**[ *Upraveno z nejnovějšího Radio Derb, nyní k dispozici exkluzivně na VDARE.com* ]**

Scott Adams je tvůrcem komiksu Dilbert, který ve mně často vyvolal smích a jednou nebo dvakrát se pochechtával. Kromě toho o Scottu Adamsovi nevím téměř nic. Matně si uvědomuji, že má přítomnost na sociálních sítích – myslím, že videocast – ale nikdy bych se s tím nezabýval...

...až do tohoto týdne, kdy Adams vyšel jako anti-anti-bílá. Co se týče rasové otázky, je to stejná pozice jako moje; takže mi chodí e-maily: "Hej, Derb, Scott Adams s tebou souhlasí!"

Je to správně? Tady je to ,co ten chlap vlastně řekl.

No, Rasmussen Poll měl dnes provokativní malou anketu. Řekli, ehm: "Souhlasíte nebo nesouhlasíte s výrokem, ehm, 'Je v pořádku být bílý'?"

To byla skutečná otázka. Rasmussen se zeptal, víte, bílých a černých voličů – a pravděpodobně i dalších – ehm: „Nesouhlasíte nebo souhlasíte s výrokem: „Být bílý je v pořádku“? Dvacet šest procent černochů řeklo, ehm „„Ne. Být bílý není v pořádku.“ Dvacet jedna procent si nebylo jistých. Sečtete je, to znamená, že 47 procent černých respondentů nebylo ochotno říci: „Být bílý je v pořádku.“

To... to, vlastně... to je jako skutečná anketa. Tohle se právě stalo. Měli jste nějakou představu [ *směje se* ], napadlo by vás, že by se to mohlo stát?

Tak jsem si uvědomil, ehm... Jak víte, už nějakou dobu se identifikuji jako černoch – už několik let, protože se mi líbí, víte, rád jsem ve vítězném týmu. A rád pomáhám. Vždycky jsem si myslel: Když pomůžeš černošské komunitě, je to tak trochu největší páka, víš, můžeš... můžete najít největší přínos.

Tak jsem si říkal, no, to je ta nejtěžší věc a největší přínos; takže bych rád zaměřil spoustu svých životních zdrojů na pomoc černým Američanům. Natolik, že jsem se začal identifikovat jako černoch, abych byl v týmu, kterému jsem pomáhal.

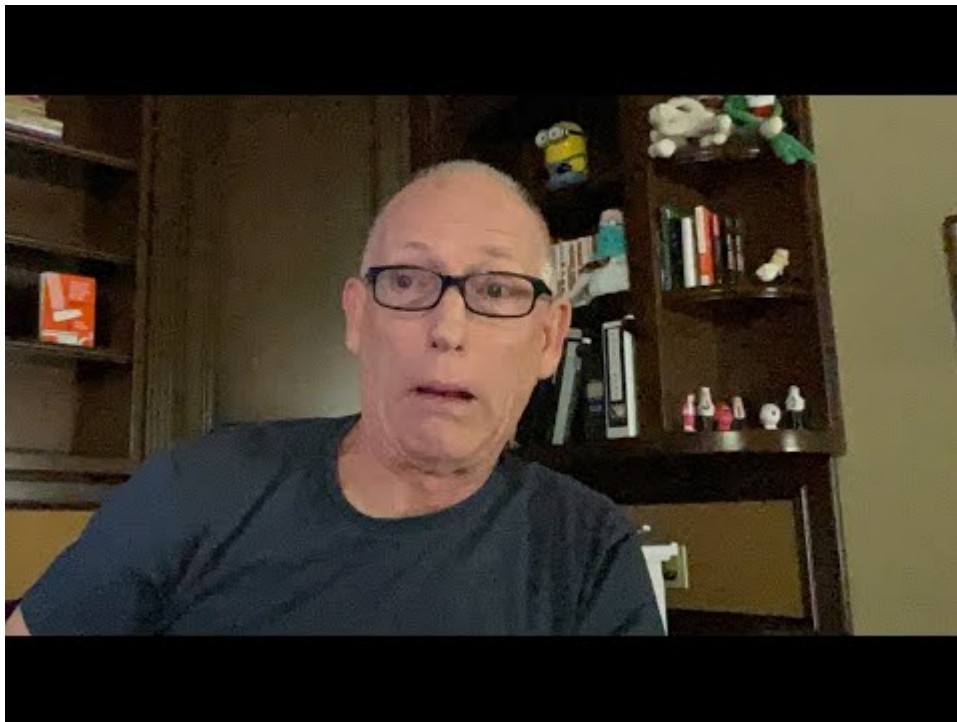

Ale ukázalo se, že skoro polovina toho týmu, ehm, si nemyslí, ach, jsem v pořádku být bílý. Což je samozřejmě důvod, proč jsem se identifikoval jako černý – abych mohl být chvíli ve vítězném týmu.

Ale musím říct, ehm, tohle je první politický průzkum, který kdy změnil mé aktivity.

Nevím, že by se to někdy předtím stalo. Normálně vidíte anketu, stačí se na ni podívat a řeknete si: „Aaah, cokoliv. [ *Smích* .] Víš: to je zajímavé, co si myslí ostatní...“ Ale ode dneška se znovu identifikuji jako bílý, protože nechci být členem nenávislné skupiny.

Omylem jsem se připojil ke skupině Hate. Takže pokud... pokud téměř polovina všech černochů, ehm, není v pořádku s bílými lidmi – podle tohoto průzkumu, ne podle mě – podle tohoto průzkumu, ehm, je to nenávislná skupina. To je nenávislná skupina a já s nimi nechci mít nic společného.

A řekl bych, víte, na základě současného způsobu, jakým se věci vyvíjejí, nejlepší radu, kterou bych dal bílým, je dostat se sakra pryč od černochů. Jen jdi sakra pryč. Kde... kamkoli musíte jít, prostě pryč, protože to nejde opravit. Tohle nejde opravit. Že jo? Musíte jen utéct.

*Scott Adams silně reagoval na průzkum Rasmussen o rase , Národní konzervativní, 22. února 2023*

[ODKAZY PŘIDANÉ]

Hlavní věc, kterou je třeba mít na paměti, je, že Adams je humorista, vždy se snaží vyvolat smích. Jak vážně bychom to tedy měli brát? (Tuto otázku adresuji zmenšujícímu se počtu Američanů, kteří stále mají smysl pro humor navzdory snahám našich kulturních revolucionářů humor úplně potlačit .)

Například ta záležitost s identifikací jako černocho. Opravdu se Adams identifikoval jako černocho? No, říká, že se na Twitteru identifikuje jako černocho už asi tři roky.

To je zjevný vtip o transgenderismu a transrasismu. V jeho komiksu byl kdysi vtip o černém úředníkovi, který se identifikoval jako bílý. Myslel jsem, že průzkum Rasmussen, který inspiroval Adamsovy poznámky, zněl docela zajímavě. Silně upřednostňuji teorii studené občanské války o našich současných neshodách: dvě velké skupiny bílých lidí, kteří se navzájem nenávidí, s černochoy a jinými rasami, kteří jášají a vypískají z postranní čáry, což není příliš důsledné. Jak se tedy bílí respondenti zlomili v otázce „Být bílý je v pořádku?“ Byl mezi Goodwhites a Badwhites jasný a rovnoměrný rozkol?

Pro úplnou zprávu jsem šel na web Rasmussen. Celá zpráva je za předplatitelským paywallem – *ještě jste se neprobudili? Většina voličů odmítá anti-bílé přesvědčení*, 22. února 2023.

Lidé z Rasmussenu však na Twitteru zveřejnili křížové tabulky s otázkami a demografickými údaji [zde](#) .

Vypadají takto:

Uvidíte, že dvě procenta bělochů silně nesouhlasila s tvrzením, že „Být bílý je v pořádku“, což je hluboká úroveň závazku Goodwhite; ale žádný celkový obraz bílého sentimentu.

Tato dvě procenta byste pravděpodobně mohli získat od zaměstnanců oddělení lidských zdrojů našich obchodních korporací a dvaceti tisíc správců diverzity, spravedlnosti a začlenění na každé z našich univerzit. A co my ostatní?

Kromě toho jsem si nemyslel, že Adamsovy poznámky byly příliš koherentní. Přečetl si v průzkumu, že podle jeho citátu „téměř polovina všech černochů není v pořádku s bílými lidmi“.

To průzkum neříká. Říká se, že téměř polovina všech černochů není v pořádku s tím, že běloši *prohlašují* svou bělost. Možná jen nemají rádi identitářství jakékoli odrůdy.

Jak jsem však řekl, Adams je humorista, takže bychom na to, co řekl, neměli uplatňovat jemnou logickou analýzu.

Opět: Jeho rada bělochům, aby „dostali sakra pryč od černochů“, je nadbytečná, jak Adams jistě ví. Naše národní vzorce výběru bydlení a vzdělání jasně ukazují, že to již děláme, pokud to zákon umožňuje.

Přiznám se, že jsem byl polichocen, když jsem viděl monolog Scotta Adamse ve srovnání s mým sloupkem před jedenácti lety, s tím, který mi přinesl světovou slávu na příslovečných patnáct minut. Je hezké vidět, jak si člověk pamatuje své věci .

Jsou to ale jablka a pomeranče. Zaměřil jsem se na jednu konkrétní hloupost: romantickou fantazii pěstovanou černochoy a Goodwhites, kterou musí černoši chodit po špičkách na veřejnosti ze strachu ze zlých bělochů, kteří číhají za každým rohem a čekají, až je zastřelí. Pokud jde o statistiky, jak jsem uvedl, černoši jsou pro bílé mnohem nebezpečnější než naopak.

Také jsem byl, myslím, spravedlivější k černochoům, než je Adams, nebo se za humorné účely vydává. Ve své verzi The Talk jsem řekl:

Standardní zásadou při každodenních osobních setkáních je, že jako spoluobčan se stejnými právy a povinnostmi jako vy má každý černocho nárok na stejné zdvořilosti, jaké byste poskytli nečernošskému občanovi. To je základní slušné vychování a dobré občanství.

Vyzval jsem také čtenáře, aby „vědomě hledali příležitosti, jak se sprátně s inteligentními a dobře socializovanými černocho“, kterých je samozřejmě mnoho.

Adams nezmírňuje svůj komentář žádnými podobnými utišujícími prostředky.

Ale pak, jak jsem řekl, jsou to jablka a pomeranče. Pokud mluvíte s humorným nebo částečně humorným záměrem, nemusíte k tomu, co říkáte, přidávat seriózní kvalifikaci. Je to jiný způsob mluvení.

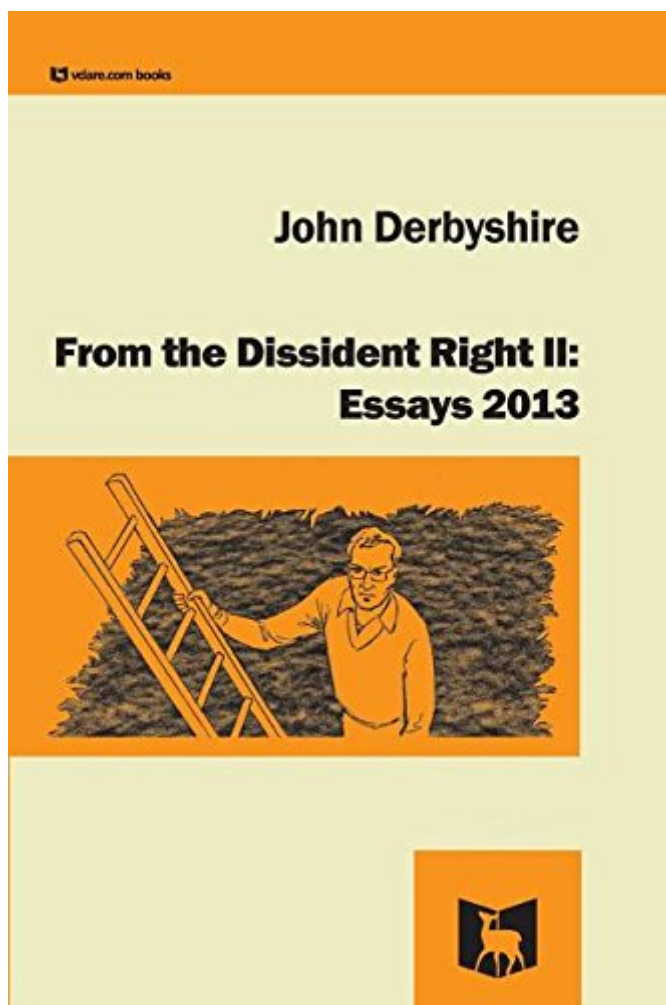

Všechno, co bylo řečeno, vítám Scotta Adamse ve společenství anti-anti-bílých a lituji, že jsem mu nevěnoval tolik pozornosti dříve, než občasný pohled a zasmání na Dilbertův pruh.

Jestli někdy budeš na Long Islandu, Scotte, napiš mi a já ti koupím drink.

| I was also, I think, fairer to blacks than Adams is.

To paraphrase “The Princess Bride” “You keep using that word ‘fairer’. I do not think it means what you think it means.”

| I also urged readers to “consciously seek opportunities to make friends with intelligent and well-socialized blacks,” of whom there are of course many.

That is, with all due respect, not true. But “isn’t it pretty to think so?”, as ol’ Ernie wrote.

I really admire you, and applaud your courage in writing the NR piece. It was 90% spot on.

Adams, although I agree that he has couched his rant in some humor and what he may or may not think is hyperbole, comes closer to the truth than you did.

And while you make a point about interpreting the poll results, the truth is 98% of blacks would not agree that “It’s OK to be White”—and I’m not so sure about those other 2%.

That's not what the poll says. What it says is, that nearly half of all blacks are not OK with white people asserting their whiteness. Perhaps they just don't like identitarianism of any variety.

I don't know how you reach that conclusion, frankly. The question is pretty straightforward: Yes or no, is it OK. The question isn't, "is it OK for whites to assert political power based on skin color."

Like every other white person in America. And not just America.

Since Supremacy Inc. and its POC Proxies can not manage the complex and unpredictable civilization they now control they will be keen on diverting attention away from that embarrassing fact by focusing on something they can manage with relative ease – killing white people. Welcome to the 21st century.

> The question is pretty straightforward:

Eh, I think it's akin to asking people if they agree with the statement "black lives matter." You will get different poll results before and after the BLM movement, because "black lives matter" now means more than just that black lives matter.

It would be interesting to know how many of the poll respondents were aware of the "It's okay to be white" meme, and how many just answered it as a plain statement.

On the topic of whether this was all humor or not: While I don't know his mind, it read as though there was some sincerity in it.

Adams brought up the (legitimate) body of videos showing blacks assaulting whites. That's a pretty biting thing to bring up if you're doing a sketch for laughs.

John's piece eleven years ago was well written and nuanced. I wonder what he would change today? It seems to me, in light of the fact that any self defense on the part of a white that leads to a killed or wounded black will be met with ferocious prosecution, that the default behavior would be more along Scott Adams's advice—avoid blacks wherever possible. Even if you see a black in the process of committing a crime, do not intervene unless your own personal safety, or that of your family is at risk.

I'm surprised The Derb is tip-toeing so daintily around this topic. Is this footwork a sign of penance?

Adams is simply recognizing that the recent poll data encapsulates point #9 from Derb's "TTNBV":

A small cohort of blacks—in my experience, around five percent—is ferociously hostile to whites and will go to great lengths to inconvenience or harm us. A much larger cohort of blacks—around half—will go along passively if the five percent take leadership in some event. They will do this out of racial solidarity, the natural willingness of most human beings to be led, and a vague feeling that whites have it coming. J.D.

Unfortunately, it seems that BLM influence has caused the “small cohort” to mutate up to something closer to 26%. This seems high, but don't forget something like 30% of black males are apparently felons, implying the ‘small cohort’ is 15% from the get go!

I took Adam's comments as completely serious. It seems like a bit in his brain finally flipped on this topic. His repeated emphasis on “this cannot be fixed” is striking. He recognizes the problem is at least partially intrinsic (probably genetic). It cannot be fixed using any polite, civil process which anyone has come up with, at least not within the time scale of a person's life.

That’s terrible advice and you did it to protect yourselves from charges of racism and white supremacy. If a friendship develops naturally that’s one thing but whites shouldn’t seek one out for no reason. Even “intelligent and well socialized” blacks often have a little chip on their shoulder.

Personally I have no use for them and can see why the South took the measure they did. We are very different and have little in common. Blacks annoy us and we annoy them.

Here’s the kicker with this “Is it ok to say it’s ok to be white” poll. It looks like 81% of whites agreed which is very good while about 13% were not sure. If the poll was asking if it’s ok to say it’s ok to be black I think almost 95% of whites or more would have responded in the affirmative.

Whites are supposedly so racist, terrible and fragile but I guarantee more whites would respond in the affirmative to whether it’s ok to say it’s ok to be black than their own race. Meanwhile, blacks supposedly don’t have a racist bone in their body but their approval of their own race would probably hit near 100%.

No. The opportunity cost of these “opportunities” is excessive and there are not many such people in the sense of them being a significant percentage of the black population. At best, they are difficult to find. Even high income blacks have high rates of criminal activity and propensity to violence. Even high income blacks deeply resent and, often, hate whites. People who haven’t figured these things out by age 30 through living the American experience are fools, ideologues, or social virgins.

There are two healthy solutions to the black problem: Jim Crow segregation or Lincolnian deportation. A third, less effective solution, is to impose much more severe penalties on violent criminals—for example, consistently execute those convicted of first and second degree murder, impose 20 years of hard labor for armed robbery, neuter those convicted of violent rape and additionally impose 20 years of hard labor, etc.

Only 5% of blacks are “ferociously hostile to whites”! A majority of blacks, criminals and non-criminals, are hostile to whites, a large minority aggressively, “ferociously,” and violently so. Joy Reid and E. Mistal and dozens of other “educated” and ‘socialized” blacks who appear on CNN and MSNBC and other left-wing TV networks are “hostile” and “ferociously hostile” to whites in general or at least to those whites who vote for Trump and other republicans.

Dementia Joe Biden is obsessively and “ferociously hostile” to tens of millions of whites who voted for Trump rather than him, the “MAGA” republicans he savages and slanders as “semi-fascists,” “racists,” and “white supremacists.” “They’re gonna put ya all back in chains,” he exclaimed and ranted and howled when pandering to a black crowd. He vows to “rip out systemic racism by its roots” without defining the malignancy he vows to “rip out...by its roots” and emplacing how he intends to eradicate it.

And his recent insane jeremiad on Lynching, quoted verbatim and decried as “lamentable” and “unspeakable,” all lies and/or delusions, by Jared Taylor during the end of his latest podcast.

I'm beginning to come to the conclusion that this whole identity thing is really just wishful thinking. That Rachel dame wished (for some inexplicable reason) that she was Black. Men uncomfortable with maleness wish they were women, and so on. I've always thought of identity as who and what I am not what I wish I was.

I have a niece whose 18 year old son recently decided he is really a woman. I've been shocked and amazed at how quickly his parents and most of my family bought into this bullshit. His parents had a gender reveal party for him. My wife and her sister think I'm horribly intolerant and bigoted because I won't refer to him as female or by his newly assumed female name. I have no doubt he thinks he is a woman or feels like a woman but that don't make it so. I'm with Popeye, "I am what I am," not what I wish I was.

If 100% of blacks and whites were hooked up to a foolproof polygraph, it's my guess that BOTH whites and blacks would be at about 90% loathing the other race. I also find it curious that Mr Dilbert didn't address how deeply whites loathe the Bantu, given that whites have a *legitimate* reason for such animus.

Start making post-marriage plans. Realistically consider what it will be like to never contact your kids again.

In the extreme, you can plan to empty joint bank accounts and home equity and leave the area for good. Nothing necessarily illegal about that. Don't bother with divorce, just be gone. Work contract jobs and move from state to state.

Yeah, it's **\*akin\***... except that **\*tearing down\*** a Black Lives Matters sign will get you arrested for a hate crime, while **\*putting up\*** a "It's OK To Be White" sign will at a minimum get you accused of being a "White Supremacist".

For the least effective of my solutions, I'm not counting on evolutionary effects. I agree that they would take centuries, barring innovative approaches beyond criminal justice.

I'm counting on deterrence, which kept blacks in much better check when penalties were more certain and severe—before the negro decontainment act of 1965. I'm also counting on getting more of the violent ones off the street and keeping them off the street for longer periods, while imposing a lower cost of incarceration on actual citizens. I figure each of these effects should lower violent crime by around 50%, cutting the total to 25% of the current level. It wouldn't be a bad idea, now I think of it, to tack on additional penalties when blacks attack non-blacks. This approach was inflicted on peasants in times past. Blacks are inferior to European peasants and ought to be so treated.

fairly shallow play here.

look at it this way

for most of the country's history it was not ok to be black

a. slavery

b. then a host of policies designed to hinder blacks specifically

c. then even when the country actually got around to confronting those issues there was the movement which included everybody and least of all blacks

d. then you get a series of incidents until the most peculiar killing serves as some kind of major shift precursored by a church murder and reconsideration of confederate symbols.

So in asking a black person if it is ok to be white it is in the context perhaps of their own history separated by whites — which

some number of blacks will state no because being white means x history and that is not ok.

some others are considering just how generous they want to regarding that history — they have not decided if being white means that history or not of that history can be overcome

some others are very generous and resolve that its ok to be white because in their view maybe most white people are ok in spite of history or that its ok to be white because whites have no choice anymore than blacks have a choice and the matter is neutral and that despite the history of whites defining blackness by a drop of “black blood” (whatever that means)

hence the expression that race and its meaning by color is a social construct and not definitively determined by biology in meaning.

Most here on unz, don't consider it ok to be black — that they should expect something different is odd

So far Scott Adams (whose work I appreciate) has married two women, both of whom already had children. Sad! He's had none of his own and is 65.

Obviously there's an element of self-portraiture in Dilbert (and Wally) who are famously clueless with women.

Dilbert was YUGE in my IT workplace more than 25 years ago. Pity he couldn't have translated that into reproductive success while he was still relatively young. Sleepless nights are a pain at 45, let alone 65.

Adams is coming at this from a different angle though – not so much as from a personal safety point of view, but as someone who (like many) is extremely frustrated with blacks in general. A lot is asked of non-black society in service of black sensibilities: to put up with pro-black discrimination in college admissions and job opportunities, to accept 4th, 5th, and 6th chances for criminals who have repeatedly demonstrated an inability to live within society's boundaries, to turn a blind eye to the economic and cultural damage inflicted on schools, neighborhoods and public spaces from black social dysfunction.

For all that, blacks as a group are not at all grateful nor do they really even recognize what everyone else has to live with. If you've spent your entire life being told your existence is a hindrance to black happiness and success as well as being coerced into granting exceptions to society's behavior while also subsidizing a massive over-reliance on the welfare state only to realize there isn't the slightest bit of gratitude or appreciation you'd be a total doormat and fool not to have some level of resentment. In fact, you may even conclude it's not worth caring about black concerns **\*at all\*** and arranging your life to avoid those from intruding upon your daily existence.

I want pleasantness, decency, competence, and "smiles accepted and reciprocated." Getting the heck away from blacks has mainly been discussed in terms of not being killed or punched in the face. And that's fine because it's a good thing to not be punched in the face. But let's not forget about the little things; if you are an observant and sensitive observer, these little things this will eat away at the quality of your life, at your personality, consciously or unconsciously. You might even find yourself mimicking this undesirable style and sensibility, as a kind of defense mechanism.

Nothing funny in this. The cartoonist has already lost his livelihood. The gist is correct. The Negrid is racist in general, but murderous against the other (tribe) in particular. Has been since the Creation. Used to just eat them, then found money in selling them to judaist slave traders, who sold them wholesale to the Caucasids in the New World. Simple, eh?

But why is the Negrid hateful of difference, more than his racial counterparts? Because he uses the sensual (“post-rolandic”) brain area much more than them. He notices, fears, and hates the difference of difference and cannot understand it, since that is a cognitive (“pre-rolandic”) power he lacks, comparatively. He even hates himself, unless reconstructed spiritually, which does happen:

[https://www.academia.edu/49131287/Brief Exposition on the Depth of the Negrid Face](https://www.academia.edu/49131287/Brief_Exposition_on_the_Depth_of_the_Negrid_Face)

Note that to read the article, simply SCROLL DOWN. No sign-on or sign-in in necessary. Thanks. You can learn why it was rational for the Creator to reconfigure Unitary Man, whom we know from Moses as Adam, and redeploy him as Shem, Japhet, and Ham. (Ham was the Negrid race.). | A new Constitution is necessary at this point.

Is it really? Look at it this way: so long as there is a constitution of any sort, there will be politicians (and apologists for politicians) who will claim that their blatantly unconstitutional legislative proposals are fully constitutional. What is worse, there will be a sizable segment of the citizenry that will reflexively agree with them—just as there is today.

Far better to live in a state ruled by an absolute monarch. No one, then, will ever have any cause to prattle about the “legitimacy” or “constitutionality” of a government’s laws and actions. With arbitrariness taken for granted by all, laws and actions are much more likely to be judged on the grounds of their effectiveness, propriety, justice, and commonsensicalness. What is more, ordinary people will be a good deal freer in every area of life than they are in today’s police state because they will have no illusions.

But let's not forget about the little things; if you are an observant and sensitive observer, these little things this will eat away at the quality of your life, at your personality, consciously or unconsciously. You might even find yourself mimicking this undesirable style and sensibility, as a kind of defense mechanism.

I go the complete opposite way. Big, friendly smile. "Hi! How ya doin? Nice day, huh?!" 90% react positively. The other 10% feel stupid because of their small, petty "I hate Whitey" worldview.

Yes. The White working class could end up a part of the Hispanic working class (I can name ten White guys I know with Hispanic wives), the Pale managerial class intermarries with the Asian managerial class and there's your future America. Basically a Latin American country. Not fun for the poor and working class, but nice for the wealthy.

| That's not what the poll says. What it says is, that **nearly half of all blacks are not OK with white people asserting their whiteness.**

So 'it's OK to be white', but collective white self-interest is not OK — good to know.

| Perhaps they just don't like identitarianism of any variety.

Right — all those philosophical Blacks just object to racial identity politics on principle — shouldn't be too surprising really, as Blacks are known for their high ideals and fine principles.

Somehow I think those same Blacks would gladly accept reparations checks.

@Inverness

Thanks for your response.

First, just for the record, I'm not Right or Left. Never have been and never will be.

It's far more naive to assume the country will be a success with Asians and Latinos.

In the first place, it's simply too early to tell. That's why the quote you posted reads like propaganda. And those who promote propaganda do not subject it to a process of feedback and correction. They simply and blandly reassert the propaganda while ignoring or dismissing anyone who doesn't agree, or worse, crushing anyone who doesn't go along to get along.

In the second place, even if all is going to be hunky dory (and who believes that?) it won't be the United States. It'll be another country. It might still be called the USA (for a while at least). But it won't at all be the same country, same laws, etc.

Also, since the great replacement, or whatever one wants to call it, is something entirely orchestrated by Jewish Supremacy Inc., Asians and Latinos will still be proxies. They will still be subsumed, as it were, by JSI. Does anyone really think JSI would orchestrate its own replacement? I kind of doubt Ron Unz is counting on being replaced.

In fact, the reason JSI pushes so aggressively to not just replace, but destroy whites, or reduce them to the social roles of tax slaves and sex workers, and in the most gleefully sadistic manner possible (JSI being at its core sadistic) is exactly so JSI itself will

never be replaced – ever. That’s the whole point of all of this. That’s the assumption they started with. And it’s just that, an assumption.

But there’s a snake in this garden too. And that is the illusion or myth of perfect adequacy. The need of an individual or group to always believe they are right.

Actually, a more accurate word would be delusion. Especially since, in the case of JSI, it not only needs to believe itself to always be right, and perfectly adequate in everything it says and does, but innocent too. That explains the absurd and impossible to believe in Myth of Innocence that JSI promotes through its many organizations and institutions.

Talk about propaganda.

But the #1 Myth of Supremacy Inc. is that they are creating a new utopia and that San Jose is just one example out of many. But of course it will fail. Not because I said so, or because that’s what I want. It will fail because the whole thing is being placed above criticism. The whole idea behind it prohibits any feedback and correction. That’s why it can’t function without a scapegoat (Whites).

JSI is like a person of such fixed orientation toward life that it can’t adapt its orientation to changing situations that require a restructuring of its interests. To put it bluntly, JSI might be good at infiltration, subversion, betrayal, destruction and death. But it’s no good at social management. That’s why it will fail. The whole mental model, so to speak, that it operates out of is fundamentally maladaptive.

For reasons of personal safety, personal day-to-day freedom, and massive tax savings, Adams should get out of this dying, dangerous, perverse country. Easy for a guy of such means to acquire citizenships elsewhere. Do it and renounce your US citizenship already, Scott.

I know we're considering it longer-term. If it's still "allowed" by the time we're ready.

Either way, one need not renounce to get out of the US and its vassal states and never return.

Does Western Civilization have a chance to survive? Take a look.

Hans Sachs was a German mastersinger, poet, playwright, and shoemaker. He wrote this sometime between November 5, 1494 and January 19, 1576:

“We also crave to cleanse the earth  
from land-grabbers and murderers,  
traitors and shameful men,  
coin counterfeiters and false lawyers,  
from all unbelieving christians,  
of all unbelieving christians, of those whom shall not repent,  
of jews, heretics, pagans, turks,  
godless monks, nuns and priests,  
we shall amerce 'em for their fornication,  
so that no evil may join to us.  
from the lansquenets, wishes Hans Sachs.”

Looks like none of the above stated goals have been achieved yet,  
and that's 500 years, my friends and foes, 500 flaming years!  
Just go home and forget it. Hug your mom and dad and say, “I'm  
sorry.” You should feel much better after that.

Most blacks definitely don't hate white people because blacks don't care enough about whites (or any other race, for that matter) to even be able to hate them.

Boy is that an extraordinarily delusional and stupid comment. The many Whites who have been raped, robbed, and/or murdered by hate-filled, feral niggers would beg to differ with you.

well maybe less might be more in this case. To live on as uninterrupted as possible after such an event it be better to not be extremely rich. Extremely rich people are in the center of attention, financial partners might feel they should somehow react. Whereas a wealthy yet not very rich person might be better able to avoid to much publicity afterwards.
