Dva vězni z Deep State na palubě torpédoborců třídy Arleigh Burke směřující na Guam byli hozeni přes palubu za podněcování povstání, s jednou předstíranou nemocí, aby unikli ze stísněného prostoru helikoptéry, kterou americký armádní sbor inženýrů přeměnil na hrubé vězeňské cely před loď opustila Guantánamo Bay.

Jak bylo uvedeno dříve, viceadmirál Darse E. Crandall a vedoucí pracovníci JAG se rozhodli přesunout válečné zajatce vysoké hodnoty z GITMO na Guam s odvoláním na bezpečnostní obavy a domnívali

se, že námořní stanice na Kubě je zranitelná vůči rozsáhlému útoku Deep State. , jako invaze, která se odehrála na Štědrý den. Dva torpédoborce třídy Arleigh Burke ovládané White Hat převezly posádky a 65 trestanců (méně, než jsme si mysleli) do nedávno otevřeného Camp Blaz.

Plavba se však neobešla bez incidentů.

Zdroj JAG řekl Real Raw News, že věšák na helikoptéru na každé lodi byl dodatečně zabudován do vězeňských cel s použitím plátů zesíleného plexiskla, které se táhly od paluby ke stropu a tvořily bezpečné samostatné kóje, každá s dveřmi na visací zámek. Na jedné lodi byli vězni muži a na druhé ženy. Jedli ve svých celách a byli několikrát denně eskortováni jednotlivě k hlavě – námořnický termín pro koupelnu.

"Ubytování bylo spartánské, ale humánní," řekl náš zdroj. "Víc, než si zaslouží."

28. dubna, když lodě proplouvaly oceán rychlostí boku, vězeň nyní identifikovaný jako čínský kanadský herec Simu Liu, nejlépe známý pro ztvárnění Shang-Chi ve filmu Marvel Cinematic Universe z roku 2021 Shang-Chi a Legenda o deseti prstenech, začal křičet, že zadržený v sousední cele dostal křeč, posral se a zhroutil se na podlahu. Tou osobou byl zástupce ředitele Ústřední zpravodajské služby David Cohen, který, jak nyní víme, byl v dubnu zatčen na základě obvinění z velezrady za přípravu atentátu na prezidenta Donalda J. Trumpa.

Ozbrojený hlavní lodní poddůstojník a dva námořníci nesoucí pouze nesmrtící zbraně otevřeli zámek Cohenovy cely, když je ostatní zavření Deep Staters bouřlivě kritizovali za porušování lidských práv a za zradu své přísahy Spojeným státům. Mezitím, když Cohen ležel nehybně v ušpiněném vězeňském úboru, Liu bušil pěstmi do plexiskla a křičel: „Osvobod' nás, osvobod' nás,“ podnítil ostatní

zajatce, aby se přidali k jeho nenávisným prosbám o svobodu. Jejich neukázněné vytí se změnilo v kakofonní kvílení, které se odráželo od přepážek.

Do zálivu dorazilo záložní zabezpečení. Čtyři američtí Navy Seals zajistili oblast, zatímco voják hodnotil Cohena. Sborník na sobě měl vitální známky, když Cohen náhle probral k životu, uvrhl ho do sytiče a prohlásil: "Velíme této lodi."

Jeho kostnatá vzpoura viděla rychlý konec; ostrostřelec SEAL mu dal kulku do nohy, což způsobilo, že Cohen upustil kormidelníka a křičel v agónii.

Kapitán lodi mezitím nastavil General Quarters – situaci, ve které je loď námořnictva v normálním bitevním režimu a veškerá posádka by se měla hlásit na jim přidělených bitevních stanicích – a přikázal SEALs potlačit povstání všemi nezbytnými prostředky.

"Kapitán dostal jednostrannou pravomoc řešit - problémy," řekl náš zdroj. "Odložil trest na úsudek týmu SEAL."

Vůdce SEAL údajně ukázal na Cohena, Liu a vězně, jehož jméno RRN nebylo uvedeno, a řekl, že třetí muž bude svědkem. Byli odvedeni na zád' na splachovací palubu se zbraní, kde SEALs vytlačili Cohena a Liu přes palubu.

"Řekni zbytku, co jsi tady viděl," řekl vedoucí SEAL svědkovi. "Řekni jim, jestli se budou chovat slušně, budou v pořádku." Pokud ne, každá buňka bude prázdná, až dorazíme na Guam."

Náš zdroj řekl, že masivní šrouby lodi pravděpodobně rozsekaly Cohena na stuhy. Liu se houpal jako bóje, když byl naposledy viděn.

Na závěr jsme se našeho zdroje zeptali, jaký zločin spáchal Liu, poměrně obskurní hollywoodská postava, aby zaručil tak příšerný trest.

"Liu byl čínský špión pro Čínu, který byl bytostně spojen s tajnými čínskými policejními stanicemi ve Spojených státech," řekl. Vyslovil slovo „Čína“, stejně jako prezident Trump. „Když je to nutné, spravedlnost má mnoho podob. Cohen byl druhým nejlepším mužem v CIA a neměl moc inteligence.“

Cohenův obyčejný pokus o útěk je mimochodem téměř totožný s pokusem agenta CIA, který byl v březnu zabit při pokusu o útěk z GITMO tím, že hrál nemocného a vzal jako rukojmí zdravotníka.

"Zoufalství plodí hloupost," řekl náš zdroj.

Aquaman isn't going to save Simu. Aqua is DC. Maybe the Little
Mermaid will bring him a boogie board.

Follow up to my question regarding whether or not a plank was
involved. Were any parrots present and if so, where did it perch?
Was rum offered and were there any cheers like "yo ho ho?"

*Just a few follow-up questions for your Command Master Chief
source:*

*> A destroyer has limited space for crew and passengers under
normal circumstances. Where will room be found for the detainees?*

> *Will cells be built in machinery spaces, lockers, storage spaces, ammunition magazines, or will the prisoners simply be chained together in the bilge like slave ships? (The latter would be hugely popular with readers. Even so, bilge space is mostly filled with piping and cabling)*

> *Retrofitting a ship to essentially convert it from a fighting ship to a passenger carrier would necessarily require naval architects to ensure the detention cells and other electrical, mechanical and plumbing changes don't affect seaworthiness. This process usually takes months. How was it accomplished?*

> *Retrofitting a destroyer would require a shipyard, which would also expose the work to hundreds of civilian workers. How was op-sec maintained during the retrofit?*

> *The security screen described would require numerous ships, support aircraft, and hundreds if not thousands of personnel. How will their movement be concealed from the public? How can the WH's be certain that a civilian with a cell phone camera will not photograph the operations and share them with the MSM and/or Black Hats?*

I suppose the WH's can use a neuralizer like Men in Black but that's a lot of people to flash.

This article addresses the bullshit in this post, doesn't it?

Remember Trump was getting Troops home from over seas.

Well the US was under attack from the CCP.

Canada had been sold to China and Clone centres in Canada Alaska Etc were producing super soldiers. To infiltrate from the tunnels.

Most of Politics, Media, INC, FEMA, and factions of the Military, had been infiltrated by the Deep State.

Only with the help of the Intergalactic Federation of Worlds (fighting underground) and the forming of the Alliance. Has our freedoms and possibly lives been saved.

Falling of Georgia guide stones being the optic. Of the end of the CCP.

May God bless all fighting for Humanity.

And trial time. Only things you won't have are video of trials/executions (could be arranged) or bodies on ice. But then look at the electricity you'd save, chilling them.

My goodness another DS. TIRED OF OF THIS WITCHERY. White hats stop it now. Sick and twisted Geometry.

I am surprised they did not try something sooner.. I guess they went for a last ditch effort.. That should squelch anymore antics from any of them for a bit..

Stephen Paddock, a CIA pilot of 40 years (aka kind and lonely delusional gentleman), mostly delivering arms to hot spots, was also doing small favors for Clintons by dumping inconvenient bodies in the ocean when stationed in Arkansas being handsomely rewarded. Just saying that judgment was always a tool of the trade.

I keep thinking of the bigger fish like Mayorkas, Austin, Garland, etc who might still be walking around or in countries that do not extradite. Things are finally getting heated, and I want NO ONE to escape. Now maybe their doubles are strutting around, and they are already captured...and that can't be revealed as yet.

If politics now is 'all a show' to wake up the asleep, are Mayorkas, etc., actors, too?

What a a way to go. Much cheaper and less dramatics, no need to bury them. Two useless eaters less and the ship is about 300 pounds lighter. No need to worry about shipping and handling them to Guam. I hope they didn't damage the ship's propulsion systems rudder and prop and I hope they didn't poison the fish. Let's celebrate!

Give that Captain & the Seal Team cigars and a drink...

Don't ya love it when a plan comes together....

I do hope they stripped the 2 clowns naked.

You could make a floating device out of them.

I wonder if they could find Nemo &/or Dory...

I wonder if Jaws & his school of hungry comrades showed up to finally to finish the job on both of these Radical Deep State Criminals??!

Only "Intelligence Community" imbecile try to escape from military vessel. Frankly, I think the dude is Epsteined. Via #Harvard "peers." But that is only me.

Michael Baxter , any new updated information on the FEMA Mandate article ? I've keep checking on that article, but it's still just the "Root" . Interesting Information on FEMA . I'm just patiently waiting for some fresh updates . Thanks !

This seems unlikely. Why would they let a Chinese spy go? If they have tracking devices embedded what is to prevent someone picking them up? Have these persons already gone through their tribunals?

Unlikely indeed.

What's more, if Liu was / is a clone, then he'll float indefinitely, because clones have enormous butts.

The unfortunate metabolic disorder which induces clones to constantly fart might attract sharks, however. Just like dogs, sharks love sniffing butts.

Then Jaws did show up immediately for a very quick snack indeed!

It's Where they let him go. His tracking device is in a large fish circling a continent.

Happy Hunting.

Wow. Must have been delusional to think they could overtake SEALs in the middle of the ocean. Crazy thinking. Now they're fish food.

Only 65 prisoners are being transported, I thought they had thousands of deep staters incarcerated at GITMO. Where are the remaining prisoners?

Correction – that's 63 now.

Better keep a close count – if we get to Guam with a NEGATIVE number, then the Universe might implode.

I figure when they toss Gilligan, the Skipper, the Professor, Marianne, the Movie Star, the Millionaire and his wife off the stern, we'll be down to 56.

Islands were fascinating to the film industry so they seemed to use that to take the place of "It's about time" the time travel series that was canceled after an episode. They didn't want the public getting that idea that time travel is real and for fixing timelines?

Then came Epstein Island. Offshore banking and boat people that seemed to be nothing more than human trafficking disguised as desperate migrants. To save the children is more like no blood, no vampires can exist.

Women in USA got married at 18 and started making babies right away. Women in the Caribbean probably couldn't find monogamous husbands most of the time, nor did they watch tv teaching them what

to do as much but the more tv and “modern” handouts they got the more they got the idea that USA had anything good to be got, so the more boat people tried to hop to Florida. On the boats (some were large makeshift made just for transporting humans) the coastguard knew what was happening. Morbid stuff.

The whole world post WW2 became migrations indefinitely for an escape to USA and get a better life. They were the kind of people that either work the deep state taking over USA gov offices OR they sold their own babies to get money to stay in USA or go back and forth to their ancestral countries and import other's to stay in USA with them. Show off, lure in others from ancestral lands after they got to USA and don't fit in.

The human traffickers aren't mentioned out of the slave days plantation working Africans. Had to be going on then also and same reason was for the vampires.

I believe the report defined 65 “high level” prisoners. Certainly a Chinese spy and the segundo at the CIA would qualify, however, what was left behind probably would not motivate a free the captives move by the black hats so much as the remaining 63 on board. BTW, that class of naval ship plying the waters of the Eastern and Central Pacific can and usually does provide constant motion and sea sickness is generally classified as motion sickness.

Thousands stil at gitmQ, thousands on a priZon barge in ny harbor, thousands tribunaled, thousand more being hunted. djtiafg. He got em ALL.

They aren't going to Guam first of all(see Derek Johnson) probably in U.S. Virgin Islands as planes have been going between there and gitmo and Florida.

Joe Biden has an Island in the Virgin Islands not far from Jeffreus. I think its called Water Island. Look how many trips Air Force 2 took down there during Obamas presidency. I wonder how many child sex

slaves he had down there.

They could be just killing them and say they are going wherever. War is what it is, and prisoners are not considered to keep alive if war is declared. If they want them alive it could only be looking for more information out of them.

Bijte je, dokud nevykrvácejí, a pak je zbijte, protože krváceli, nebo je nechte proplovat za vodní hladinou... Kdy se nemoc DS zastaví?
Až všichni přestanou plavat!
