Francouzi jsou populističtí a obvykle dávají se svými stížnostmi velký smysl.

Ale to je jedno, protože žijí v demokracii a v demokracii neexistuje žádný opravný prostředek. Nemáte možnost podávat stížnosti. Vláda si s tebou může dělat co chce a ty to musíš brát jako svině.

Pokud protestujete, jen se smějí. Pokud se budete bouřit (jak to Francouzi často dělají), pošlou policii, aby vás zbila.

RT :

V Paříži se v neděli uskutečnilo velké shromáždění proti členství Francie v NATO a dodávkám zbraní Ukrajině .

Florian Philippot, šéf pravicové strany Les Patriotes, která pochod organizovala, tvrdil, že se na něm shromáždilo asi 10 000 lidí a jde o dosud největší takový protest. Řekl, že ve stejný den se jinde ve Francii konalo 25 menších shromáždění proti NATO.

Video z francouzské metropole zachytila významný dav nejméně několika tisíc lidí, kteří nesli francouzské státní vlajky a velký transparent s nápisem: „Za mír“.

Dav skandoval hesla, mimo jiné „**Žádná letadla, žádné tanky, žádné rakety pro Ukrajinu**“, „**Pojďme pryč z NATO**“, „Macron, nechceme vaši válku“ a „**Ne třetí světové válce**“.

V určitém okamžiku během akce se Philippot dostal na pódium a za jásotu demonstrantů přestříhl nůžkami modrou vlajku NATO na polovinu. „NATO znamená válka,“ prohlásil.

Ať se jim daří, ale je jen základní realitou, že vláda se o protesty nestará a není povinna se starat.

"Pojďme rychle pryč z NATO"

"Žádná letadla pro Ukrajinu"

"Žádné tanky pro Ukrajinu"

Více než 10 000 lidí požaduje ukončení eskalace války na Ukrajině a konec Francie od NATO!

Prošel jsem tím s Alt-Right – tito lidé vždy chtěli vyjít do ulic protestovat a bylo to jako „jaký přesně to má smysl?“

Smysl to má opravdu vždy jen jako projev solidarity s lidmi, kteří s vámi již souhlasí, nebo s problémy, které mohou jednotlivci ovlivnit.

Myslím, že protesty proti vaxu a proti maskám byly užitečné v tom, že všichni byli v té době izolováni a vidět lidi v ulicích jim dodávalo odvalu postavit se vlastnímu životu.

Ale nikdo nemá schopnost ve svém vlastním životě vstát a zastavit válku na Ukrajině nebo vystoupit z NATO. To jsou vládní politiky a vládu prostě nezajímá, co si myslí rolníci.

To je jeden z mnoha důvodů, proč jsou autoritářské systémy mnohem lepší. Vláda je odpovědná lidem, protože vládu můžete sesadit. Nemůžete sesadit demokracii. Můžete jen pokračovat v hlasování.

Americké think-tanky to v souvislosti s ekonomickou krizí ve skutečnosti říkají: říkají, že západní demokracie jsou izolovány od veřejného pokřiku, zatímco Čína a Rusko jsou jako autoritářské státy odpovědné svému obyvatelstvu, protože jsou náchylné k občanským nepokojům.

Je to všechno velmi zřejmé, ale lidé byli nějak nuceni věřit, že v autoritářském systému máte MÉNĚ svobody. Už nemáme Ježíše, takže lidé budou jen věřit opaku pravdy, i když zjevnou realitu mají přímo před očima.

Je ironií, že demokracie byla také proveditelná pouze v křesťanské společnosti, kde lidé poznali dobré od špatného a dokonce i bohatí měli nějaký smysl pro čest a povinnost.

Všechno je to jen nepořádek.

Právě proto, že to nefunguje, je to taková hloupost. Možná by protesty byly mnohem větší, kdyby nebyly úplně marné. Nebo možná ne, to je opravdu těžké říct.

Protesting has some benefits, even if it is useless for changing government policy. It lets people network, it teaches them to organize. The left has become very networked and organized as a result of their years of practice organizing protests, and it helped them when it came time to organizing their riots, and it will help them when they get to the point of pogroms. Right-wingers complain that they don't have time to protest because they have jobs. Left-wingers get jobs as professional protestors. They fly all over the country wherever they're needed. They're so practiced that they might even be able to do it decentralized, on instinct, by this point. Everyone knows who's going to run the food trucks, first-aid stations, set up the speech platforms, lead the chants, operate the drones, block the view of enemy media. Right-wing failure to organize properly has led to disaster on Jan 6, Ontario, Charlottesville, etc.

Also, right-wing protestors need to stop doing their thing on enemy territory, ie every big city. That should have been obvious years ago.

>>authoritarian systems are so much better. The government is accountable to the people, because you can depose the government. You can't depose democracy. You can just keep voting.

American think tanks actually say this in regards to an economic crisis: they say that the Western democracies are insulated from public outcry, while China and Russia, being authoritarian states, are accountable to their populations, given that they are susceptible to civil unrest.<<

We have one who can see.

In jew fashion, democracy is the opposite of what it's billed. In reality it is the subtlest form of slavery.

The think tanks have a term for the threat of real majority rule: they call it "hyperdemocracy" lol.

The pro-Ukraine propaganda is failing.

Flying a Ukie flag is a boomer church lady thing. Well-meaning, but out of touch.

If you can't brainwash the young, you have a problem when it comes time to act. Most young people know that a kid in St Petersburg or Moscow has more in common with them than they do with the older generation of war mongers calling for WW3.

They're so practiced that they might even be able to do it decentralized, on instinct, by this point.

In fact, they literally practice. They used to have protest practice (in front of the AIPAC fortress on H St NW, significantly or not) in Washington, DC I could watch from my bedroom window. They would practice shutting down Massachusetts Ave during rush hour (the drivers always sat waiting patiently for the practice to be over).

They practiced different chants and, especially, tried out different speakers to see who had crowd charisma.

The speakers were always black, the rank-and-file protesters were white college types with an overrepresentation of Jews and older black and/or female professional activist types. Standing on the periphery were the handlers and organizers assessing the performances, watching, and conversing among themselves. These latter were always Khazar Jews, judging by appearance, and it was obvious.

I once strapped a GoPro camera to my forehead, grabbed my 90 lb pit bull, got on my bike and rode around among the protesters asking questions and engaging in debate. The Khazars spotted me immediately as I rode up and executed a coordinated maneuver to isolate me, which would have worked, had I not been on a bike with my dog, whose top speed was 35 mph through bumper to bumper traffic. LOL

I had great fun going through alleys and approaching the practice protest suddenly from unexpected directions and watching the nasty fat little head Khazar frantically waddle-

running to try to intercept me. There were four male Khazar Jews and one female Khazar Jew in charge.

Incidentally, one young black protester told me they also received military training with real weapons at remote camps. He wasn't sure where the funding came from. He guessed BLM. i.e. Grand Khazar Jew George Soros.

My all-time hero, Francisco Franco, ruled in a truly fascist system. He always said that his system was a better democracy, because it was an organic democracy. In other words, his government was set up to be a direct conduit of the interests of the people.

The word fascist derives from the Latin word fasces, a bundle of wheat sheaves.

The wheat sheaves in Spain were the five basic interests of society: military, Church, labor, business and agriculture, as I remember. Those were the conduits of the people's voices. Since we have only the media, which is corrupt, our "democracy" is fundamentally nonexistent.

Interesting...

The first and only time I visited Spain was when Franco was still alive...

Re. "Church":

During the Spanish civil war over 2.000 catholic priests (i.e. politicians) got killed. I wonder why?

Hitler ordered Legion Condor to protect the priests and bring the bishops to safety and fly the scum straight to safety in Rome. Hitler loved and listened to Rome. Another reason why I dislike Hitler.

Hitler's first law was granting Rome sovereign statehood & taxes within Germany. Another reason why I dislike Hitler.

Today's Rome propagates: "Hitler hated Catholics. Hitler hated The Church. Hitler was not a Catholic."

Thanks for the hilarious first hand story.

Standing on the periphery were the handlers and organizers assessing the performances, watching, and conversing among themselves. These latter were always Khazar Jews, judging by appearance, and it was obvious.

I was watching a video of a protest in Seattle (imagine that) where a non-white immigrant was speaking to a crowd. She must have gotten a little off topic, because a big-nosed jew leaned in and whispered something in her ear, before returning to the periphery.

Correct, right wingers, or whatever we are called, should be better organized, or organized at all. But the leftist – marxist – talmudists – globalists protesting have two huge advantages: No matter what kind of havoc they inflict on communities, the state usually has their back; and the massive bankrolling by Jews with the coherent agenda of dismantling western civilization. And the FBI will never arrest them.

And yet, as I have posted on here previously, if every self-respecting “Euro-Christian (whether devout or nominal) could cough up 10 or 20 or 50 dollars, it would add up. Maybe wait until DeSantis is president and there is a different A.G. Sure, he won’t change the GloboHomoSchlomo foreign policy, but we might catch a break on domestic policy. Alas, I am being unrealistic about USA ever having a fair election again.

And, Andrew wonders, “What’s the point?” The point is to red pill a few other people, to swell our ranks, to promote awareness counter this golden age of lies that we are living in.

While on the subject of which governing system is best, why not try voluntary competing systems? I think the best would be based on Austrian free market economics but others could pick whichever best suits their needs. In a fairly short time the best system would become the most subscribed to.

One more observation regarding the activities of the Khazar Jews I described above.

The young white gentile males I engaged with were generally of the type of white guy who wears dreadlocks, if you know what I mean. You find them in places like Oberlin College. Absolutely poisonous in their self-righteousness. Dirty, angry, contemptuous, amoral, and unable to speak in anything but slogans.

The 19th century Russian novelist Fyodor Dostoevsky describes them perfectly in his novel, *The Demons*. He also nails the society that produces them, including their parents. In the novel, the father of a main character, the archetype of the demon (think Heidi Beirich), is a professor who would flourish in the faculty at Oberlin. Morally weak and inconstant, selfish and irresponsible, unctuous, grandiose, intellectually lazy and mediocre, the father produced the son from whom Dostoevsky drew a straight line to the coming of the Bolsheviks, the Khazar Jews who murdered 66 million Russian Christians, still 60 years in the future.

Dostoevsky was a genius and his artistry is breathtaking. You can read any one of his five “master works” over and over and his genius only goes deeper and deeper into every aspect of the human condition. Any people that can produce such an artist gets my automatic support.

You can judge the level of Dostoevsky’s ability by the degree and quantity of hatred and lies Jews throw at him. Like the Academy Awards, it’s not about the worth of the work for a Jew, it’s about whether the gentile artist fellates the Jews adequately.

Dostoevsky pulled no punches with his Jewish characters—but made them human and believable—and for that the Jews hated and feared him.

As Nietzsche, an admirer of Dostoevsky's, said, truth to power.

In my ute I was a Randian and much taken with Rothbard, et al. Over time, I have learned that economics is subpolitical and politics is subcultural and culture is a religious question.

Both Ayn Rand and Karl Marx were despisers of religion. Both sought to strip the masses of their cultural unity and identity. In both cases, we become powerless—lone “workers of the world.”

It is a great weakness that so many of us in the West are money-worshippers, placing economics above everything.

Since the “end” of Christendom — it’s “funeral” instigated during the “Jewish Century” by Marxist-Zionist scum of left and right, an ongoing project — the West worships the golden calf.

Do you remember what Moses did to Golden Calfers and why? Yeah, that needs to be done again to resurrect Christendom. And eventually will. There’s no stopping it, and ZOG knows it. It’s just trying to buy time, and fantasizing that it can escape cosmic justice with enough fiat money, shyster double talk and MSM spin, and M-I complex and Homeland Security bullying.

I concur that Dostoyevsky's works are pure genius. I've had the privilege of reading several of his works in the original Russian. It was a lot of work, but much better than reading them in English, which I still recommend to those who don't speak Russian. Also, I've visited his childhood home in Moscow. He also, strongly dislikes Poles. All Jews and Poles in his novels were thieves and swindlers. Truly a fallen bunch. I think the reason had to do with the influence of the Jews on Poland at the time. The original supremacists sew destruction wherever they go.

You need a lot of money to organize. The populist-nationalist (non-kosher) Right has virtually no money and is not allowed to raise money through normal channels. Right-wing protesters are far far more in need of ACLU and NLG than left-wing “protesters”, but no chance for this in current climate.

Also, right-wing protestors need to stop doing their thing on enemy territory, ie every big city. That should have been obvious years ago.

Back in the 1970s, Rockwellites were able to organize and march openly in Chicago and in Arlington, Virginia and probably some other places I’m not aware of. Of course nothing like this is possible today due to both demographic and cultural-ideological changes. Patriot Front were subjected to ***preemptive*** mass arrest when they went to ***Coeur d’Alene, Idaho*** to protest some LGBT event. Some non-Left-but-United Front/Popular Front-style protests on grass roots issues like Groomerism and CRT in schools are clearly still possible but the interwar Central Euro and Confederate iconography have to be somehow strictly excluded. Also no non-state-endorsed uniforms.

I remember a protest of “hispanics” in central LA. The mass of the protest was formed by semi-illiterate hispanics, but everything was obviously coordinated by a couple of Ashkenazi Jews who could not speak a word of Spanish. Puppets on a string. I went through this with the Alt-Right – these people always wanted to go out into the streets to protest and it was like “what exactly is the point of this?”

I say:

Neither Richard Spencer nor Paul Gottfried can rightly lay claim to be the originator of the Alt-Right designation. Prussian nationalists named the Alt-Right in honor of Carol Alt. Carol Alt is of Prussian ancestry. Carol Alt and Taylor Swift are both 5 feet 11 inches tall. Taylor Swift is part German.

Both Carol Alt and Taylor Swift have maintained Swiftian silence about which end of the egg to crack, and they should be respected for that. I'd say that Carol Alt has shown more eggs and crack than Taylor Swift, but that would be cheeky of me.

Satellite view says the Charlottesville business was a seeming big, long-term propaganda win for White Core Americans.

2017 saw mass censorship and the shutdown of some public pro-White activities, but the European Christian ancestral core of the USA has now become more than ready for WHITE IDENTITY POLITICS.

Charlottesville was a start of the mass population awakening of Whites that they must advance their own interests as Whites.

The Alt-Right scored a major victory in Charlottesville. The overreaction from the ruling class was a sight to behold. Paul Ryan, Mitch McConnell and the rest of the cuckservative politician whores in the Republican Party denounced the Alt-

Right. The corporate propaganda whores denounced the Alt-Right. The anti-White scum in the Democrat Party denounced the Alt-Right.

Trump remained neutral about the government-sponsored chaos in Charlottesville, and that was a brilliant move by Trump. I am sure Trump was told that The Democrat Party governor of Virginia had planned to stop the Alt-Right from speaking at a political event honoring the ancestors of many fine Americans and that these fine Americans had a government permit to do so. Trump knows a media set-up and a government set-up when he sees one, and the Charlottesville affair was a set-up from the get-go.

The Alt-Right must continue to proclaim loudly that the treasonous rats in the Republican Party ruling class are in bed with the Democrat Party leadership when it comes to the anti-free speech thugs in the Antifa crowd. The Alt-Right must not allow Kevin McCarthy and Mitch McConnell to claim the leadership of the European Christian ancestral core of the United States.

White Core Americans have had it with the weak, cowardly cuckservatives in the GOP ruling class. The Alt-Right must take the lead by superior will and bravery.

WHITE CORE AMERICA RISING!

GOD BLESS THE TRUE FRENCH ANCESTRAL CORE OF FRANCE!

Back during the Vietnam war, when the **college students** massively protested, that's what made the difference. Joan Baez popularized a poster captioned "Girls say yes to boys who say no." The old "biological imperative," with Joan Baez as Dr. Freud. Lyndon Johnson famously said "When I lost Walter Cronkite, I lost the country." That was just a bit player, Lyndon. The truth was, when you lost the college students, you lost the country. I was there, I saw it. Of course the difference is, today there is no draft, so it will not happen. Too bad.

French Baby Boomers and the French geezers are the ones
benefiting from the asset bubbles created by the globalized
central banks and the ECB.

In the 2022 French presidential election, Marine Le Pen won
almost every age cohort except for the French Baby Boomers and
the demented French geezers and she did it by focusing on
monetary policy-driven inflation and the rising cost of fuel,
housing, food and the like.

Non-European Muslims and non-Europeans swarmed into the
treasonous voter camp of Rothschild McKinsey puppet tart
Macron.

Macron and the French Baby Boomers and the French geezers
are treasonous nation-wrecking rodents.

Macron Is A Puppet Tart For Evil And Greedy Globalizer
Plutocrats!

Politically Decapitate The Treasonous Ruling Class Of France!

Viv La France!

Who voted for Emmanuel Macron?

The French president was supported by 72 percent of voters above the age of 64. When breaking it down by financial situation, those better off voted for Macron and those struggling to make ends meet rallied behind far-right candidate Marine Le Pen.

@brostoevsky

LOL, yes, I would argue Poles in Dostoevsky's work fare rather worse than Jews.

Have you ever read *Houses of the Dead*? It was based on his experience sentenced to ten years hard labor in Siberia for youthful political crimes. There was one Jew among the other prisoners, as I recall, who became rich in prison selling vodka to the other inmates. Dostoevsky treats him with respect. The small group of Polish prisoners, on the other hand, he ridicules relentlessly for their arrogance.

In one part of the book, he describes in detail a play the prisoners managed to put on. It was a huge success with the other prisoners, with the camp guards, and even with the civilians from the surrounding town. The Jewish prisoner attended every performance, paid a premium to sit up front, wept at every tragic scene and laughed most uproariously of any in the audience at the comic moments. The Poles, on the other hand, at first wouldn't deign to attend, but finally succumbed to their curiosity and the general excitement in the prison. But, at the performance, they snickered and snorted all the way through in a disparaging way to signal their disdain for the effort. The Russians ignored them and enjoyed the show immensely.

It is somehow appropriate that the depraved monster who founded the CheKa, the Bolsheviks' murderous secret police, was a Polish Jew named Felix Dzerzhinsky.

Great screen name, btw.

A lot of people talk about democracy as if it were some kind of holy of holies. I suppose you could argue that nobody has actually tried democracy, so we really do not know if a true democracy would really work. Entropy always wins, the results we can plainly see in Europe whose leaders are obviously sock puppets for the US. How else explain their suicide, it's corruption everywhere, here in the States and across the pond. You can set up the perfect government, but entropy will eventually destroy it. Nothing has changed since the advent of civilization in Mesopotamia. History is nothing but a long record of wars. Alternative news is good for being informed, yet it isn't going to change anything. For example, the Nord Stream pipeline destruction is big news in alternate media after the Sy Hersh article was published, but nothing will come of it just like everything else. And I doubt demonstrations will do anything at this late stage as the MSM will just ignore it or will just spin it in a negative light.

NATO MUST BE ABOLISHED — VIV LA FRANCE!

ALL FOREIGNERS AND NON-FRENCH IN FRANCE MUST BE
FORCIBLY DEPORTED

GERMANY MUST GET NUKES AND THE MEANS TO

The evil and treasonous ruling class of France has used monetary policy to buy off certain cohorts of the French population in order to push mass legal immigration and illegal immigration. Money-grubbing coward scum French frogs born before 1965 were bought off with debt and the gains from asset bubbles. French patriots born after 1965 will have to dislodge the current French ruling class from power and then deport the geezer globalizer French scum to Africa.

POLITICALLY DECAPITATE THE FRENCH RULING CLASS
NOW!

The evil Bolshevik bankers who control the French ruling class are now in the last ditch with evil Rothschild banker whore Macron. The Yellow Vest Patriots are now talking about monetary policy and the banks in a way that immediately threatens the evil rodents in the French ruling class.

The USA is under the control of the evil and disgusting Bolshevik Globalizer Bankers just the same as France is.

Have you ever noticed, Klein, how ((Jews)) pit nations one against the other, complimenting and talking up one nation to butter it up, disparaging and ridiculing another? Then, when the ((Jew)) has an audience with the second nation, they'll do the opposite? It's really a nasty, underhanded, cowardly trick, but has historically always worked for the ((Jews)) to divide, shill, and rule — get the dumb goyim to take their eye off the ((Jew)) huckster flimflam man as he eggs the two Christian nations one against the other, and then picks their pockets when they hang up their coats to fight.

The ((Jew)) does this instinctively, because he's natural born grifter, thief and cut-throat. Moses could see this about the Hebrew masses, what they really were, what they really amounted to, and tried to teach them a lesson they wouldn't forget. The Prophets off and on, too. But it never took.

I guess they didn't cut deep enough. You've really got to eviscerate them, maybe to the last man, to get anywhere. God knows they've had thousands of years to learn their lesson. But they're stiff-necked reprobates, killers and back-stabbers. And maybe always will be until they're removed from history.

What do you think, Klein?

That's by design. The uniparty long ago legislated a monopoly for themselves in the electoral process. Any new party spends 100% of its resources just gaining ballot access in each election cycle. There is no permanent status for upstarts re- ballot access and the process must be repeated in every election. Only the uniparty has automatic, perpetually guaranteed ballot access.

For that reason I regard "both" parties as irredeemably corrupt, and any politician who joins them becomes corrupt in the process of being elected again.

In a speech in Moscow a year or two ago, Putin was describing the power that has the West in its grip. Then he appeared to go off script and said, “Believe it or not, these forces in the West would sacrifice Israel itself in order to achieve their goals.”

Now, that’s an amazing thing to say.

First, it means he understands completely who his enemies are—the Khazar Jews his people have been fighting for more than a thousand years.

Second it means that he understands that the enmity of the Jews springs from something deeper than the Jews themselves. In other words, kill every last Jew, and the enemy is still there waging the historically verifiable war it’s been waging against humanity for 2500 years.

Third, it means Putin accurately grasps the nature of the end game—the complete permanent enslavement or extermination of all humanity. Deuteronomy spells it out in black and white.

Here’s the most important book written on the subject I’ve ever come across. Ron Unz, bless his heart, has an HTML version on this site. It is a monumental achievement and has the explanatory force of genius.

The Roman fasces, which Mussolini borrowed to name his movement, were the symbol in ancient Rome of the absolute authority of the state. They were the bundle of rods the lictors carried and used to push people aside when the Consuls were traveling through the streets.

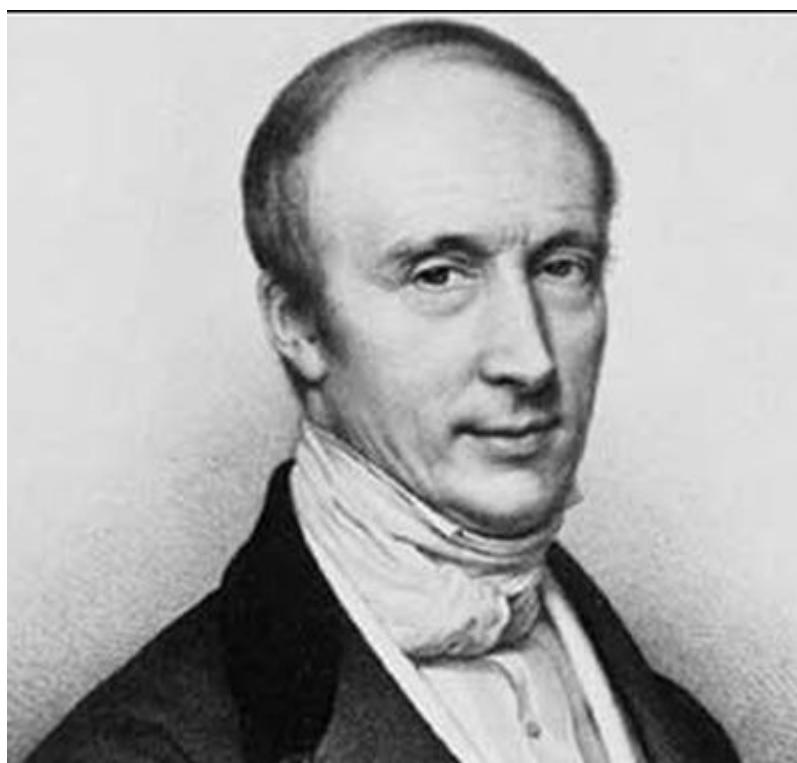

Interestingly, you will find bronze fasces on the wall behind the Speaker's Podium in the US House of Representatives chamber of the US Capitol. You will find fasces at the Lincoln Memorial, in Washington, where Lincoln's seat of state bears the fasces on the fronts of its arms. You will find two large crossed fasces composing the insignia of the National Guard, creating a huge "X" superimposed upon an open-winged eagle. You will find fasces on the back of the old US Winged Liberty Dime, minted 1916 – 1945.

A case can be made that this nation's Founders were most interested in creating a regime, like Mussolini's, which would guarantee for their class the unrestricted ownership of the vast natural and human resources of North America. Like the Roman aristocracy, upon whose republic they modeled their checks and balances system of government, "libertas" meant to them the freedom of the "best men", the old Roman Optimates class, to own and exploit property without interference from the lesser classes.

Of course, competition is illegal precisely because they know they would lose. East vs. West Berlin.

However, competition is also illegal because voters allow them to get away with making it illegal. What if Stalin is like, “Build the wall,” and they go all anti-Trump on him? Oops. In extremis you can do the Amish thing – it clearly works. They just don’t.

They prefer tyranny to freedom, and they’re getting what they desire. Demand is already met by supply.

The Bible told you that the best thing to be is a Jew...the Chosen!

So you're the Chosen. Those universally hated creeps jewing for thousands of years before Christ? They're not the real Jews.

You're the real Jew. Because you're special...your momma even said so!

Black Israelites are confused but you've got the truth, because you're smart.

Now apply your brilliant deductive skills to one question. Why is your North star a fictional character in a book of lies written by kikes?

There is something more dishonest and useless than the village atheist. That's the village Bible Boy.

If you can apply your philologic erudition to something other than The Scriptures, read this:

Mr. Moore, I apologize for intervening here, but...

The first description of a Great Satan (leader to talmudists both ancient and modern) is “destroyer of nations”.

Nations (as distinct from “states”) are founded by congregations evincing a common culture that is invariably animated by an aggregated, consensual fealty to God.

((Jews)) constitute a godless mass, and by admission eschew commitment to any nation, even one of their own making (albeit never ventured).

As for Moses, the only Hebrews who preserved and obeyed the law he transmitted were the Samaritans – a righteous deviation earning them the vicious enmity of post-exilic and talmud-bound Pharisais from circa 600 BC forward, but a virtue enabling the mountain people of Samaria readily to recognize Jesus of Nazareth as Messiah (as demonstrated by Christ speaking with the woman at Jacob’s well).

The ((Jews)) will not go into any good night, quietly or otherwise, unless they are indeed excised from the future’s history. And in the process, their legacy must be thoroughly shit upon.

Ten thousand in Paris is no big deal. That it went without incident tells you that the French govt regards them as a negligible threat to its power, yet useful to make Moscow have qualms before nuking Paris. The *Reichskonkordat* was the first international *treaty*, not “law”

(that distinction goes to the *Gesetz zum Schutze des deutschen Volkes und der*

deutschen Ehre, banning Jews* from positions “of public interest”

i.e. public service, teaching and media).

Ironically it is still in force in Germany and Austria (where every other

“goal of the former NSDAP” is anathema); the prehistory of it goes back to

Josef II who nationalized the estates of the “contemplative” i.e. otherwise useless

(= who did *not* run hospitals, schools and the like on the side)

Catholic orders in exchange for financing the Church’s everyday expenses,

and this fund was running out.

*It expressly exempted Jewish frontline fighters i.e. was narrowly tailored

towards communist agitators, but it sounds minimally-invasive and very useful.
