„Smyslem komunistické propagandy je ponížít“ – Proč Bidenův režim lže o hranicích

[ *Upraveno z nejnovějšího Radio Derb, nyní dostupného [exkluzivně na VDARE.com](#) ]*

Nedávno jsem dal botu [Miriam Jordan](#) z *New York Times* [ [zašlete jí e-mail](#) / [tweetujte](#) ], kterou *NYT* [popisuje](#) jako „[národní korespondentku zabývající se imigrací](#)“ za papouškování tvrzení režimu, že populace ilegálních mimozemšťanů v USA stále existuje“ odhaduje se na více než 10 milionů." [Všiml jsem si, že](#) režim nám to

tvrdil už nejméně dvacet let , takže se to nyní zdá extrémně nepravděpodobné: v roce 2010 jsem slyšel , že ctihodní analytici přišli s odhady na dvacet nebo třicet milionů – viz. Patrick Cleburne 's Biden Enfranchising 11 milionů, 20 milionů nebo 30 milionů ilegálních? POTŘEBUJEME VĚDĚT! Přimělo mě to meditovat o teorii a praxi Lži v totalitních systémech (kam zřejmě směřujeme ). Závěr: nejde o přesvědčování, ale o ponižování.

Titulní stránka *New York Post* z 20. dubna mi náhodou ležela na stole, když jsem psal tato slova. Dominovala mu dvě slova vytištěná *velmi* velkým písmem: BIDEN LIED.

Pod tím byl obrázek našeho prezidenta s velkým davem ilegálů u jižní hraniční zdi.

**'If your application is denied or you attempt to cross into the United States unlawfully, you will not be allowed to enter.'**  
— President Biden, Jan. 5, 2023

# BIDEN LIED

**POST SPECIAL REPORT**

- **Border STILL open, migrants being waved right in**
- **Shelter beds at 130% capacity and it's only getting worse**
- **Mayor Adams: 'The president has failed this city'**

Despite President Biden claiming he would block people who didn't apply for asylum online, The Post interviewed migrants in El Paso shelters who were let right in. Meanwhile, Mayor Adams has lost all patience with the skyrocketing cost to NYC.  
**PAGES 6-9**

Tisíce migrantů stále proudí přes hranice ze zakázaných zemí navzdory varování USA, MaryAnn Martinez a Emily Crane, *NY Post*, 19. dubna 2023.

Což mi připomnělo novinářský skvost z doby před čtyřiceti lety, o kterém vím, že jsem ho už nejednou citoval, ale občas se hodí citovat znovu.

To byl Timothy Garton Ash, spisovatel s dlouhou zkušeností s jednáním s komunisty ve východní Evropě. Zde psal v *London Spectator* v roce 1983:

Představte si, že sedíte kolem stolu se čtyřmi zjevně zdravými a civilizovanými muži, z nichž starší náhle poznamená: „Samozřejmě, že Země je placatá. Očekáváte, že ostatní budou namítat. Ale ne. "Ploché," říká jeden. "Velmi ploché," souhlasí jeho soused. "Jak jinak bychom mohli chodit vzpřímeně!" vykřikne třetí. A pak se na vás všichni usmívají a napadají nesouhlas.

Přitažené za vlasy? Pokud cestujete do komunistických zemí jako novinář, je to běžná zkušenost. Jste uvedeni do velké vládní kanceláře, ministr nebo stranický tajemník vás přivítá s propracovanou zdvořilostí a usadíte se ke stolu se skleněnou deskou pod intarzivní deskou Lenina. Sekretářka středního věku přináší šálky kávy, talíř s malými koláčky, možná kolečko pálenky. A pak ti začnou tiše říkat tyhle *monstrózní* lži. [ *Belfast v Jugoslávii*, 13. srpna 1983]

V té době jsem se právě vrátil do Anglie po roce života v Číně, takže jsem se s tím bez problémů ztotožnil.

Ano, to byla běžná zkušenost v komunistických zemích.

A zjevně stále je.

Klíčový bod pozadí nám o několik let později vysvětlil jiný komentátor, Theodore Dalrymple.

Při studiu komunistických společností jsem došel k závěru, že účelem komunistické propagandy nebylo přesvědčovat nebo přesvědčovat, ani informovat, ale ponižovat.

Naši vlastní politici samozřejmě vždy lhali. Nezvykli však lhát víc, než bylo nutné; a jejich lži byly tajné a pokud možno zastíněné jazykovými triky a triky prezentace.

Ale zdá se mi, že tyto starší styly politického prolhanosti nyní ustupují drzejšímu komunistickému stylu. Naši politici nám teď lžou, přímo do očí – „a pak se na vás všichni usmívají, zpochybňují nesouhlas,“ slovy Timothyho Gartona Ashe.

Dalrymple měl pravdu. Nic není psychicky bolestnější, destruktivnější pro individuální ego než ponížení.

Joe Biden zde vede cestu. Když v lednu Bidenova administrativa předstírala zpřísnění pravidel pro občany Venezuely, Kuby, Haiti a Nikaraguy, prezident řekl:

Pokud však bude jejich žádost [o azyl podaná online nebo ve vstupním přístavu] zamítnuta nebo pokud se pokusí nezákonně překročit Spojené státy, budou vráceni zpět do Mexika a poté již nebudou mít nárok na tento program.

*Vyjádření prezidenta Bidena k bezpečnosti a vymáhání hranic*, 5. ledna 2023

Jak objasňuje citovaný titulní článek *New York Post*, byla to lež s odhalenou tváří. Jen na jednom ze sedmdesáti kontrolních bodů na naší jižní hranici je bez procesu máváno v průměru 300 lidí z těchto zemí denně.

A kolikrát nás ministr pro vnitřní bezpečnost Alejandro Mayorkas při pohledu přímo do kamery ujistil, že „hranice je bezpečná“?

Nevím, kolikrát celkem, ale můžu vám říct, kdy jsem to viděl naposledy: středa minulý týden [ *The week in whoppers: hraniční lůžko šéfa vnitřní bezpečnosti, Randiho revizionismus a další*, *NY Post*, 20. dubna 2023 ].

— NY Post Opinion (@NYPostOpinion) [April 20, 2023](#)

A pak je tu americký generální prokurátor Merrick Garland a vyšetřování daní a zahraničních obchodních transakcí Huntera Bidena. Federální velká porota v Delaware provádí toto vyšetřování podle Associated Press nejméně od roku 2018 [ *Agent IRS tvrdí, že sonda Hunter Biden je špatně zpracována*, Farnoush Amiri, AP, 20. dubna 2023]

Jen si to na chvíli vychutnejte: velká porota *pět let* dřela na věci, která se týkala především daňových úniků.

Mají hlavní porotci nějaké životy mimo porotní místnost? Musí si udržet práci nebo podnikat? Chtěl bych vědět.

Je možné, že Bidenova administrativa v každém případě poslední dva z těchto pěti let záměrně zdržovala vyšetřování? Která, předpokládám, byla v předchozích třech letech pozastavena politickou mocenskou strukturou v Delaware, domovské půdě Bidenových?

Rozhodně ne! Soudruh Garland to minulý měsíc řekl kongresovému výboru. V žádném případě! Nemožné! [ Sonda Hunter Biden bez rušení, Garland se zavazuje, Lindsay Whitehurst, AP, 1. března 2023]

Nyní však slyšíme, že se z IRS vynořil informátor, který tvrdil, že soudruh Garland lhal. Oznamovatel – ve skutečnosti jeho právní zástupce – tvrdí, že má důkazy, jak uvedl Farnoush Amiri z AP, výše. Oni lžou. Víme, že lžou, a oni vědí, že to víme. Nezajímá je, že víme. Cílem není přesvědčování, je to ponižování – zlomit naši vůli a učinit z nás poslušné poddané vševědoucího, všemocného státu.

Mohl jsem zůstat v Číně.

Derb,

The only thing I believe average Americans of all races can do to protest our government at this point is to refuse to defend it by boycotting joining the military. I mean nobody worth anything sign up, and everyone eligible retire early. That's the only dissent they might understand. They rig the elections at this point. They will probably go the digital money route and use that to enforce a draft eventually anyway (turn off bank accounts of evaders, etc)

Since elections are now rigged, I really don't know what else we could do.

In Orwellian manner, if they can force you to say that  $2+2=5$  then your humiliation and acquiescence is complete. You've been broken like a horse or dog for your owners. That's what this force feeding of supposed sexual fluidity is all about, to get people to ignore the reality in front of them and repeat the party line. The blatant lying extends to immigration because we're living in the Empire of Lies and everything is lied about, everything. I'll dissent from Dalrymple's evaluation of communist propaganda. It had an inner logic for those who learned it's dialectic and viewed things through those lenses. However, communist propaganda was never very effective because it was heavy handed, riddled with jargon and name calling. In contrast the propaganda emanating from English speaking sources is the most insidious as it's a massive industry, full spectrum lying 24/7. The communists were pikers compared to the so-called West, really just the US-Britain.

Mr. Derbyshire, from your own descriptions I have got the impression that a lot of Chinese Communists – including your father-in-law – believed what they said. I would not deny that there are cynicists at the center of power – but we need to distinguish more carefully. For example Biden personally – I suppose that he says everything which comes to his mind and sounds good for his cause, without deliberating if it is true or wrong. This is far away from the cool-headed liars you were speaking about.

Maybe I missed something in my 60 years of studying the PRC, but I have never caught them lying or breaking a promise.

I double checked my recollection with Chinese friends, who seemed surprised at my question. Why, they asked, would their government lie to them?

Anyone? (If you you've found a lie or broken promise, please provide links to the original Chinese official sources).

'Everyone knows' lots of bad things about China but, invariably, when I ask for a verifiable example of the Bad Thing, crickets.

Biden supplies propaganda because propaganda is demanded. Technically speaking, as in the USSR, it is a profitable trade. Simply acknowledging the market.

[https://en.wikipedia.org/wiki/Jacques\\_Ellul](https://en.wikipedia.org/wiki/Jacques_Ellul)

[https://en.wikipedia.org/wiki/Propaganda: The Formation of Men%27s Attitudes](https://en.wikipedia.org/wiki/Propaganda:_The_Formation_of_Men%27s_Attitudes)

“The propagandee is by no means just an innocent victim. He provokes the psychological action of propaganda, and not merely lends himself to it, but even derives satisfaction from it. [...] Rather, there is a citizen who craves propaganda from the bottom of his being and a propagandist who responds to this craving.”

This need is likely unnatural, and invoked by Democracy:

“They are faced with choices and decisions which demand maturity, knowledge, and a range of information which they do not and cannot have.”

Of course, as is proper in a Democracy, these choices are meaningless. However, as we just covered, knowing this requires information they cannot have.

He wants to form an opinion on foreign policy. But in reality he can't. He is caught between his desire and his inability, which he refuses to accept.

As I tirelessly repeat, America is a theocracy. The peasant needs to know the Correct opinion. The Correct opinion is that you should be happy about the immigration policy of USG. If you intransigently insist that immigration ought to be low, then lo and behold, it is low. But if it's high, remember that this would be a good thing. If it is illegal, fear not; immigration laws are travesties.

The only permitted criticism is that immigration is too low.

You wouldn't want to have an Ungood opinion, would you? That would be heresy. You're not a heretic, right?

After all, immigrants, even illegal immigrants, are taxed. Don't you want USG tax receipts to be as high as possible? Clearly, your purpose in life is to make money for the IRS. Or GM, as long as they're up to date on their bribes.

You understand why Iran in 1978 opted for a hardline radical Muslim government : full shariah is far less constraining.

Moreover they can't modify the Quran and hadiths at will, their interpretation has to remain 90% the same as one century earlier and 75% as five centuries earlier. That religion also allows everyone to talk back loud to Jews : the latter who were very privileged and who had been called in all upper positions by the Shah to replace the natives didn't complain even though they had lost all possibilities to make feel guilty through various professional activities : they just went back to carpet trading on the world market.

Our own politicians have always lied, of course. They didn't used to lie any more than necessary, though; and their lies were furtive, and obfuscated as far as possible by tricks of language and presentation.

lol

looooool

(Naturally I pronounce lool to rhyme with jewel.)

In reality politicians had less crude lies because the modal IQ was higher. Now their lies are dumber because population growth is dysgenic.

If a Communist country is when they tell great whopping lies, then, well, Derbyshire is ontologically committed to claiming America is a Communist Country.

Secondarily, while Americans have always been world-champions at ignorance, in the broadcast TV age, that peak ignorance was vastly more ignorant and delusional. Nobody knew anything, at all, and thus their politicians could say anything they wanted without being challenged.

The internet has blessed Americans with less ignorance. They hate it. "Social media ruined everything!" You hear it all the time.

Primarily it's Envy. The ignorant hate being made to feel ignorant by the less-ignorant. They prefer to make the less-ignorant sit down and shut up, which is why Americans will never do anything to discourage censorship. E.g. they could use Gab, but don't, primarily because they *like* censorship; the fact they complain so much about it is how you know they want more.

P.S. You would think either being not-ignorant or accepting your ignorance would be easier than censorship...but, well, the ignorant don't think so, and they should know, shouldn't they?

They lie. We know they're lying, and they know we know. They don't care that we know. The object is not persuasion, it's humiliation—to break our wills and make us obedient subjects of the all-knowing, all-powerful state.

Tribal Jewish Capitalists are behind it.

So, why bring up the 'communists'?

The corporate world isn't much different. In forty years of working, (I retired ten years ago), I found in corporations with uneducated leaders, you need to believe in the groupthink that dominates. Or minimally acknowledge it, but stay silent. Many can't do this, thinking it is humiliating to think thoughts that conflict with reality or to believe in nonsense. Often you can't trust what people say and think. They can appear friendly and trustable, but often it can be just show. That's why its best to adopt a very professional image. Many take these environments too seriously, getting quite stressed. For me, it was just necessary biasness skills that you had to learn quickly. In corporations with educated workers, such as research environments, you can express your own thoughts and others will attempt to understand them. In those environments, others are more cooperative and trustable. I've never been involved in politics, but it sounds much like a corporate environment.

America is a Fascist country and as such every corporation over 500 employees is de-facto State-owned.

Since, like every government known to history, USG is a black government, this is very bad. Ruins the business culture.

America is particular is pro-corruption. Almost certainly by far the most corrupt country in the world. Corrupt leaders are incompetent and abusive, leading naturally to the dynamics you describe.

I believe Capitalism would appear very different and if it weren't amazingly illegal I would be out there proving it via experiment. Willing to put my beliefs to the test – *not* on the whole country at once – at any time.

I insist that we have to distinguish between three groups:

a) the “true believers”

b) the “flat” people who say everything which suits them (and in a way believe everything which suits them – but not earnestly: They will change their opinion at the moment when the opposite suits them better)

c) the cynics who tell untruths of which they know that they are untrue. Sometimes in order to make us feel, and submit to, their power. That special pattern Debyshire and Orwell are speaking about is interesting and must be taken into account. On the other hand, the “flat” people are much more widespread and “flatness” needs to be exposed and fought.

Also, evildoers should be called out as evildoers, by their action, not by their identity or community. We should start to speak about the community at that moment when the community as a whole (or by their representatives) shills for the evildoer or tries to excuse him.

You said it, Priss. Even I chicken out when posting under my real name, saying Leftists, when I actually mean “Jewish Power.” (I don’t include all Jews, just the malevolent and powerful ones. What % of the tribe supports these people is a question I’m not prepared to answer.) I grew up in a conservative Midwestern town where I faithfully listened to the Alan Stang report on the radio. This was because, as a typical brainwashed lefty teenager, I found the John Birch ideology hilarious. It never made sense to me — why would bankers support commies? — until I read “Culture of Critique” and got J-pilled. Then it all made total sense.

Which explains why the early centuries of Islam were the Golden Age. The Quran limited how much the rulers could plunder the people, as well as removing secondary plunderers. Then when the society became 90% Muslim, counting on that same book as the answer to all mankind’s problems, progress came to a halt and the good times were over.

What a twat. Probably more than any author on Unz, Derbyshire simply flings mud at opponents, real or imaginary, and here he is claiming “communist propaganda is just a humiliation ritual.” His own marriage is based on humiliating his own half-Chinese son. Yes, things like censorship and the desire for total control are some things of the things in common with the communist and ZOG ideologies. However, the communist regimes still did celebrate things like classical music, space travel, ballet, healthy lifestyles, etc. Now compare this with a regime that celebrates homosexuals, drag queen, blacks, fat people etc.

I also need to add that despite paying lip service to racial equality, none of the communist regimes were actually working towards wiping out their white populations.

The strong link between politicians/media [no longer any distinction] are the weak, they also are the almost totality of the numbers, the most homogeneous [IQ wise, and all of peripherally factored derivatives, industrial food, housing, dick to neo-cortex, hormonal obesity, pill-crackers].

The weak link is defined by the outliers, able, intellectually expherior. They are also the exception, and thus smart targeted by politicians run by their puppet masters. To eventually finance themselves, they must equally dip into the pool of numbers, after a first raid by conventional forces, not much left to harvest, and their message to mine the change requires equally dumb messaging to reach the numbers audiences [Misses T. Carlson].

Finance, war, politics, media, their public face, their hidden Cabals, considering the modern tools of data gathering are in for herding their own [internal power struggles, dead cells, next generations], man-meat is done for.

Above is a frankly “high-level” layer [power for power sakes, crowing on the pile of dung], that leaves no margin to real progress, rational decision making, and the long term future of the Anthropocene. Pastors or Devils any-one? Territorial devides any-one? The contemporary world is global already, the rest is folklore. Washington? Bejiin? Moskou? What a laugh.

And when the exceptions might be “explicit” in NOT supporting the main narrative, it is with a back-door, a team of “all-Jewish” jabbers, and having the nerve to think and talk, and act in the name of the numbers [see my comment below as to “numbers”]. It seems that Capitalist propaganda has been waaaaaaaaay more effective than Commie propaganda.

People growing up under Capitalist propaganda have the tendency to break out in hives at the mention of “Commie” without the faintest understanding of what it means.

There are so many ways to run an economy and society depending on population, terrain etc. Every system has strengths and weaknesses and can be corrupted by bad actors. If I look at the last 100 years, I see a Capitalist empire surviving and now comatose on fiat currency and military might. Meanwhile the “Commies” have raised the standard of living of their populations and educated them.

I have read this incredibly idiotic article. It obviously that the author equals big money parties and their policies with Communists and Communism. He also states that Communists were lying but stop short exactly what those lies was. Just commies always lie. In reality you gotta look at the mirror because lying it is the way capitalism is working. The lies lay at the very foundation of capitalism and with media being owned 100% by big money , lies are total now. Because unlike the author I had privilege and good luck to be born in the Soviet Union in 60's. It would be very interesting to hear exactly what and where Communists were lying. I know of two periods where “communists” were lying to own people. The first is when Khrushchev lied about Stalin and the second is when liberals masked as ‘communists’ came to power in the Soviet Union in 1985 and started lying to us about not just Stalin but the whole of the Soviet period. Now it is clear it all was lies. But the train has gone and see what. All those who lied and lies now are capitalists and capitalists’ underlings. As Lenin told :” The people always must be told the truth no matter how difficult it is”. He and Stalin followed this. That’s communists for you. True communists are always with people and no communist party ever was thinking or doing anything to flood our countries with aliens. Our borders were on the lock.

John Derbyshire: “The Purpose of Communist Propaganda Is to Humiliate”

Of course, quite a lot of people LIKE being humiliated. Entire porn websites are dedicated to fans of it. Nor is it limited to porn. It’s a dynamic in human interactions that shouldn’t be underestimated. In previous comments, I’ve speculated that this may derive from the physical proximity of the brain’s pain and pleasure centers. They’re adjacent to each other, in the vicinity of the hypothalamus. Exciting the neurons in one area may bleed over into the other. Thus, pain and pleasure frequently can overlap and blend with each other.

Then too, in Christian societies heavily influenced by the Jesus myth, Jesus himself was humiliated by being crucified, a punishment specifically designed by the Romans to be humiliating. He advises his followers to humiliate themselves too. “Take up your cross and follow me”, he says. “If anyone slaps you on the right cheek, turn to them the other cheek also”. It’s all so humiliating! There’s much similar advice in the NT from this purported Son of God whom all good Christians have been taught to admire and emulate. Here we have, very likely, the origin of the cult of victimhood that is such a prominent feature of our times. Everybody wants to be a victim! Yes, it’s humiliating to admit you’re a victim, but it’s a cheap path to the attainment of virtue. Climb up on your cross and let everyone see what a victim you are!

People want to be weak and humiliated. They enjoy it.

It's a testament to the invaluable insights in this column — actually, a cull from Radio Derby, making it that much more impressive — that I thought, even terse, would give a mention to Vaclav Havel, essentially reading on this subject:

<https://hac.bard.edu/amor-mundi/the-power-of-the-powerless-vaclav-havel-2011-12-23>

Dalrymple was right. Nothing is more psychologically painful, more destructive of the individual ego, than humiliation.

Quite right. At scale, it breaks national, or simply collective, ego.

Look on the bright side. For those with a lifelong interest in history, the Sad Story for the US of A. that is the last three decades and counting since the signal events of 1989-91, have at least answered some questions as to how it all unravels so quickly. Think of it as the ultimate Vicious Circle.

The ship that was our last chance to avoid a period of national humiliation sailed at noon on 1/20/2009. I look at it this way, as my previous comments attest, when it comes to the essential predicate of reclaiming national sovereignty, Russia used the Quick Start Guide, thus limiting to a decade what those too smart by half Chinese suffered as a Century of Humiliation.

The bloom is off the ruse with the installation of the illegitimate Biden regime.

Alrenous: “As I tirelessly repeat, America is a theocracy.”

It’s nice to see someone quoting Jacques Ellul’s masterwork on propaganda. But I think that just to say “theocracy” and leave it at that is liable to be misleading, because God isn’t what he used to be. Science, in its applied form as technological “progress”, has dethroned him, and that which dethrones God becomes the new God. These days you can criticize Jesus and the church all you like but “Progress” is the one thing in modern life that’s considered to be above reproach. It’s good in itself, a *summum bonum*. Its priesthood are now the “experts” that administer its function. All experts taken together make up the State. Therefore, today, God is the State, and the State is God.

You quoted Ellul on the common man:

He wants to form an opinion on foreign policy. But in reality he can’t. He is caught between his desire and his inability, which he refuses to accept.

This predicament, of course, is inevitable in a technological society, the primary feature of which is its stratification into a kind of caste system where each man has his specialty, his one area in which he is an expert. He can’t stray into areas beyond his competence and ability, as that would lead to chaos and less than optimum results. The average man simply isn’t positioned to make an informed decision on foreign policy, and so he must be led to the correct opinion by the State’s propaganda. In this way he leaves the actual details to those experts whose specialty it is.

“In 1979, more than one million undocumented aliens were apprehended crossing the border into The United States. It is estimated more than twice that number of undocumented aliens successfully enter this country every year.”

This a quote from the 1980 Charles Bronson movie “Borderline”.

1 million caught, 2 million got away.

$2023 - 1979 = 44 \times 3,000,000 = 132,000,000$  wetbacks.

The population of the United States as of 28 April was 334,683,250 which minus those illegal aliens means the real population of the US is 202,383,250 which means 40% of the population in the US is composed of illegal aliens.

So who is lying this can't be true, because I only did the math since 1979 and not before. I know all about repeat crossers etc.

Firstly, your logic there is unsound – wish I knew the Greek term for that fallacy. Secondly, Mr. Derbyshire calls these people Communists, because that’s who they INHERENTLY are.

I don’t mean that the big Globalists like Bill Gates and Klaus Schwab, or all the university/government/Lyin’ Press underlings are the type to read or care about the “class struggle”, “the proletariat”, “the bourgeoisie” or *Das Capital*, *The Communist Manifesto* or Chairman Mao’s *Little Red Book*. It’s that the people in the Establishment and those on the street like antifa are “**Los Resentidos**” (as the old Cubans called them), “The Resentful Ones”.

They want to destroy traditional society out of resentment. Right about effeminate corporate life. Read the same books the boss is reading, laugh at the lame jokes, and feel the urge to say excuse me whenever he farts. The first secret to success in corporate life, however, is doing as little as possible except parroting the boss in the secure knowledge that sooner or later he'll shoot himself in the foot and you'll take his place. Second is admitting on your first day that your co-workers are backstabbing snakes, never become familiar or complain, and determine to beat them at their own game.

There's also the "dress for success" angle, which today means dressing like a 12-year-old in an ill-fitting confirmation or bar mitzvah suit. Can you imagine the kind of corporate douchebag who fancies himself an individual by wearing a suit with way too short, legging-tight pants, red and white striped socks, and tan leather shoes or sneakers? It seems to be the *de rigueur* uniform on TV news today as well. Just another sign of the end times for America.

My friend... everything you wrote is what is apparent, but not what is true. Bear with me.

The US is made to appear weak, defeated and incompetent. It is not. However, it is suffering battle wounds.

Simply put, the old Satanist European Blue Bloods are going broke and at the verge of their world wide Ponzi scheme collapse, and they want their colonies back including this one.

Two points: 1. the role of propaganda is to demoralize the enemy.

2. As the article truly stated, Communists goal is to humiliate a populace. We are under a communist attack by the zionist revolutionary spirit. They can destroy a thousand ways, but can never build anything of lasting beauty.

We are at war with the old Europeans Satanists and they are using the same virus they used on Russia.

This is a very enlightening video on how to destroy a people, explained by an ex communist. please watch, because when you know your enemy and know his tactics you will not feel impotent, but you'll know it is a matter of time until their action meets an equal reaction.

All Communist economies fail the people because of Communism's inherent assumption of fallacies about human nature. IOW, it disregards **stuff most of us should have learned by Kindergarten.**

PQ, the Chinese government's Totalitarianism ebbs and flows (big flow going on right now), but it has not been ECONOMICALLY Communist since a few years after the death of the horrific tyrant Mao ZeDong in 1976 – Chairman Deng Xioping let economic capitalism flourish, starting in the southeast, in Canton (Guangdong province) in the early 1980s.

Russia has not been economically Communist since the fall of the USSR/East Bloc in 1989-'91. They didn't recover very well there, as, instead of America giving the Russians a hand with that Peace Dividend, massive goodwill built up, and sole superpower status, American Big Businessmen from New York looted the place.

I know exactly what "Commie" refers to. That it referred to the people of the USSR and China from 1917 on and 1949 on, respectively, is a shame, because they didn't have a choice in the matter. Right now, it refers to that same crowd that has fully infiltrated ALL of the American Institutions (Government, higher Ed, lower Ed, Big Media, Big Business, etc.) as of at least 10 years back. It was a LONG MARCH indeed, but as Americans won the external Cold War, they lost the internal Cold War, hell, other than my Dad, me, and the John Birch Society (OK, and Barry Goldwater), they didn't even know it was going on.

Now, there the history in a nutshell for those who don't know squat!

The best way to brake a population is to demean their men by having their women disrespect them without any repercussions, it is called Feminism.

-The destruction of the most valuable asset to a man, his family, is in the hands of women even if caught sleeping with the neighbor.

We all have been there or know all to well what happens to a man after a divorce.

If we as men stop being simps and don't man up against our desires for porn and sex first, we will not be able to stand against Feminism. We are men, and our core competence is collective intellect matched by no woman and bodily strength for all women to acknowledge today with the He-Shes invading the Femiists locker rooms as they did in the eighties.

Unruly creature need to be snapped out of their little tyranny. Let's honor our real women, treat them as we would like to be treated and destroy Feminism and shame Feminists down to the bone. They are hateful and sick.

They are the avant-garde of communism.

Americans learn about socialism from traitors, defectors, post-communist compradors and other elements who lie to get advantage.

Decent people lived well and with dignity under socialism.

Same cannot be said about capitalism.

Whats up doc.

Sometimes you got to be strong to resist anger, because when you are angry it can become difficult to think clearly.

A good advice both in peace and in war.

Angry and stupid people are easily led astray, even doctors.

You seem to misunderstand, the whole christian west is intent on the idea they are the victimisers, and that they have to litterally kill them self off, and that their skincolor makes them complicit in slavery and naziism.

While supremacist jews claim victimstatus along with their merry band of immigrants they precide over, as thier shocktroops against european society.

We all know who controls the narrative in the west, you dont even have to be a doctor to see that, IF you analyse it.

So if you see victims all around you, maybe you are in the supremacist jew camp.

Derbyshire reminds me of that racemixer disinformation agent Yuri Besmenov, same niche.

Please tell me why the anti commie tsar McCarthy let the frankfurt boys do their thing uninterrupted, and remember NO lying now.

Mercador and Sorge are my fave Sov. secret agents, although Sorge may have been turned to send false info. between his capture by the kempeitai and his execution.

One of many questions that will likely never have answers, any paperwork would have been burnt in the U.S. fire bombings. Any survivors would be very old now, late nineties or centenarians.

Mercador was pretty good. An old Anglo-French band, the Stranglers, had a good line under an inapt title, *No More Heroes*.

Whatever happened to

Older readers will know this, but I long thought the icepick was the type for drinks, of course it was really the type for climbing over and up ice on mountains.

Just to add some figures I looked up awhile ago.

According to the Linked Article, 2.76 million Illegal Migrants entered Murica in 2022CE.

Add about 886K in Hispanic Births and 165K+? in Legal Hispanic Immigrations – you’re getting the picture:

Around 3.8~4.0 Million Hispanics entering+birthing in Murica.

IIRC, Murica had approximately 1.9 Million White Births in 2021

As I’ve posted before, clearly the Hispanics are dominating the Demographics Composition Shift in Murica.

So Murica States are gradually becoming “Blue and Bilingual”.

Some of the more dire subjects that need to be discussed by those remaining in Murica are – Murica already outsource(d) a good amount of their Mfg+Svc Jobs; and that may need need to be addressed as IMHO, there probably aren’t enough Domestic Job Billets to sustain the “Domestic Murican Population”.

One Regional Case. In Los Angeles, job growth areas were projected to be in Legal, Commercial Real Estate, Construction, and Healthcare Sectors. Sure Food+Beverage Svcs and Agriculture pick up a good number of employees; but where would the “LA’s portion of Annual Illegal Migrants” – Work?

Domestic Industries, Mfg, and Labor need to be emphasized for the Domestic Populace.

Trump tried Tariffs – he didn’t try hard enough and his Staff ignored him.

I hate to say this; but prudent Muricans may need to start monitoring+discussing Labor – and – Public Assistance Stats a bit more closely moving forward. IIRC, California had a high number of those in Public Assistance relative to those who are employed in “Non-Gig Economy, Traditional Full Employment Positions”.

Best Wishes.

The purpose of communism is to humiliate, not persuade.

Indeed. But the worst problem is not immigration from Mexico.

The worst problem, of course, is the 42 million Africans who are already here and already get to call themselves natural born citizens. (And their Jewish enablers in the media.)

Detroit. St. Louis. Atlanta. Chicago. Baltimore. Black people ruin everything. Obviously. “Black Lives Matter” propaganda 24/7. 98% of all people in commercials being black. White guy in commercial has to be the buffoon. Black tax adviser takes care of white customer. LOL. Black window repair guy fixes car window so white baby can be safe. lolzozozozoz. That’s the only time you see a white person as the customer.

Total inverse of reality and truth on every single issue. That is what “the left” and the regime and Democrats (and uniparty Republicans fight for).

And to be in polite society, white people cannot say anything. We are denied freedom of speech and freedom of association.

We pay a hidden tax to live in a “safe neighborhood” so our children can go to “good schools.” Everyone knows that that means.

We live in fear of sending our children to a public school, where a pack of blacks will kick our kids in the head in an 8 on 1 fight if they can catch them in the bathroom.

As I educated everyone since 2015 when Trump came down the elevator: what will “the wall” do about the 42 millions Africans who are already here as natural born citizens mooching off of us? Civilized society has to babysit them (best case scenario), every day, while we endure 24/7/365 anti-white propaganda as we are

forced to babysit blacks while repeating the lie that the races are not different in intelligence. I pay a huge tax bill every year; I basically feed and house two black families every year, and while my kids are okay, I have to guilt trip them about things that my work should have earned for them easily (activities that cost money).

Everyone knows this. I am wasting my energy right now as I type this.

Black people and jews are the reason we (whites) can't have nice things.

You are right : Americans have always, as by an unwritten principle of their first constitution, walked by the slogan : “Ignorance is Strength”, it being understood that the ignorance in question is not acknowledged unknowing but deliberate contempt for the information they already has before their eyes, and for whoever remarks it too loudly, except when that piece of information may be turned into money in their pocket, in which latter case they pretend not to know it so as not to share it. Their ultimate answer when embarrassed is “If you think you’re so bright, how come you’re not so rich?”. It is ignorance in the active, imperative sense “The US are going to the dogs? ... Just ignore it!”. American Whites also are sort of dindus.

That is why I don’t worry for Tucker Carlson at all. He pinpoints to some truths but also deliberately ignores many others he really cannot have missed, as some say a coin you toss falls on the right side and the very fact that he gathered so many millions of viewers shows that his intention is mostly to flatter the beast of public opinion however wrong to put it at the service of his money, at which he has proved to be very savvy. Actually his fortune is now made and he no longer needs to work to enjoy a princely lifestyle for the rest of his existence.

I don’t think he was taken aback that suddenly. It is clear that he had seen it coming long before and most probably advised by Murdoch himself to prepare his moving out one year or more in advance so as to maximize revenues for both. His last program was quite theological in nature (we don’t know whether it is some sort of Zionist evangelism or sedevacantist Catholicism) and as soon as you deliver a religious sermon on Faux News you know it is your first and last because the incorporation charter of that agency clearly says that no preaching for any explicit or

explicit religion is allowed. Faux News is strictly secular as a medium and Murdoch passionately hates any remark made in the name of any religion to him and to his business. Tucker's last sermon was pronounced in the intention of being automatically fired by the company's foundational statutes : even Murdoch could not go against it, and that was the official cogent reason given for "parting ways", though of course there were so many others.

My guesstimate is that everything Tucker talked about out was part of a script composed not by him but in much higher places (the fact that he seems to admire the Qabalah up to the point of wearing its ensigns and talismans is a telling sign thereto, though it could be Masons as well as Jews) : his only priority is financial and he pulled his role off brilliantly to that effect.

Was he sincere when he pronounced his theological sermon or just adding one clown's stunt more to his curriculum? In both cases my prediction is that he will either enjoy the princely parasitical existence he always aimed for in some distant island and mansion, either become a preacher or even the leader of a whole church of his own, because religious sects are the most secure business of all in the US if you are good at attracting millions of suckers, which Fucker Carlson is. With the difference that if he is honest he will lose them nearly all : no real truth in the domains he covered can durably attract so big a commercial clientele (especially in the US but also in general) it is something you have to let go off in priority before accessing any kind of heavenly state.

If as a preacher he consents to lose most former admirers under the rain of sordid details that will be revealed about his past life (he had to perform many to get where he just was) so as to keep a much smaller crowd of listeners, you will know he was probably red-pilled, right and sincere at the end. But if he acts with as much success under the umbrella of some mega-church

you will know that he is going on following some script as before his parting ways : a good actor, especially in comedy, cannot author his own long-term script, he must obey a career plan traced by others.

Make no mistake about it : all that claims of Christianity among typical American Whites or Off-Whites or would-be Whites is most generally done out of malevolent and mendacious intention, exactly as nearly everything that claimed of Marxist thought in USSR. It is something you do for your career not for any truth's sake. Those who go to mega-churches don't believe in their thing for the most part but in the practicality of being part of an obscurantist movement so as not to act responsibly by any political standard. It is among others the belief that preparing the end of the world is a more worthwhile objective than preparing any kind of post-financial era.

Most so-called "born again" became so in the 1980's not to have to answer to the fact that they had given up bequeathing a better world to the next generation like former generations before them had done, at the time so many former hippies that had been quite anti-system became yuppies : there was nothing spiritual in their approach though they also had their own "supernatural" experiences, their own channellings that mirrored those of New Age thought.

been pretty much running every administration since 1976

The Trilateral Commission is the gatekeeper of the modern technocracy movement, and technocracy is ground zero for the global totalitarian (beast) system. This organization was co-founded 50 years ago by David Rockefeller and Zbigniew Brzezinski. Trilateralists are the ones today who are pushing the war on carbon, the war on food and the coming world war between Russia-China and U.S.-NATO. Their overall agenda represents a war on humanity and, as such, receives inspiration from the very depths of hell.

Shortly, the public will be unable to reason or think for themselves. They'll only be able to parrot the information they've been given on the previous night's news.

The wide open border is a communist/zionist/UN Agenda 2030 drive to displace the white race in America and this can be read at UN.org, under the UN Department of Economic and Social Affairs Population Division Replacement Agenda.

The fact that the zionist voting machines ie Soros owned Dominion and Smartmatic were used to put the communist brain dead Biden in office is a classic communist tactic to humiliate the America people, this is what zionists do, just like the covid-19 scam and psyop, ie covid-19 does not exist, it is an illusion used to scare people into taking the genocide MRNA clot shots, to humiliate and kill people at the same time, and this is what zionists do, they destroy nations and humanity.

If a Communist country is when they tell great whopping lies, then, well, Derbyshire is ontologically committed to claiming America is a Communist Country.

Firstly, your logic there is unsound – wish I knew the Greek term for that fallacy.

I don't think that is a fallacy. Just a false assertion: “a Communist country is when they tell great whopping lies.” See 1.1.12 at this link.

By no means do Communist countries have a monopoly on telling great whopping lies.

The more interesting question is whether using propaganda to humiliate is an exclusively communist trait or occurs more generally. Does anyone have good counter/examples? I would argue current year America is sufficient rebuttal, but since the opposite was used as a premise here can't really use it in that argument.

FWIW I can't tell for sure whether Alrenous is making the argument you imply or criticizing Derbyshire for implying it. My guess is the latter.

Goonter, a Chinese lady I know well told me how her family was eating corn obtained with ration cards in 1980 still. This was not the best American sweet corn but American feed corn, and it wasn't too fresh at that. Her Mom never ate corn again after things got a little better a few years later.

Beggars can't be choosers. Even the American Communists who lived off of Social Security checks in their utopian commune in the Guyanan jungle in 1978 couldn't afford real Kool-Aid when the boss, one Reverend Jim Jones, arranged for the 1000-man/woman/child mass suicide/homicide to end it all. The well-known idiom, "***Drinking the Kool-Aid***" comes from it, but they had to settle for Flavor-Aid.

Yes, I'm cognizant of that interview. Heard it before. I'm well aware of that.

But it's worse than that—there is no road out. We can't organize. We have no leader. We have no one in the any level of government that will support us. All comms are picked up and the worse of it is that you try to organize—half and even the leadership are FBI agents or ATF.

The error is in the founding of this country as the world's first Masonic 'republic'. (America is not a true republic.) It is based on a religion—that of Jewish Messianism. Many people are beholden to this error—and are not going to give it up. So Fail.

America has no racial homogeneity; no religious homogeneity; no ideological homogeneity. Listen to this conversation:

“Media Mourns Anthony Bourdain Dies at 61 in Apparent Suicide | Here Are Some of The Things He Said” shows a snippet of an interview between Bourdain and another guy who said “kind of utopia...the whole world will mix up with each other...there will be no white people anymore...only Cappuccino colored people.”  
*Bourdain replies “That is the Only Solution, turning all people ...into a Singapore model. Hopelessly intertwined.”*

<https://www.youtube.com/watch?v=21wEADMn-zI> Min. 3:32. Published on Jun 8, 2018. Retrieved 06/10/2018

That is also our military. Our military is not a true military—it, like the country it represents, is also “”Hopelessly Intertwined”””” with atheists, foreigners, Jews, and especially Masons—who believe in the Singapore model of race-mixing. They are NOT going to help us. George Washington was a Mason as was all the generals under him. The first commandant of West Point was a Rosicrucian which is very similar to Freemasonry. Our military is full blown Marxist now!

Demoralization? Yes. Emasculation? Yes. It's bad—our situation is very very bad. I see no way out. The Jews have won—and it was panzy cucks, the liberal weenies in the Catholic Church who have done this and are participating in this evil. It is all very disgusting.

Agreed. But where is our OPERATIONAL Plans? Where is our Conservative 2030 Plan? Where is our “Great Conservative Reset” plans? Where are plans to instill our Conservative Narrative?

If Trump or Tucker or you died tomorrow, where are the plans that tell me and others, THIS is who on the Left or Right you target, heres the methods you use to triangulate your globalists enemies, heres the vision, the long term goals, the many short term goals, here are the stages and actions you must be taking.

These are the short inerin steps to get “education”, “health care”, ” sheriffs”, “police”, firefighters”, and how to get many many company policy boards to chage their policies.

Here are the list of all key legal rulings that we must get in our favor and under our full control and have them cornered and neutered– as they have us today?

It is interesting and informative to learn the who and how THEY did what. We seem long winded on that. Indeed that is all we do. But what is our OPERATIONAL Master Plan and all its various long winded sub routines and and activities that we must bring to bear?

I loved Ron Paul, but “just read the constitution ” does NOT get us out of the Globalists crosshairs. We need a highly articulated OPERATIONAL Plan, one where if you die, if others fall, we can pick up the banner of America First and continue on forward.

Res, Alrenous wrote his comment using the assertion by Mr. Derbyshire that Communist countries are when [probably meant “where”] they “tell great big whopping lies”. That could be right or wrong, per 1.1.12, but his logic error is this: Even if that is true, that doesn’t imply that any country in which great big whopping lies are told is Communist.

Say, there are big whopping lies told in Argentina by the government (as that is usually where the lying is or starts). That doesn’t imply that Argentina is Communist.

That is, unless you take Mr. D’s assertion as a one-part definition of a Communist country, which is surely not what he meant – maybe Alrenous inferred that?

Clearly, your purpose in life is to make money for the IRS. Or GM, as long as they're up to date on their bribes.

Here is the great irony: Fifty years ago, while studying overseas, I had several classmates who were from the Eastern Block. There were two issues I was asked about, to which they had no exposure – biblical references and taxation. Taxation was the real puzzler for them. They could not understand money deducted from your paycheque. What you earned in your hourly wage or salary, you kept. Quite simple to understand when the government owns all of the businesses and real estate. I used to tell my “no taxation” acquaintances that they would be happy in the USSR, because there were no taxes.

I can tell you're a muscovite or were born to a highly privileged family when most people in USSR lived horribly and had decreased standards of living every year until the breakapart in 1991. Look at every single communist nation that failed in Eastern Europe, they were all going down economically well before that. The concept of communism is really simple, 1% live like rich capitalists, 99% live like communists. Eventually this was unsustainable and communism promotes laziness. Take a look at Czechoslovakia in the 70's and 80's, pretty much everything was about "efficiency" but that led to shortages and people neglecting everything like homes being run down. Prague in 1991 looked worse than Prague in 1945. Now look at Prague today in 2023. They're the richest post communist country in the world in terms of income per capita, wealth per capita and standard of living.

The commies were incapable of making their own system outside of the west despite the abundance of natural resources and human capital. In the end communism creates misery for most and privilege for some, just like now with every western country because the west is becoming like Russia...

Your despair is a sign of your capitulation and I hope I am wrong.

You may here things you haven't encountered before, you may disagree with some things, but you will find out who you should be fighting and by which methods. Then do some homework. What is more important than who or how is what is their purpose and how can it be resisted, even if it is just you.

We must become informed by investing time and intelligence knowing our government so that we can peacefully redirect it to serve all the people, not just a few. Remember they are more scared of us than we are of them. That's why they have consolidated the media megaphone, so WEF agent Biden win the election unopposed. Joe Biden, Alejandro Mayorkas, Kamala Harris and Merrick Garland are ENEMIES OF THE EUROPEAN CHRISTIAN ANCESTRAL CORE OF THE UNITED STATES OF AMERICA.

Joe Biden, Kamala Harris, Merrick Garland and Alejandro Mayorkas are aiding and abetting the illegal alien invasion of the USA.

Biden, Harris, Garland and Mayorkas must all be immediately arrested for aiding and abetting illegal alien invaders and for illegally giving the illegal alien invaders safe harbor.

Biden and Harris and Garland and Mayorkas must be arrested and when they are convicted they must be sentenced to lengthy prison sentences and then after their prison terms are served, they must have their citizenship revoked and they must be legally and forcibly deported to walled and fenced concentration compounds in a hot and fetid part of sub-Saharan Africa.

Mass legal immigration and mass illegal immigration increases housing costs, lowers wages, swamps schools, overwhelms hospitals, destroys habitat for wildlife, causes urban and suburban sprawl, creates multicultural mayhem and brings infectious diseases and terrorism to the United States of America.

So @CharlesPewitt has now gone after O'Malley, Graham and Bush on immigration.

Biden in particular is very much a loathsome individual as far as I can tell (it is so perplexing that some in the Beltway say his character is beyond reproach, .... wut?). Biden blatantly, obviously, in-your-face lies, then aggressively grins through his teeth, through that great-big mouth of his, ... showing his fangs, .... read the eyes, .... at that point he is beckoning, ... ‘come and try me fella’ .... smug in his estimation that you are low-life and wont rise to the occasion to confront the implied humiliation. Then, .... to drive the point home, he will then finagle a way to try to put his hands on you: Domination.

When he has done that, over-the-top, in public, ... putting his hands on the family members of newly appointed officials that have to endure this public humiliation ritual, ..... pretty much every guy in the room gets instinctual kneejerk impulse to strike him hard in the face, forthwith. He knows.

Dude is Shanty Irish through and through, like the entire clan. Really, ... there are no redeeming qualities there whatsoever. The guy has been so weird, ..... I am of the mind that we don't really know the whole story around the death of the first wife. Dude has probably been tainted politico-wise, from the get go, most probably. He has always owed others for covering his own misdeeds, probably from the very beginning of his political career, and is probably therefore one of the most compromised people in Washington, ... because he has been at it so long, ..... the clan should probably be far richer than they are, given that, but ..... Shanty Irish it is, so incompetence in graft as well, .... look at Hunter, .... squander, squander, squander mixed with batshit dumb deeds.

Perhaps the sound was off, because I've heard him on clips saying multiple times that "the border is secure". It's a blatant egregious lie. Keep in mind, as I believe Mr. D wrote, none of this is incompetence or mistakes. This is all purposeful. They lie in the way that says "... and just what the heck are you going to be able to do about it? You'll be replaced and your replacements will eat bug meal and be happy... or not, we don't care."

That is, unless you take Mr. D's assertion as a one-part definition of a Communist country, which is surely not what he meant – maybe Alrenous inferred that?

That was my interpretation (Alrenous inferring). I could be wrong. Happy to be corrected if so.

*I might as well have stayed in China.*

I say:

CHINA LAB FLU COVID

UKRAINE LAB FLU COVID

HARVARD JEW SCREWING AROUND WITH CHINA LAB FLU

Did the JEW/WASP Ruling Class of the American Empire cook up CHINA LAB FLU to attack the Chinese and the Iranians?

The FBI nudged a bit towards the New York Times and the New York Times wrote about a guy from Harvard who was getting big smackers from the Chinese Communist Party for this or that but they distracted me away from that vital information by telling me the Harvard guy was a champion giant pumpkin grower who could grow some big ass pumpkins for sure. Like a largemouth bass drawn towards a Jitterbug lure, I got pulled in by the pumpkin angle.

Why be interested in Jewish Harvard guys with big brains and potentially dangerous knowledge about very scary stuff when I can think of all the delicious pumpkin pies the guy could make with those giant pumpkins even though somebody said the giant ones ain't so so grand to eat or bake with.

All this set-up about the Chinese Communist Party to say that the evil and immoral Republican Party is stuffed to the rafters with guys like Mitch McConnell who have crawled into bed with the Chinese Communist Party because McConnell married a woman who has direct and clear ties to the Chinese Communist Party.

Mitch McConnell also voted for Ronald Reagan's 1986 AMNESTY for illegal alien invaders. I think McConnell was in the US House at the time, but I ain't googling it.

Professor Lieber has Jewish privilege, which gives him an automatic get out of jail card. If he were a Catholic prolifer, he would face years in jail. I predicted this as the beginning of the COVID pandemic. <https://t.co/hTvTr4LRd4>

Hold it right there, China won't get near the Americans with a ten-foot barge pole. There is not a nation in the world wants to flood their nation with more than three hundred millions individual who belives "we lie, we cheat and we steal" as their birth right and as a religion.

windsaywheeler: “Wow—a defense of the Old Order of Throne and Altar!”

I’m not defending anything. I’m saying the experts of technological society have overthrown both!

windsaywheeler: “Nature puts all things in caste! All things are by Nature. ”

Yes, in a certain sense, ALL things remain in Nature, even though it’s sometimes useful to make a distinction between human activities and things that happen without human involvement. A Martian, looking down at us from space, might think that human society most strongly resembles the caste systems of bees, termites, or ants. It’s a collective in which the specialization is even more refined and complex.

windsaywheeler: “Democracy is revolutionary, gnostic, destroying the caste system and inverting the Natural Order of things.”

But if ALL things are in Nature, that must include democracy too. Ellul’s point, and mine, is that the inversion is merely apparent. It’s just the story the rubes tell themselves, while in practice the important decisions still aren’t made by “the people” at all. They can’t be; at least, not in the straightforward way they imagine it.

windsaywheeler: “Leave foreign policy to the Monarch and the aristocracy of one’s country, the vulgar class are incapable of it! ”

This kind of powerlessness is an inseparable part of the humiliation of modern life in technological civilization, in which all important decisions are left up to “experts”. It reminds me of what Kaczynski says in his manifesto about the need over-

socialized people have for “the power process”. These are neurotic attempts at overcoming the powerless position the technological system puts them in.

April 27, 2023 Poverty and Crisis: Sucking Humanity Dry

The Four Horses of the Economic Apocalypse: Agribusiness, Oil, Arms and Big Pharma

The World Bank says nearly 80% (560 million) of the 700 million people who were pushed into extreme poverty in 2020 due to COVID policies were from India. Globally, extreme poverty levels increased by 9.3 per cent in 2020. In 2022, it was estimated that a quarter of a billion people across the world would be pushed into absolute poverty in that year alone.

Billionaires got richer during Covid lockdown.

# American Billionaires

## GOT RICHER DURING COVID-19

COVID-19 has wreaked havoc across the nation, but not everyone has taken a hit financially. After the market crash in March, some of America's top billionaires have rebounded quickly. A majority have even gotten richer.

LOL Yes I’m sure you must have sustained plenty of humiliation in your life, you sad little cuck. In imitation of Christ! Hilarious!

@Goonter

After hudred years of plundering by the West with Opium, barbaric colonism and wars, 14 years wars against the beast-like unrepentant war criminal Jap invasion, 4 years of Americans carpet bombing around the country in the name of fighting the fascist Japs, and American financed civil war in China, how much infrasture do you think left in China to grow grain to support her population?

Do you know there wwere large scale starvations in the USA after the civil war, in Europe after wars, etc.? It seems you are a member of Biden regime which lives in the world of delusion and have no sense to reality.

You should not quote books in the West as evidence to support your argument with Сергей Гончаров, because the books in the West are lies, big lies that were written in according to Joseph Goebbels' big lie principle.

Stalin's Jews (<https://www.ynetnews.com/articles/0,7340,L-3342999,00.html>) meet  
Biden's Jews (<https://www.jewishvirtuallibrary.org/jews-in-the-biden-administration>).  
Time to remove Jews before they kill 60 million Trump supporters!

The US is going totalitarian but the outcome is unclear. The true believers are getting fewer and fewer. The Jewish/Globalist deep state have to break cover and use fear and violence to keep their grip on power . Like you suggest, we've been here before. The Bolsheviks went through the same cycle now being initiated by the US Neo-Bolshevik Jews.

The Neo-Bolsheviks could of course start Gulaging Trump supporters (since they own the legal system) but there are some special problems – 1) the US public owns vast amounts of light weapons and ammunition. IOW the Neo-Bolsheviks would need to use the military – but plenty of military are Southern boys (Trump supporters) 2) for some reason the Neo-Bolsheviks won't give up on their Trotskyite NWO project ( the Ukraine war and provoking China). A project that could slip into a nuclear war and destroy US cities (IOW mostly themselves and their clients).

So it looks like they are miscalculating and aren't in as powerful position as their antecedent Bolsheviks were in 1917.

Then why are 10’s to 100’s of thousands of Chinamen (and women!) coming into the US via the southern border, the northern border (lately) and via airports of entry with corrupt immigration officials, along with overstaying visas and getting post-docs and whatever it takes to stay here, Joe Wrong?

It doesn’t make sense!!!

“Stalin sorted them out during the purges of 1937-8.”

Well, some, but not all. For example, the very bloodthirsty Lazar Kaganovich was too important to “Koba”. Kaganovich hung on until 1990 until he finally croaked.

I've always assumed that Marxist Jews installing as US president a White male in the final stages of dementia, and Black female vice president with the IQ of a Chimpanzee, was done for the purpose of embarrassing and humiliating the American people beyond measure.

That and the perfect pair to be complete puppets for Der Drahtzieher (the Wirepullers).
