Floridský guvernér Ron DeSantis předem věděl o náletu FBI na sídlo prezidenta Donalda J. Trumpa v Mar-a-Lago z 8. srpna, ale rozhodl se ho nevarovat, že se na Palm Beach chystá sestoupit armáda federálních šmejdů jako hejno kobylek. podle nové studie White Hat, kterou generál Eric M. Smith v úterý sdělil své radě.

Zpráva, jejímž autorem je US Army Cyber Command a Marine Corps Forces Cyberspace Command, tvrdí, že DeSantis bavit AG Merricka Garlanda v sídle guvernéra v Tallahassee 25. července, dva týdny před náletem. Uvádí, že společné kybernetické velitelství získalo sledovací záběry Garlanda a dvou neidentifikovaných mužů přijíždějících do DeSantisova domu ve 20:00 toho večera.

To samo o sobě, řekl náš zdroj, zaznělo na poplach; Generál Smith neviděl žádný důvod, proč by si DeSantis, který režim ostře kritizoval, z jakéhokoli důvodu sedl s Garlandem, který vyzbrojil ministerstvo spravedlnosti, aby se zaměřilo na patrioty dodržující zákony. Setkání se navíc jevilo jako tajné, protože ani ministerstvo spravedlnosti, ani DeSantisův tábor se o shromáždění veřejně nezmínily.

"Na schůzce není technicky nic zločinného." DeSantis může do svého domu pozvat kohokoli, koho chce, ale zpětně to bylo velmi podezřelé, když teď věděl, že se tajně setkali krátce před nezákonným obsazením domu prezidenta Trumpa.

Ačkoli Trump ještě triumfálně neoznámil, že bude usilovat o „oficiální“ návrat do Bílého domu v roce 2024, DeSantis možná lovil špínu, aby dále zpochybnil Trumpovu bezúhonnou povahu, dodal náš zdroj.

"Nevíme, jestli DeSantis chtěl prezidentství před pololetím." Ale pokud by se očekávalo, že vyhraje, jako on, mohl udělat kroky dopředu, možná doufal, že by nálet byl natolik škodlivý, že by mu prezident Trump uhnul z cesty. Trump to oznámil až mnohem později, ale DeSantis nepochybně viděl Trumpa jako neporazitelného soupeře," řekl náš zdroj.

Další informace o zprávě potvrdily hypotézu generála Smithe, že DeSantis konspiroval s Merrickem Garlandem, aby svrhl Trumpa. Velení kyberprostoru má údajně textové zprávy, ve kterých Garland

píše: „Přicházíme“ a DeSantis odpovídá: „Díky za upozornění,“ – s časovým razítkem tři hodiny předtím, než roj FBI nezákonně a bezprecedentně narušil domov prezidenta Spojených států. států.

Několik členů Rady bílého klobouku věří, že DeSantis je trojský kůň, globalista maskující se za svobodu milujícího republikána, jehož rétorika proti probuzení je pouze lest, jak oklamat voliče, a jehož skutečnou ambicí, pokud sedí v Oválné pracovně, je prohloubit The Swamp a obohatit zkorumpovanou federální vládu. Postoj v radě však stále vidí DeSantis jako lepší možnost a označil texty za „neškodné a neprůkazné“.

Stejně jako jeho předchůdce, generál David H. Berger, generál Smith říká, že DeSantis se dopustil neodpustitelných zvěrstev tím, že dovolil FEMA terorizovat Floridany během loňského hurikánu Ian.

Na otázku, zda White Hats staví případ proti DeSantisovi, odpověděl: „I kdybych to věděl, nemohl bych to říct. Ale je vůči němu ohromující nevraživost. Většina ozbrojených sil stojí na straně prezidenta Trumpa.

Wat'ta rat fink dago....! I never trusted that pasta sucking, Florida fried fish stick....Desantize....! He tries to pretend he's a cool republagoon, when he's got wokeycrat written all over his forehead! Wat'ta a one eyed jack he turned out to be.....boooooooooo....

When \$500 Trillion of Rothschild money is on the line, the Deep State will try ANYTHING to Stop Trump.

He has company three times with the same fraternity as the rest of the swamp. I thought he was gone and an actor was playing him. Listen to his voice.... It knocks at your door.

Mm. What tangled webs we weave – first when we lie, and again when we entertain both sides – yes? I had thought that maybe DeSantis had an agenda of some sort – now I’m convinced he plays both courts...

Where’s Judge Bruce Reinhart in all of this. Reinhart once represented Jeffery Epstein and he was the Judge who signed the order on the Mar-a-Lago raid. How much is he in the tank for?

I typed these words a few days ago letting others know that deSantis is a BLACK HAT.

He showed his true colors when he stood there having many pictures of himself being taken, was NOT looking where he should have been. FEMA is a bad word in my book. Equivalent for Our Government will take care of you. Do you think he was paying attention to FEMA group that was stealing money, weapons from those who had already lost everything? The people were suffering and did not need those POS!

I’m making \$90 an hour working from home. i was greatly surprised at the same time as my neighbour advised me she changed into averaging \$100 however I see the way it works now. I experience mass freedom now that I’m my non-public boss. Everybody must try this job now by just using this website.. [**http://www.Payathome7.com**](http://www.Payathome7.com)

Hey I did my part. I emailed Governor DeSantis and said the Synagogue of Satan, since 1913, has control of our paper money , you can’t give them a bigger slice of the pie. It is not within your power. Read or listen to the Talmud, written by the Pharisees that murdered Jesus our Christ. Better wake up fellow “Goyim” these “Jews” are serious about eliminating us. Funny “Jew” is mentioned for the first

time in second Kings 16:6 I strongly suggest everyone read the Holy Bible. I am confident that the “Jew” is not from Israel, but they hide out there. I guess Shills are a dime a dozen?

It looks convenient DeSantis took a strong stand against mandates for arm stabs at a convenient time. Then maybe hoping the feds would find something more at Mar A Lago. Other countries have the arm stab issue and upset with their leaders over it.

Whoever is writing MSM teleprompter scripts is out there at large? It seems like nearly everybody except Camp Pendleton and some unknowns they work with is scared of deep state.

Reesereport.com has an article they sent the deadliest stabs to certain red states. Which entity is deciding that or mfg arm stabs? There's people that need to be taken to GITMO that aren't clear on identity ever being discovered, and appear to be the NWO beings above the WHO. They are underground with their spaceships, or off in castles somewhere, etc...And like;y the beings that live 1000+ years. They tell the doctor's, surgeon generals, and all medical people and news, what to do.

So make the arm stab a choice? It should not be out there with a choice offer according to what the military already knows for some time.

Which world countries leaders have been big enough to tell their people or the world to ignore all arm stabs or even the cv19 arm stab or any of those recent or “virus” arm stabs. Is it bad science or a choice?

How many doctors and hospital owners are being arrested? They knew and did nothing but participate in the murder for hire hoax. Some of these most evil hospitals were identified by Stew Peters and they are still in business. They were using Remdesivir and other drugs to shut down people's organs and it was clearly murder while they pretend it's a virus but, it's a well known protocol they triage the

population in war time and the chemtrails is part of it and the 4-5G frequencies is part of it. Burning food factories and chickens and Palestine, Ohio train wreck chemical spill is part of it.

What article are you commenting on? This article is about still more evidence that dingbat DeSotis is a black hat. Someone should save his children by doing away with both their parents who continue to stab our dear President Trump in the back!

But sadly many Satanic Worshipping Psychopath Pedophiles will immediately show up at every neighborhood CPS location to pay big bucks to torture, rape, drain all of their blood, eat them & make even more loot selling their body parts for profit.

So~~ i got blocked like a troll? I'm not a troll! I am MAGA! I think you blocked the wrong Tracy. It was she not me. Too cavalier with the block button. I didn't do anything wrong at all here. I made good, constructive, positive remarks, with a tiny bit of pith here & there. Your mistake, not mine, sorry. I was someone you should have considered for your keeping here, because my input is useful to our common cause. Please reconsider your position, as it is unfounded to block me. It was a case of mistaken identity. A different Tracy WAS a troll. A Tracy that wasn't me.

You are a TROLL for simply claiming to be an IDoT MAGTARD!
Trump is owned by the Talmudics!!!!!!

DeSantis is Skull & Bones like the whole Bush family and John Kerry. He is not to be trusted!

Wasn't it just this week that Jeb Bush announced his support of DeSantis. Trump said months prior to raid that DeSantis was DS.

After the "raid" on Trump's home in Florida, I noticed DeSantis was strangely quiet (and has been since then). That alone tipped me off serious red flags about Ron. Knowing what we know now, DeSantis will NOT be President of the USA.

Desantis is a member of skull and bones, that should be all anyone needs to know. They are all traitors and should be executed for treason.

Ron is way too cozy with RINOs like Pence and Ryan. That alone is enough for me to say that Ron is not getting my vote.

Prescott Bush stole Geronimo's skull from a reservation back in the 1920s. The cultists at Yale keep it in their crypt. I think the Apaches tried for a while to get it back, but it's still there for people like W and RDS to masturbate in front of during coffin-rituals. If all these people do get executed, I don't think the world will lose much of note...

Why are none of my many posts, well thought out & with much effort, never in your posts? Have i been removed? This has been the case for months, as i look back, so not part of your recent troll clearing. Likely this post will make it. That sort of heavy-handed editing is questionable, Michael. Please explain. Are my posts revealing too much? Are you controlling the narrative?

This one does not look good for Ron at all. On real raw. Obvious without DJT he would have lost the election for governor to Andrew Gilliam. An obvious Obama plant. Total sleazebag, All of that proven out. Ron became golden. much of what he did for Florida was a good thing, really good for our state. Many still claimed he is an imposter. cracks hit the facade, as a Floridian I can say Ft. Meyers, the little town that bore The whole attack of that massive hurricane..I was with the relief drivers to go in to provide supplies, 3 weeks we still could not go in. You could not get in. FEMA came in not to help, they came to loot , rob, murder, and pillage the wealthy people. A special,, forces unit of marines had to come in, they shot and killed those bastards on site. The more interesting part of, to me is the the regular folks there, got into their john boats, heavily armed with , their own problems, defended the property and belongings of the wealthy. it was well made known, If you loot here you will die. Class act good sir. Ron turned a blind eye to it, said nothing. In Ft. Meyers at that

time you were not going to be arrested,you were going to be killed and tossed into the flood waters and fuck you.I wanted to inject that story,it is totally true,cool good town I say, Ron is not looking good now. He openly betrayed DJT.and has been caught red handed.a pig in a poke we say down south.r

Everything you posted is true..Marines had to come in and kill the marauding FEMA terrorists..

DeSantis sealed his political fate and showed the world who/what he really is.

I think Ron been given plenty of rope and its starting to get taugt around his neck he will be hanging soon from it.

This guy has done some good things in Florida that would appeal to a conservative base, but otherwise, and especially with respect to his presidential aspirations, he gives me the creeps. His lauding FEMA was a big signal that I got right here.

Your posts contain hyperlinks, which automatically get tossed in a review folder. If I allow hyperlinks, they will just flood the comment section.I do approve some as I see them after I've checked the link. Sometimes, yes, they get auto purged before I have a chance to do that. It isn't personal at all.

Michael, I have posted quite a few posts with no hyperlinks that are being deleted. I've posted about this to you before but you've never responded to me while I notice you respond to others having the same difficulty. What would be the reason for deleting my posts that have no hyperlinks in them?

Sean, since you are a “cleared” poster, I really don’t know. I’m responding here to a post that shows in the comment section, which means either I or my helper approved you in the past. Thus, your comments should show. I’ll keep an eye out to see if any marked with your name turn up in the pending or spam folder.

Some of my posts are awaiting approval as well, but contain no hyperlinks. Sorry to bother you, but thought you should know. All my other posts appear.

Are the White hats actually Gray hats?

The gray hats might say that if they were to start arresting people now, then people wouldn’t have learned their lesson and hence the new society might not last. While I do agree that it is important that the new society will last, I also think that there has been so much suffering already that Earthlings have already learned their lesson. Perhaps this argument was valid three years ago, but it is not valid now. If public mass arrests and public disclosure happen now, then the new love-based society will be stable.

Furthermore, I do not understand how the gray hats expect people to wake up and become empowered, when there is still so much censorship going on. If gray hats want people to become empowered, then I want to invite gray hats to remove censorship. Some steps

have been taken towards this goal, but not nearly enough from the galactic federation's perspective.

If Source and benevolent galactics were to be completely hands-off with Earth and just let things play out, then there is a significant risk that the current gray hats would eventually become a new group of hidden controllers, who think they are guiding Earthlings from behind the scenes for their own benefit. If that happened, this group would almost certainly become corrupt over time.

The only way to prevent that is to empower the people. This means: help them meet their needs, keeping in mind that freedom and unrestricted access to true information are some of those needs.

On behalf of the galactic federation, I am hereby formally putting the gray hats on notice that we are watching them too. Should you stray too far into the territory that you are going to guide and direct Earthlings from behind the scenes for their own supposed benefit, then you might one day find yourself in front of a galactic court.

Humanity deserves freedom, including freedom from you.

To be clear, we are not saying that you have already strayed too far in that direction. You have not. But we see that as a possible future scenario and we wish to warn you against that.

On a more practical level, many of you have sworn oaths that you will either defend the constitution or the people. We would ask you to go and fulfill those oaths, which means: arrest the dark controllers and publicly release proof of their crimes. From our point of view, many of you are not currently fulfilling your oath. And we reject the argument that this is the only way. You also have the options of: public mass arrests, public disclosure of what has been going on and publicly releasing technologies that would help Earthlings meet their needs. We would gladly provide our support for any of these options. To us, the amount of suffering on Earth is heartbreaking and unacceptable. And it's not just adults who are suffering. Innocent children are suffering too, sometimes in truly awful ways.

If you continue just letting people suffer, including children, then at some point you gray hats also risk that average civilians will start

thinking of you as oathbreakers and as not much better than the dark controllers. Earth will be free one day, I can absolutely guarantee that, and at that point in time civilians will look back at how you conducted yourself during these times. Right now I think you can mostly defend your actions, but if you keep letting this situation drag on, then at some point I think you will no longer be able to defend your actions when finally the majority of civilians realize what is going on.

So, gray hats: I would like to invite you to take more direct actions to help your brother and sister Earthlings. I would like to invite you to begin the process of public disclosure, in a way that average civilians can't ignore. And I would like to invite you to remember your oath.

imo there are no white hats, only grey hats at best.

Trust the plan: Trust that the hordes of illegals are just an idea.

Fuck the white hats.

These people have a much poorer hold on things than they say.

Yes there should of been more public disclosure but the plandemic, poor action and the deep state forces behind it.

For them it was do or die

Screwed us.

Especially operations in Usa and china against the deep state that were about to launch.

They've also been drugging the water far more since 2018 and then in the planemic

It caused people to comply to the degree they did and likely comprimised many in the leadership descision making

Even a sip of this stuff could mess you up.

This is why people are such sheeple during the plandemic

Or about 95% of it.

I posted a detox up above.

Ps these guys have really started to get in control of stuff these past few months

We control most tunnels Dumbs and moon bases etc

Difficult to keep white things clean. They're better...hats. That's enough for me at the moment. Anyone who goes against the ruling satanists deserve our support, even if they aren't angels.

Wow your say that about the US military and not the rogue ones shame on you for instance lots of Marines are white hats under Gen. Smith so be careful what you say negatively towards the white hats for one I am proud of each and everyone of them thank God there on the good side.

Grey hats would be certain aliens on our side

These guys military tech is outstripped by our own most of the time Fighter jets can take down ufos we've used alien tech to get clones microchips

Dna stuff and even advanced fighters

We've weaponized their tech.

Start first with the FACT, US Special Forces or US Navy Seals that were already protecting the Mar-a-Lago Compound , that the FBI was about to raid the Compound, and requested instructions from DJT, upon which DJT told the US Military unit to allow the FBI access. Now we have word via US Military Cyber Commands of the meeting between Gov. DeSantis and AG Garland with Gov. DeSantis two weeks prior to the raid at Mar-a-Lago. SO all this being revealed. If AG Garland did give Gov.DeSantis information about a possible up

coming raid at Mar-a-Lago, depending on and if this was revealed, could this be a set-up of Gov. DeSantis, for if DeSantis revealed this information to Trump, a tip-off of an FBI raid, could DeSantis be CRIMINALLY CHARGED for tipping off this information to a suspect (being Trump) of a criminal investigation? YOU ALL NEED TO THINK ABOUT THIS. And you folks need to know DJT is DEEP STATE, go do some research, things, information has come to light, look very early into the TRUMP CAMPAIGN, GO HAVE A LOOK, THE VERY SAME MSM ENTITIES that have assailed Trump are the very same entities that have been helping TRUMP all along. And Trump Jr. and Gen. Flynn are Deep STATE TOO. BUT go see for yourselves, and note: the FBI and the USDOJ have never had any intention of INDICTING TRUMP, if they did they would have done so a LONG TIME AGO. ALL of this BULLSHIT is a RUSE, as TRUMP and Q have said ALL ALONG, ENJOY THE SHOW, BECAUSE THAT IS JUST WHAT THIS IS A SHOW, and supporters of DJT have been DECEIVED, EVERY STEP OF THE WAY, THEY ARE ALL PART AND PARCEL TO THE ZIONIST SATANIST JEWS and their NWO. WAKE-UP PEOPLE, WAKE-UP! WHITE HATS, YOU TOO, and they are DECEIVERS AMONGST YOU, Gen SMITH YOU SHOULD KNOW, YOU HAVE SENSED THIS DECEIT ALL ALONG!

Gotta admit... President Trump and all involved, did wake up a helluva lot of People.

The best Gov. in USA is S Dakota Kristi Noem. She was the first and ONLY Gov to stand up to the awful covid restrictions in the beginning. Cpac meeting Feb 27th 2021. Her speech, and quote, "We did not force non-essential businesses to close their doors, because who are we to tell a business they're non-essential?" She went on to point out how S Dakota was the only state not to be locked down. No mask mandates...She got a standing ovation that night at CPac.

The very next day the Gov. of Texas opened up the state and removed all mandates. THEN, THEN, Desantis did the same in Florida. His “anti-woke,” stance is really Noem’s. He Always follows her steps and takes all the credit. He a fake, a fraud. None of his policies are his own.

Well, Well, Well, I wonder how those few Generals at GITMO, who were determined to oust Trump and replace him with DeSantis feel now. Gen Berger, at the time, silenced these opponents of Trump. I wonder if they were just ignorant Generals, or in fact were/are batting for the other side, and are actually black hats in disguise 🙄

Okay, but SB 2006 was still signed into law by Mr. DeSantis on 3
May 2021. It will be enforced, should there be any sort of ‘public
health emergency’ in the state of Florida. Because now it’s the law in
Florida, and it is a very, very, very bad law. It will cause a great deal
of suffering and probably death if it is enforced. It should be vacated,
or repealed. People really, REALLY need to read the bill. It’s posted
on the Florida state government website.

The word is ‘ruse’ not ‘rouse’. Ruse is subterfuge. The word ‘rouse’
means to ‘stir about’ or to wake up, or to awaken.

By the way, Mr. DeSantis is not an exception or anomaly among
otherwise loyal, patriotic ‘republicans’. Mr. DeSantis is keeping a
bargain. Too many people do not realize what is going on. Too many
people think that this IS what’s going on. It doesn’t even occur to
them to think about what purpose any of it serves. Or who’s purpose
it serves. Or what the objective(s) might be. Mr. Trump said “...sit
back and enjoy the movie” or something similar. He was/is correct.

Have to say, it’s sure been disappointing to discover who some of
these traitors-among-us are. Regardless, it’s the exposure that is
critical. Feelings nor opinions matter squat when it comes to war at
this level. White hat leadership has not only had to develop

strategy/ops on a massive level, they have also had to continuously reassess, regroup & forge ahead. The fact that they have not given up is encouragement enough for the rest of us~ or should me, imho. We are in this together, even when it feels far removed or unbelievable. Which means we are either part of the problem or part of the solution~ even as far as dragging down the general atmosphere of what's being fought for on our behalf. This is what I try to remember when it gets to those points of frustration, anger, or impatience. To be honest, I tend to fail miserably... & often. I will still try, & realizing my weakness, ask for God's help. Often.

First there were the Venona Cables released in the nineties revealing the traitors among us at the very highest levels of penetration they'd been allowed to reach via FDR's reversal in policy from four previous POTUS's in normalizing relations with the then revolutionized Soviet Union. Now we've got the Obamunist/Biden regime cables to people like DeSantis and probably others like McCarthy, as SOTH(et al.) while we just read about these things remaining powerlessly enslaved because the levers of power were willingly handed over to them.

Don't forget the stunt he pulled at GITMO and allowing those Haitians into the Port of Miami with their kids as well.

Take this traitor down, JAG!

Excellent report, Michael, please continue the updates.

“The majority of the armed forces stand with President Trump.”

Majority Wozz. Is that a difficult word for you?

Emphasis on “The majority”.

-Even after Obiden left some Americans in Afghanistan in 2021 along with \$85mil of our equipment for his taliban buddies to use against us.

-Even though we have the most open border in the world right now thanks again to...you guessed it – Obiden!

-Even though ‘the byedan’ has YET to visit and assist Americans in Ohio after the train derailment. (The real president did though)

I could do this all day, but you get the point. So for the ‘minority’ revisit your oaths please.

That's BILLIONS with a "B" of USA military capabilities the criminal Obamunist/Biden regime left with the afterward immediately declared association/partnership between the Taliban and the Marxist Chinese not the 85 million you put down.

First of all, Michael – there are punctuation errors and grammar errors herein that deserve your attention, so the article reads better.

This information does not bode well for DeSantis as an increasing number of details emerge revealing his true colors as a RINO and a traitor. Ambition and association with scoundrels like Garland do not paint a favorable picture of him when he would throw Trump under the bus with his support of an illegal and unprecedented raid. I have no respect for DeSantis, especially when he allowed the rogue FEMA agents to rob, steal, and injure Florida residents after the hurricane.

Keep reporting real news that truly matters!

The idea that DeSantis was angling for an edge against Trump is laughable. If anything, he was colluding with Trump to lure Garland and the FBI into acting stupidly. And the raid backfired, exactly as planned.

I don't trust Desantis....he is just a little TOO polished, says all the right things but his roots are firmly established in DS shit. I will keep an open mind but for now..I am unconvinced about him. Why did he kick Trump supporters out of his book signing gig? That speaks volumes to me. Just saying...

Check out the boards and meetings he and his wife belong to and attend. Not a pretty picture.

LeeLee,

It's DeSatan and his BlackRock wife who are joke at this point. Money behind him is 100% DS Club members. He and his wife are treasonous, and you know what happens to people who committed

Treason.

Add-on:

Anyone who has worked for BlackRock plus two other DS companies like DeSatan's wife has to be up to her eyeball in Evil. BlackRock is the company behind the train derailments lately.

ok, I retract my support of dS pending further research. Maybe dS = DS. Wray is another one, smooth talker but up to his eyeballs in dirt.

Někteří navrhli, že Wray je „rostlina“ ~ pro kterou stranu by to byla otázka. Pravděpodobně je jich mnoho, na obou stranách, stejně jako někteří, kteří si myslí, že je chytré hrát obě. To není. Ve skutečnosti zlo není vůbec moc chytré~ jen vytrvalé.
