Dva muži, kteří byli přistiženi při špionáži na majetku prezidenta Donalda J. Trumpa v Mar-a-Lago, byli poslání k výslechu na nově otevřenou základnu White Hat na Guamu, řekl zdroj JAG Real Raw News.

Jak bylo oznámeno minulý týden, Trumpova ochrana Delta Force si všimla nápadné černé dodávky zaparkované na Ocean Blvd. přímo přes silnici z Mar-a-Lago. Zdálo se, že okupanti byli zapojeni do mise maskování a dýky – měli parabolické mikrofony, drony, videokamery a další sledovací zařízení. Delta je zadržela pro „podezření ze špionáže“.

Podezřelí, řekl náš zdroj, jsou nyní ve vazbě v základním táboře námořní pěchoty Blaz na Guamu, který byl oficiálně otevřen 25. ledna 2023 pod kontrolou White Hat. Byli identifikováni jako Eric Scholz, bývalý zvláštní agent FBI, který v roce 2017 odstoupil z úřadu po obvinění, že umístil dětskou pornografii do osobních počítačů Trumpových příznivců, a Ira Hamutal, bývalý agent Mossadu, který má dvojí občanství Spojených států a Izraele. .

V době jejich zatčení tvrdili, že jsou „turisty z New Hampshire“, kteří podnikají výlet přes Sunshine State.

"Tohle nejsou žádní turisté," řekl náš zdroj. "Oba jsou bývalí zpravodajci, ale ne tak dobří ve své práci." Necvičili dobře, když viditelně parkovali svou dodávku před zraky tuctu bezpečnostních kamer – byli to idioti. Před odesláním do Blaz se je JAG pokusil vyslechnout na Floridě, ale drželi krok s tím, že jsme jen turistická kravina, což nedávalo smysl. Někdo najal tyhle hloupé idioty," řekl náš zdroj.

Na otázku, proč je JAG přiletěl na Guam místo GITMO, odpověděl: „Je nad mou platovou třídu, abych to věděl jistě, ale můžu vám říct jednu věc: buňky GITMO RSVP. Blaz, pokud vím, je docela prázdný.“

Hooray! Thank you Michael Baxter. We won't know how to act without so much push back for commenting. Once again thank you.

I'm making \$90 an hour working from home. i was greatly surprised at the same time as my neighbour advised me she changed into averaging \$100 however I see the way it works now. I experience mass freedom now that I'm my non-public boss. Everybody must try this job now by just using this website..

Yup now you and I won't be accused of being the same person any more...

Thank you, Mr. Baxter! This is truly a feather in your cap and I'm so happy that these asshats have been eliminated. Keep up the good work and know we're behind you 100%

Michael, where is the donation link. I'd love to donate again as before for your hard work but I don't see the donate link anymore. I know it takes a lot of time and effort to do what you do. I really appreciate your hard work and I think everybody else does also.

Michael is the above link correct? It says Michael Tuffin ? I'm using a my mobile phone. Please let me know. 🙏

Anything to do with Tim Allen's character in Last Man Standing? I thought maybe you were drawing parallels to you being the last man standing for the truth in news or something. But, that show came out after your adaptation. 👍

Just move your mouse and it will pop up for you to donate..Just about ever time I move my mouse I get an annoying pop up to donate..

You're doing a fine job. I enjoy you on Truth Social, too. Thanks for everything.

You're such a coward and fraud. People laugh at this site. Congratulations for "eliminating" me, clown.

Suppose that were true. Then it's of no interest to you. You're free to disappear forever from here & find greener pastures. Bye!

I don't think it would hurt to put the donation link at the bottom of each article. It may actually increase donations. Maybe worth a try anyway.

Go ahead in your next comment. And I'll look at it it and approveit.

I've posted more than one word comments and have tried to join the conversation and my stuff never gets posted. Don't understand what is happening. There are a bunch of replies below responding to other comments. Or did I miss something?

Definitely it was a dry run at Mara-Lago & it was done like any other stupidly planned event just like The French Foreign Legion Paratrooper one so close to GITMO!

Laurel and Hardy spies for rent..... also do house remodeling, decks, walkways, people spied on, politicians bribed, saloons emptied, tourists in bad taste, virgins converted and other services not mentioned....

FYI: Namesake of Camp Blaz.

Brigadier General Vicente “Ben” Tomas Garrido Blaz.

Brigadier General Blaz was the first minority general officer in the Marine Corps and remains the highest ranking indigenous CHamoru to have served in the Marine Corps.

Sounds like those two guys could get hired for a re-make of that 60's TV show F-Troop! Hope the interrogation reveals those who hired them. Work up the chain!

What happened to the offices and facilities at the Guam Naval Base where Dr. Birx was executed in July 2021 according to your report from April of 2022?

Why are there like 10,000 comments about blocking skills and NOT about the actual topic? I feel like I'm in the twilight zone with all these weirdo herd people glomming on to an irrelevant topic.

Because until MB took consistent, decisive action against them, this site was full of comments from fucktard trolls and skills. Everybody with an IQ above today's temperature was sick of their vacuous, juvenile prattle...

I see a great opportunity for a box office winner: “Dumb and Dumbest”. Reprieving their roles from “We're No Angels” : Robert DiNiro and Sean Penn”

After thinking about this for a while, I think this is a deliberate act of surrender by these two. Needing to make a sudden clean separation from the deep state, they displayed a “Three Stooges Act” to get attention and make it happen suddenly and decisively. Who knows whatthey really told their captors?

Or they could just be really stupid!

They were washout spies that could't make their grade, so they went "free agents" and botched the short lived adventure as "Contractor Spies", plus they fucked up their first big gig and they will get who hired them after it's sweated out of them.....

Censorship is still king now & even Fox News is even on board with their Globalist Masters being blackmailed or bribed in order to say what they are exactly told or else.

The approach was too obvious, so maybe a test of defenses, like triggering air defense radars. Or they may have GPS or other implants in their bodies – a good reason to keep them out of Gitmo. With current tech, it could be a hundred things.

If their method is to plant false evidence who will believe them for any real evidence? Would they be there looking to direct assassination to Trump once they figure out where he actually is? 2 things they repeatedly try and do is kill Trump and attack GITMO.

In this narrative, time travelers seem to be the boss of these wars. One from the year 2580 said earth had a stagnation and could not ascend any higher until they fix what went wrong with the satanic movement taking over the earth. Daryl James explains the reason for all this war and why there's a lot more to go. Which countries they will war on and take over 1st Mexico, then China and India. Super Soldier talk. https://www.youtube.com/watch?v=qon_PelVRyk

Retired FBI... Nah.. He knew better. Rolling with an Israeli spy too. These people are stupid

AZ QUOTES

Good to hear MB on finding the trolls and Shills. I hope my message can be posted now since I used to post and was shut out! Love you news and posts of what's really going on?

Michael, thanks for all you do to keep us informed. I recently heard that you have a channel on Rumble under the name the digital soldier, is this correct? Do you post on any other social media platforms?

Ah the first guests in GUAM... May their stay be brief and necks be stretched for the next group!

As I have said a few years back – “This is a spy movie for Dummies!” Grab a drink, some popcorn and/or snack, and a comfy chair/couch – enjoy the show!!

The horse symbol on the front of the NS locomotive is a “coat of arms.” It might stand to reason we were attacked by britian? The UK, NWO does not care about American soil. We have all sorts of foreign saboteurs HERE.

Could this have been some sort of distraction?? Idiots draw other idiots, may be Biden sent them out.

I wonder. GITMO is close and easy access for deep state assault. Guam is in the middle of the ocean and there is no sneaking up on it. Socialist Cuba probably isn't the best neighbor either. Could they

have opened this new camp to phase out or radically reduce the number of detainees, especially high profile detainees, at GITMO.

Diego Garcia would also be a good base for the White Hats, also in the middle of nowhere.

We own Cuba through the Magna Carter – What JFK used to get rid of USSR – aka missile crisis....

GITMO is here to stay as well as the other dozen like bases around the world.

I am amazed that they were able to drive from NH to FL and not get pulled over for no plate and no inspection sticker. 🙌😄 AMAZING!!

It would seem that many if not most on here support censorship. How American and freedom loving of you. The only thing I see going on is Agenda21- Agenda2030 being carried out with no opposition. Good luck with that.

Filtering off vile, antagonistic troll turds is not censorship. These troll turds seem to think THEIR rights can run all over my rights and the rights of the other patriots on here. As soon as they start infringing on my rights and the rights of others to peacefully review news and related comments, they are out of their lane and they need to lose their PRIVILEGE to even be on here.

You're another troll...

no one here either supports nor stated such BS... Time for you to go bye bye.

MB, do you really need so many arsekissers on here to keep you going? You are in the spotlight, you are the one given the responsibility to get the word out to the world. I take a lot of flak repeating your articles as truth and will continue so until we are all proven nuts!

Talk for yourself kid...

I've been part of exposing corrupt gov'ts all over the world for decades...

Big Tech censorship sucks...

Ha they get the dubious honor of being extracted to Blaz where they can be questioned more thoroughly with less distractions. Anyone who would plant child porn on an innocent person's computer should have been dealt with severely. Wonder if rsvp confirms gitmo is close to capacity.

Despite the fact that GITMO's been very much enlarged. I'd love to know who else is there awaiting a military tribunal.

I agree! Surely there would be greater repercussion to even an FBI agent, than being fired! He did it to a President or Presidential Candidate! I guess, the White Hats have been waiting for them to commit more serious offenses, patterns of offenses, to be rid of them for good & all.

I agree. That FBI person should have been in prison, but he was probably following orders. Now he gets to go down for treason.

Yeah, good! Set aside trollers. Thanks for reading some comments and responding to us too! Keep up the good work Mr. Baxter. I am an avid reader here. Even SG Anon believed your reporting as he mentioned an "accurate" word during one of his interview.

The best news is that GITMO is RSVP, sounds fully occupied! These two reminded me of the ridiculous KAOS agents if anyone remembers 'Get Smart'. Great work, thank you for the update! 🙏❤️

My guess is that the ira hamutal guy is Still mossad, maybe he 'officially' retired or resigned; but not really. Then they scooped up the ex-fbi guy with them.

Mossad – Ghislaine Maxwell's dad was Mossad. That's how she got access to all of these scum who ended up in her little black book and on Epstein's island.

I guess my non-trolling question and germane comment didn't meet the standards of the echo-chamber of nonsense here today.

Congrats, MB, you're eliminating all normal people under the guise of the removal of trolls.

How sad!

LGY, you don't sound like you are happy to be on this website. What are your intentions? Are you forced to be here, or is this the only way you can make a living?

Waaaah waaaaaah waaaaaah. Non-trolling. If. you classify yourself as part of the "normal people" group, that speaks volumes about what you think is normal.

'Gitmo cells are RSVP'...

Hmm,...

That concept checks with the, '50 thousand plus sealed indictments' claim that was being floated in 2017, by alternate media sources. This was while Trump first entered the presidency. Apparently, 50,000 sealed indictments were being processed at Columbia, SC's National Law Advocacy Center, and deep staters began being processed through Fort Jackson.

It would follow then that Gitmo was enlarged and stood up to accommodate the VAST numbers of deep state criminals, with RSVP reservations at the Gitmo Gateway to Hell Hotel. .

I love it.

Are you scared yet, you God damned wicked!?! You should be. There is NO HOPE in hell's torment. None.

Despite some of the complaints on this site that not enough is being done, for all we know we may be only getting about 1% of the information. Just enough to let us peek inside, but not giving away what's going on for missions overall. Patience is required.

Go back and read the article, both are "former", as in washed up hasbeens! That explains their clueless utter failure. There aren't very many bright bulbs in that despotic fixture!

But it also states someone had herd of them to higher them so maybe we will find out who hired them after they are busted they may give this information up in Guam just think about the one that hired them maybe knows they been captured.

I thought these two were dimwits and reading the other comments, it may be that they were plants to get to GITMO. They portrayed themselves to be really stupid sitting outside Mar-a-lago. I mean c'mon man!

They're trying SO hard to get into Gitmo by any means possible, hazarding increasingly dangerous life-threatening fools errands.

I love the white hats. I am so grateful for them. Some real men left in the world. Sigh.

Blaz is empty. These idiot don't need to take up space for those special folks that may swing.

Let's just assume for a minute any of these stories are true. (which i do not believe)

How long is the military going to wage this "war" without the knowledge and approval of the American people?

How are the “white hats” getting their funding, is the Xiden dictatorship and his military leaders splitting up funds they control? If the “white hats” control the military funding, why are they giving them to the Xiden regime to wage this war?

None of this makes sense.

Let’s also assume Trump gave control to the “white hat” military (which again, i don’t believe) is their mandate forever? At what point will they have to explain these skirmishes, executions, trials, prison sentences, etc?

None of us believe the corporate media is an actual media.

When will these so called “white hats” choose a forum, outlet, personality, or other entity to bring this information to the American people? Why is the “white hat” military given carte blanche to wage war without the burden of keeping the people who are funding this upraised and informed?

What is the end game of the “white hats” if they simply eliminate the ridiculous clones, and destroy even more silly clone factories? Isn’t this simply a treadmill that never ends?

What has or will be done by anyone about the obvious fake elections? How will a fake election in 2024 change ANY of this?

If you think I’m a “shill” or troll by posing this question you really need to look in the mirror.

Just keep believe that Shit for brains is your President and swallow the media’s blue pill.

And watch what happens

My dad was involved with DOD funding. There is so much money and so many routes it can go. Plus Deep State had until recently access to billions in black budget \$\$\$\$. They have run drugs and adrenochrome and have trafficked people for more money. They also

got all that money “for Ukraine.” Notice DS operatives are not only military but many different agencies, and these agencies have been militarizing for years. Plus they work with other nations’ militaries.

if you dont see the facts, the truth or trust the plan, then kindly fuoff. we have done the research and seen factual proof of everything. this is for those who have the eyes to see the truth. cognitive dissonance is what yo have

Actually, it all has been in the open. CIC Trump even told us...are you paying attention?

That’s fantastic that you have SEEN FACTUAL PROOF. Can you please share it with those that are a lot less intelligent. Please list the facts that are proved beyond doubt

Well, watch the movie with popcorn...timing is everything...the awakening is happening and the movie script is excellent...I see it.....

Information overload can be overwhelming for anyone. Personally, when all this began, I immediately started sifting through the gamut of information available and quickly discovered what connected and what didn’t, with LOGIC & COMMON SENSE at the top of my list.

Michael Baxter is not delivering inconsistency as found on the best supposed free speech/truth sites out there; he is consistent with others IN THE KNOW across the board – each one sharing what is supposed to be exposed by each integral reporter.

Yes Pastor the dots are connecting faster now I think. Each person contributes their input, all of us together.

Oh, We The People do approve. What is happening is justified responses against the predator class. Potatus and cronies have been waging a war against us, european peoples, other countries incl Libya, Somalia, Afghanistan, Syria, Russia etc for decades without our approval using our money.. War mongering, profiteering, killing innocent people, trafficking, being parasites to children, creating

bioweapons and releasing them one after the other. Only losers reveal their every move. Why don't you go pester your potatus and the swamp with endless what ifs.

Please do continue to post, agreement OR disagreement. It is Your right as a citizen of the United States of America.

If either side of the debate is too fragile to suffer the slings and arrows of well thought out questions from the opposition, that side deserves to loose the debate.

So just who or what entity do you think is going to provide the knowledge to the American people? Hmmm? There is still a significant segment of the US population who can't grasp the fact that the Mueller (Andrew Weissmann) investigation was a hoax from the get-go, nor the fact that the 2020 election was stolen. You expect them to be able to handle anything that RRN reports on? It isn't time yet. But, given the amount of time and energy you expend on this site, you actually DO believe what's going on here, and you're scared shitless by it.

The "silly" clone factories will be destroyed. They are the main problem. But of course you know that.

LGY, why do you waste your time on a site you deem to have no credibility? You have made some points I think are valid, but it appears that you used ChatGPT to express them.

At the top or bottom of your screen (depending on what type of device you're on), is an area where you can type in your questions. It's called researching. Very user friendly, I highly recommend as anyone worth their salt won't take one second of their valuable time trying to do YOUR work.

Have you not heard of the EO's regarding foreign interference in our election and Continuity of Government? You are in the wrong place. Start with the Federal Register and read the Executive Orders.

I am absolutely grateful for all our military and white hats. People don't realize all that they have done and even laid down their life for our beautiful country and continue to do. They are there when you least expect them. Thank you sirs. God Bless y'all...Actually going to live the Life that was started in 1960s where I had witnessed, I thought, death to a true American Dream...it was started and in my lifetime before I go, I get to see it finished and a new age happening, according to the true US Constitution...no longer a slave to city of London.

I have a feeling there are lots and lots of them. Maybe we'll be getting a full list later.
