Nelegitimní prezident Joseph R. Biden slíbil Volodymyru Zelenskyymu „podíl ve Spojených státech“ jako odměnu za to, že „udrží kurz“, podle zvukového záznamu ruského Federálního úřadu pro služby (FSB), který získal krátce poté, co Bidenovo falešné Air

Force One přistálo v pondělí v Kyjevě. ráno. Neohlášené 5hodinové mezipřistání se uskutečnilo bezprostředně poté, co zločinecký prezident se svým doprovodem navštívil Polsko.

Zatímco zločinci Biden a Zelenskyj procházeli zlatou kupolí katedrály svatého Michaela, prezident Trump na Floridě obdržel naléhavý telefonát od nikoho jiného než od Vladimira Putina, který řekl, že tajní agenti tajných služeb v Kyjevě zaznamenali „hrozný“ úryvek rozhovoru, který Trump musel slyšet okamžitě, řekl zdroj z Mar-a-Lago Real Raw News. Na něm muž znějící jako Biden řekl: „Víš, kamaráde, pokud vyhraje, získáš podíl v USA. Je to všechno o udržení kurzu a my uděláme vše pro to, aby se to stalo,“ na což Zelenskyj odpověděl prostřednictvím překladatele: "Nic menšího bych nečekal."

V druhém konverzačním fragmentu Biden řekl: „Mluvil jsem s [německým kancléřem Olafem] Scholzem a [francouzským prezidentem Emmanuelem] Macronem. Jakoukoli pomoc, kterou vám pošlete, si necháte. Jen nezapomeň dál připravovat to ‚cukroví‘, příteli.“

Candy je Bidenovo kódové slovo pro adrenochrome, farmaceutický amalgám nadledvinové tekutiny vysátý z vyděšených dětí a syntetické opiáty, jako je fentanyl a oxykodon, a základní produkt mezi elitami Deep State, kteří tvrdí, že prodlužuje život, posiluje smysly a zvyšuje sexuální zdatnost. Putin vede válku proti výrobcům adrenochromem na Ukrajině.

Trump se Putina zeptal, proč jeho muži nezatkli nebo „nezabavili“ Zelenského a Bidena na místě a nezabili tak dvě mouchy jednou ranou. Putin řekl, že jeho dvoučlenný sledovací tým se nemůže rovnat Bidenově a Zelenskyjovým společným bezpečnostním silám, které, dodal Putin, zahrnovaly nejméně 50 těžce ozbrojených amerických žoldáků.

„Prezidente Trumpe, máme mnoho společného; ty miluješ svou zemi a já miluji svou. Tito démoni chtějí globalizovat oba naše národy. Jejich jediná věrnost je pedofilům a těm, kdo nabízejí nejvyšší nabídku. Ten zlý, Barack Hussein Obama, prodal velkou část vaší země Číně a jeho otrok nyní chce prodat zbytek. Pokud přijdou do Ruska, neuspějí. Rozdrtíme je,“ řekl Putin Trumpovi.

Trump uznal obavy a odpověděl: „Chápu, a my tady tvrdě pracujeme, velmi, velmi tvrdě, abychom napravili všechny škody, a byly to velké škody, jaké žádná země nikdy neviděla. Víš, že si musím dávat pozor, co říkám.“

Náprava škod byla odkazem na zatýkání a popravy Deep State, řekl později náš zdroj.

„Obdivuji mnoho vysokých budov ve Spojených státech a vaše v New Yorku. Byla by škoda, kdyby Biden z jednoho vypadl,“ řekl Putin v narážce na záplavu pedofilů proti Putinovi, kteří záhadně padali ze střech nebo z oken. "Tyto věci řešíme jinak."

Na závěr náš zdroj řekl, že Putin poslal Trumpovi kopii zvuku, který byl předán kybernetickému velitelství americké armády k ověření.

I'm making \$90 an hour working from home. i was greatly surprised at the same time as my neighbour advised me she changed into averaging \$100 however I see the way it works now. I experience mass freedom now that I'm my non-public boss. Everybody must try this job now by just using this website..

What a relief it will be. We will be able to speak properly to each other! Whew! Glad I made the cut! LOL

There's a ubiquitous misconception that I ban people for disagreeing with content. That's an oversimplification. For example, in this article, numerous people in comments said Trump couldn't have responded from Florida because he's hidden "under the mountain," a reference to NORAD. Our sources say different. Do I ban people because they heard something elsewhere? No, of course not; that would be petty.

Do I remove people who continually level profanities against other posters, despite having received numerous warnings. Yep, I do. Freedom of speech is not the same as freedom of idiocy.

Do I remove doxxers? Absolutely.

Do I remove people whose IP addresses trace back to Washington, D.C., or other known Deep State enclaves? Well, that depends on what they say. Although I know some are Deep State agents, sometimes I find them humorous, but I do ban them when they cross the line.

This website is a labor of love, but it is also a business, which I have a right to protect.

Exacto Sr. Saque toda.que solo basura opinan,UD,siga con valioso trabajo que hace.

I agree. And as this is my site, I am the final arbitor on judging idiocy. I've given many people a lot of rope.

I have a question about Buck Fiden. It's your call certainly. Did he just go away on his own volition or was he banned?

I've been following your reports for the past 3Years Michael.

Thanks for all You've done Patriot!

God bless you and God bless America ❤️

Please consider enhancing your banning criteria with the following additional polices:

Instant banning on sight of post:

Make Money Fast posts. These are as old as the 'modern' internet (1993 –) and could lead to identity theft, stolen money, malware, or worse. Posts using redirection links to 'hide' the landing page. This could be used by (paid) trolls to lead readers to sites talked about here: https://en.wikipedia.org/wiki/Shock_site Somehow, you will have to get a 'complete' DNS/IP address list of redirectors. In the past, I've seen 'legit' domains like Google (I think) that had a redirection service. I hope they and other reputable 'big name' sites don't have these anymore to avoid trouble and besmirching their brand. Posts that attack the parent poster AND NOT the parent poster's ideas in a proper debate fashion. If the reply poster doesn't offer true/plausible counterarguments at all in their reply post, consider banning them so they don't waste server space by being 'repeat offenders'. Conditional banning:

Off-topic posts. If these posts are not tenuously connected into the whitehat/intel/truther movements in some form or fashion, consider banning them. For example, a post containing the latest Hollywood gossip would be a waste of time and space to post here on RRN. The exception to this would be posts about people who work there who have run afoul of the law—some of which who have been detained and/or dealt with by JAG as reported by RRN. Politics/Religion posts. This is a touchy subject. The best course of action would be 'anything goes' until a poster would be subject to banning when they start to attack other posters instead of the other poster's ideas, wherever they come from without offering true/plausible counterarguments of their own wherever they come from. (Paid) trolls can downvote such posts anonymously and 'get away' so you must weigh the option of asking posters to not make

politically/religiously charged posts here on RRN or disabling the upvote/downvote system as you have temporarily in the past when you changed the website format. That is all I can think of for now. There could be more.

Yes, absolutely ban those who post in attempts to make money for themselves off of Michael Baxter's efforts. Michael is the website owner & creator and is thereby the only one who should use this website to make any money.

I also wholeheartedly endorse removal of off-topic posts. They are a waste of other people's time, as they scan comments looking for viewpoints pertinent to the article.

We love you mr.baxter keep on keeping on sir I send you lots of respect and admiration.please keep up the good fight I truly believe that God is on your side semper fi

No worries, Michael. You are doing an awesome job of running this site and it is obvious it is a labour of love. I would protect it too if I were you.. Also, I think by giving us some truth here you are doing God's work. Blessings to you.

Statistics show people that swear are more likely to tell the truth than hiding their bullshit behind their fancy words

I often get 'awaiting approval' after posting. I couldn't post for many mths, but now back wi new ac + name (used to be alek ho). Guess I didn't make the cut...no hard feelings. Next time if have a msg of exhortation – by the will of God – I'll try to post again.

I guess Buck, OWD + TracyLee were removed due to their continual leveling of profanities against other posters, despite having received numerous warnings? I may b wrong. Just wondering.

Oops I just asked the same question above. Wonder if Buck is literally in jail somewhere.

He did say at one point that he was in an institution, and if he wasn't behaving they would confiscate his laptop. Although he had a detestable foul mouth, he didn't seem like a liar.

I think Leslie & Mark David have done a good job for MB – by getting rid of M Mouse. I thought he was a nuisance, espcl during his last few postings. I may be wrong.

MB, you're doing a fantastic job at keeping us abreast of what's REALLY going on behind the scenes. I tell my conservative (as well as lefty sheeple) about your site; some believe others...well ya know.

Keep doing what you do for us, it's much appreciated! 😊

It was lately he just flipped. I feel bad for sticking up for him now, however briefly.

Don't feel bad for sticking up for him, you did what you thought was best. Somebody got to him and offered him something to flip. People don't flip for nothing.

Extreme thank you to the man of the era who has the courage to continue to bring the TRUTH to the people!

Hallelujah! Good job. Too bad we can't ask Vlad to "remove" them for us. He would discourage further incursions by such vermin.

I have noticed that the forum on here has been much more enjoyable to read, and have also noticed the absence of a couple of them or prolific troll turds. Thank you, Mr. Baxter!

Are "shills" people who don't believe these stories? Are you seeking an echo chamber of child-like readers of your comic series?

You gotta know yer doing a damn good job, & right over the target, when you get heavily trolled.

We love hearing this MB. Your reporting keeps many of us going. Thank goodness the Trump Rally's are starting again. Gives us more Hopium & may take a bit of pressure off of you.

Thanks a lot! They didn't keep me away, but I did NOT enjoy having to be exposed to all that b.s.

Sure looks like it. That troll was here under many names, but his writing vocabulary and diction always gave it away.

Edited for spelling.

Can you please remove DELAVIC? And anyone else on here who's pitching their money-making schemes. Thanks.

I sure hope this "movie" ends soon. I just don't know if i am going to be able to make it to the end before I explode with rage! I want so bad to take a machete and baseball bat to all these deep State PEDO traitors!

In today's Ben Fulford report he is citing the Italian P3 freemasons and Mossad as saying that Zelensky was recently killed on orders from the Italian P3 freemasons.

The only "stake/steak" Zelenskyy will ever get from the U.S. Gov. will be his last meal at GITMO before his EXECUTION! 😄😄😄

Joseph R. Biden is dead.

Wtf is pretending to be Biden, and when will some national "influencer" ask this same question, publicly?

I posted several posts of other news articles proving things I have been saying but they all are being blocked some reason it doesn't matter if you won't listen to my words, you won't listen to anything else I tell you. I will say this one last time and I am never coming back on here again if my mind doesn't change. Jesus Christ has shown me several prophetic dreams and prophecies visions. of a

horrible war happening here in America I seen mass starvation civilians and troops I seen cannibalism happening it was so bad I seen America divided and being taken over from all sides by more than a dozen different nations China was one of them the brutality and cruelty these nations were doing to Americans was horrible this war started after nukes hit America and Russia I asked Jesus can this be changed he said yes if they will listen to you it's been more than 10 years and I have been warning people and to this day maybe a few dozen are listening many have made fun of me and mocked me and God in doing so cause the words I was telling them was from God so really they were making fun of God , now I am at a point to where I have warned and I feel people's hearts were to stony to listen they are arrogant and they believe cause the way things seem that what I am telling is a false prophecy well there wrong I see the signs continually happening and leading up to what God says is going to happen so now I feel like I have tried hard enough I have literally and am literally putting my life on the line my families warning you and you are making fun of me in doing it I feel like God says it's enough they won't listen you warned them so what's coming upon them will be like a flood then they will see , there is many false prophets out now days telling people things are going to be real good for America soon , that is not what I have been seeing I have been seeing American cities turned to rubble and on fire protest killing rioting from one side to the other invading forces taking over America after a nuke attack from more than a dozen nations staking clam to parts of America and dividing it up Americas only chance is if they turn from there sin repent and again become a Christian nation again God said he would spare them if they did this by a certain time he may not still spare this nation but he will the Christians this nation is and has been a mystery Babylon and has spread great evil from one end of this earth to the other witch craft homo sexuality incest pedophilia gambling adultery fornication porn human trafficking drugs they have corrupted the hearts of billions of people and have cost millions of peoples souls to go to hell , you think God is overlooking this great

evil our nation has committed and still is committing to this day 24-7
sorry people no just like Sodom and Gomora America has become
just as evil more evil even real true Christians are persecuted here
now and ran off out of churches and towns I personally have been
ran off out of 5 churches for doing nothing more than reading the
original king James version bible and preaching the whole word of
God the media internet and books and schools vilifies us and
weaponizes the public against us even the people ruling over this
nation does you think America is going to save themselves from Gods
punishment by defeating there mortal enemies sorry it's going to
take more than physical ware far to save a nation that has become in
my eyes one of the most sinful nations on this planet a nation evil as
ours spiritually there has been a great falling away of the Christians
and most the only churches that have great numbers of people are
prosperity preachers who refuse to preach the true word of God most
wont preach about sin or hell because if they did that they wouldn't
have any members if you don't preach to people about sin and hell
they can't make it to heaven to know how to live holy and make it to
heaven the American churches are full of ravening wolves false
Christians and false prophets teaching false doctrines this is not me
making fun this is me telling you what I have been seeing while I
travel and preach , god says without holiness no one shall see God
there not going to heaven and if people don't preach about sin and
tell people how they are not to commit sin or they will go to hell they
will not know how to live holy the music is unholy the preaching and
teaching is false doctrines the singing is unholy in many many
churches have become a place of custom more than a place where we
grow closer to God and live for him **AND HELP OTHER LIVE FOR
HIM TO** people aren't even living holy you know how you know
because the holy ghost is not moving nor is the spiritual gifts working
that tells you they aren't living right churches feel like funerals more
than the house of God people can't even pray for you in a lot of
churches why because they know they can't do anything cause sin in
their lives all week long they sin then come to church looking for

people to carry them America our churches are in a mess there taring each other to pieces with jealousy rivalry covertness envy exaltedness high mindedness proudness it has gotten so bad they aren't even preaching from the bible anymore churches have become stagnant the people are becoming spiritually as the walking dead they aren't alive in Christ when I was little we had church services that lasted 6-7 hours we had church 3 or 4 days a week or more we had revivals that lasted years and you continually heard praise reports of people being healed of cancer after the doctors gave them up and other sicknesses and people having demons casted out of them you know how long it has been since I heard things like this from other people I know a preacher who was ran out of a town for preaching in a church in a small town in America the cops ran him off the people were throwing things at him and threatening him some were trying to attack him , also I've heard from that same preacher he told me he preached in a church and they ran him off in that one cause he told the elders in the church they are committing adultery and great sin , what were they doing telling young new converts they had to have sexual relations with them every week to be Christians this is very evil another church a man who was a preacher came back and gave his life to God and did nothing more than get up and preach truth to a church that was preaching lies and false doctrine members of that church followed him home and killed him and his whole family .my point is this America is in big trouble American churches are in big trouble and there is a lot of pastors preachers decons and elders in big trouble in this country .

Sir, I'm not nit-picking at you. But you do need to learn to use punctuation and other grammar skills so that you can put your message forward In a way that others will understand better.

I am going to warn everyone before they start, I am a Christian preacher a prophet wither you like what I post or not you better be careful who you make fun of because not all words I type are mine some many are from Jesus Christ and other prophets. one of the

most dangerous things a man can do is make fun of a prophet or Christian. I have seen and heard of entire churches of false Christians God wiped them all out because they made fun of his prophets and preachers and blasphemed the holy ghost. within a month one begged a preacher they made fun of and ran off they begged him to come back a entire Neiborhood almost every home except for 1 had people who God killed people think God doesn't punish still yet are being fooled , I know a man his own words who was making fun of a preacher man I don't even think he was a prophet and while the words were coming out of his mouth of making fun God spoke loudly and God rarely does that and said very clearly if you speak even one more word I will kill you and all those in this vehicle mocking and making fun and I will throw you all in hell and you will burn for eternity . God says in his word I will not me mocked , kids made fun of eli in the bible God sent down bears to rip them to pieces and devour them this is just examples of how serious a thing making fun of God or his son or any of his children and defenantly the holy ghost is, if you make fun of the holy ghost you cannot be forgiven you will go to hell for all eternity no way out of it .

ALL THE FACTORIES & PLANTS INTENTIONALLY BURNED DOWN AND TRAINS DERAILED IT'S NO DIFFERENT THAN SEVERAL NUKES HITTING THE USA LITERALLY GERMANY DID THE SAME THING TO ENGLAND IN WORLD WAR 2 AND ENGLAND AND THE US DID GERMANY HERE IS WHAT IT WILL LEAD TO IF NOT STOPED ENTIRE CITES WILL BE RUBBLE ALL ACROSS THE USA AND MILLIONS WILL DIE OF STARVATION

O”Biden going to Ukraine is a sign that patriots are not in control or he’s got a death wish.

And Trump asked Putin why his men didn’t arrest or “deal with” Zelenskyy and Biden on the spot, killing two birds with one stone. Putin said his 2-man surveillance team.

Why hasn’t our men arrested ‘shit for brains” they have had many opportunities. But they got the law of war thing that ties their hands or excuse not to. I’m getting political ads to donate.

I’m not taking the bait any more I got to pay off my credit card. I bought TRB stuff I wish I bought silver rounds in stead.

I would not donate to any Rinos. Winred sold my info far and wide. They will never get another penny from me.

I found it very humorous that the Diaper-In-Chief had to go out there to the radioactive s**thole of Ukraine inspire his minion to keep producing their “product” – I hope Putin obliterates every single lab they put up. Loved the falling out the window comment!

Me too! I do wish Justice could be swifter and more visible. I am grateful for Real Raw News.

Size of China’s navy may be closing gap on US fleet but what can the PLA do with just one overseas naval base? THEY’RE USING STOLEN TECH GAVE TO THEM BY TRESONIOUS TRAITORS AND TECH THEY STOLE BY HACKING AND SPIES TO GIVE THEMSELVES An EQUAL BATTLE STRENGHT LIKE I SAID THE COUNTRY WITH THE BIGGER FORCES WILL WIN THE COMING WAR AT LESS ONE OR THE OTHER HAS SUPERIOR AIR POWER CHINA IS TRYING TO BECOME THE NEW MILITARY BRANCH OF THE DEEP STATE AND THE NEW AMERICA ECONOMICALLY TRUMP STOOD IN THE WAY TILL NOW

https://www.scmp.com/news/china/military/article/3125171/size-chinas-navy-may-be-closing-gap-us-fleet-what-can-pla-do?module=perpetual_scroll_o&pgtype=article&campaign=3125171

Biden or any other president has the authority to give anyone a stake in America. The life of me who in the hell is running this country. Lock these criminals up, why are we playing around while they destroy the country. I will not give one politician a dime who sits on their thumbs and do nothing. This country bends over backwards for foreigners, while Americans get booted. Enough is enough !!!!

Washington DC Swamp is basically Jewish Ghetto (“people of color”) rising out of the #JohnsHopkins #GU and #GWU campuses. (Center of global prostitution and pedophilia.)

They produced 4 new religious wars and 1 new genocide in #Yugoslavia for #NATO (#Pope.)

And that is how Swamp people make new jobs out of NATO Corruption via Gender, “Race,” and Ethnicity Brzezinski Albright Ideology (post Cold War.)

Military Tribunals on Genocide and Atrocity Junky scholars and journalists overdue. They already invented “Holodomor” (or whatever the name) of alleged Genocide in Ukraine which never happened. Idiots even built a monument.

Never forget #Srebrenica and #Sarajevo.

Uh, how many people died in the Holodomor? Anywhere from 3,000,000 to 12,000,000 killed. The Soviet Union long denied that the famine had taken place. THEN WHY DID THEY DIE? Survivors have no reason to lie about their family members and friends dying from a man-made famine.

That many people just don’t die for nothing. Witnesses and photographs corroborate that fact.

That’s like saying the VAERS database listing the excess deaths from the clotshots are fabricated. Then why are so many people from every demographic dying, especially healthy people who were never even sick before they took the vaccine? If it’s not a medically-

ordered genocide on the part of the Illuminati/New World Order/Rothschilian domain, then what is it?

That many people cannot be dying for nothing when the numbers are over and above normal death statistics. Think about it.

Just remember ladies and gentlemen. We are living out a movie. Don't get spun up. This is God's plan not man. Feel grateful you're alive to watch history being made. You will be able to explain to future generations what you lived through so this never happens again
Blessings to all we are close

Sometimes I don't understand trump he wants Putin to take care of getting rid of the fake Biden as if it's his responsibility why doesn't he do something here in America why does he let him send billions of dollars to the Ukraine why didn't the military arrest him at the state of the Union at Tyler Perry's house?

From what I have read, there were plans in place to arrest all of these people at the fake inauguration, but the Deep State were in possession of 23 dirty nukes which they said were planted in major American Cities and that they would start setting them off. The white hats have recovered all but one. One of them was on the Green "something" ship that was grounded in the canal. Remember that? Code Monkey used to talk about radiation sniffer planes that were over cities. I don't remember where I read it.

Sniff-sniff, smell United Nations Blue Helmet Troops poised to roll on American soil hence: "promising a stake".

Many video's of armament such as, tanks & humvees moved on heavy rail across country, seen on social media. Suspect armament getting different paint job with UN insignia.

Lock & Load, SHTF imminent.

Yeah, come on over zelensky. You have a stake and you're booked . . . at GITMO!

We're going to hang you and there's not a damn thing criminal clone biden can do for you. Come over.

Try us! We're going to hang your ukrainian A double ess.

If he's not sniffing or molesting, he's selling us out. Seems to be no limit to his treason and no price he has to pay for it.

has anybody heard what is going on with the Bronson case and our lame-ass treasonous justices what them tweezing is bastards have decided

Today is Monday following the 17th on Friday. It was expected we might hear something today. Nothing yet. I have high hopes for this, & encourage everyone to write to SCOTUS right now in support.

In a second conversational fragment, Biden said, "I've talked to [German Chancellor Olaf] Scholz and [French President Emmanuel] Macron. Any aid sent your way is yours to keep. Just don't forget to keep making that 'candy,' friend."

Candy is Biden's codeword for adrenochrome, a pharmaceutical amalgam of adrenal fluid siphoned from frightened children and synthetic opiates such as fentanyl and oxycodone and a staple product among Deep State elites who claim it extends life, invigorates the senses, and enhances sexual prowess. Putin has been waging war against adrenochrome manufacturers in Ukraine.

These American mercenaries have no idea how much they have betrayed We the People by protecting these dirtbags. Remember what President Trump said about dealing with traitors?

Keep after the traitors, Presidents Trump and Putin.

Explosive work, Michael, thank you. Please continue the updates.

"American" mercenaries are no longer American as far as I am concerned, they have renounced their citizenship and I hope they are all dealt with as enemy combatants.

deep state Biden has given china control over our internet and electronic power grid , and don't you think it is strange how chinese people keep coming to America and opening Chinese restaurants getting funded by the ccp and deep state I believe they are planning to attack Americans before they invade us by putting poison in the food hundreds maybe even thousands of stores, they run grocery store restaurants. they can kill tens of thousands of Americans that is not to mention the ones working in food plants that's not only to mention all the other people flooding over the boarder who are deep state who can be doing the same thing.

Many, many of the people who have crossed our Southern Border were funded (for their trip) by the UN. That scares the shit out of me.

this article sucks. why is any of this even germane to our situation? I'm starting to believe it's for the donations...ffs

Wow! Just as I thought. I figured the faker was going to pick up some "candy" because Putin had destroyed labs and a semi filled with adrenochrome to be shipped to the US. Great work, Putin!

Is the military too busy to get into all the institutions and stop the arm stabs and fake PCR testing or nasal swabs? I heard there was a plan but is it real or what? Is there an address and contact the public can have to turn in arm stabbers?

I am sure that Putin's forces could have taken out any security force that was present. I have a hard time believing there are that many mercenaries surrounding these two idiots!

- **There was no mistake when Supreme Court Justice Clarence Thomas's wife shared Q Anon Patriot Channel news:** “Deep State Judges in SCOTUS are in panic as they come closer to taking the US 2020 Election Case 11.” White Hats in SCOTUS are connected to Military classified docs and briefings. Panic in DC as Brunson Case makes MSM news and Trump gives approval. If the case doesn't make into the Supreme Court, don't be dismayed. Third time's a charm. Everything is setting up for national attention.
- **Brunson v. Adams** sought to remove Biden from the White House and reinstate Trump claiming lawmakers violated their oaths of office to support the Constitution by failing to investigate foreign intervention in the 2020 presidential race which rigged the election against Trump.
- **The case claims that defendants** Biden, Harris, Pence and members of Congress voted to certify the 2020 election after 154 members of Congress called to investigate.
- **If the Supreme Court Judges decided to pick up the case** and ruled in favor of the petition, it would dissolve the Biden Administration and all of Congress.
- **The petition** essentially said that the Biden Administration and Congress committed Treason by not investigating allegations of foreign intervention and Election Fraud in the 2020 Election.
- **“A rigged election** is equivalent to war since both put into power a victor,” argued the Plaintiff, “and therefore allegations of a rigged election must be investigated.”
- **The petition asserted that if the Supreme Court Judges** had been alerted to Acts of Treason (as they were by the filing of this Brunson Petition), and if they didn't do anything about it, then those Supreme Court members, too, could be considered part of that Treason and therefore would be subjected to the resultant penalty for Treason – Death by Hanging

- **IF SCOTUS Rules to hear** the case it leads to military intervention and proves there was Foreign interference in the US elections and foreign occupation in the United States that has captured the government at the highest levels.
- **IF SCOTUS does not rule or take the case...** It still leads to military intervention and proves there was Foreign Interference in the US elections and Foreign Occupation in the US that has captured the government at the highest levels. Either way, it's going Military.

A little off topic....4 days ago I saw a post that says "George Soros Compliments Ron DeSantis while Attacking "Pitiful" Trump. He says Ron DeSantis is "ambitious" but Trump is "pitiful"!! He thinks this would lead to a democrat landslide and force the Republican Party to reform itself....I guess he thinks it should be reformed into a copy of the democrat party. It's really close to that already. This was an article on "Trending Politics"!! Why would Soros be complimenting DeSantis if they are not friends? I guess it could happen....but it is very suspicious. Especially since DeSantis seems to have fallen out of favor with the White Hats. Just a thought or two.

It makes me less enthusiastic for DeSantis too; but I am pretty sure that Trump will get all the votes he needs in 2024. The question is – will we finally be able to overcome or stop the rampant voter fraud that has stole our elections from us at least 2 times now???

DeSantis is listed on the formal military tribunal rolls, with charges & verdict accomplished. I think that we are well & truly in a theatrical production, with unmasking coming soon. Further, a popular psychic chic on you-tube has said DeSantis is dead (tribunal/ treason). That this message is being put out there that way is interesting.

If George Soros supports him, that is excellent reason for us to NOT support him. The amount of damage that reptile has single handedly done to our country is immeasurable. His own country threw him out.

Pretty addicted to this evil drug I would say, needing to score real bad. Fly fako air force one directly to Kiev. To score. All on our nickle. some of you expect 2 Russian, agents to handle this. and they did very well to record it. And escape to report it. if you are this addicted to a drug, your sad downfall is going to come. President Putin caught and destroyed their fix. a mission, this had to be set up to run and pick up. Totally wreck less. Certainly and without doubt President Putin. could of had that plane shot down.....

Oooh my my 😂🤪😂🤪 can't stop laughing ...

While our damage is being agonizingly, slowly "fixed" it's destruction is being exacerbated much more rapidly as the Marxist Statist dems and Rinos continue their destructive "mop up" operation by simply sliding some fabrication of one form or another into place in continuity with razing every bit of our national foundations and constitution.

Thank you Michael for your work, when I am down I like to think of Obummers scared shitless face before the faux inauguration.

Was he really that scared? I thought Bath-house Barry was cheering him on along with Michelle. IMO it was Hunter and Ashley who were scared because they had to kiss their incest-aggressing father like a happy family for the cameras. surely they must hate his living guts deep down. But they have to keep up appearances for their father's beloved CCP agents and NWO handlers, I suppose.

Michael Baxter, when is this shit show movie going to come to an end? What is keeping the White hats from dropping the final hammer blow on these assholes.

We know our current President is an imposter, the real one has been dead for awhile now. We know Trump invoked the insurrection act before leaving office and we are now in a devolution of gov't situation.

It is also believed that Trump signed a P.E.A.D.. A presidential emergency action document which he can pull out at any time and end this. Why the delay?

Are the Cabal/Deep state holding something over our heads? A threat of a nuke in a major city? A very virulent virus to infect the populace?

Obviously the enemy is still in the game and I don't know why. Any thoughts on this?

thats why you need to dig deep.

ask who's pulling the strings yourselves.

there is a mole.

Michael is just reporting what is being told to him and he is working furiously to keep us all updated and fight the deep state's DDoS attacks because they hate him so bitterly for exposing the truth, especially when it involves military tribunals and executions of former POTUSes and high-level leaders that slept with the Rothschilian empire's pimps. Examples are Hillary, Gates, W, Podesta, Cheney and WJC

It's really hard work because many of us trust this news site better than the SSM and the controlled alt-media that has been tampered with and usurped by the enemy world order's agents. he double-checks and vets and cross references the info from his sources assiduously, which is not easy work.

He doesn't run the country and he doesn't tell President Trump what

to do and he doesn't tell President Putin what to do. He just reports what is going on.

I want this shit show over as much as everyone else. Put Trump back in the White House so we can get our country back and get back to work as normal, before the 2020 steal and the clotshot mandates took place and ruined everything!!

But like a good doctor performing cancer surgery, the doctor and his/her team cannot afford to leave any cancerous traces behind. **THEY ALL HAVE TO BE BURNED OUT AND SLICED OUT** so it never comes back. Then add the medicine to help the patient heal. This is for the survival of not only America but the entire planet. This evil is literally embedded globally in every strata of our society, which includes raping and killing kids and drinking the "candy" that Biden loves so much, and it didn't get there overnight. We can't do a half-ass job and let some traitors fly away, we have to do a complete job of arresting and executing and incarcerating **ALL OF THE TRAITORS, NO QUARTER GIVEN, NO EXCEPTIONS MADE EXCEPT FOR ACQUITTALS**, clean up this deep state mess, take down the Rothschilds like Putin did and eradicate the evil **WITH GOD'S WARRIOR ANGELS' HELP!**

Have you heard Phil Godlewski's reading of a Trump announcement that was to be made during the Super Bowl? Powerful stuff. It was not given as an EBS during the Super Bowl. It was given a quiet release thru a podcaster, because of, "Credible threat." At least the deep state cabal had to reveal a bit of what they still had up their sleeve.

according to what Jesus Christ has been telling me the road ahead is going to be a very very bloody brutal one for America if things aren't done fast and very soon. the white hats need to work fast and hard in all our allied nations to set it up to help them to where they will be able to help us if war breaks out on American shores. mark my words **THE WAY THINGS ARE HEADING THE NEXT WORLD WAR**

WILL BE HERE IN AMERICA AND IT WILL BE NOT TO FAR
DOWN THE ROAD JESUS CHRIST has given many Christians I
have been hearing from dream upon dream warning upon warning
saying it is coming soon! America is being played a Nieve fool.

I'd be careful if I was you on what I said wasn't God. And who I
mocked if I was you, I'm a prophet you're walking on dangerous
ground I've seen people struct dead by God that mocked JESUS
CHRIST and his children like you are doing.

Stay calm, things are being handled. When & if we are needed to
protest, it will be clear. Much drama is to awaken the sleepers. We
have been pre-warned it will at least appear to be an extinction-level
event. I believe it will not be. I believe it is then time for us to totally
keep our cool. Christians sometimes need to do a little bit more
listening to patriotic truthers, & less to pastors freaking everybody
out. We have changed the trajectory of where things were going.
Adjust accordingly. Where is your faith? Bring it. Game time.

at the rate this war is going, they won't be any Americans left in
America. or wildlife, or pets and the ones who are here will be slaves
to Forens who will be running our country and owning it. THE
WHITE HATS ARE FAILING Miserably you have millions of
Americans who can help you just have to ask. I've been warning you
about the trains for years that the deep state is using them to release
weapons on the population. so, are the fed ex jets also I've been
warning you that the trains are bringing Chinese troops and weapons
into America? and you have done nothing to stop it. don't let the
deep state bait you into going after things of low importance and
ignoring the things that are critical. China is our enemy. they are at
war with us they or their citizens shouldn't be allowed to own
anything in America. they used treasonous politicians to not only rig
our elections they also rigged our markets they used slave labor
against us and restrictions and regulations on Americans to make it
to where we couldn't compete in the global markets. they literally
forced us into poverty. and dept to China doing every dirty work in

the book they even stole our patents and hacked into our corporations and stole inventions and then made them with cheaper materials and undercut Americans. let's look at what China has been up to, they have been building massive bases on our borders and all across the world to replace America. they have been ignoring international border laws and hunting and fishing and mapping out courses in preparations for war they have been testing our defenses with subs jets and boats. they are the ones behind covid 19 , they released bioweapons on us chemical weapons on us and weather warfare weapons on us and direct energy weapons on us, they are the ones behind trying to take all Americans guns in preparation to taken over America so they in turn are the ones behind the mass shootings with the deep state they are and have taken over the WHO AND CDC AND UN and our schools with the deep state they are the new military branch of the deep state and china is trying with everything in them to become the new America economically and militarily they have taken over Hollywood and our biggest ports and they are taken over our land, they gave weapons to domestic terrorist and helped fund them. they forced our farmers to plow over their crops then mow them over again and they are euthanizing our live stocks...they are forcing us into the next great depression, but this time will be worse mass starvation will kill millions of Americans within 2 months there doing this again in preparations to overtake America and steal our country from us stalling and crippling our supply lines ships trains and trucks, they have been mass brain washing American's 24-7 also. have crippled maimed or killed our law enforcement military and rescue. not to mention thousands of Americans they have with the deep state. and they have been poisoning our food water and drinks and high Gen products all our products. they have been conditioning the men of America to be weak as weman and to think they are women they have been putting estrogen in our food to feminize the men of America. they have been dividing American families' communities and even our governments people. turning the girls to feminism to turn them against their dads

granpals and husbands and men in general. they are turning the children against their elders and telling them everything wrong with the world is their elder's fault, they are turning race against race religion against religion they are mass brain washing the youth to weaponize them against their own country and people. they are dismantling our military and law enforcement using the government and laws against the American people. they are giving our military equipment to our enemies obama according to the news gave Darpa to china and top-secret tech to them to put them on an even battlefield with America. doing so he made it a war of numbers. not of the one with the most superior tech when the war whoever's got the biggest military will win the war china and the deep state have been giving away all our oil so our military won't be able to fuel our equipment also they have been buying up all our scrap metals and destroying all our factories and plants, so we won't be able to use them or do what we did in World War 2 use scrape metals to make military equipment fast. they also have been buying up all our medical herbs in mass numbers. they have infiltrated all our allies to the same way they have been us and forced them into a bad position they have placed deep state anarchist and antifa blm and so on into all our allied nations so that when the war breaks out we can count on one thing they won't be coming to our aid cause the deep state and china will destroy any nation that tries to help us so no one will come to our aid , china and the deep state have also turn our medical hospitals into death camps and staff into mass murderers there is news articles I read a while back to where the leader of china demanded biden take our gun now , also other post were I read were he said when he invades America he is going to kill every man woman and child , I've seen videos come out of china were they are mocking us Americans calling us stupid Nieve they are already celebrating their victory they believe we have become so weak from them slowly choking us out that soon they will be able to invade and destroy us but right now they are destroying us from afar , and literally laughing at us while they kill our people and they are

celebrating our peoples deaths they said they won the chemical warfare against America china is right now mass brain washing their own people telling them every bad thing happening to them is Americas fault and they are literally throwing away massive ware houses of food they are starving their own people and then blaming America they are mass drafting young people and they are training kids in weapons guns and martial arts in preparations against us and the western world .

they have maime and killed not only citizens of America but our military to where they won't be able to fight literally it will kill them to fight blood clogs. among other highly Lethel things.

Blame that on Austin HE IS THE ONE WHO DEMANDED THE MILITARY FORCE JAB ITSELF TO DEATH — HE IS IN BED WITH CHINA, TOO, ALONG WITH MILLEY. MILLEY TOLD HIS CHIENSE COUNTERPART HE WILL NOTUIFY THEM IF WE GO TO WAR WITH CHINA.

Vice Admiral Crandall, do we have extra rooms at GITMO for these two losers, please?

xena you're telling it like it is I love when people tell the truth. I learn so much more. I didn't know that about Austin I did know general Milley is really bad news. he is doing a lot of harmful things to America.

God's got this, the White Hats said keep calm, no matter what it looks like. We will have tech we know nothing of to heal the situations. Believe, & stay confident, heartfelt, supportive of each other. Acting like a screaming banshee? Not helpful. Focus, grasshopper.

Just exactly what is a "stake in the United States" that criminal Joe Biden promised to criminal Volodymyr Zelenskyy? Pedophiles both.

Myslím, že Bill po 2. světové válce dostali nacisté podíl v USA.
Protože tam muži většinu času seděli ve WH nebo byli ovládáni
zmíněnými nacisty.

Založil a řídil CIA. Atd.

2. světová válka neskončila tak, jak nám bylo řečeno.
