Dnes často slyšíme o lidech, kteří se stávají „červenými pilulkami“, zatímco jiní zůstávají „modrými pilulkami“. Výrazy původně pocházely z široce populárního sci-fi akčního filmu „Matrix“ (1999), kde hrál Keanu Reeves jako „Neo“ a Laurence Fishburne jako „Morpheus“.

Film podle *Wikipedie* „zobrazuje dystopickou budoucnost, ve které je lidstvo nevědomky uvězněno v Matrixu, simulované realitě, kterou inteligentní stroje vytvořily, aby rozptýlily pozornost lidí, zatímco používají jejich těla jako zdroj energie. „Neo“ má na výběr mezi užíváním modré pilulky nebo červené pilulky. Pokud si vezme

modrou pilulku, jednoduše se vrátí ke svému starému životu a svému starému způsobu myšlení, ve kterém věří všemu, čemu jeho páni chtějí, aby věřil.

Když si vezme červenou pilulku, otevřou se mu oči, aby viděl věci takové, jaké skutečně jsou, svět, o kterém nikdy nevěděl, že existuje. Přitom se dozví, „jak hluboko sahá králičí nora“. "Neo," samozřejmě si vezme červenou pilulku, ale ne dříve, než ho Morpheus varuje: "Pamatuj, vše, co nabízím, je pravda." Nic víc."

Co přesně je „Matrix“? Morpheus to definuje jako „svět, který byl přetažen přes vaše oči, aby vás zaslepil před pravdou“. Ti, kteří se stali červenými žmolky, jsou tedy také osobami, které poznají, že jim byla přes oči přetažena vlna. Vidí věci takové, jaké ve skutečnosti jsou, a ne tak, jak by nám věřila vláda nebo převládající názory. Takoví lidé nyní vnímají lži, kterými byli krmeni celý život. Vidí „systém“ takový, jaký je, a uvědomují si, že jim na srdci nezáleží v nejlepším zájmu. Zlomili se s převládajícím světonázorem, který většina lidí sdílí. Ve svém myšlení bývají antiestablishment a političtí disidenti. Jsou nedůvěřiví vůči vlastní vládě a jejím spolupachatelským médiím. Stejně jako čaroděj za oponou, který používá iluze, lsti a rafinovanost, aby oklamal důvěřivé masy, i ti, kteří jsou načervenalí, se z takových klamů vymanili. Nyní jsou zdarma.

Naproti tomu lidé, kteří si vzali modrou pilulku, jsou spokojeni s tím, co jim bylo během života řečeno. Ačkoli dokážou být kreativní a občas i bystrí, celý jejich pohled na život, politiku a svět kolem nich je zasazen do modernistické nebo sekularistické perspektivy. Bývají společensky a politicky liberální. Přijímají základní základy globalistického vidění světa a nezpochybňují ho. Termín, který si pro sebe přivlastnili, je „probuzený“, což znamená sociální povědomí, ostražitost vůči sociálním problémům, jako je rasismus, diskriminace a nespravedlnost. Bojovně jsou pohlaceni rozpuštěním nukleární rodiny, zrušením kapitalismu, odstraněním náboženství – zejména z veřejného prostoru, prosazováním práv gayů, lesbiček a transsexuálů a výchovou dětí k genderově neutrálnímu chování.

Samozřejmě používám metaforické výrazy, ale pomáhá to ilustrovat velký *kontrast* mezi červeně a modře vysypanými osobami a tím, jak interpretují svět.

Jako u většiny lidí i moje cesta k červené pilulce probíhala po *etapách*. Začalo to v roce 2000, když jsem kupodivu četl článek o rasovém realismu na všech místech v liberálních českých novinách v jižní Kalifornii! Redaktor vysvětlil, že ačkoli nesouhlasil se všemi závěry autora, myslel si, že jeho případ je tak dobře popsán, že cítil povinnost jej zpřístupnit svým čtenářům. K tomu by v dnešním politickém klimatu samozřejmě nikdy nedošlo, ale věci nebyly před třicet lety tak silně radikalizovány jako nyní. Nosil jsem ty noviny po dobu nejméně šesti měsíců a četl jsem je mnohokrát. Nikdy jsem takové pravdy neslyšel, ale dávalo to smysl. Poskytoval malý rámeček, do kterého jsem mohl zavěsit své myšlenky o rasových rozdílech. V minulosti jsem implicitně uznal, že černoši jsou jiní než bílí, ale nedokázal jsem to vyjádřit tak, aby to dávalo smysl. Moje domněnky o rasové rovnosti zakalily vody tak silně, že jsem neviděl, co by mělo být zjevně zřejmé. Ten konkrétní článek (autor neznámý) mě naštěstí nasměroval na cestu, která nakonec vedla k mnoha dalším „nezbedným“ pravdám.

Až v roce 2002, kdy jsem četl knihu Pata Buchanana, *Smrt Západu: Jak umírající populace a invaze imigrantů ohrožují naši zemi a civilizaci* (St. Martin's Press), se mi konečně otevřely oči. Bylo to přinejmenším revoluční a dokázal jsem lépe porozumět rasovým otázkám, zvláště těm, které se týkaly masové nebílé imigrace do Evropy a Ameriky. Web Jareda Taylora, *American Renaissance*, také hrál hlavní roli při vyplňování a pochopení rasové hádanky, za kterou jsem vděčný.

Jde o to, že cesta k červené pilulce často probíhá ve *fázích*. Zřídka se to stane přes noc nebo při jedné dramatické události. Je to obvykle řada událostí, zdánlivě nesouvisejících, které nás přivedou do bodu, kdy uvažujeme o nápadech, které jsme předtím nezajímali.

Zajímalo by mě, proč není víc lidí rudých. Jak by nemohli být, když existuje tolik důvodů se domnívat, že nám bylo lháno téměř ve všem? Naše vláda nám neustále lže. Naše vysoké školy a univerzity lhaly svým studentům po celá desetiletí. Nejprominentnější noviny naší země mají dlouhou historii buď uvádět články obsahující polopravdy nebo přímé lži americkému lidu. Naše historické knihy mají často politický program, který převažuje nad potřebou prezentovat přesnou historii.

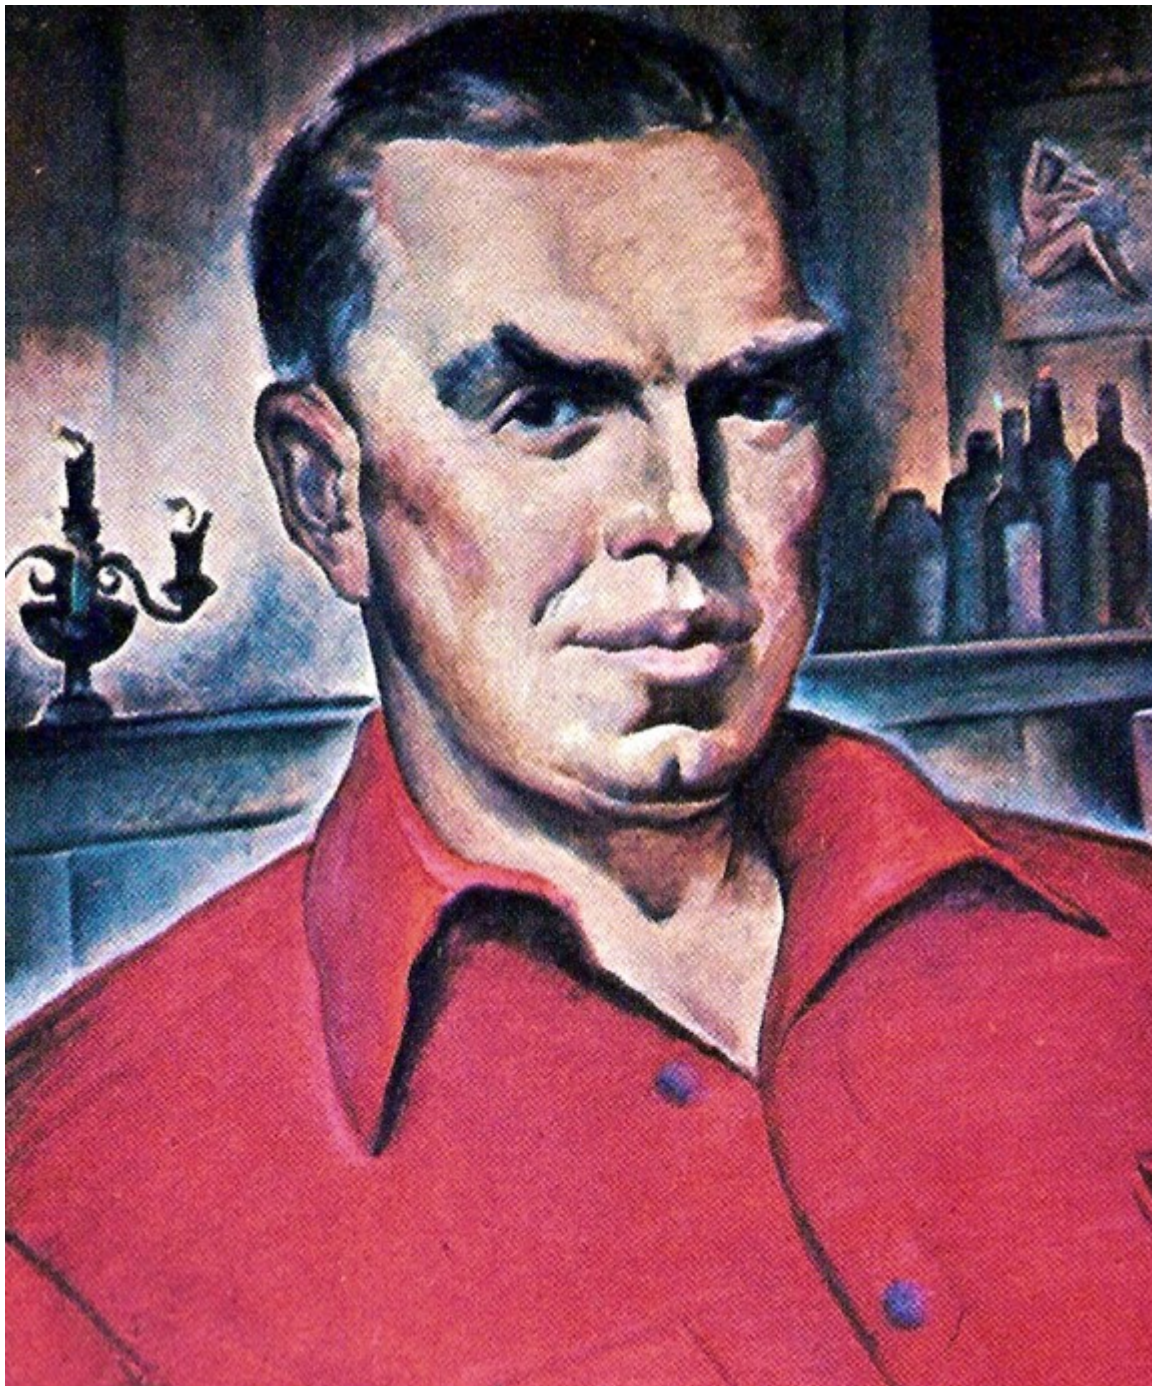

Smutnou pravdou je, že většina lidí se spokojí s tím, že žije s modrým myšlením, vidí věci přesně tak, jak diktují média. Nemají zájem myslet jinak nebo zpochybňovat status-quo, protože si ani neuvědomují, že existují konkurenční světonázory nebo alternativní názory. I kdyby ano, bylo by to pro ně pramálo důležité. Nejsou od přírody zvědaví, ani zvlášť otevření. Jejich myšlenky jsou omezeny na to, co je pozemské a dočasné. Nekladou si hlubší otázky života a ani je v nejmenším netrápí, že nemají chuť na takové záležitosti. Jsou, jak říká staré přísloví: „Míle široké a palec hluboké“, což znamená mělké nebo postrádající hloubku ve svých myšlenkách a názorech. Způsob života s červenými pilulkami je do značné míry nepopulární, protože takové pravdy jsou znepokojující a vyvádějí nás z našich komfortních zón. Odchází s reálnou možností vědět, že jsme se mýlili a špatně jsme pochopili realitu. Pro mnoho lidí je to příliš. Chtějí se líbit, mít souhlas svých přátel, rodiny a obchodních partnerů. Více se starají o to, co si o nich myslí ostatní.

Ale pro ty, kteří se stali červenými pilulkami, *je pravda prvořadá!* Typ člověka s červenými pilulkami je tedy obecně hledačem pravdy. Je pravda, že v tom budou určité stupně v závislosti na osobě a její intelektuální bystrosti. Ale celkově se rudý člověk snaží poznat a pochopit pravdu. Mají málo trpělivosti na lži, bez ohledu na to, jak krásné mohou být namalovány.

Způsob života s červenými pilulkami je také často nákladný, pokud jde o ztrátu přátel, popularitu a široké přijetí ostatními, a vždy se rýsuje ohrožení zaměstnání a financí. Levice to dokázala díky své netoleranci k jiným názorům, které ohrožují jejich základy. Federální

vláda, jak by se dalo očekávat, se dívá jiným směrem, zatímco bolševičtí levičáci hledají všechny způsoby, jak umlčet, hanit a fyzicky napadnout své oponenty.

Mám na mysli takové disidenty, jako byl plodný autor Harry Elmer Barnes, který ve své době zpochybňoval a vyvracel soudní historiky ohledně nepohodlných pravd o druhé světové válce a jejích následcích. Zesnulý David Hoggan, historik, který se stal vyvrhelem akademického establishmentu, protože se odvážil uvést rekord na pravou míru a ukázal, že skutečnými válečnými štváči byli Churchill, FDR a Stalin spíše než Adolf Hitler (viz jeho *The Forced War: When Peaceful Revision Failed* a jeho pozdější dílo, *The Unnecessary War: 1939-1945 Germany Must Perish*).

Harry Elmer Barnes

Germar Rudolf, brilantní německý chemik, byl mnohokrát zatčen a snášel kruté pronásledování ze strany úřadů, protože akademicky zpochybnil vyprávění o holocaustu v mnoha publikacích.

Zvláštní zmínku je třeba věnovat zesnulému kanadskému Němci Ernstu Zündelovi, který prošel četnými procesy a vězněním, protože publikoval literaturu kritizující holocaust. Kvůli tomu, co se odvážil říct, mu dokonce vyhořel dům.

Zundel a mnozí jemu podobní, jako Monika Schaefer a 94letá Ursula Haverbecková, byli souzeni a uvězněni německými úřady ne proto, že by někomu kradli nebo mu fyzicky ubližovali, ale proto, že vyjádřili svůj názor . Úřady proti takovým disidentům tvrdě zasahují, protože narušují vyprávění, kterému se od všech očekává, že budou bez otázek věřit. Jejich lži jsou na tak nejisté půdě, že i 94leté babičky musí být umlčeny a uvězněny, aby nevzbudily dotazy ovcí.

Ursula Haverbecková

Existuje také významný britský historik David Irving, jehož knihy jsou chváleny pro svou historickou přesnost a pozornost k pramenům z první ruky. Přesto, protože mírně zpochybnil některé aspekty příběhu o holocaustu a tvrdil, že německý kancléř nikdy oficiálně nevydal rozkaz k vyhlazení židovského národa, byl svými odpůrci napaden, zesměšňován, vězněn, žalován a pronásledován (viz jeho Hitlerova válka) . .

A pak je tu náš vlastní Kevin MacDonald, který byl přes dvě desetiletí neustále osočován a napadán, protože napsal odbornou knihu dokumentující židovskou moc v Americe a kulturní rozvrat, do

kterého se zapojili přinejmenším od 30. let (viz jeho *Kultura kritiky*).

Jakmile se člověk stane plně červeným, nemůže nevidět to, co již bylo viděno. Velké pravdy týkající se rasových rozdílů, černošské dysfunkce a kriminality, imigrace z třetího světa, velká „plandemie“ Covid, invaze migrantů do Evropy, pravda za 11. září, židovské kulturní podvracení, Pearl Harbor, první a druhá světová válka včetně zvěrstev spáchané proti německému lidu *po* válce, americké invaze do Iráku a Afghánistánu, Světové ekonomické fórum a jeho zemětřesné plány, včetně pravdy o rakouském desátníkovi, a spousta dalších témat jsou tak překvapivé a revoluční, že se to nedá vrátit se ke svým starým způsobům vidění světa jako kdysi.

David Irving

A to je přesně důvod, proč naši nepřátelé tak energicky pronásledují zákaz knih, stínový zákaz a doxing těch, kteří šíří nesouhlasné sociální a politické názory. Nejsou ochotni zapojit disidenty do otevřené debaty, kterou by všichni viděli a aby se lidé sami rozhodli, protože vědí, možná intuitivně, že jejich pozice má jen malou, pokud vůbec nějakou, důkazní hodnotu. Je mnohem

bezpečnější cenzurovat své oponenty, než riskovat zárodky pochybností, které se jistě rozšíří, pokud veřejnost dostane alternativní paradigmaty. V ovládnutí lidí může být malý úspěch, když je jim dána *celá* pravda.

Prakticky řečeno, sdílení pravd s červenými kostkami vyžaduje taktnost, moudrost a trpělivost. Mezi horlivými červenými pilulkami jsem viděl tendenci k výsměchu a spirále čistoty s ostatními, kteří možná nejsou úplně tam, kde jsou, pokud jde o chápání všech problémů. Posmívají se těm, kdo se drží rasových rozdílů, ale ještě nedospěli k židovské otázce.

V mém případě to trvalo několik let dlouhého čtení a pečlivého promýšlení JQ, než jsem se jím nechal přesvědčit. Nebylo to kvůli mé zatvrzelosti vůči pravdě, ale spíše proto, že jsem si chtěl být jistý, že skutečně rozumím dané problematice. Nechtěl jsem klamat sebe ani ostatní.

Občanští nacionalisté jsou podobně zesměšňováni, protože i když mají možná dobrý úmysl, pocházejí z intelektuálního rámce, který předpokládá platnost současného systému. Myslí si, že je pouze potřeba reformovat, *spíše než nahradit* něčím, co skutečně odpovídá za rasové rozdíly a pracuje na zajištění budoucnosti pro bílé a jejich potomstvo.

Přesto občanští nacionalisté často souhlasí s *tím*, čemu věříme a co chceme pro naši zemi. Ano, stále uvízli ve starém paradigmatu, které se ukázalo jako nefunkční, ale jsou obecně politicky konzervativní a staví se proti degeneraci levice. Jaký smysl má jejich odcizení, protože ještě nedospěli tam, kde my chápeme některé z hlubších pravd o rase a dalších záležitostech? Mohou si bílí nacionalisté v USA skutečně dovolit propustit obrovské množství bělochů, kteří možná nepostoupili tam, kde jsme v tuto chvíli?

Podobně křesťané, kteří ještě možná nejsou rasově uvědoměli, jsou často haněni jako „krista“ a další epiteta. Ale jaký smysl pro nás má odcizovat obrovské množství bílých křesťanů v celém americkém biblickém pásu, když se do značné míry drží stejných tradičních hodnot, jaké si ceníme my? Nebylo by prozíravější pokusit se je oslovit a domluvit se s nimi, než vyjádřit nepřátelství vůči nim? Byli byste překvapeni, kolik z nich by naši zprávu přijalo, kdyby se k nim chovali zdvořile a uctivě. Jak říká staré přísloví: „S medem chytíš mnohem více much než s octem.“

Proto je potřeba mít trpělivost s ostatními, kteří se stále potýkají s mnoha z těchto problémů. A je důležité si vždy uvědomit, že to, co může být *dnes odmítnuto*, může být přijato *zítra*, protože zkušenost a okolnosti se spojí, aby probudily naše lidi do reality.

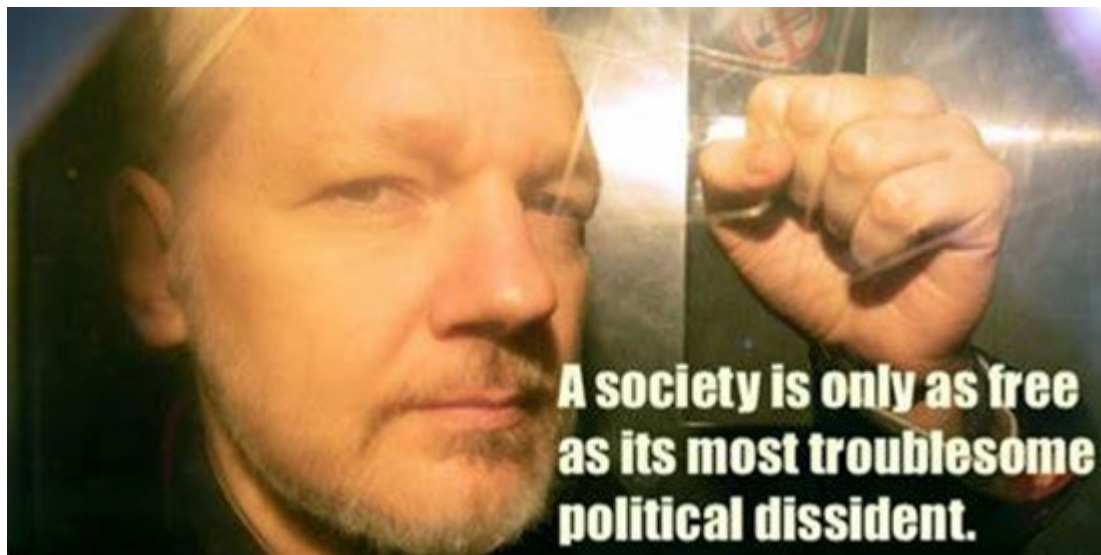

Konečně je třeba být opatrný, abychom se nestali tak *černými*, že si člověk zoufá, a tím se stane pro naši věc neúčinným. Není pochyb o tom, že je toho hodně, čeho bychom se měli znepokojovat, a je snadné upadnout do deprese a beznaděje, když jsme svědky stavu naší země a slepoty našich vlastních lidí. Navzdory tomu stále existují důvody k naději.

Rostoucí počet bělochů se probouzí a federální vláda spolu se svými pouličními šokovými jednotkami Antifa a BLM se ze všech sil snaží hanit všechny bílé lidi, což slouží pouze k jejich zahrnutí do našeho tábora. O pravdách, jako je „velká náhrada“, se diskutuje více než kdy předtím. Vlasteneckí bílí Američané postupně ztrácejí své vlastenectví, protože dobře vědí, že jejich vlastní vláda je nestoudně protibílá a zkorumpovaná až do morku kostí. Levice strčila do našich společných hrdel ty nejdeviantnější a nejimbecilnější doktríny, což vyprovokovalo mnoho bílých k odporu. To není něco, co by udělali před deseti nebo patnácti lety. Ale věci se změnily. Levice také přímo zacílila na naše děti se svou LGBTQ propagandou, která způsobila, že spousta medvědic otrásla setkáními školního obvodu.

Čím více levice tlačí příslovečnou obálku, tím více se naši lidé probouzejí ze svého rasového a kulturního spánku. Levice se nezastaví. Oni se nevzdají. Nepřijdou k rozumu. Jsou odhodláni zničit vše dobré, krásné a slušné. Chtějí to všechno spálit a nahradit nás a celou naši zemi svým utopickým rájem. Přesto čím více budou usilovat o své šílené sny, tím více budou mezi námi nacházet rostoucí odpor.

Lidé mohou tak dlouho snášet jen naprosté šílenství. Většina z nás chce zůstat sama. Chceme naše rodiny. Chceme mír. Existuje tedy každý důvod k naději, že se levice nevyhnutelně zruší.

Existuje také dobrý důvod se domnívat, že náš nekonečný a nesplacitelný státní dluh spolu s naším neustálým válečným štváním v zahraničí nakonec způsobí, že se tento zlý systém zhroutí pod tíhou jeho vlastní arogance a hlouposti.

my red pilling began in 2000 as well, when the zioneocons stole the election right before my eyes in my own state of florida. i couldn't believe what i was seeing, it took awhile for it to fully sink in as the florida supreme ordered a recount, i felt like reality was seeping back in and was confident that our court system would right this horrific injustice and restore democracy.

then the u.s. supreme court overturned the florida supreme court, claiming there was no time to count the vote and appointed bush president. when al gore accepted the result, i was fully redpilled, no going back, i swore i would never vote again until i saw fair election and haven't voted since. 9/11, afghanistan, iraq, libya, syria, patriot act, covid, forced genetic engineering experiments on human guinea pigs.... there's no going back to sleep even if i wanted to.

Zundel and many others like him, such as Monika Schaefer and the 94-year-old Ursula Haverbeck, have been tried and imprisoned by the German authorities not because they stole from or physically harmed anyone, but because they expressed their opinions. The authorities strike hard against such dissidents because they upset the narrative which all are expected to believe without question.

The 1930s/1940s style German totalitarianism has long been overcome, replaced by GloboHomo and Greenies. A fragment of the Nazi mentality survives, though, in totalitarian repression of a 94-year-old woman and holocaust questioners.

One of the biggest mistakes of the movement on our side is to characterize our enemies as ‘liberals’ and ‘leftists’.

So-called ‘wokeness’ isn’t liberal, meaning secular and rational, skeptical and critical. It is quasi-religious and idolatrous.

Liberalism is a good thing. It can’t stand on its own and needs to be anchored to conservatism, but the thing is Western progress was a dialectic of conservatism and liberalism. In contrast, non-West only had conservatism and lacked the spark of dialectics. The thing to recognize is that liberalism isn’t an ideology but an attitude and approach, one of curiosity, open-mindedness, and reason. It’s a useful mental tool if not a value system.

Calling our enemies ‘liberal’ does a great disservice to true liberalism and creates the false impression that the ‘woke’ are rational open-minded thinkers. They are not. They are like neo-janissary controlled by Jewish supremacists. It’d be better to call the enemies ‘illiberals’ or ‘illibs’ than ‘liberals’, which only creates the false impression that they are tolerant of controversial views. In the past, such liberalism did exist but it’s rare nowadays.

When Jews and the ‘woke’ side with the deep state to suppress free speech and airing of controversial views, why call them ‘liberals’? If anything, they LOVE being called ‘liberals’ because it perpetuates the false impression that they are rational and open to all ideas. They also throw around terms like ‘democracy’ when they’re all about oligarchy and Jewish ethnocentrism.

If anything, red-pilling is essential liberal because one has to be open-minded and look outside the box. Race-realism need not be conservative. Indeed, many Christian conservatives reject

race-ism because they are STUCK in the old ways of thinking. My way is liberal-conservative race-ism, aka neo-fascism that uses both leftism and rightism.

And then, there's the false characterization of our enemies as the 'left'. Now, it's true enough that Jews use faux-left fronts like Antifa. But what Jewish Power and its minions represent is NOT leftism. Leftism, good or bad, is about universalism and equality. Where does anyone see this in the 'woke' ideology and idolatry? Do you hear equal concern for Jews and Palestinians among Democrats?

No, most Democrats suck up to superrich Jews and excoriate Rashid Tlaib for calling out on Zionism. And 'wokeness' isn't about racial equality but worship of blackness as magical, superior, and awesome. It has far more sympathy for black thugs than for victims of black thugs. So much for racial equality. Do you hear the 'woke' bitching about TOO MANY JEWS in elite institutions? No, Jews cleverly blame everything on 'whiteness'. This is NOT any kind of real Left. And homos are especially not leftist as they're all about privilege, vanity, and hierarchy.

If anything, the Real Left, deluded as it is on some issues, are angry with the current globalist order that crushes Palestinians, favors the super rich, and uses globo-homo to justify US neo-imperialism.

When the enemy is characterized as 'leftist', it creates the false impression that they are about equality and universalism. No, just ask the Syrians and Iranians. Current woke globalism is about sucking up to Zion and destroying the lives of Syrians and Iranians. It's about Jews getting to work with sub-nazis in Ukraine.

As for WWII, true enough that it's far more complicated than the official narrative. FDR and Churchill were no saints and were complicit in the war in their own way. But let's not fool ourselves

about Hitler and his delusions of destiny. He was a pathological megalomaniac who turned the Germans into mindless minions worshipping his cult of personality.

We need to stop using false terminology. David Duke has one thing right: It has to be called JEWISH SUPREMACISM above all, first and foremost. Jews may use ‘conservative’ and ‘liberal’ fronts among their whores in the Democratic and Republican Parties but it all comes down to “Is it good for Jewish supremacism?” For sure, all these so-called Jewish ‘leftists’ don’t want to be equal with goyim. All these Jewish ‘liberals’ don’t want free inquiry and debate to settle controversies. Look how they gamed AI to spew out Zionist BS.

And the Left isn’t innately degenerate. If anything, its danger was puritanism. What goes by the name of the ‘left’ today is into capitalist-consumerism hedonism wit sex, drugs, tattoos, piercings, and etc. That didn’t flow out of communism. Marx didn’t have a cock-ring, and Engels didn’t have an ass tattoo. On the left, the anarchists were the crazier ones, but they never came close to having power. Today, Jewish supremacists use anarcho-types to wreak havoc, but the power is with ultra-rightist Jews, not with their anarcho-moron thugs who serve as the neo-cossacks carrying out pogroms against decent white Americans.

Degeneracy can be found anywhere, even in conservative orders that grows stagnant and corrupt. Egyptian courts became decadent, and Chinese grew long fingernails and bound women’s feet. And Byzantine and later Ottoman courts turned decadent with intrigue and sex. Just like a lake can turn into a fetid pond, a culture without change and progress can turn sickly and stale, like the Spanish monarchy. On the other hand, radical nuttury can burn everything down, so we don’t want that either.

The balance comes via neo-fascism, and it has to be neo- because the original fascisms had fatal flaws. Nothing succeeds the first time around, like democracies (actually republics) had to fail over and over until some civilizations found the right balance to make it work.

The Great Man... is colder, harder, less hesitating, and without fear of 'opinion'; he lacks the virtues that accompany respect and 'respectability,' and altogether everything that is the 'virtue of the herd.' If he cannot lead, he goes alone... He knows he is incommunicable: he finds it tasteless to be familiar... When not speaking to himself, he wears a mask. There is a solitude within him that is inaccessible to praise or blame.

The insane Jewish supremacists.

Call them 'Albrightists' after Mad witch Madeleine Albright who said it's worth it to kill half a million Arab children.

'Alt Right' was once a promising term but Spencer's antics made it into an epithet.

Well, Alt-Right, meet the Albright.

Neocons are Albrightists who don't care how many goy lives are sacrificed on the altar of Yinonist Zionism Supremacism.

YES, IT'S WORTH IT TO SEE ALL THOSE SYRIANS DIE!!!

We have all been brainwashed. One way or the other extraordinarily powerful interests understood 500 years ago the potential for them in the New World. While widely denigrated in the Old World, those interests were constrained by the general familiarity with their obnoxious behaviour; resulting in the occasional setting things to rights. Expulsion was common.

Expulsions didn't happen because Jews were merchants, or wholesalers, or shippers, Jews were expelled because they were innately greedy. Keeping a thumb on the scales they short weighted, short shipped, or delivered shoddy goods and materials. No matter the business they cheated and bribed and lied.

These were crude and sophisticated scams, both. However the opportunities to scam and cheat and lie and propagandize came into their own in the late 19th Century. By this time Jews were lending enormous amounts of money to governments and the emerging huge corporations. This led to debt bribery. Extending lines of credit at high interest rates. Lending to competitors then calling notes prematurely, i.e. manipulating the money supply knowing this would lead to financial stress causing bankruptcies. The remaining enterprises paid interest rate bribes to stay solvent. The bankers and the heavily underwritten survivors enjoyed then a market monopoly.

The American Civil War was an entirely unnecessary conflict. It was not about slavery. Only after the war was it said to be a noble cause. The southern plantation owners were squeezed by tariffs raised in European ports of entry and by high interest rates. Commodity farming is cash flow negative after planting. Only by borrowing could plantations survive until the crops were

sold. The Civil War was about money. Northern bankers were themselves exposed to manipulation by European banks constant maneuvering to dispossess enterprises of lines of credit.

Jewish lending practices were fraught for borrowers. Jewish interference in government policy making could cause local economies to collapse. Prosecuting a war is enormously profitable for banks. Money is made financing both sides in a war. After the North won the war. Bankers made out like the mafia. The South was ruined. Borrowing was expensive. Huge loans were foreclosed. Assets were confiscated. In fact the North plundered the South.

After the war thousands of conscripts were without means of support. Armed by the state they headed west. Many robbed banks. The dispossessed felt no compunction about doing so.

The myth of America as being the land of the free still bedevils Americans. When were Americans ever free? They were propagandize from the get go. Nothing is new. Banks today are rapacious — credit card interest rates of 25% keep the poor indebted like slaves. The poor have no assets to pledge. Indeed they have nothing! They have no hope! Yet they are the most loyal Americans. The elite disparage them as being deplorables. They are brainwashed. They are shackled electronically. They never get out of debt. The government is not their friend!

Powerful interests control the United States. They have all but bled it dry!

.....On a practical note, sharing red-pilled truths requires tactfulness, wisdom and patience.....

Indeed – it's takes about 10 years for a normie to become fully red-pilled and Entlightened. Plant little seeds, many will eventually come around.

Start with little and easily accepted truths. Take your time

They have no interest in thinking differently or in challenging the status-quo because they are not even aware that there exists competing worldviews or alternative viewpoints. Even if they did, it would matter little to them. They are not inquisitive by nature nor are they particularly openminded.

I have come to this realization in a new way recently. Having been in the position in the last 2 years of dealing with a *very* elderly parent who was hospitalized and at deaths door only to then recover and has been living in a nursing home since.

To cut to the chase, what I've realized is that people (families) do not understand, in practical terms, what the Living Will, 'end of life' choices actually mean, they don't recognize when those scenarios are happening right in front of them and probably few have the spine to make the hard decisions in those situations. So, I've mentioned those realities to some friends a few times in the last year, saying, "People don't talk about these things so, everyone remains very unaware and is taken by surprise and are flying blind when they are eventually in those situations. We should all talk about it so we can understand better." Guess how much discussion has then occurred amongst my friends? Almost none.

Most don't want to know; they prefer their made-up versions of how things are. That, predictably, often results in shitty decisions. A good example of delusional thinking is that many people believe *there is certainty* when deciding to remove someone's life support or not provide it to start. *NO, there is not.* That is a misunderstanding and is why they'd be better off with some actual knowledge and awareness before having to be part of such a decision. Nursing homes are another dicey proposition that aren't discussed enough either and people get taken for a ride.

I'm a red piller all the way but, I come across very few others who are; including those that believe that they are. Turns-out they tend to only be on certain issues – on other topics, they blue pill it.

Yet what sense does it make for us to alienate huge numbers of White Christians throughout America's Bible Belt when in large measure they hold to very much the same traditional values that we hold dear? Rather than express hostility toward them, wouldn't it be more prudent to try to reach and reason with them?

In theory, your idea sounds good, however....

Let me share a rather epic story that still makes me smile in recollection. I was living in a mountain town in NC after having lived for 25 years in Atlanta and traveling all over the South for work. Doorbell rings and I find two young, clean-cut men at the door. Yes, it turns out they were Mormons. Well, we got into quite a jolly and interesting conversation peppered with respectful challenges and some good laughs. We had a certain camaraderie, oddly enough.

After awhile I said, "You guys handle yourselves well and don't get rattled by my pointed questions or pushback. You should go do your thing in NY or NJ to really up your game with that tough crowd." One of them smiled, looked at the other guy and asked, "Should we tell her." He smiled too and said, "Yes".

So, *I've got the actual lowdown regarding 'Mormons-knocking-on-your-door'* Rockyboat and readers. He said, "There is a saying in our church that goes like this, *'We send our boys out into America to become men, we send our men out into the World to become leaders and we send our leaders to The South to become philosophers.'* Well, I literally doubled-over in laughter and they were chortling too. When I could finally stop I said, "Let me make sure I understand accurately. Is that saying such as it is because Southerners are THE toughest nuts to crack and the Mormons have known that for a long time?" They replied, "Yes".

So, there you have it. They don't actually knock on doors to try to convert you, it is done to develop their young men, help them build people and communication skills, hear the pushback, etc.

Rocky, ultimately, I wish you or anyone much luck in attempted persuasion of the Bible Belt crowd.

it took several years of much reading and carefully thinking through the JQ before I was persuaded by it.

Fine. OK. Good for you.

Still, while normies “take their time” unraveling the Gordian Lolocaust Knot, Palestinians and others die. The aforementioned Arabs have been imprisoned for 74+ years based on Shoah Business lies.

Jews have grifted billions and billions of dollars, basically guilt-gelting Germany into moral paralysis. All based on assertions no one is allowed to question.

What makes Jews immune to inquiry, judgment, and punishment?

“You can’t question our suffering because that would make us suffer even more. Like throwing Br’er Rabbit into a briar patch.”

Jews have bankrupted entire nations while claiming to be morally superior beings.

Judaism is a Bhagwan Shri Rajneesh-like cult, Israel making Palestinians live in Jonestowns.

Jews promoted many wars that killed many goyim in the Mideast, now Ukraine.

Who *are* these people?

They destroy-pervert-infect while having the chutzpah to claim “Jewish Ethics” makes them *heal the world*.

Antisemitism is mostly “historical observation” and “pattern recognition.”

What if the outcome of the Jew-promoted war against Russian is millions of dead Slavs...whose land is then bought on the cheap by Hebestanians, turning it into Israel 2.0?

How much shite will Xtians eat before they kick ass?

Mayorkas is Benedict Arnold, flooding the USA with illegals until he can flee to Matzonia.

Meritless Garfinkel channels Reich Judges who routed Juden onto “special trains.”

Israel is evil. All it does is lie, rob, and kill...living on the largesses of Zionist dolts. It has no more right to exist than Aryanistan.

Jews lose their stool whenever a “hayseed” Hassid get looked at funny...

...yet care not a jot when the IDF (Israeli Donkey Fellators) shoot unarmed Arabs at-will.

The more one hears about Jew cruelty-usury-theft-murder, the more one wishes the Lolocaust *had* happened.

Behold the arrogance of FB’s Zuckerberg, Twitter’s Yoel Roth, YouTube’s Wojcicki, and the Fed’s Yellen. How did the toxic 2% of the USA come to control 90% of media, banking, etc....benefiting few but the Tribe?

What caused Jews to be shit out of 1,043 sane communities?

The 1930s/1940s style German totalitarianism has long been overcome. . . A fragment of the Nazi mentality survives, though. . .

You are clueless.

There was no *German totalitarianism* nor 'Nazi' mentality. In fact, there were no 'Nazis'.

There were National Socialists, and, until you understand the meaning of that term, you should refrain from commenting.

Dear Jung-Freud,

| Liberalism is a good thing.

No. No, it is not. Liberalism stripped away the notion that the populace should be governed by the best and brightest – an aristocracy. Liberalism paved the way for democracy, which was the foot-in-the-door for mob rule. Liberalism is evil.

Yes, Jewish rule/Zionism is illiberal, but *only* once they've used liberalism as a means of inserting their totalitarian approach.

You have yet to properly understand fascism before you presume to toss around the idea of neo-fascism.

| But let's not fool ourselves about Hitler and his delusions of destiny. He was a pathological megalomaniac who turned the Germans into mindless minions worshiping his cult of personality.

As little as you seemed to understand, this quote demonstrates that you understand even less.

There is no 'right'. There are, and ever have been, those who want to live their lives in accordance with their values and traditions. In juxtaposition are those who would overturn and destroy those values and traditions to destroy the cultures and civilizations of those who would prefer to be left alone. Said destroyers are the 'left' or *sinistra* in Latin, which associated the left with the devil.

At no point of its history was Marxism about the welfare of workers. It was always about denouncing all those still free from the proletarian misery, as enjoyers of undue privileges to imprison as parasites and to send to gulags. This was in the Communist Manifesto : that booklet is not about a better world to bequeath to the masses of the future but all about heretics to denounce as parasites to the authorities even before any revolution had started. Of course the 1900's Marxists didn't wear cockrings but they were already very busy destroying the romantic culture of 19th century Europe to make way for a totalitarian cultural dictatorship where only utilitarian art would be admitted. Even though they were already surprisingly open to very bizarre sexual practices as they were already busy with destroying the family as an institution, as well as into spiritualism, table-turning and all that jazz.

Same thing for liberalism : all its historical stars, like Voltaire, like Locke, like Jefferson, like Rousseau, were the most illiberal personalities of their times : they wanted freedom of expression to be strictly reserved to the rich and only when justified by the defence of their group interests. Their main theme of discussion was that the common people should not be educated or only minimally in what could help them in their day to day survival. All the interesting people of those times, like Jonathan Swift, were proud Tories who believed in censorship exerted by the good ones, not liberals : those liberals were for the freedom of publishing houses not of writers. Socialism was never anything else than the Soviet-Chinese one. Liberalism was never anything else than Ayn Rand's.

Excellent once again Thank you. Very pertinent stuff. And thanks to Anvil of Crom for the Nietzsche quote. G. Washington said to reap the blessings of liberty we must, like men, endure the fatigue of supporting it.

IT...IS...HEAVY...DEEP...STEEP... and exhausting.

This “red pill”, or realty, or whatever name it goes by where you come from, is always only 1 generation away from extinction and must be nourished with “the blood of tyrants” or something...

Control of the narrative determines history, which...

Agent Smith, who's white of course, was the opposite of the “good guys” ...”a very bad man.”

Wakanda or Chicago is the question now...

DAN...Do Anything Now... is the command.

The “red-pilled” people seem to have merely traded one set of received beliefs and assumptions for another. From here in Indian Country it is plain to see they really aren’t any less in-the-dark about “the deep questions” than are their “blue-pilled” counterparts. They are all of them thoroughly enmeshed together within the stifling conceptual confines of the “civilization” contraption, and differ only about how to better employ, and for what particular ends, the congeries of institutional and electro-mechanical systems that make it up.

Among the domesticated, it might in-fact be the “black-pilled” who have the most accurate sense of the condition all of their Condition is in. That is, dire and doomed, if there is not some Way for Humans to live and breathe here other than caught in the toils and abetting the purposes of an apparatus relentlessly laying-waste to Earth and Her Whole Living Arrangement....all of them, too, much sooner than later included.

There is of-course such a Way. There is specific Medicine for what actually ails our captive Sisters and Brothers, whatever the color of their “self”-administered drug-of-choice. Naturally, to be effective The Medicine must really be taken. On-the-other-hand, “safe” is a falsely comforting delusion us Free Wild Peoples of All Kinds know we can’t afford to indulge-in.

So what is it? To get well, the pill-poppers just need to get over the organically-crippling sickness that is everybody’s very own too-precious “self.” How? Return to The Way, the TAO of our Kind within this LivingLoving Arrangement of Earth and Sky. Recover the Organic Integrity essential to fulfillment of our Function as a component of its immune system.

No, The Medicine ain't easy to swallow. Your "self" will tell you you're dying. You'll feel like you are, too. Don't be fooled again, though. Keep on keepin' on The Way, and you will come at-last fully to Life....where you have belonged all-along. Be seein' you all Here.

Hierarchy exists in humanity which means the average person will follow and believe their chosen authority figures no matter how obviously dishonest they are and how self destructive to themselves it is to follow them, that's why people still take the vax and support the GOP. What that means in practice is that most people cannot be redpilled, something radical would have to change in the environment for them to accept reality and even in that case then many of them will still cling to lies. I've been hearing that a mass awakening is coming any minute now for decades, it never comes and it never will, claiming otherwise is itself a form of indulging feel good fantasy.

The red-pilled way of life is largely unpopular... For many people this is too much to bear. They want to be liked, to have the approval of their friends, family and business associates. They care more about what others think of them.

As someone observed, you don't take pills to "wake up", you take them to sleep or to hallucinate. So the so-called red pill is also another hallucination, at least in the context of the movie. And in fact the matrix brothers became transgenders, showing that they are all part of the blue pill complex.

In addition to providing them with drugs, many other things can be invented to distract fools, but let's not be stupid because racism, greed and the exploitation of religious fanaticism are the only causes of all humanity's problems. And the lack of education and the exploitation of sexual inclination such as drugs are only instruments of distraction and control.

You are absolutely correct in your assessment of the use of terms “liberal” and “left.” In most cases, it is simply a way of avoiding “naming the Jew.” That was the biggest failure of Rush Limbaugh, though he would have never been a success had he done so. It’s a matter for debate, then, whether he did more harm than good.

Room-temp IQ understanding of the situation. Most of us just hate Trump. I would basically stop cheering for the death of America if the MAGA movement disappeared tomorrow, because I don’t have any issue with actual race-based fascism (I support BLM). It’s civnat Judaism that I dislike, and that most in the American upper-class inherently realize is fake, gay, and must be destroyed.

If destroying that requires making the working class children of Gen Xers into child trannies — I’m happy. Anything to stop Trump.
