Hybridní válka USA proti Íránu se zastavila?

Impérium je připraveno prohrát na dvou frontách najednou – ale alespoň jsme sestřelili to *&#! Čínský balón!

V přednášce a otázkách a odpovědích se zahraničními novináři včera večer strategický analytik Dr. Mostafa Khosh-Cheshm shrnul historii a současný stav toho, co popsal jako hybridní válku USA proti Íránu. Tvrdil, že americká kampaň se zastavila kvůli úspěšným protiútokům a odstrašujícím prostředkům Íránu, ale očekává možnou eskalaci na nová bojiště navzdory tomu, že americká strana nedokázala pokročit k dosažení svých cílů.

Zjevný neúspěch hybridní války USA proti Íránu inspirované Izraelem přichází v nejhorší možnou dobu pro americké impérium, které čelí hrozící vojenské katastrofě na Ukrajině, jak opožděně připustil i list [The New York Times](#). Budoucí historici se možná ohlédnou zpět na rozhodnutí neokonzervativců zaměřit se současně na Rusko, Čínu a Írán jako na jednu z největších chyb v historii, v rozsahu těch analyzovaných v knize Barbary Tuchmanové *The March of Folly: From Troy to Vietnam* .. V psaní pošetilého gothského krále Recareda, který neúmyslně otevřel Španělsko muslimskému dobytí, Tuchman poznamenává, že „pro vládce, proti kterému stojí dvě nepřátelské skupiny, je pošetilé pokračovat v nepřátelství obou najednou“ (str. 16). Dost pravda; a oč hloupější je znepřátelit si tři takové skupiny současně!

Největší chybou z geostrategického hlediska USA je znepřátelit si Írán. Čína a v menší míře Rusko jsou díky své velikosti a zdrojům rovnocennými konkurenty, jejichž aspirace mají USA důvod chtít omezit. Írán je ze své strany velkou a důležitou zemí obdařenou významnými přírodními a lidskými zdroji, ale není přirozeným konkurentem USA. Ale protože zaujímá kriticky důležitou strategickou polohu na křižovatce světového ostrova Eurasie a Afriky a historicky trpěla expanzí Ruska na jih, mají Írán a USA všechny důvody udržovat přátelské vztahy a uzavírat oboustranně výhodné dohody. Problém z pohledu Íránu spočívá v tom, že se zdá, že USA nejsou schopny uzavírat oboustranně výhodné dohody (a držet se jich) a přitom respektovat suverenitu svých partnerů. Namísto,

Podle Dr. Khosh-Cheshm útočí USA na Írán pomocí vícebodové hybridní války. Vyjmenoval následující bojiště:

Válka vnímání . USA a jejich vazalové, zejména Saúdská Arábie, udržují a bohatě financují propagandistická média v perštině, která spolupracují s mainstreamovými médii Mockingbird vlastněnými sionisty na vedení psychologické války s Íránem. Mezi svými lživými operacemi v oblasti řízení vnímání, tato ozbrojená média vytvořila falešné dojmy, že „Íránci povstávají proti své vládě“, což nás vede ke druhé kategorii:

Podněcování nepokojů/barevné revoluce. CIA a její spojenci (Soros atd.) se pravidelně snaží svrhnout vlády, které se jim nelíbí, tím, že podněcují nepokoje a snaží se je převést do krvavých občanských válek. Trik je najít způsob, jak dostat dav na ulici, aby protestoval proti cílené vládě. Je dost snadné vytvořit takový dav „demonstrantů“ pomocí placených agentů (rent-a-mobs) při trollingu na podvody na sociálních sítích. (Všimněte si, že téměř všechna hlavní sociální média jsou řízena CIA, jak odhalily soubory Twitter.) Jakmile dav vyšel na ulici, placení agenti podněcují násilí rozbíjením oken, vypalováním obchodů a aut a policejních stanic, útoky na policii, a obecně podněcující chaos. Když policie reaguje tím, že se snaží ovládnout dav a zatknout pachatele násilí, ostřelovači na střechách a/nebo infiltrátoři s ručními zbraněmi střílejí jak policii, tak demonstranty s úmyslem přimět každou stranu, aby obviňovala druhou. Útoky nožem na policii jsou navíc novou vráskou, se kterou CIA zjevně experimentuje v Íránu. 60 policistů bylo zavražděno majetkem CIA během tří měsíců za použití zbraní, které se Mike Pompeo chlubil pašováním teroristům podporovaným USA v Íránu. Podle Dr. Khoshe Cheshma byli demonstranti, kteří stáli před policií, často zastřeleni zezadu ručními zbraněmi s tlumiči. Další náhodní lidé nesouvisející s protesty, někdy šest bloků nebo více daleko, byli zavražděni stejnými profesionály operace Gladio vycvičenými CIA. Zprávy západních médií nepravdivě obvinily z těchto vražd íránskou policii. „Říká se tomu ‚vybírání mýtného‘,“ vysvětlil Dr. Khosh Cheshm.

Skutečná kampaň proti nepokojům CIA v Íránu byla okázale neúspěšná. Největší dav „demonstrantů“ kdekoli v Íránu čítal pouze asi 600, zatímco vládu podporovaly mnohem větší pochody. (Každoroční připomenutí výročí islámské revoluce, včetně toho víkendového, vždy přitahuje miliony lidí.) Ale protesty organizované CIA v desítkách íránských měst, přestože přitahovaly menší davy, poskytly obrázky, zvukové nahrávky a další krmivo pro vymyšlené mediální válku.

Írán je vůči této taktice zranitelný, protože se ohýbá dozadu, aby chránil právo na pokojný protest. Za Shahova režimu aktiv CIA byly protesty zakázány a běžně se setkávaly s extrémním násilím ze strany policie a vojáků. Protestující byli odvezeni do mučireň vybudovaných CIA a mučení mučiči vycvičenými CIA. Islámská republika na tuto smutnou historii reagovala zakotvením práva na protest do ústavy. Protesty se tedy v Íránu konají neustále a vždy byly od roku 1979. Normálnost protestů usnadňuje CIA dostat do ulic davy nejméně několika stovek lidí, z nichž mnozí jsou upřímní protestující podvedení propagandou na sociálních sítích. poskytnout krytí násilí operativců operace Gladio.

Íránská vláda neutralizovala barevnou revoluci CIA především díky flexibilitě a milosrdenství (ačkoli „íránská válka proti terorismu“ bohužel zahrnovala určitý stupeň mimosoudního násilí jako všechny podobné snahy). Před několika měsíci vláda nařídila policii, aby přestala vynucovat povinný hidžáb, a nyní je normální vidět na veřejnosti několik žen s plně nezahalenými vlasy. Ale naprostá většina, hodně přes 90 %, stále kryje – což ukazuje, že neexistuje masová podpora pro kampaň CIA proti hidžábu.

Vládní přístup „milosrdenství a pružnosti“ také zahrnuje pondělní prohlášení nejvyššího vůdce, které omilostňuje desítky tisíc vězňů, z nichž zlomek jsou demonstranti. Všichni protestující kromě placených agentů CIA-Soros a teroristů jsou omilostněni, spolu s mnohem větším počtem běžných zločinců. Stojí za zmínku, že zprávy západních médií o popravách demonstrantů jsou nepravdivé. Ve skutečnosti byli „demonstranti“, kteří byli popraveni, vrazi, kteří bodali nebo stříleli policisty. Jejich popravy přišly po odsouzení za vraždu.

Financování separatistických teroristických skupin. Vedle astroturfových protestů zaměřených na šátky a ekonomické otázky USA, Saúdové a Izraelci vyzbrojovali, financovali a podněcovali separatistické teroristy v Kurdistánu a zejména v arabsky mluvícím Khuzestanu. V posledně jmenované oblasti se ukrývají skupiny ve stylu ISIS propagované, rekrutované a placené Saúdy za páchání chaosu. Ačkoli jsou tyto skupiny nepřijemností a tragédií pro jednotlivé oběti a jejich rodiny, jsou příliš malé a jejich přitažlivost je příliš omezená na to, aby rozhodujícím způsobem přispěly k hybridní válce.

Kybernetické války. USA a Izrael, ne nutně v tomto pořadí, zahájily to, co Dr. Khosh Cheshm nazývá „rozsáhlé kybernetické útoky“ na iránskou infrastrukturu. Loni na jaře byly cílem desítky iránských subjektů. Krátce nato celá databáze albánské vlády „zmizela v cloudu“. Na jeho místě se objevila zpráva: „Milujeme lid Albánie, ale MEK (největší protiiránská teroristická skupina podporovaná USA) tam provádí kybernetický a fyzický terorismus. Je nám líto, že vaše data byla odstraněna.“ NATO pohrozilo odvetou, ale neudělalo nic účinného. Mezitím Izrael běžně zahajuje kybernetické útoky proti Íránu, ale schopnost Íránu provést odvetu a jeho rostoucí závislost na téměř nenapadnutelném domácím softwaru omezuje účinnost protiiránské kybernetické války.

Vměšování cizích měn : Americká vláda a její vlastníci oligarchů, zejména lidé jako George Soros, jsou experti na útoky na hodnotu měn cílových zemí. Dosáhli jen mírného úspěchu při vysílání zprávy, že odmítnutí Íránu kapitulovat při jednáních s USA bude potrestáno takovými útoky, které obyčejným Íráncům způsobí ekonomickou bolest.

Atentáty : Značný počet iránských vědců a vládních úředníků byl zavražděn, především izraelským Mossadem, ale také USA, jako v případě generála Soleimaniho. Íránskou politikou je obvykle odplata za oko. Například v reakci na vraždu špičkového iránského fyzika Mohsena Fakhrizadeha , izraelský raketový vědec Aby Har-Even, zakladatel a vedoucí izraelských raketových a kosmických programů, „podlehl zraněním, která utrpěl, když výtržníci zapálili hotel Efendi (vlastněný izraelskou leteckou agenturou).) na vrcholu arabsko-židovského násilí“ podle *Times of Israel* . Přesně sto bodných ran, které ukončily život Har-Evena, vyslalo zprávu o nepřiměřenosti izraelské vraždy Mohsena Fakhrizadeha. a Netanjahuova hrozba Íránu „smrti tisíce řezy“. Všimněte si, že takové předpokládané iránské vraždy typu sýkorka za tetování jsou popřeny a nebyly zveřejněny ani jednou ze stran.

V případě generála Soleimaniho Írán vymáhá mnohostrannou pomstu, spočívající ve známém raketovém útoku na americkou základnu Ajn al-Assad v Iráku; vyhrožoval zavražděním každého významného amerického činitele zapojeného do vraždy s odměnami na všechny jejich hlavy (včetně odměny ve výši jednoho milionu dolarů na Trumpa); a případné ukončení sionistické entity okupující Palestinu a vyhnání USA z regionu.

Sabotovat. Po druhém útoku Izraele na iránské jaderné zařízení Natanz centrum izraelského programu balistických raket záhadně vybuchlo. Hříbový mrak byl vidět na míle daleko. V médiích byl citován izraelský vůdce programu s prosbou „prosím, přestaňte, ztrácíme víc než Íránci“. Tento mediální příběh byl ve skutečnosti skrytou zprávou žádající Írán o příměří.

Lodní válka . USA a zejména Izrael jsou odhodlány narušit iránský vývoz ropy a napadly a zabavily různé iránské lodě a dokonce i neiránské lodě údajně obsahující ropu pocházející z Íránu. Írán zareagoval jako obvykle na odvetu typu oko za oko. Například poté, co byla jedna taková loď loni na jaře zabavena u pobřeží Řecka, Írán zabavil dvě řecké lodě, které byly zadrženy, dokud nebyla iránská loď propuštěna. Schopnost Íránu provést odvetu vedla ke změně taktiky: Nyní jsou kapitánům nabízeny úplatky, aby porušili své dohody o dodávkách. Ale málokdo, pokud vůbec někdo, tak činí, možná proto, že dělat z Íránu doživotního nepřítel se prostě nevyplatí.

Sankce/ekonomický tlak . Írán je pohřben pod vrstvami sankcí a reagoval tím, že se naučil, jak se jim vyhnout. Během uplynulého roku se díky kontraproduktivním sankcím vůči Rusku připojuje do hry na obcházení sankcí prakticky celý svět, s výjimkou hrstky ultrapoddajných amerických vazalů. Mnozí žádají Írán o radu. I když sankce negativně ovlivnily iránskou ekonomiku, ani zdaleka ji nepoškodily natolik, aby přinesly změnu.

Tlak na MAAE OSN a další mezinárodní orgány . USA tlačí na MAAE, aby obvinila Írán z nedodržování předpisů a předala to OSN. Ale to je dvouletý proces. Dosažení podobných cílů vyvoláním spouštěcího procesu v jaderné dohodě JCPOA by trvalo jen dva měsíce. USA se tedy opět snaží zvýšit psychologický tlak na Írán, ale chybí jim prostředky k prosazení jeho přání

Abrahámovy dohody. USA se pokusily zvýšit tlak na Írán ozbrojením arabských signatářů takzvaných Abrahamových dohod, falešného palestinsko-izraelského mírového plánu, kterým opovrhují prakticky celá populace regionu. Nejen, že je arabská veřejnost silně propalestinská, jak ukázalo letošní mistrovství světa v Dauhá, ale dokonce i údajně prosionistické arabské vedení dává Američanům chladnou hlavu.

Saúdskoarabský vůdce Bin Salmán například odmítl přijímat Bidenovy a Blinkenovy telefonáty, ponižoval Bidena zacházením s „druhým hostem“ a obecně dal jasně najevo, že Saúdská Arábie již nepřijímá americké rozkazy.

Neúspěch hybridní války

Izraelsko-americká hybridní válka proti Íránu se zastavila, protože Írán bojuje s agresory až do patové situace na každém bojišti. Írán úspěšně poslal zprávu: „Za každou ránu, kterou způsobíte, odvetíme ekvivalentem nebo ještě horším. V důsledku toho nejsou USA v pozici, aby přinutily Írán k takové dohodě, jakou si Američané přejí: k obnovené „JCPOA“, která by Íránu neposkytla žádnou významnou úlevu od sankcí. Američané chtějí, aby slibovaná „úleva“ trvala pouze tři roky, poté by byla zrušena, pokud Írán nepodlehne americkým požadavkům nesouvisejícím s jadernou kompetencí. Vzhledem k tomu, že žádné americké ani evropské společnosti nebudou v Íránu investovat, pokud jim nebude zaručen časový rámec dvou nebo tří desetiletí, ve kterém nebudou sankcionovány a nuceny stáhnout se se ztrátou, Účelem hybridní války je tedy srazit Írán na kolena a nakonec ho donutit, aby zlikvidoval svůj (nejaderný) raketový program, opustil své vazby na spojence Osy odporu, a tím hluboce ohrozil jeho národní bezpečnost a jeho suverenitu. Pro Írán je to samozřejmě nezačátek. Írán by rád splnil původní JCPOA, přísně omezil svůj 100% civilní jaderný program a požíval skutečného zmírnění sankcí. Ale to pro sionisty řízené USA nestačí. Proč ne? Skutečným základním problémem je závazek Íránu osvobodit Palestinu. Dokud bude Írán stát po boku Palestinců, USA, ovládané sionistickými oligarchy, udělají vše, co bude v jejich silách, aby Írán podkopaly a nakonec si ho podrobily a zotročily.

Nyní, když se hybridní válka proti Íránu zastavila, stejně jako válka proti Rusku přes Ukrajinu je na spadnutí, Impérium může být v pokušení eskalovat. Není divu, že šéf Organizace spojených národů António Guterres právě varoval, že možná začíná 3. světová válka.

Problém je v tom, že Írán se stejně jako Rusko dokáže vyrovnat jakékoli možné eskalaci. Stejně jako Rusové mají drsnou jadernou paritu s Američany, Írán má impozantní nejadernou „jadernou možnost“: ukončit přepravu ropy z Perského zálivu. Írán může se svým vysoce manévrovatelným námořnictvem, hornatým pobřežím naježeným impozantními protilodními střelami a schopností snadno (a popřít či nepopíratelně) vyřadit doky v Ras Tanoura, jediném saúdskoarabském hlubinném přístavu, může Írán vyhodit do povětří celý svět. ekonomiku kdykoli bude chtít. Kromě této nejaderné jaderné možnosti má Írán v hledáčku všechna americká vojenská zařízení v regionu a může svými raketami zpusťožit Izrael v reakci na nepřátelské eskalace. Výsledkem je, že Atlantic Magazine expertní simulace americko-iránské války ukazující, že Írán vyhraje, je dnes ještě aktuálnější než v roce 2004.

Chytrým krokem by bylo, kdyby USA svou hybridní válku odvolaly. K tomu však bude muset odstranit neocony od moci a radikálně přeformulovat svou politiku. To se možná snáze řekne, než udělá. Ale jedinou alternativou je napsání nové kapitoly pro další vydání *Pochodu bláznovství*.

Why the hatred of Iran? One Word ——— JEWISH ———control of America! Why else? – other than a taken-over Embassy 45 years ago (brought on by our succoring the evil Shah), America should have no quarrel with Iran. However; the Jews do – boy do they hate the Persians – goes back thousands of years.

As soon as working America goes broke (and believe me – that is right around the corner), the Jewish elite in America will leave. How elite are they? – the average Jewish family in America makes 5 times as much as the average White family.

This fact is well hidden from the White working class, but it will come out once the SHTF – the Jews will head out for Israel rather than see higher taxes on the rich that will immediately follow the Sun after the rainbow appears (after actual hunger and deprivation bring on a socialist America). Good riddance. I know that I will be on the Tarmac at Dulles holding up a big sign that says “Shalom MFers”. Maybe, we can hint to the Black thugs demanding reparations – “Hey Pal – your reparations money is now in Israel”.

Maybe, the remnants of an American working class can make peace with everyone else.

isn't it ironic that the u.s. miic has become so corrupted by grift and graft, that they are now unable to produce functional weapons systems and have nothing left but hybrid warfare in their toolbox. their favorite hybrid weapons are illegal sanctions, that are themselves an act of war. in fact four decades of illegal sanctions on iran, forced them into self-sufficiency in weapons production and help them to create the next generation of low cost drones that have throughly embarrassed our ultra expensive, overly complex and quite frankly ineffective weapon systems, we force our vassals to buy.

all the u.s. makes are weapons and all we export is war. these little drones not only knock out our multi million dollars weapons, they attack our “defense” industry, talk about hybrid warfare. we have been hoist by our own petard (retards).

The Jewish hatred for Iran is because Persia conquered Neo-Babylon and freed the Jews from the Babylonian Captivity.

Yes, that means Jews hate Iranians/Persians/Parsis because they helped Jews. No race/tribe/nation has ever been as bad about wanting to get even with people who do them good deeds shave Jews. Jew turn open those who have helped them.

But they are not alone. So do Anglo-Saxons.

WASP Empire is Anglo-Zionist Empire because the Judaizing heresy that was Anglo-Saxon Puritanism produced cultural fruit that meant the English elites would chose to ally with Jewish bankers. That process, begun in full before Oliver Cromwell died, was a done deal by the time of what they call The Glorious Revolution. From then on, it was definitely Anglo-Zionist Empire.

A defining characteristic of hybridization is its accompanying congenital sterility. "America" is, as fast as it can, turning its war-making operations over to integrated autonomous electro-mechanical systems. The "wet-ware" involved in this "singular" project are betting everything on The AI somehow having the same "exceptionalist" programming they do. It's a sucker bet!

“Future historians may look back on the neoconservatives’ decision to simultaneously target Russia, China, and Iran as one of the biggest blunders in history, on the scale of those analyzed in Barbara Tuchman’s *The March of Folly: From Troy to Vietnam*. Writing of the foolish Goth king Recared, who inadvertently opened Spain to Muslim conquest, Tuchman notes that “for a ruler opposed by two inimical groups, it is folly to continue antagonizing both at once” (p.16). True enough; and how much more foolish to simultaneously antagonize three such groups!”

Several false assumptions

the US did not make on Russia. The issue is whether Russia or the EU were the antagonists. Nor are world events determined by the conduct of the US alone. When Europe accused Russia of meddling in their elections and engaged in murder and attempted murder, the stage was set. That dynamic had nothing to do with the US, except as an allied power with Europe.

When Russia began to state its rationale for invasion, including threats of nuclear exchange, china apparently supported the Russian position. By any measure, the antagonists are China and Russia, taking on Europe, the independent eastern Bloc and the US.

If one actually reads the dispatches of Mrs Kagan, then it becomes clear that she is not orchestrating anything. She is reacting and attempting to figure out how to control events, she is n not directing them. They they are clearly out of her control. The Ukrainians appreciate the support, but they are not taking marching orders from her, far from it. They are trying to figure who to support — the “big three” — they are responding to not directing.

They are even trying to get help from the UN, because they think the EU is ineffectual — hardly in control of events.

it just shoots hole in the entire CIA orchestration complaint by Russians.

Vietnam, the folly was not backing up S. Vietnam after we departed. Actually helping S. Vietnam was one of the few military acts of goodwill. We should have secured the victory with support.

Humans are sheep i.e. they aren't particularly happy with their current government and can be easily swayed by other things that look better.

I don't think anyone aligned with blm feels remorse.

It should be noted too that if people are sheep just doing what they're told, that would equally or more so apply to the much larger protests of government supporters who were mentioned.

Aanndd... IRN are in the process of joining the SCO.

CNYuan, IN₹upeee, ₪oUBLE – Game, Set, Match.

IRN have CHN_PLA and PRK_KPA Military Advisors OnBoard – ISR can’t go “Shock and Awe” Military Installations on the Fly. CHN and PRK – both WILL retaliate.

Do you think Murica/GBRittania/FRA Navies are going to Embargo IRN Crude+NatGas being shipped to IND+CHN? Not going to happen very often. IND+CHN+IRN are capable of supporting their own Naval Convoys with Air Cover.

IRN have also cooperated with RUS on Military Tech and Trade(Fighter Jets). IIRC, IRN’s Shahed Drone Designs were Licensed to RUS as the Geranium-2; and are a “Hit” across UKRAINE (Pardon Me!). I’ve read somewhere that RUS are planning to make the Geraniums “Faster”; and IRN have allegedly been in talks to License their Arash-2 Jet Powered Drones, which can reach ISR from IRN.

Thanks to IRN having a Large Land Mass and Tehran being a ways from the Gulf, there’s low probability that the USA/GBR/FRA/ISR can launch an Invasion and impose a Forces Regime Change upon IRN from the Sea and Land.

Missile and Drone Attacks have and will continue; but IRN are just too far and too large for ISR.

IRN have had an array of Anti-Ship Missiles since the 1980s – the Naval Convoy I was involved in during the IRQ-IRN War always were looking out for them.

Several of my fellow Officers including a Classmate was on a Frigate(aka a FFGLet because they were smaller combatants with more Junior Ranked Officers – I was on a Cruiser) during an Engagement Mission against IRN Targets. The Frigate was being Targeted by a Radar utilized for a “Silkworm” Anti-Ship Missile. The Frigate Comms announced that a Silkworm was “Inbound, Dead Aft” – where one of my Associates was assigned. He told me that he squatted, put his head btwn his knees, and was about to soil himself until the Warning was Called Off.

Jump 30+ Years; and IRN have all kinds of Missiles, Drones, and Torpedoes at their disposal. I’m certain CHN/PRK/RUS are selling them Weapons that compliment IRN’s Domestic Usage.

Besides, if the SHTF and Murica+GBR+FRA start setting camp – for instance – in Oman, IRN will be ready, CHN+PRK may send in their Troops on the Defensive around Tehran, and RUS can easily ship over Missiles and Geraniums.

I’d say that the Days Murica and GBritania could (when’s the last time ANYONE saw FRA pull off a successful Amphibious Assault against a well defended+equipped opponent? IIRC, FRA were LANDED UPON by Murican Troops in WW2 for the Liberation) Fell, Overthrow, and Regime Change IRN with their Naval Fleets and Army Divisions (the Army Air Corps and Spock-Ears/Trekkie-Badge

wearing Geeks are lumped in with the Army – this isn't Stateside where Zoomies have Bases with posh Golf Courses and the Geeks hold their Trekkie Conventions) – are now over for the Foreseeable Future.

IRN are probably stockpiling Shaheds, Arash-2s, TBMs, and Cruise Missiles; and may use them on ISR directly and/or through 3rdParties.

ISR have their Population's "Sequential Doubling" Scenario happening, so ISR will probably end up engaging their neighbors in one form or another soon. I've recommended that ISR buy out the Sinai and portion off an EGY+Sea-surrounded Section for the Gaza+WestBank Residents to prevent their Ethnocidal Removal by the Settlers.

I've also recommended that ISR write a Non-Aggression Treaty with IRN, because they're too far apart to Fell and Occupy the other and they'll just end up making each other miserable as IRN end up supplying ISR's neighbors with Drones and Missiles.

I beg to differ.it's not only a Jewish problem. It's also an Anglo Saxon problem together with their white Christian brethren in the west who have a natural dislike and hatred for the other, especially dark skinned people who are blessed with natural resources. The colonial crimes, both past and present testifies. During the energy crisis of the seventies, ads use to run on US television demonizing the Arabs for "stealing" their (Yankee) oil, with sinister pics of Arabs made to look like criminals floated. The multipolar work world, when it emerges, must isolate the western gangsters and send them back to the stone age where they belong.

My hope is that Iran builds hundreds of nukes to stand their ground against Israel, checkmate.

Let's see how that plays out in Irans favor.

We've watched how House of Saud sucks up to US/Israel GlobalHomo agenda while Israel silently backs Ukraine war to further extend their Zionist Caliphate aka Den of Thieves/ Synagogues of Satan.

I appreciate the attempt at a detailed rebuttal, but you're wrong on all counts. The US is not "reacting." It is pursuing the Wolfowitz Doctrine with a vengeance—along with the Karl Rove Doctrine: "We're an empire now and we create our own reality" (by doing almost unimaginably insane things like 9/11, the COVID attack on Wuhan and Qom, taking on Russia/China/Iran all at once, etc.)

wrong on all counts. That doctrine called for the use of military force if need be to remove obstacles to democratic and capitalist systems. The record is pretty clear that Mrs Kagan and others were not even orchestrating the ground game or in control of the philosophical game.

The arguments made by you and others claiming the effort was a DC, NATO and EU cabal just is unsupported by the data. Sure they supported the Ukrainians taking control of their own destiny, provided support, but they were a far cry and this is not unusual in these matters, from running the game.

Wolfowitz Doctrine so called,

<https://www.nytimes.com/1992/03/08/world/us-strategy-plan-calls-for-insuring-no-rivals-develop.html>

That means when Russian even whispered about taking Ukraine, the US would have immediately moved to block the matter.

That means when the US invaded Iraq and Afghanistan it was our way or the high way of control for all comers. we did even implement that level of control then. The only one who seems to have comprehended what that meant was Mr. Wolfowitz and Pres Bush, who stated, he didn’t care if it took 100 years to build what was required in the region of the middle east.

There would be no hmmm-ing and haw-ing about the Pacific Fleet, they would be in Philippine Strait when china’s gun boats fired their first shots at Philippine fisherman in their economic development zone.

And the forefront of the agenda would not be same relational conduct and rainbow flags. The goal establish global stability and a form of universally accepted rules based system.

Anyone see any US servicemen on the shores of Ukraine, despite the direct challenge to the US sovereignty. Russia’s conduct and rhetoric make Pres Hussein a member of the Vienna boys choir. We needed to crush Iraq and crush Afghanistan to make it work — we didn’t.

I don’t buy the 9/11 inside job, despite some unanswered questions. I was not sold on COVID and it damage to the US via lousy decisions by government from start to finish.

The Us did orchestrated Ukraine revolution, we supported it and attempted to guide its development. But it was the Ukrainians who said no more Russia leaning government. And while i might chagrin our involvement such as it was, it resembles nothing compared to that of Russia. The US doesn’t even have the will to get wanted criminals out of Mexico. Under the Doctrine put forward, there would be no question.

In Iraq, the Shia nonsense would have been laid out to a man under the doctrine in question, especially given their hip strings to Iran. So many of you sling around these grand strategies in such careless terms simply because your read about them and have not taken enough time in my view to consider whether they are actually in operation or what would really take to make them happen as they exist in theory.

The policy in question would not gut its own economy, when the agenda requires a robust economic policy. Really, women and rainbows would be back seat policies.

Now there are components of that agenda still in play, but nothing as coherent as you and other suggest.

Vengeance, let me know when the last time we crunched Vietnam for violating the 1973 Peace Treaty or North Korea, or China or the Soviet states, including Russia.

The US is looking to play a leadership role no doubt, but not every convulsion around the globe is the at the behest of Israel, NATO , EU or the US.

hold a grudge against Iran — well, that is debatable.

has the economic developments of the last twenty years reflected any kind of control by the US government or vice versa — vice versa. And its not very hopeful that those forces have any allegiances at all to the nation.

appreciate the opportunity to respond.

The US has provided Russia, China, and Iran guns, water and grain — even economic access in return we have gotten the Russian mafia, chinese products that wear out or don't work as they should and speeches about “evil americans” from the Ayatollah's revolution, whose sentiments are more closely linked to the actors of 9/11 militancy than Saudi Arabia and very little else of course we get exported labor.

Mr Karl Rove is echoing, not establishing a doctrine. i won't get into the aspectral analysis of meaning regarding creating one's reality — which has been around for many many centuries.

laugh. i have over stayed my welcome and exhausted my whine. I won't respond further for a couple of days. Not out of fear or lack of respect — other reasons.

You’ll have noted the massive preponderance of Anglo-Saxons in UK Cabinets over the last 50 years... here’s the current top bunch

Rishi Sunak – Brahmin Indian

Dominic Raab – Jewish

Jeremy Hunt – posh Anglo

James Cleverly – mixed Brit/Sierra Leone

Suella Braverman – Indian

Ben Wallace – Scottish surname which originally denoted a Welsh-speaking Celt* – as in Scots Bannockburn hero “William Walys”

* Welsh language extended up through Cumbria to Strathclyde – “*Cumbric was a variety of the Common Brittonic language spoken during the Early Middle Ages in the Hen Ogledd or “Old North” in what is now the counties of Westmorland, Cumberland, northern Lancashire in Northern England and the southern Scottish Lowlands*”

“...has historically suffered from Russia’s southward expansion...”. Well that’s a thing of the past. The fake narrative was concocted by the British in the early 18th century into Iranian mindset mostly by paid agents from Qajar – Pahlavi even up until the former Rohani’s neoliberal government and until 2022 when Russia launched the Donbass campaign. The crafty British-Iranian petroleum-paid agents kept telling the mostly confused/ geopolitically naive Iranians that Russia is an enemy citing the famous historic treaties of Turkmanchai / Golestan between the Former Russian Empire and the illiterate/ disease ridden Persia in which the latter lost some of its former territories in the Caucasus region. Now all Iranian understand very well the biggest enemy is and has always been the Anglo-Zionist cabals who cunningly forced Iran to lose over a million square km of its territory from Central Asia to Afghanistan as well as the Island of Bahrain in the Persian Gulf. In fact the Russian were trying help their southern neighbor defend itself against the Anglo-Zionist onslaught but always faced a severely twisted bandit-like mentality stemmed from massive illiteracy, deceitfulness, bribery... of the Iranians. Now that’s all past. Today Russia is being rightfully recognized as Iran’s foremost natural ally and it will be like that for at least the next millennium under the Eurasian, SCO systems.

Excellent article! I have a feeling that the deep state neoconservatives may push something with Iran very soon. The Zionists are running out of time to use the now failing US empire to attack their (Israel's) enemy. We all know where their loyalties lie and that's definitely not with the average US citizen. I think that Saudi Arabia is unknown factor in all of this. I doubt they'd be interested in a Zionist led war on or near their soil. They may be a rapprochement between Iran and Saudi Arabia soon enough. They have bigger fish to fry.

@EliteCommInc.

I do not know if you are an American. I further do not know if you are a troll paid to interject falsehoods into important discussions or if you are simply innocently insufficiently informed. In either event here, the tape that you have yourself posted in your entry above at [11] refutes your very own comments therein on their face.

Let's assume that you have difficulty reading the political tea leaves but want to improve your own understanding of critical events — for this tape proves that Nuland holds more power and decision-making authority than Brandon himself and that it is precisely her gang of Noodle-hoodlums and thugs that are the ones controlling US foreign policy. As is clearly stated at tape's end, both Brandon and then-UN sec gen Ban ki-Moon are brought in only to rubberstamp the deal, created by the Noodlehead gang, so as to give it international authority.

This tape, imo, is naught but shocking and compelling evidence of the calculated way that US gov, working in collaboration with their international thugs and prostitutes and presstitutes and mercenaries, ousted the existing president of UKR, Yanukovych, in 2014.

IMO, it is an account that should bring shame to every American concerning their own gov't. They are responsible for every dead Ukrainian and Russian and every dead soldier. They are liable for a calculated and sociopathic genocide.

So, let's assume arguendo that you would like to learn Truth. If you go to the link below, you will find a transcript of almost the complete conversation (of which your tape is a fragment), which was posted by BBC back in 2014.

What I would suggest for you and for any interested reader is the following:

1. Listen to the 2 or 3 min tape that you have posted above.
2. Go to the transcript at the link and read through it a couple of times whilst skipping the inserted BBC commentary.
3. Reread it until you believe that you can form your own opinion or assessment of the transcript contents. By this I mean: Try to form your own independent judgment about what is going on and the meaning thereof absent the BBC comments.
4. Now, read through the entire transcript again but with the BBC interjected commentary.
5. Lastly, reread your own posted text above at [11] and see if you can detect your own errors of reasoning.

I have tried to be helpful to you here. Everyone makes mistakes in judgments — unless, of course, they were troll-induced; ergo, intentional.

Yes to your “massive,” or at least, looks [*made to look*] like it. BUT: I’d not be surprised that Mr Putin’s Russia is building an huge store of data, documenting destroyed equipment AND destroyed soldiers [think: Foreign ‘mercenaries’], for presentation at the ultimate war-crimes tribunals, after Ukraine unconditionally surrenders. Russia, without hubris, will claim that along with the unconditional surrender, US/NATO/EU plus other more trivial blow-ins were also all *totally defeated* = they will have “**knocked out Anglo-Zionist Empire,**” basta!

If you insist upon naming the Israelis as the culprits for assassinating Iranians then you must also demand that the Iranians do to Israelis what’s being done to them, i.e. tit for tat, a head for a head, a body for a body, an assault for an assault and an attack for an attack, otherwise, it’s an exercise in futility.

The problem, from Iran's perspective, is that the US seems incapable of making win-win deals (and sticking to them) while respecting the sovereignty of its partners. Instead, it arbitrarily shreds its own solemn agreements

This is an allusion to JCPOA. It was anything but a "solemn agreement." I reject that terminology as a general proposition in the geopolitical context but the closest to it is a treaty submitted to and affirmed by the Senate.

Rather obviously, Obama made JCPOA a half-assed "executive agreement" because it never would have passed the Senate. Interestingly, Minsk I and II are analogues of may follow.

As my previous comments attest, a genuine rapprochement is in the interest of both the US and Iran. Geo-strategically for the former and comprehensively for the latter. Wishing that both powers are equally situated in this respect does Iran and Iranians no good.

If you doubt what I'm saying just think of it this way. Since Iran's revolution in 1979, and the Soviet-Afghan War, the Soviet Union collapsed and has resurged, and China has risen.

Iran's position is akin to Vietnam's. Both need a normalized relationship with the US to balance Russia and China. Primarily Russia for Iran and primarily China for Vietnam.

The neocons are Trotskyist psychopaths. But put the blame where it is due, it's Obama who insisted that JCPOA be structured and rolled out to humiliate the American nation.

... with bounties on all their heads (including a one million dollar bounty on Trump)

It seems as if Iran, which isn't known for stupidity, is going to continue to bet everything on its relationship with the Obama/Biden illegitimate regime.

USA has long ago declared war on the world, or at least on those not willing to act as its puppets. Just because it doesn't go to war against everyone at once, as it couldn't anyway, or because it uses all kinds of other means from sanctions to colour revolutions, does not mean that it is not at war. You are a disinformation agent trying to counter the obvious.

Furthermore, since US has expressed hostility to, and taken various actions against, two other superpowers, Russia and China, it is reasonable for them to take action against US and its puppets. For example Russia really needs nothing from the Ukraine, not any resources nor living space, but it makes sense that it should deny Ukrainian resources and territory to its enemies which could eventually lead even to an occupation. Acting against Western interests throughout the Third World to get Western companies kicked out and to replace pro Western puppet governments so as to deprive the West of essential resources would also be reasonable. After all the West does not seek to come to an agreement so its hostility must be returned in kind. Anyway this is what US and its allies have been doing since whenever, but China and Russia don't seem as keen to do the same although in time they may have to step up turning the world, the real World minus the collective West, against US and its EU allies.

Unfortunately, the American heirs to this universal practice of folly were ALL exceptionally greedy, immoral and sadistic, just as their predecessors. To the maniacs you mention, and to many others that you omitted, probably for lack of space, their evil was brushed off as just some "great game." To the billions they claimed to rule or wished to control, there were no "games" and there was no "fun," just enhanced misery every time a "great power" acted.

Appreciate the analysis, but even predicting that these countries, people, and culture will still exist in recognizable form in 100 years is too speculative. Forget predicting for a whole millenium.

Also, there's that useful old adage "countries have no permanent friends, only permanent interests."

Having said that, of course Iran and Russia would be wise to band together for now, at least until the US empire is soundly defeated and the US becomes economically and socially unable to project sustainable military force far abroad.

The zionists who are in control of the ZUS are destroyers and wreckers of nations and humanity and they are hell bent on destroying Iran , just as they destroyed Iraq and Afghanistan and Libya and Syria, using the attack on the WTC on 911 by Israel and zionist traitors in the ZUS gov and blamed on the muslims as their excuse to destroy the middle east.

The ZUS and its destroyer ZNATO have met their defeat in the Ukraine and will meet their defeat in Iran, history is on Russia and Irans side.

Thanks for your opinion. Understand the points you tried to clarify. OK we could say Iran-Russia will remain strategic partners till the end of time when life and cultures still exist. What I mean is about basic rules of geography and common sense. As an Iranian residing in Iran I can say for certain that Iran's (former Persia) national interests and those of Russia actually coincide/complement each other not only today opposing the US but have been like that ever since the beginning of history. If it wasn't because of Persia's backwardness and massive illiteracy in the early 18th century, blocking the Russian access to the Indian Ocean on behalf of the UK in return for some pocket money (bribe) to the Shah by the UK, the smart cookie British naval power had not a chance of establishing itself in the Suez to the Malacca, enabling it to grab a free lunch of India all to himself. Any economic, social, scientific ... developments in Russia also have positive impacts on Iran's and vice versa. Unlike the Anglozionist model where the general plan is about grabbing the wealth of other nations to the advantage of those in the City of London, relations with Russia have always been mutually beneficial. From the earliest times, Europeans mastered the plan since they never had enough natural resources of their own. Still remember how the British took all that oil – almost for free – by the British Petroleum Co. from the newly discovered Masjid Suleiman field in southern Iran which empowered UK industries for decades so the tiny island could play superpower. And how the English stole over 15 trillion pounds of India's wealth during colonization...

As I explained in the article, Iran is pretty good at proportionate tit-for-tat retaliation, well-thought-out and coming at the right time and place. Contrary to the MSM caricatures of “radical Islamic fanatics,” the Iranians are the adults in the room, while the Zio-Americans are the immature, fanatical, irrational spoiled brats that no sane person would ever trust with nuclear weapons.

[#BREAKING](#) Nord Stream gas pipeline bombings were a covert operation ordered by the White House and carried out by the CIA — The Times, citing a veteran investigative journalist

— War Monitor ([@WarMonitors](#)) [February 8, 2023](#)

The Iranians got oil and pistachio nuts.

The Russkies got oil and natural gas and resources and vodka-soaked Russkies ready to rumble to protect their patch of the world island. Putin has tried to get the Russkies to spend time on Ale Street instead of Vodka Lane; the English had the same problem with their people, but with gin.

The JEW/WASP Ruling Class of the American Empire is about to lose the mass media power to continuously implement Anti-White Totalitarianism(AWT) propaganda against the European Christian ancestral core of the United States of America.

THE CIA MUST BE ABOLISHED

The CIA needs to go DODO, pronto, but the Cunts, Idiots and Assholes at the CIA were not directly involved in blowing up the Russkie/Germany natural gas pipelines in the Baltic Sea.

Teddy Cruz, Rahm Emanuel, JR Ewing, US energy outfits and some others were the ones who blew up the pipeline in the Baltic Sea.

Private intelligence sources have informed me that Teddy Cruz and Rahm Emanuel were the team leaders for the demolition crew that blew up the Russkie/German natural gas pipelines in the Baltic Sea.

Both Teddy Cruz and Rahm Emanuel were reported to have had water-logged, squeaky shoes immediately after the pinpoint, planned demolition of the Russkie/German Baltic Sea natural gas pipelines.

Teddy Cruz and Rahm Emanuel are active international agents for the evil and demonic JEW/WASP Ruling Class of the American Empire and for the various energy and financial organizations that operate globally.

The Glorious Revolution is somewhat an irony. Had Protestant Charles II had any legitimate children, instead of a dozen illegitimate ones, his brother James II, the closet Papist would not have been King. While there is no real evidence that James II was going to return the country to Catholicism, the Catholic plot of Guy Fawkes, was on everyone's mind. The Puritans and their Jewish allies served up King Billy to do away with the Papish crew, and it sold very well. as the song goes – we remember 1690, King Billy's on the wall.

@loner feral cat

US Media has a modus operandi in ANY case in which someone speaks out about Jews, Jewish behavior, Jewish money, Israel, etc.

This MO needs to be called out every time it is used. It must be labeled dishonest, disingenuous, anti-human, and anti-American.

The MO goes like this: ANY time someone speaks out about Jews, immediately go find a Jew to ask about it. I don't know about the rest of the Unz proletariat, but as soon as I see the media ask a Jew about statements that could be considered critical of Jews, the hypocrisy and dishonesty enrage me.

I don't want to hear about Joe Rogan and how Jew British comedian and novelist David Baddiel thinks Rogan's words are a "racist myth about Jews." I don't want to hear the Satanic Jonathon Greenblatt, whose very name conjures up images of Jews doing ritual slaughters of goats and sheep to ask their God to punish all goys, talking about "longstanding tropes" and "vicious lies about the Jewish people."

All this Jewing is just a smokescreen. The REAL issue is the question that Joe Rogan and his guest were in agreement with. Should Ilhan Omar have apologized about her absolutely true comment that "It's all about the Benjamins". Rogan and his guest, Krystal Ball, were talking about the minor devil that calls himself Adam Schiff. "It's crazy," said Rogan. "Did you see him sitting next to Ilhan Omar, where she's apologizing for talking about it's all about the Benjamins? Which is just about money. She's talking about money. That's not an antisemitic comment, I don't think that is. Benjamins are money."

He continued, "The idea that Jewish people are not into money is ridiculous. That's like saying Italians aren't into pizza. It's f*ck*ng stupid."

So Joe is saying what every other goy in the US knows as fact but hesitates to say out loud: Jews control Washington with money. Shout it from the rooftops! Don't be shy. The truth will set you free!

I am going state the obvious — this is a very hostile environment and I don't expect to get far, but the data supports my view.

Here's my short answer — if you prefer the more in depth version, i will post it.

“USA has long ago declared war on the world, or at least on those not willing to act as its puppets. Just because it doesn't go to war against everyone at once, as it couldn't anyway, or because it uses all kinds of other means from sanctions to colour revolutions, does not mean that it is not at war. You are a disinformation agent trying to counter the obvious.”

Your comments like nearly all of the rest are not really germane to the issue.

1. The issue is whether the US started a war with Russia — no they did not. They responded in kind to Russian interference by supporting a particular side that opposed a Russian leaning leadership. Very straight forward.

2. There is no doubt that the US supported the opposition as did nearly all of western Europe. There is no evidence that the the revolution was orchestrating by the US. The Ukrainians had several violent government oppositions previously, the only difference was that this particular revolution was so popular it was successful.

3. it is very obvious that despite supporting the matter, Victoria Nuland/Mrs Kagan provided support and advice. but upon review of the actual conduct was not in control of events. Its clearly apparent that they the parties involved were not in agreement on what to do or how to do it and Mrs Kagan along with others were attempting to hold the matter together as they would like to see it, but clearly, incapable of directing events or outcomes. That is very obvious during the phone conversation they are trying to convince this person or that person to do X — they are not incontrol. Not even close to it.

And if you talk with Dr. Giraldi in pvt he will will you that the CIA track record of regime change is dodgy nil at best. Its troublesome even when a side they support wins, because it is not unheard of that those leaders have their own agendas. most recently one should consider the actions in the Middle eats where the factions actually used the CIA to their own agendas, so effectively the agencies agents found themselves at odds with each other. it was to be mild about it a mess. The US is successful in regime change when it actively does so by force of military where they are in command and control. Iraq, Afghanistan. In Latin America, the US by and large has acted on behalf of governments in place that supported our cold war efforts. I think the one exception might be Iran-Contra — and i think Fiasco is an appropriate label.

“Furthermore, since US has expressed hostility to, and taken various actions against, two other superpowers, Russia and China, it is reasonable for them to take action against US and its puppets. For example Russia really needs nothing from the Ukraine, not any resources nor living space, but it makes sense that it should deny Ukrainian resources and territory to its enemies which could eventually lead even to an occupation. Acting against Western interests throughout the Third World to get Western companies kicked out and to replace pro Western puppet governments so as to deprive the West of essential resources would also be reasonable. After all the West does not seek to come to an agreement so its hostility must be returned in kind. Anyway this is what US and its allies have been doing since whenever, but China and Russia don't seem as keen to do the same although in time they may have to step up turning the world, the real World minus the collective West, against US and its EU allies.”

There is no furthermore, cause nothing you state preceding has any actual substance or support. Your response is a so what? Countries express hostile words all the time. There's nothing specific for me to respond to. I think as you provide a general overview of your case, my previous responses and the support provided answer sufficiently.

In either event here, the tape that you have yourself posted in your entry above at [11] refutes your very own comments therein on their face.”

No. I stand by position(s) as stated and the material supports the same. The US Victoria Nuland/Mrs Kagan is not in any operational control of Ukrainians. The rubber stamp you note may be accurate. but its a rubber stamp of events as operated by Ukrainians.

<https://kevin-anderson.com/article/ukraine-popular-uprising-in-the-shadow-of-putins-russia/#:~:text=In%20winter%202013-14%2C%20hundreds%20of%20thousands%20of%20Ukrainians,on%20Richard%20Greeman%2C%20E2%80%9C%20Ukraine%2C%20Coup%20or%20Revolution%3F>

<https://indianexpress.com/article/explained/ukraine-invasion-russia-history-revolutions-impact-explained-7789764/>

but unlike you, it's apparent to me that they are not running the show. They are attempting to influence the show, provide direction, establish some group they can work with, but if they were running matters, the conversation would be vastly different. Your argument seems to be she's in charge of the US operation, on that I have no opinion.

Clearly she is not in charge of Ukrainians. They are not waiting for US approval.

EliteCommInc has no affiliation with communism. I don't think I have made any comments that suggest I support "zionism" as colloquially referenced. I am not even convinced most of us comprehend the idea as it is expressed in scripture. As for who i work for opinions vary: Russians, Jews, Saudis, Israel, US military, Great Britain . . . Is there any place where the U.S. is not conducting “hybrid wars” or “war via proxy.” The U.S. needs to place more emphasis on the home front and stop this endless interventionism, but perhaps that’s asking far too much from an empire in decline. How many times throughout history have empires overextended themselves in the false hope that endless expansion will save them from inevitable collapse, expansion that only accelerates the collapse rather than impedes it as is now happening to us. Can we still stand back from the brink or have we already tumbled into the abyss, every day I’m ever more inclined to believe it is the latter.

Off topic. I notice Rishi Sanuk the Hindustani MP of the UK wears a red string bracelet. I read that this is common in India and that it is practiced also by the Chinese yet that it is also a Jewish thing associated with Kabbala. So my question is how come this Kabbalistic practice spread to the East or is it the other way round. I know that the colour red is considered very fortunate among the Chinese but I thought the Jews hated it and that they saw red, well, when they saw red. I read once a long time ago that traditional Jews in Jerusalem stoned some Chinese tourist women for wearing red. I found this on Jewish attitudes to red.

Stoning to death was quintessential Jewish in punishment .Observed not only during ancient times but elevated to high moral and widespread practice in the ghetto life where autonomy regarding the role or power of rabbi on every aspect of life from cradle to grave was granted by kings of Europe until 18 th century .

Now they keep Arab in ghetto and shoot the kids for throwing pebbles at the harvest -stealing settlers

Stoning is neither Arab nor Iranian method of punishment. It is a KURDISH method of punishment to protect their 'honor' that have not. The terrorist kurdish groups are pawns of CIA/Mossad in the region where now are fighting for the interest of the Jewish clown, Zelensky, in Ekraine, against Russia to offer their services for the criminal international Zionism/evil empire.
Death to zionism and its servants in the region.

The terrorist Kurdish group had a major ROLE in the recent Hybrid war against Iran in cooperation with Mossad/CIA and also carried out the terrorist attack on Isfahan defense workshop with Quadcopters where smuggled to Iran from the Kurdish region in Iraq, an ACT of WAR, where Iran must respond. Parts of the drones that attacked the workshop complex of the defense ministry in Isfahan, along with explosive materials, were transferred to Iran with the participation and guidance of the Kurdish anti-revolutionary groups based in Iraq's Kurdistan region. An anti-aircraft system destroyed one drone and two others exploded, with minimum damage. John Bolton and Sam Brownback are closely working with the terrorist kurdish group.

Below are Khalid Azizi, Kurdish 'democratic' party, a terrorist Iranian kurdish act from Iraq norther region against Iran for Mossad/CIA interest, John Boltan a zionist fool, and Rahim Rashidi, a kurdish 'journalist' working with the zionist think tank 'Gold institute'.

The Kurdish agents are trained by MOSSAD then used in Iran and the region against the states for the interest of the criminal Jewish mafia. They must be totally destroyed. The terrorist kurds also are helping the Ukrainian Nazis and the zionist mafia in Ukraine against Russia. Please make a note of it.

Shame about the Kurds. I always thought they deserve their own country. I mean if the world accepts that Khazaria should have a country in Palestine why not the Kurds in their own area? But it seems they were always willing to do someone else's bidding, like helping the Turks genocide the Armenians.

You are absolutely right. They are extremely petty. They think they can carve a country with resources for them with the help of the terrorist western intelligent services to put it at the service of the Jewish mafia. The Jews will use them like a tissue to clean their behinds then discard them.

The West was involved in the WWI and WWII to carve a piece of land in the West of Asia to erect Israel in order to create chaos to break up the states, and now they are supporting the terrorist kurds against the rest of the people in the region for the same purpose to bring the region under full control. EU is very active against Iran and those who does not work for the zionist project. People should inform others about the terrorist kurdish groups that now are working with Nazi in Ukraine against Russia. EU/US are promoting the terrorists and traitors as 'alternative' where no one wants. People of Iran and the region spit at every single of them.

CIA/mossad's AGENTS at the US university campuses are trying to legitimate these whores and pimps as 'opposition' for 'democracy' which is a piece of shit. The following is one example:

The 'opposition' under CIA/mossad control, is consists of pimps, whores and terrorist groups are going to gather at Georgetown university to brainwash the gullible students for 'regime change' in Iran. These traitors are NOT Iranians. Majority of them are citizens of US or European countries living abroad over 30 years, and are sell out working for \$\$\$\$, including Reza Pahlavi who feeds himself with money received from the enemy of Iran, the Saudis' butcher MBS.

These traitors are Charlatan who have sold their services to get a Job working for the western intelligence services, bashing Iran, Russia, China and Palestinian people. Some of them have given sexual services to obtain a job in movie industry but were not successful, ex. N. Boniadi and Golshifteh Farahani. The head of the terrorist Kurdish KOMAMA, a proxy for CIA/Mossad terror in the region against Iran – and a secessionist is among them.

<https://giwps.georgetown.edu/event/the-future-of-irans-democracy-movement-event/>

The zionist whore known as M. Alinejad, and Shirin Ebadi (fake Noble peace prize) are among these traitors. All should have already agreed with the Jewish mafia's demand for Iran partition to erect a second Israel, imaginary kurdistan, according to Oded Yinon, otherwise they would have received a kick in the ass.

CIA/Mossad may bring them to a university near you to brainwash the gullible people. You should go there and expose these traitors and terrorists.

This promotion is arranged by CIA/Mossad, where the White house keeps a low profile and does not want to be involved and mix with these TRAITORS.

Death to traitors who work for terrorist CIA/Mossad organizations. Remember their ugly faces.

Here is what I plan to send to the gentleman from whom I received this article. I now can send it to you, because you don't understand the reality any better than the one from whom I received this article does:

Iranians are rising up against their government according to my research. And now 5 years later, Iranian women are taking off the burka, which is really called the chador there, not burka

The American people have no idea that the Shah of Iran was our ally who was deposed by the CIA in 1979, unless they have read my work, because the MSM lied when it said that the Iranian people overthrew the Shah. The vast majority of the Iranian people loved the Shah; only the communists in Iran didn't love him.

Saudi Arabia isn't a US vassal anymore having rebuffed Biden over oil. Now, it is my understanding that Saudi Arabia wants to join Russia in the BRICS organization which really kicks the US in the teeth.

I suspect that protests in Iran have few people participating in them, because Iranians are terrified of the dictator that the CIA keeps in power. I receive petitions all the time that ask for victims not to be put to death; Yet, the Iranian government puts them to death anyway.

"Iran is vulnerable to these tactics because it bends over backward to protect the right to peacefully protest." NO WAY.

"Under the Shah's regime, protests were banned and routinely met with extreme violence by police and soldiers." Those would have been the communists. The Soviet Union existed at the time the Shah of Iran ruled Iran. He was against them with every fibre of his body, and rightly so, because communism destroys a country. After OPEC was established, causing oil to be much better paid for, the Shah began giving grants of money to poor nations such as Yemen and certain nations in Africa, something that infuriated the elite resulting in this being a major reason why they had the CIA depose him, because if he had been able to continue giving the grants, these poor nations would have been able to pay down on the PRINCIPAL of their loans from the World Bank and/or the IMF.

So this [UNZ.com](#) article is disseminating hogwash.

After the CIA brought in their puppet the Ayatollah Ruhollah Khomeini, which as on February 1, 1979, eventually the Iranian people figured out that he was not their friend. So, he took the American embassy as hostages in order to get the Iranian people on his side again. Eventually he wanted to free the hostages, because his scheme worked, but George H.W. Bush didn't want Khomeini to fire them. He clandestinely flew over to Paris before the 1980 election to talk with the Iranians to get them to keep the hostages until the election had passed. So they agreed, and when Ronald Reagan was inaugurated, then they freed the hostages. This is true; I swear to God.

During the Shah's reign, women didn't have to wear the hijab at all, and the Shah was keen to educate the people too; I have photos of that in my book on the Shah.

The Iranian government is pardoning tens of thousands of prisoners, because of the outpouring of support for the prisoners by people around the world including myself, because I know what hell the Iranian people have had to endure because the CIA deposed the Shah of Iran all these many years ago now.

Peace,

Arlene Johnson

You like the enemy of Iran believe that the Iranian government is working for CIA, liar. The one who is working for CIA/Mossad are the enemy of Iran, like you, that you promote at your zionist media and are spit at by the Iranian people.

You are a CIA/mossad TROLL with NO knowledge of the Iranian history like the 'Iran opposition' groups where you have collected for 'regime change' who have been giving sexual services to Tom Cruise, Harvey Weinstein and perhaps Jake Sullivan, yet their have been defeated. Darius,

You appear to be Iranian. I love the Iranian people. I risk my life to publish true history to save you. One of the Iranians I have in Iran instead of some other country, stays with me as he obviously realises that I tell the documented truth.

The FBI targeted me to destroy me financially, because I go up against my government in Washington D.C. See

<http://truedemocracy.net/books.htm> to see what that agency did to me; there are two books there.

Ali, the man who knows Her Majesty, would have been killed in Los Angeles, California if he had remained in the apartment where he was living as some government entity fire bombed it after he wrote an op ed piece in the Daily Bruin, the UCLA student newspaper, after the CIA deposed the Shah.

The only way you could be against me is if you consider yourself to be a communist. I have one Iranian lady who lives in Canada who I met the first time I was in London, England, who hates the Shah. I offered her the PDF of my book for free, but have not heard back from her if she would read it. The reason I gave Victim of His Times as the main portion of the title of my book about the Shah is because the Shah was a victim as communism was rampant in the Soviet Union then. But communism failed. Here is why:

THE RESOLUTION “socialist ideology necessitates a concentration of power that has time and time again collapsed into Communist regimes, totalitarian rule, and brutal dictatorships”; that it “has repeatedly led to famine and mass murders, and the killing of over 100,000,000 people worldwide”; and that it is fundamentally contrary to America’s foundational “belief in the sanctity of the individual.

Know one thing; I am not a troll. My reputation means more to me than all the gold in the world. If you read my work, you’ll see who I have exposed.

It doesn’t matter that the accusation has no merit. This is the typical response. The fact that you provide sources rarely changes, the point is to dissuade you from providing a counter point.

I appreciated your perspective, though, I would add sanctions by west to protest the Shah’s response (or that of his security apparatus) were the cause of sanctions that created issues of liquidity for Iranians ability to get basic goods and services which fueled increasing protests — not merely some CIA mission.

Laugh. I have been called and accused of much worse and of course lying. In all that time the charge has never stood test and isn’t accurate at all. Mere disagreement will serve as cause.

[The Sun Online can reveal the shocking details from a first look at a new report due to be published by the National Council of Resistance of Iran (NCRI), an opposition group living in exile.]

<https://www.thesun.co.uk/news/11318949/iran-coronavirus-death-toll-expired-drugs/>

I love to see people who are ignorant about Iran and are brain washed by the zionist propaganda, come here with a 'report' by NCRI, better known as MEK, a terrorist organization, as an 'evidence' without knowing who are behind NCRI.

This terrorist organization, MEK, is used by the criminal governments like US and Israel for their terrorist activities against Iran, also for propaganda purposes. Israel has used MEK to assassinate many Iranian scientists. This terrorist organization is owned by Saudi Arabia because MBS, the butcher, an ally of US/Israel, is funding this terrorist group. Many pimps and whores who pose as 'politicians' at the Western capitals of the countries such as US, Canada and EU have attended the MEK conferences each year to participate in the ritual Iran bashing for imaginary 'regime change' in order to get their \$\$\$\$\$, which is paid by the butcher MBS, to buy a pair of shoes or make up to cover their wrinkles. These traitors collect at least 50K or more. John Bolton has been pain 100K.

[In July 2021, the Mujahedin-e-Khalq (MEK) held its Free Iran Conference in Albania. In virtual attendance were some of the West's most politically powerful and well-connected members, showing support for regime change in Iran. Attendees included former defense official Michèle Flournoy, who has ties to the Biden administration. This makes us question the group's origins and its ties to the Western political and economic ruling class, with a focus on Canada.]

The war monger, Michele Flournoy, who attended the MEK conference and got her \$\$\$\$\$, she was criticized for her attending. She claimed 'I was not aware of MEK terrorist link'.

Other terrorists and Assassin who attended this conference and continue to be involved with this terrorist organization are Mike Pompeo and Mike Pence.

so remember: NCRI == MEK

Judaism is the human, social form of parasitism, which is pervasive throughout all life forms.

From the moment Jews enter a new land with a people they have never encountered before, they are planning, plotting, scheming to TAKE OVER that land (the whole "chosen" thing), but of course as a small band of nomads this is quite impossible to accomplish. So, the Bible itself tells us, they move in cautiously as traders (like Abraham), then come in larger numbers as settlers – like ALL of Jacob's brothers – then, Whoops! a generation or three later... they are HATING on their host society neighbors and WISHING DEATH & DAMNATION on them (see "the plagues of Egypt)! Rinse, wash, repeat. Writ large, this is a parasite moving in to a host's body, sending out bio messages to the host "I'm NOT HOSTILE!" while sucking the life-blood out of the host, until the host is dead, and the parasite breeds and multiplies and moves on to the next target.

Yes, "NATO supported ISIS and Al-Qaeda to destroy Syria."

"There really needs to be, like, orientation for Congressional foreign policy staffers"

One can dream.

I would in these exchanges that you avoid using colorful language. unhelpful as the name calling and just as distracting

“You are an ignorant TROLL who lies for the terrorist US to fool others. No one takes you seriously. In fact you are an illiterate person coming here giving us the lies of the US terrorist proxy, like MEK, as ‘evidence’ and telling us that US is ‘helping’ Syria, instead of saying US is killing Syrians through illegal sanctions and stealing Syrian oil to be used by the terrorist US soldiers and its pawns in the region, the kurds.

You have exposed yourself when you don’t know that NCRI == MEK. You give the lies of MEK as ‘evidence’. You should support, like your superiors, the terrorist MEK, a terrorist cult group.

Comment #108 is for YOU where exposes YOU as an ignorant propagandist.

To expose this liar, please watch the following video to know how US and European countries, as colonies of the evil empire, are killing the Syrian people. US is the occupier in Syria and must fuck off from Syria immediately, so Syria can bring its territory under full control to save its citizens, and beat a shit out of the terrorist Kurdish groups, US terrorist pawns in the region.

@s_m_marandi 3h

Western regimes continue to block aid to Syrian earthquake victims. The obedient western media pretends the truth is otherwise, but President Assad’s advisor exposes their dishonesty.

Yet, why should we expect humane behavior? NATO supported ISIS and Al-Qaeda to destroy Syria.”

What in the petunia’s garden are you talking about, I have no idea.

You claimed that the US was selling expired drugs. I provided a report that says that detailed that the Iranians in a bid to save money, by their own accord are buying said expired drugs to save money.

The US supported the military and the elite leaders because they openly opposed communism. Period.

Your constant tirade is reflective of most tirades against the US, vague, broad and leaning on examples of US interference that are nonexistent or pale by comparison of Iranian history. The back dealing, manipulation, murder, and conspiracy and warring since the days of the Persian civilization. And the US will never match the brutality of the Persian empire against her enemies or her own people. In fact, the US will never match the brutality of Iran ‘s conduct against her own people. The warring between the MEK by any other name and the religious community has ranged since the 1900’s. And unless there is some reconciliation among those factions in Iran — they will continue to rage. That other countries leverage these factions to their own policy objectives is nonunique.

As I am not a fan of US meddling save in times of war. I certainly am on the record challenging such conduct. However, it remains accurate that the factions within Syria and Iran have been slitting each others throats for power, regardless of what the US does or does not do. And these factions actually use the US and others to achieve their aims.

Tit for tat Iran is no poor smitten child

You will have to do better than name calling. Deal with the internals, the article I note is loaded with content that deals with the conduct of Iran and does by the numbers, not merely views of opposition organizations.

Speaking of hybrid warfare

Iran undermining Saudi Arabia

Iran in Sudan

Iran a key player in fomenting war in Yemen and elsewhere – iran and proxy fights . . . say it ain't so.

just a word about the Kurds, it is interesting that when the kurds were supporting Iran against Pres Hussein, they were pals and now are enemies.

Hmmmm interesting twists as with MEK, who actively oppsed the shah and whose back the Ayatollah was returned home, only to systemically get rid of the MEK – as I see it.

You are an ignorant TROLL, period. You are using the terrorist MEK propaganda lies to proof what? That is good for the terrorists at the US congress, for their imaginary 'regime change' project. Do you understand what are you doing?

You don't learn from your mistakes because you are illiterate on Iranian affairs like your congressmen. The following link that you produced is CIA supported and FUNDED institute to spread propaganda against the targeted countries like Iran. The reason you are copying these links because you are either embedded in the US propaganda campaign or totally ignorant. The choice is yours.

The 'iranprimer' is associated with CIA funded 'Institute of peace'. I am not interested in lies of the propagandists. No literate person consult such a source.

USIP was established in 1984 by Congressional legislation signed into law by President Ronald Reagan for propaganda purposes.

The following link can educate people who are interested in facts, not fictions.

{While the peaceful demonstrations were turning into riots and mob lynchings, these so-called progressive intellectuals from the global North took the coordinated and ferocious misinformation and disinformation campaign about the events in Iran as indisputable facts. The misinformation and disinformation campaign was first disseminated by the Persian TV Channels which were financed by Europe and the United States and their milking cow, Saudi Arabia, social media, and Western mainstream media. Relying on such a misinformation and disinformation campaign and in unison with their ministries of foreign affairs, these so-called progressive intellectuals..}

Exterminated every last Midianite, man, woman and child when they'd done everything possible to help Moses and his gang. Then Moses gave the orders to exterminate them all, every one of them. That's the Jews.

How is this any different from the Holocaust?

Does this show that the Holocaust is not unique nor even particularly ruthless, in light of human history?

“You are an ignorant TROLL, period. You are using the terrorist MEK propaganda lies to proof what? That is good for the terrorists at the US congress, for their imaginary ‘regime change’ project. Do you understand what are you doing?”

Again, you will have to address the content not merely meander around in circles name calling. apparently based on the article, the relevant parties were questioned and their responses confirmed the issues where the health services of Iran are failing . . .

Your referenced articles are interesting, but are entirely unresponsive to the issues cited. I personally support Iranians challenging abusive conduct by the Iranian leadership. It would appear that the their are rising complaints about Iranian fairness. All of which supports the complaints mad by others regarding Iranian government.

The MEK is the least of concerns:

<https://www.cnn.com/2022/10/30/middleeast/iran-protests-clashes-sunday-intl/index.html>

<https://www.bbc.com/news/world-middle-east-63240911>

<https://www.newsnw.co.uk/h/World+News/Middle+East/Iran/Protests>

<https://www.csmonitor.com/World/Middle-East/2023/0210/Iran-has-largely-crushed-protests-but-a-spirit-of-defiance-still-burns>

Now let’s get to the brass tacks about opposition to the MEK. They opposed the Shah. Then they discovered that the Ayatollah was worse --- So bad in fact, that when Iraq stood up against the Iran violent religious revolution they sided with Pres Hussein. And that is why they are opposed. B ut the issue they stand for — continue to roil Iran.

The policies you are complaining about do not reference the MEK, they distinctly support the protests and the issues that the protesters have brought to light. The protests are the issue, the issues, not the MEK

USA/Israel and allies are using MEK and Kurdish terrorists to conduct a proxy war against Iran. Iran should get some proxies to send missiles and/or drones on the MEK terrorist base in Albania. But then EliteCommInc will call for a NATO attack on Iran because Albania is a NATO member even if Iran itself doesn’t carry out the attack. It’s time for the rest of the world to form a military block and declare that an attack on one is an attack on all.

You are right my friend. Iran has already sent number of missiles to Iraqi kurdish region and destroyed number of the zionist bases. The latest one was in Mid November, 2022, after the protest, since the kurdish groups smuggled weapons into Iran trying to capture a city to claim we 'liberated Sultanyeh' as a propaganda tool to ask for 'no fly zone'. But the Iranian security forces quickly brought the city under control.

If in fact, Iran attacks Albania . . . your stating an obvious potential or even likely response.

I am not sure where the Kurds stand today. But as I recall they fought with Iran against Iraq. but a long view demonstrates that the issues with the Kurds and Iran have nothing to do with the United States.

fortunately for Iran and unfortunately for the US, the invasion by the US took down the Iraqi government of Pres Hussein enabling a damaging dynamic of the Shia . . . on both sides of the border.

Tragic mistake that.
