyjev zbraněmi západní výroby.

Arestovič také varoval, že Ukrajina by se neměla považovat za neporazitelnou. "Jsme neporazitelní, jen dokud si nejsme po krku." Když se to stane, jsme do značné míry porazitelní, v krátké době a nečekaně sami pro sebe.“

Bývalý představitel uvedl, že Ukrajina „**nepropásla pouze vojenskou příležitost, ztratili jsme čas a Rusové zahájili mobilizaci, obnovili frontovou situaci a na některých místech dokonce vytvořili převahu**“. Dodal, že „západ nejenže nedal [Ukrajíně] zbraně, ale také jsme propásli veřejnou šanci, pokud jde o domácí a státní [politiky].

Sklonil jsem se od podávání zpráv o podrobnostech války samotné, ale můžete jít na Twitter a podívat se, co se děje (Southfront je také dobré anglické místo pro podrobnosti o válce). Ukrajinská frontová linie se zhroutila, jak se předpovídalo v důsledku ruské mobilizace v prvním čtvrtletí roku 2023.

Vždy neexistoval způsob, jak by Ukrajina mohla zadržet ruskou armádu. Trvalo to mnohem déle, než by kdokoli předpověděl, protože nikdo by nepředvídal, kam až USA a Evropa zajdou, a nikdo nemohl předvídat, že Ukrajinci budou ochotni umírat po statisících, zdánlivě nutit gay sex na doněckých dětech. Ale nevyhnutelné bylo vždy nevyhnutelné.

Uvidíte stále více těchto zelenských skákajících lodí.

Ve skutečnosti je možné, že se stal pravý opak – je možné, že Arestovič byl vhozen pod autobus, protože říkal, že prohrají válku, a ne že to říká proto, že byl vhozen pod autobus. Dosud to veřejně neřekl, ale možná to řekl soukromě.

Pravděpodobně to bude pokračovat roky a nemyslím si, že Putin někdy dostane závazek, že Ukrajina nevstoupí do NATO. Kissinger nyní říká, že by měli vstoupit do NATO. Dokonce i ve svých 99 letech je stále poslem pro takové věci.

Ale neexistuje žádný způsob, jak Rusko nebude trvale ovládat Donbas, neexistuje způsob, jak se Rusko zhroutí, neexistuje způsob, jak by Západ dosáhl absolutního vítězství.

Východní Ukrajina zůstane v Rusku, zbytek Ukrajiny se připojí k NATO, obě strany vyhlásí vítězství a v určitých oblastech budete mít nějakou dobu jakousi věčnou válku mezi Rusy a Američany/Poláky, dokud to nakonec nevypukne. větší konflikt typu WWIII.

Za předpokladu, že nedostane infarkt a nezemře, bude Zelensky dál natáčet svá noční videa a dělat divné obličejy.

Putin musí jít naplno a rozdrtit Kyjev dříve než později. Jakmile bude ukrajinská vláda mimo cestu, může tento konflikt nějak ukončit. Amerika a její vazalové NAFO budou slaní, takže jim nebude vadit, že Rusko ovládá solné doly Soledar, protože stejně budou mít dost svých vlastních.

Nereprezentativní pučistická diktatura vytvořila rozdělenou Ukrajinu, kde jedna část začala válčit s druhou, stali se přitom zatvrzelými nepřáteli a ničili veškeré šance na usmíření. Možná si Zelenského režim měl vše dobře promyslet, než vrhl granáty na své bývalé krajany a pohrozil, že se stane vojenskou základnou zaměřenou na mocného souseda. Mohli být v dobré pozici jako východozápadní prostředník pro obchod a zároveň zůstat neutrální, ale to by jejich americké kontrolory nepotěšilo. Takže teď tohle. Bude zajímavé sledovat, jak vysoká je jejich tolerance k bolesti, než se obrátí proti svému diktátorovi Zelenskému, který té zemi prodal, co mohl, a zničil přitom miliony životů. Země USA-NATO se smějí, jak levný je život v těchto částech světa.

Arestovič je chytrý chlap. Pravděpodobně si uvědomil, odkud vítr vane, a přeskočil loď. Pokud však chce přežít, pravděpodobně by měl Ukrajinu opustit. Nemůže do Ruska, nemůže do Polska, snad do Maďarska nebo Rumunska? Nebo spíše USA. Najde místo v Bidenově kabinetu.

Zelenskyj toho řekl mnohem víc, než rezignoval, žralok docela nadskočil.

Arestovič (Zelenského poradce) odsuzuje Zelenského za válku proti etnickým Rusům a křesťanství

Watch Video At: <https://youtu.be/I1zCiSUlyiI>

říká „...protože Ukrajinci se ke svým občanům chovají jako úplní sráči. To jsou všichni. Zelenskyj vyhlásil válku křesťanství.“ a jde dál. V podstatě jde o přiznání, že Ukrajina je v občanské válce a Zelenskij je jedním z padouchů (ano, to víme, ale nelze to připustit).

„Malá nehoda vyprávění pravdy“ o tom, že raketa protivzdušné obrany sestřelila ruskou raketu, nebyla skutečným příběhem (odstíny toho, že Nulandová byla v roce 2013 hlášena jako pouhé prohlášení Fxxx EU, když se také rozhodovala, kdo bude po převratu ukrajinský prezident. rozhovor s jejím velvyslancem).

Dnes NEEEXISTUJE větší pokrytectví, než jaký má na dnešní klima vliv válka, která právě teď zuří na Ukrajině! Kde jsou klimatičtí aktivisté, Organizace spojených národů, účastníci Světového ekonomického fóra 2023? Bombardování, pálení, střelba, výbuchy atd. mají hrozný vliv na klima. Ale říká k tomu někdo něco? Nebo demonstrovat proti válce? NE!!!

Nepřispívá NATO a Biden/Demokraté ke klimatické katastrofě na Ukrajině tím, že do války přispívá obrovským množstvím zbraní, výbušnin a paliva?

Ve stejné době, kdy Biden a demokraté říkají občanům USA, aby přestali používat plynové sporáky a plynová auta, masivně přispívají ke zničení klimatu na Ukrajině (a ve světě).

Tahle šílená válka na Ukrajině by měla v zájmu klimatu a lidstva okamžitě přestat!!! POMOZTE NĚKDO, POMOZTE, POMOZTE!!!

....jděte do toho a rozdrťte Kyjev, dříve než později....to je to, co Rusové plánovali, o čemž svědčí masivní nahromadění vojsk a zjevné přípravy na hranicích. mějte na paměti, že pravidelná ruská armáda se do boje ještě nezapojila, veškerou těžkou práci provedl Wagner, Čečenci a obranné jednotky Donbasu. imo, Rusové opravdu nespěchají se zahájením ofenzivy a dovolují náletům a obavám z blížící se invaze zničit ukrajinské vedení a zdá se, že to funguje. také mějte na paměti, že většina jejich vedení jsou feťáci (jak připustil arestovich, který tvrdil, že potřebují něco, co by se zbavilo tlaku, pod kterým jsou).

přidejte k tomu nedávnou havárii vrtulníku, která zabila celé vedení ministerstva vnitra (vůdcem byl tvrdý nacista) a zdá se mi, že se už začínají rozpadat. jak řekl arestovich, když se obrátili proti sobě, jsou porazitelní (ne že by byli neporazitelní dříve, to je jen způsob, jakým kokejtové myslí).

celkově špatný výkon západních jednotek, taktika a zbraně možná překvapily Rusy, kteří se s nimi předtím přímo nesetkali a ve skutečnosti mohou chtít, aby NATO poslalo vše, co mají, protože si mysleli, že bychom se s problémem mohli vypořádat. NATO ve stejnou dobu jako Ukrajina, protože skutečná válka je geopolitická/ekonomická válka, kterou Rusové naprosto ovládají.

Přidejte k tomu, že německý generál Erich Vad, bývalý vrchní poradce Angely Merkelové, která pomáhala vyzbrojit Ukrajinu v roce 2010, přiznává, že válka na Ukrajině je ztracena

<http://johnhelmer.org/german-general-tells-us-generals-to-lose-ukrajinská-válka-co-co-nejdříve-aby-se-zabránilo-ztrátě-říše-v-evropě/>

A polský generál Waldemar Skrzypczak, bývalý velitel polských pozemních sil, také říká, že pro to, aby Ukrajina dosáhla vítězství, se dá udělat jen málo... doporučuje však shromáždit všechny ukrajinské uprchlíky v EU v bojovém věku a přinutit je odejít. do bitvy jako poslední úsilí

Rusko má pokračující peněžní toky, ze 75 % světa, který není na palubě se „sankcemi“, ruská výroba zbraní běží naplno... Zatímco Ukrajina musí neustále žádonit o finanční prostředky a zbraně ze zemí, které jsou stále více zbídačené, a některé z těchto zbraní přicházejí. rychle zničena

Ukrajina ztratila více než jednu třetinu své populace, Rusové nyní převyšují počet Ukrajinců 5 nebo 6 ku 1 ... je to jednoduchá matematika, když Ukies prohrávají, jako v té slavné větě z „Gettysburgu“

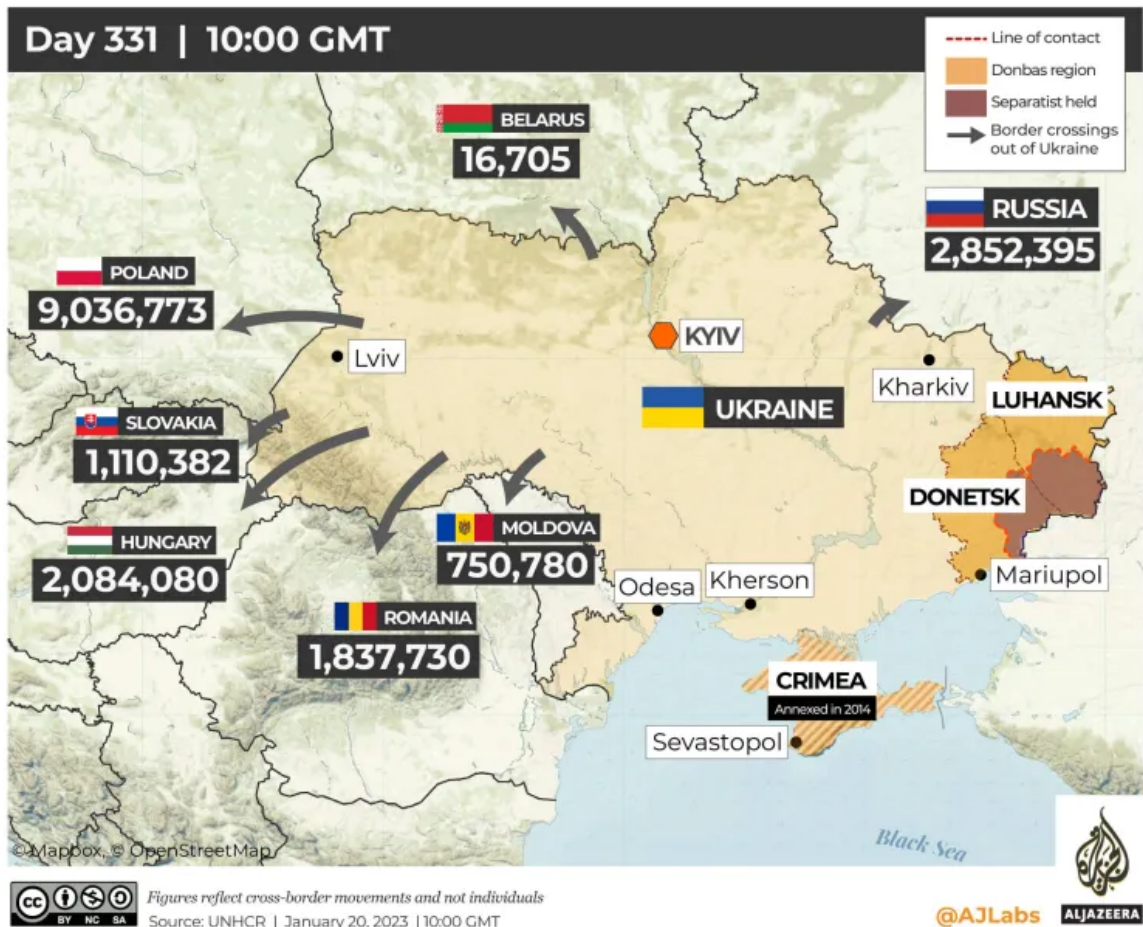

Ukrajina měla před ruskou invazí v únoru 2022 42 milionů, ale 17,6 milionů jich podle OSN odešlo... 1 nebo 2 miliony exulantů se vrátily na Ukrajinu, takže na Ukrajině zůstalo něco pod 28 milionů lidí... z toho několik milionů jsou nyní v oblastech kontrolovaných

Ruskem Zatímco Rusko mělo před anexií 146 milionů lidí, možná 150 milionů plus nyní pod jeho kontrolou, oproti možná méně než 25 milionům pod Kyjevem

Arestovych is playing both sides. Always remember that he and Z are ACTORS. There is no reason to believe they have any influence on policy or war fighting. They might, but this requires very strong evidence.

His “Ukraine is weak comments” put pressure on the West to supply more arms to Ukraine. He may actually think more arms will make a difference in the outcome.

On the other hand, he seems to be positioning himself as a post-SMO peacemaker/dealmaker. I doubt the Russians will fall for it, but there is always the possibility that he is the “least bad” option, at least for an initial handover.

A Brutal New Phase of Putin's Terrible War in Ukraine

Jan. 21, 2023

By The Editorial Board

The editorial board is a group of opinion journalists whose views are informed by expertise, research, debate and certain longstanding values. It is separate from the newsroom.

The war in Ukraine has entered a new, more deadly and fateful phase, and the one man who can stop it, Vladimir Putin, has shown no signs that he will do so.

After 11 months during which Ukraine has won repeated and decisive victories against Russian forces, clawed back some of its lands and cities and withstood lethal assaults on its infrastructure, the war is at a stalemate.

Still, the fighting rages on, including a ferocious battle for the city of Bakhmut in the eastern Donetsk region. Cruel, seemingly random Russian missile strikes at civilian targets have become a regular horror: On Jan. 14, a Russian missile struck an apartment building in Dnipro, in central Ukraine. Among the at least 40 dead were small children, a pregnant woman and a 15-year-old dancer.

Both sides are now said to be bracing for a fierce new round of offensives in the late winter or spring. Russia has mobilized 300,000 new men to throw into the fray, and some arms

factories are working around the clock. **Ukraine's Western arms suppliers, at the same time, are bolstering Kyiv's arsenal with armor and air defense systems that until recently they were reluctant to deploy against Russia for fear of escalating this conflict into an all-in East-West war.**

What intrigues me is Germany?

Poland has aspirations of becoming the military might of Europe and is pleasing the U.S in its bellicose attitude to Russia.

At the same time Germanies U.S puppets are weakening it they have already taken big hits in energy and a shrinking industrial sector a result.

If Germany wants to survive as any sort of power they must take the opportunity to act now or forever be Disney's German theme park...loaded with cheap black labour.

The steps Germany have to take immediately is to encourage Poland to over commit its armaments to Ukraine...and to ready the military to retake Silesia.

If the U.S favour Poland over Germany in this stoush then Germany now has a reason to totally remove U.S institutions and influence in its borders.

But my bet is on Disney!

The longer the SMO goes, the more the US, EU, and NATO are bled dry as the collective West's disintegration reaches the runaway stage. There is no need for Putin to rush anything and he's known from the very beginning that the Operation would involve openly confronting the duplicitous West to the very end.

Russian strategy was never to 'win' in 3 days, or 6 months, or some rapid blitz – but to draw out into the open all the Western players so they can no longer hide what their intentions and actions towards Russia have been all along. Amoeba-like movements that ebb, flow, expand, contract, crush and splinter, piece by piece, is enough to keep this going for the rest of the decade while the Western leadership devour each other.

Ukraine, as a state, no longer exists – if it ever did in the first place. It's Western-aligned population has only further disgrace and humiliation to look forward to as the 'order' they've been bamboozled into trying to join implodes all around them. Only those with Israeli passports will temporarily find a safe haven to retreat to.

The West's leadership can only grow more deranged and delusional as they watch their entire stockpile of weaponry – new and old – get turned into scrap metal; but still being prevented from ever being able to openly deploy their regular armies into the combat zone to try to save their dead in the water proxies because, despite all their provocations, Russia is methodically keeping the conflict contained to the Ukrainian theatre where all the Western leaders can do is sit back, howl like tree monkeys, and watch the nightmare unfold as their 'liberal world order' is burnt to the ground – first in the harvesting fields of Ukraine – then more progressively inside their own lands as their own depraved and degenerate populations become beyond governing or managing at all.

Soon enough, the disintegrating conditions inside the West, itself, will leave them with only two choices:

1. Flee for their lives
2. Nuclear Apocalypse

...or that may be a single choice and the only one they can make.

Unless other events put them down...

Once again we discover my middle name is No One.

Probably, this is going to keep going on and on for years

Only if Putin is developing brain cancer.

He consolidates the captured Russian regions. Then he asks again: hey, can I get an assurance you won't join NATO. They don't, because their president is a usurper/faggot. They attack the regions again, Putin uses this as justification to seize all of Ukraine. (He only asked for appearances' sake.)

Russia's economy is on th4e ropes (no the exchange rate does not say anything one way or the other on this), and Putin is running press gangs and scraping out prisons and drafting druggies and other Gopniks, and has no money to equip his troops, cloth or feed them, so Russia is obviously winning.

Ukraine is winning now. There is no guarantee that will continue, but it is unlikely Russia will win given how hollow his country is from the widespread, deep seated corruption.

And Polish General Waldemar Skrzypczak, former commander of Polish Land Forces, also says there is little that can be done to help Ukraine achieve victory ... tho he recommends rounding up all the Ukrainian refugee men in the EU of fighting age, and forcing them to go into battle as a final effort

What.... But how can the Ashkenazi men enjoy the land in a deserted Ukraine if they, too, are dead? This is all about creating a place for a second Ashkenazi state (seeing how Isn'treal can't support itself without massive amounts of money from the U.S., while the value of the US dollar is plummeting and the US government now needs to borrow money just to pay off maturing bonds). A second/new Ashkenazi state without military age male Ashkenazi ain't gonna work.

Of course, there's that other issue of farming the rich soils of Ukraine.... the Ashkenazi utterly abhor farming, let alone the act of actually putting seeds in the soil and getting their precious hands dirty.

150 years ago, the Russian czar set up a program to turn the Ashkenazi from subsisting on the proceeds of vice to being honest farmers, and it was an absolute failure. They were given seed grain and livestock. In general, they proceeded to take the seed grain and ferment it for alcohol rather than planting it, and sold their livestock... then complained that they had nothing to run a farm with. Screw those people.... especially the Neocons behind all of this.

That assumes that Putin doesn't install his own puppet in Kiev. And I wouldn't blame Putin if and when he does exactly that.

@Shitposter in Chief

I find it more interesting that basically the same people who defended Covid lockdowns and vaxx passes, are the ones now defending the Ukraine. What a lack of imagination.

The Ukraine IS collapsing. 17 million people left the country. The economy is in shambles. They lost who knows how many thousands of young men. Who cares if they get new tanks, or if idiots like you cheer them on so even more young men are massacred. NATO can prop this stupid war for years, but nothing will improve the situation of the Ukraine. It is fucked. Even if they “win”, they lose.

But, as they say, there’s a lot of ruin in a nation, so it takes time. It will happen “Gradually, then all at once”, as that character in Hemingway’s best novel said.

Then it will be a “take the money and run” scenario for a lot of those jews pushing this crap.

How many more billions should we send them?

Half the Ukraine population has run off to Poland or Berlin. The remainder are getting bombed to smithereens. Ukraine is a vanishing nation. It's got nothing to do with "moving wall" metaphors. The Russian invasion is just nature taking its course + HE.

The US war against Russia won't end when Ukraine is beaten. This war began in 1918 when the US sent ground forces into Russia in a failed attempt to overthrow the revolution. It is more essential than ever now, as Act One in the war on the main target, China. Missiles in Poland, troops in Romania, more CIA coups in Serbia, Kazakhstan, it will go on and on. The Empire of Lies will finally be defeated on the economic front. The majority of the nations are primed to adopt a safer currency than the US dollar, the new gold-based international currency that Russia and China recently announced. There will probably be hell to pay for us here. History shows that our very aggressive primate species rarely accepts status loss rationally. Maybe this is our karma for our complicity in the nonstop direct and proxy wars Washington has been waging globally since 1945. In any case, we have no hope of getting our republic back until the empire that has systematically stripped away our liberties has been abolished.

| Eastern Ukraine will remain in Russia, the rest of the Ukraine will join NATO

No way, José.

Col. Macgregor, whose analyses have been correct almost every time, says Russia will **totally** over-power *all* of Ukraine. And soon. Because it must.

To leave *any* possibility of NATO placing missiles near the Motherland will render all Putin has done thus far useless.

The West blew it by renegeing on the Minsk Accords. Now? It's shit-hammer time!

Re-Christianized Russia now knows that turning-the-other-cheek/trusting the West's neocons is suicidal. So Vlad is going for *unconditional surrender*. He either stands-fights-wins now or Russia gets its anus Schwab'd by klaus encounters of the ziokind.

(White American conservatives should pay attention, learn, and emulate.)

Putin has marshaled his martial forces. He will soon “loose the dogs of war” and savagely ravage all of Ukraine.

Finally, don't count on Europe welcoming a "rebuilt Ukraine" as Israel Dos. That dog won't hunt. In fact, it is quite likely that Jews world-wide will be rightfully blamed as *Good Juden* who, like Good Germans, let bad shit happen.

I suspect that kind of "goy *globalism*" isn't exactly the type of justice jussie smallhats were seeking. Still, they'll likely get it good-and-hard just the same.
