Vyšetřovatelé JAG amerického námořnictva ve čtvrtek zatkli bývalé a současné členy Task Force Covid-19 zločineckého Bidenova režimu na základě obvinění ze zrady, uvedly zdroje JAG pro Real Raw News.

Carole Johnsonová sloužila jako koordinátorka testování od ledna do prosince 2021 a předtím strávila pět let jako vedoucí veřejného zdraví v Obamově Bílém domě. Byla také komisařkou ministerstva lidských služeb v New Jersey.

JAG, řekl náš zdroj, má důkazy dokazující, že Johnson tlačil na masové testování, přestože věděl, že obrovské množství testů PCR vracelo „falešně pozitivní“ výsledky, což přimělo miliony zdravých, ale vystrašených ovcí, aby uvěřily, že mají virus. Chybné výsledky uměle zvýšily počet případů Covid v zemi a pomohly podpořit impuls režimu volat po zvýšeném testování a častějším očkování.

Důkazy JAG proti Johnsonovi zahrnují usvědčující e-maily, které poslala ostatním členům Task Force, ve kterých přiznává, že 2 000 (z 5 000) výsledků testů získaných z místa hromadného očkování v Los Angeles v září 2021 bylo „chybných“. Napsala: „Bylo by na škodu upozorňovat lidi na falešně pozitivní výsledky. Podkopalo by to důvěru v testování. Je lepší nechat je věřit, že jsou Covid pozitivní a v karanténě.“ Tento e-mail byl distribuován všem členům Task Force a Kamale Harris, řekl náš zdroj.

„Pokud se to stalo na jednom testovacím místě, stalo se to na jiných. Testy PCR byly široce rozšířeny. A protože mohli lidem říct o nepřesných testech, znamenalo to, že pracovní skupina měla osobně identifikovatelné informace o každé testované osobě, a to je v rozporu s tím, co veřejně řekly CDC a Bidenova administrativa. Tato žena byla hrozbou pro společnost a byla vinna zradou,“ uvedl náš zdroj.

Vyšetřování JAG zadrželo Johnsonovou v hotelu v Paramusu v New Jersey, kde si pronajala pokoj s o 20 let mladší „hračkou pro chlapce“. V době zadržení měla v kabelce neregistrovanou ruční zbraň a také 20 gramů metamfetaminu. Byla údajně pod vlivem alkoholu a vyšetřovatelům řekla, že nemůže být zatčena, protože dostala imunitu před stíháním.

Když byla Johnsonovi uštědřena pouta, došlo současně k dalšímu zatčení o kousek dál v Morris County, New Jersey, kde současný koordinátor reakce režimu Covid-19 Ashish Kumar Jha, internista, který v dubnu 2022 opustil svou pozici na Brown University, aby se připojil k Task Force, pokusil se utéct před vyšetřovatelem JAG pěšky poté, co byl zahnán do kouta na parkovišti restaurace Casa Bella v Denville. Když mu vyšetřovatelé ukázali vojenský zatykač podepsaný viceadmirálem Darse E. Crandallem, Kumar Jha utekl uličkou, ale zakopl o vlastní boty a spadl do hromady odpadkových košů.

Náš zdroj řekl, že Kumar Jha vykouzli více lži o Covidovi než kterýkoli jiný mluvčí režimu. V březnu 2022 řekl, že Covid se vrátil s ranou a ohrožuje miliony školáků po celé zemi, a vyzval administrativu, aby nařídila maskování ve veřejných školách po celé zemi. I když tento mandát nikdy nezapustil kořeny, stále úpěnlivě prosil své vrstevníky, aby se postavili na stranu jeho protiústavních hodnot, a trval na tom, aby také oni žádali o obnovení blokování a maskování mandátů. Ten šílenec řekl, že Ameriku před Covidem a Donaldem Trumpem mohou ochránit pouze mandáty.

JAG říká, že Kumar Jha a jeho spolupíklenci spolupracovali s ředitelkou CDC Rochelle Walensky, aby obhajovali uzamčení v roce 2023.

"Máme věcné důkazy proti této vůli, které jsou k dispozici u vojenských soudů." Veřejnost zná jména jako Fauci a Collins, ale mezi zločinci Covid patří lidé, jejichž jména byla pohřbena v byrokracii. Jsou jich tam tisíce," řekl náš zdroj.

I look forward to seeing these DC criminals hang, especially the POS SecDef, who continues to kill American Military Members with the “vaccine”.

Here is where Ashish Kumar Jha tripped over his own shoes:

Klutz.

The favorite whine of all, “I was promised I would never be charged!” You are about to swing from the noose!

Hang them all by the balls. The public should have the authority to randomly drug test EVERY government employee at any time.

Before the next off-shore controlled enterovirus global emergency takes place, after WHO General Assembly is over, Jeremy Farrar needs to be video-taped receiving pangs of celebrities on GITMO gallows, while feeling a cold gun pressed against his forehead (Dick Cheney effect). It might prevent widespread mandatory lockdown and other crappety crap. Save others with fear says the Holy Book.

Zha got a lot of TV time. He certainly influenced many people in a bad way. Awesome news. The daily dirtbag roundup continues.

This is great news. And hopefully those thousands will also be arrested in due course. No escape for these criminals.

Don’t miss Bonny Henry in Victoria, B.C. Canada and Deena Henshaw in Edmonton Alberta, who now has a contract in Victoria. They both pushed lockdowns and vaccines and masks.

Another step in the right direction of justice, and another piece of the puzzle being put into place. Some day it will be all put together...

It’s a zero sum game. If these tribunals are NOT happening, we’re sunk. J.O.S. has said that tribunals in Gitmo will commence this Spring. Of course, Senor Boots is like wrestling with smoke. The [pretended] condemnation of RRN by all the patriot sources has been nearly universal, but Senor Boots has been the quietest about it. All a show. My bet is on RRN exploding with mass arrests, etc. in 4 weeks.

I think the White Hats are telling us maybe one percent of who is being rounded up and executed after their tribunals. I don’t mind waiting because in the end it will all come out.

Hooray! Keep it up!!! Clean out this vile rot. Thanks, white hats, jag etc. True patriots to the core.

There is No Escape ! Evidence is massive & the perpetrators whom fostered & promoted this plandemic will pay for their crimes against humanity ! I will gladly assist the Judgment authorities moving against these evil beings ! I will volunteer all the remaining living crew members of LST-1195. ( my crew aboard in January 1974 ) They know that we were doomed to be at the bottom of The China Slot . We have been given a reprieve from death & my crew is faithful to serve Creator God ! I pray we can develop an efficient Express line since we have yet to get many of the Traitors to Humanity Let’s get things moving ; **THEY are on their last legs & have only fools trying to go against us. Their recent actions in the past 2 years show their best members are already dead & disabled , many choosing isolation & retirement .** Nick , NavyBlueSmoke , LST-1195

They can arrest and hang em high all day, 365— they allow these evildoers to do evil. It will never bring back my mom, and the other people who lost their lives from the blood-soaked hands of these tyrants!

No , it won’t bring back my father either or fix my mothers ruined life.

Told mine that it was just politics to get Trump out of office, and for some reason they believed me rather than the “news”. I’m still a bit shocked, but have two still breathing parents because of it.

Admiral Crandall he is our man, if he cannot do it, no one can. The gentleman is a military genius and an excellent tribunal hero, imo.

This comment brings to mind past JAG Gen. Hannink.

Mr. Baxter, do you have any info about his well-being, these days?

At the pace this is going wont be anything worth saving and thats really sad all the good honest folks had to lose it all .so in the end who really won ?

No one. My mother is gone because of these evildoers. No man and I mean, NO MAN WILL BE ABLE TO FIX THIS! I am waiting for the Almighty —everyone of us has failed miserably here!

People near and dear to me have taken the clotshot and it enrages me that these killers are getting away with it.

Well, we have limited reach. Told everyone I met that it was either fake or a bioweapon from day one. Not sure what more we can do,

It depends on what the term “fixed” means. The military is not telling us everything, nor should they, because missions are ongoing. When we lose loved ones and family members to this evil, justice will not always happen as soon as we would like it to, but I also think this roundup and execution effort is long overdue and is unprecedented in our history. Give them time to execute the hundreds of thousands, or millions, of people behind these crimes against humanity. It won’t happen overnight, and I am not willing to wait for God to do it. I want to see it in person, or on video. The sooner the better, and maybe that is the way God wants it to happen.

We don’t want just the paedos, we want the terrorists, we want the child rapists, we want the corrupt law enforcement officers, we want the child sex traffickers, we want the traitors, we want the incest aggressors, we want the politicians pushing these clotshots, deliberately lying to the public telling them the pandemic is dangerous and the vaccines are safe, and they end up dead or maimed because of their lies. NO WAY IN HELL ARE WE STANDING BY LETTING THIS CONTINUE ENOUGH IS ENOUGH. HANG THEM HIGH.

Rachel Levine, Biden’s new Secy of Health advisor is the heartless being who turned Pennsylvania’s nursing homes into death chambers by inundating them with Covid positive patients. The death count was high, which was the plan. Family members protested in the streets when it first began to happen but it didn’t stop them. Levine made a point of taking her own elderly mother from her nursing home, placed her in a 5 star hotel with 24/7 nursing care the very day BEFORE pushing the virus into the nursing homes. Now, she has a cabinet position in Biden’s fake WH in DC. Praying she’s on the LIST for justice.

Correction , SHE is a HE! He can pretend to be a girl, but we are not playing along in their game! These sick pups need help, and HE is Secy of Health?? HE needs mental health himself!. This freak was on TV everyday talking about the scamdemic. and people were on social sites laughing and joking about HIM, and this ridiculous admin. End this Freak show/movie, now!

He can change his sex without any protest from us, but he has no right to push 8-year-olds alongside Joe Biden and his pro-paedo cohorts to change their sex and get on puberty blockers “or it will result of their suicides.” Jazz was steered by her hapless family being told it was necessary for her mental health, and now she has anxiety, weight gain and unable to get into Harvard because f his issues.

I will NOT be participating in other peoples mental illnesses. I've had all I can stand of being dictated to by NUT FUCKS.

I just remembered that I had seen a pic of McConnell when he was young and he did look like female to me. Maybe he was changed to male as a child and now is playing a role as female.  
Has anyone seen congressman Rosa Delauro? It looks like G. Mike Flynn.

Rachel Levine is actually being played by Mitch McConnell. I know he has been forced into that humiliating role by our wonderful White Hats. AQ said, all would do as told. Wish I could add a pic here. But if you look it up, the only way you can't see it, is if you have eye problems..It cracks me up.... Ugliest "Woman" I've ever seen..😂

I have this picture you talk of somewhere, and they do look a like side by side, thought I was seeing things lol!

Remember the long street lines to get the COVID JAB crazy all those that did the lines need to be rounded up they had to be a few lines in lots of cities get em all

I heard that someone who registered to get a test, decided not to go, and got a response later that their test was positive!! Wow, it can test you without even being there!???

Same here. Two friends went through the same prior to an event, then decided not to go, cancelled the test, and received "positive" notices soon after that.

Smh.

I know of people TODAY that work for pharmacies that are still packaging up covid shots! The couriers are then picking them up and delivering the covid death shots to nursing homes! Still today this is happening in Washington State in the city of Bonney Lake & Puyallup! They too must be held accountable for "Crimes Against Humanity".

Michael. I hope Biden's Ast. to his Sec of Health is exposed and brought to justice. Rachel Levine was chosen to head Pennsylvania's Dept of Health during the peak of the Covid. He/She/It was a male, retired Admiral, a disgustingly unattractive being with NO history of medical experience. He/She/It and her brother ( employed w/CNN) took their elderly mother from her nursing home, placed her in a 5 star hotel w/24/7 nursing care on the weekend and began admitting Covid positive patients into the nursing home at the beginning of the week. Within weeks, the facility was inundated with dying elderly patients. The people in PA were protesting in streets. But now, it's all forgotten. Levine is a murderer and a traitor. I hope she's on the Gitmo list. God bless you for your hard work, Michael.

HE Levine has to be on that list. Everyone who even knew the truth, and injected people are to go down as well! F them all!! They sealed their fate.

Thank you Lord Jesus Keep cleaning House. Hopefully as I was/we were told Through Julie Green ministries (Profit/Teacher) these arrests are to be made public! the arrests, trials and executions!

And all the GOVERNORS who forced JAB or JOB mandates.. threatening people's very paychecks if they didn't comply with Death Shots

You are right but he said he was working on that many and would be posting them as soon as the sight was up . Does that mean all three at once ?

No you weren't seeing things. 2200 hours CST, not a lot of time left. And yes a typo on the system down for repair notice page "We'l be re-leasing three articles tomorrow."

Not pay -per-view. Public TV. They tried to destroy it ,so everyone could see it backfire on them!

MUSC right there in Charleston, Florence, and any other outer lying hospitals. Hope Health Inc in Florence, SC. I am throwing yall under the bus!

Lynchburg General Hospital and Centra Health the parent company in Lynchburg, Va. are straight up murdering for money fucks.

I appreciate the apprehension of the little fish in the swamp. Patience is a virtue and I pray every day for all involved.

It kind of reminds me of Nemo movie , I watched , when my oldest grandkids were that age to be appropriate for them .

It is certainly a hell of a cleanup. Jag needs to start arresting each of these agencies one at a time. First go to the CDC headquarters and arrest every single employee. Take them all to GITMO do a thorough investigation for each employee. Confiscate their phones, computers, & their emails.

Every hospital in the United States needs to be investigated 6,093.

Every Pharmacy needs to be investigated.

Every Doctor's Clinic needs to be investigated.

Please do not delete!

As a former health worker, I agree. I have zero sympathy for anyone who was or is engaged in this at any level. You obviously know it's wrong, if not downright evil. But you do it anyway, just to save your stupid job. Become unemployed and save your soul. Much better. That's what I did twenty years ago.

Don't forget all the small portable COVID testing and JAB centers in the rural areas and CVS, Walgreens, Wal-Mart advertising come gets your free COVID JABs with a sign in the lobby pointing the direction. All those pharmacy personnel and all who gave the JAB pity the fools!!!!

Oh the newspapers having full page COVID JAB advertisements call this number to set up your appointment

Good job, the world needs more arrests and public hanging to dissuade others from committing treason. Millions of injured waits for help from the Doctors but have been turned away with no diagnosis even though they know the injury came from the vaccine. Thank God things are moving, I really don't know how long the general public can hold on.

Resulting in dead friends and family members. They ought to be bloody ashamed of themselves!!

These creeps who have no soul no heart to be able to help kill people think they have been given immunity from prosecution. They are sick evil people. If their family and friends knew who they truly are would they stand with them? Hang them both and hang the rest who also involved.

Well, you can hang them high, or use the Judaeo-bolshevik way ? A bullet to the back of the neck ?? Use a 9mm hollow point ...

A 9mm is quick, noisy and easy but messy. Gotta clean up the blood splatter. Hanging them takes effort to cut them down and the cost of the rope. How about using the toxic serum they have been imposing on us? Watch them convulse and suffer the tortures of the damned. Would be cheaper because they have already made the stuff. Strap them to a chair, scare the hell out of them, taunt them then extract their organs. If they are so useless in life make them more useful in death. Do unto others as they would have them do unto to you.

Holly, yuck, we do not want their dirty, filthy organs! They are not fit to go into another human. How about they just be made to suffer a little, or alot.

A little? How about a horsewhipping, full tooth extractions, pull out the toenails, testicle crushers, hot vinegar, cayenne pepper, salt, boiling in hog grease, spend a night in a greased tank full of cottonmouths, and then feed to the sharks?

Slice up with razor knife vertically, pour rubbing alcohol all over the cuts, set on fire. Put out fire, repeat process or we can just do it like our ancestors did who dealt with these same kind and burn them alive at the stake. They knew who they were dealing with.

That stuff is so toxic no one would be safe giving it to them. It is now known the nanotech in the fake vax can vaporize to exit or enter skin then resolidify once in the body. That's why the clean up crews were all wearing full hazmat suits with O2 tanks to clean up the wrecked tractor trailer carrying the fake vax kill shots.

No thanks, to having their sick organs in my body. Can you imagine someone walking around with Killarys heart 🤢🌀 No thank you 😊

but you see they use CGI and clones so none of this is provable and they will just go on with their daily lives.

LOL @ this moronic childish comic book.

And yet(i) again, here you are, just Wozzing away like the useful troll-turd idiot that is Wozz, Lloyd, Bofa, etc etc etc.
