Nedávný vývoj ve Washingtonu týkající se Ukrajiny a Blízkého východu mi připomíná, že je velký rozdíl mezi zachováním mlčenlivosti, když si to situace vyžaduje, a lhaním v otázkách, kde k tomu neexistuje žádný přesvědčivý důvod, který by přesahoval politickou výhodnost. Po více než dvaceti letech strávených v amerických zpravodajských agenturách, kde bylo utajení operativní normou, bych tento rozdíl ilustroval následovně: legitimní tajemství by bylo něco jako neprozrazení informací, které by ohrozily lidi nebo životně důležité národní zájmy, zatímco lež by spáchání trestného činu a vymýšlení příběhu, který by popřel nebo zamlžil, že se skutečně stalo něco hrozného. Když dojde na lhaní, mám samozřejmě na mysli bizarní chování vlády Spojených států, zejména od 11. září, páchat válečné zločiny a poté přijít s důvody, proč její zahraniční a národní bezpečnostní politika nabrala ojedinělý agresivní a nátlakový obrat, který není ospravedlnitelný realitou ani žádnou skutečnou hrozbou. Tento posun v chování měl hluboce negativní důsledky, přičemž velká část světa je nyní nakloněna označit Spojené státy za nejnebezpečnější zemi globálně, pokud jde o největší hrozbu míru mezi národy.

V tomto světle by se dalo přiměřeně udělit zlatou medaili za kreativní ničení administrativě George W. Bushe, která povýšila lhaní na úroveň, kterou si ve Washingtonu dosud jen stěží představovali. Bush měl neoconům ovládaný tým zahraniční politiky, soustředěný v Pentagonu s Donaldem Rumsfeldem, Paulem Wolfowitzem a Dougem Feithem a se Scooterem Libbym v kanceláři viceprezidenta, který neváhal vymýšlet vymyšlené informace prostřednictvím systému, aby ospravedlnil totálně podvodnou válku. proti Iráku. Spiklenci, z nichž většina byli Židé, kteří měli úzké vazby na izraelskou vládu, podporovali přání židovského státu, aby USA zaútočily na Bagdád. V jejich cestě do války se k nim připojil nešťastný ministr zahraničí Colin Powell, žalostně ignorantská poradkyně pro národní bezpečnost Condoleezza Riceová, a nelítostně ambiciózní George Tenet v CIA, aby se s nimi mohl projet. V tomto kontextu zůstává nepoznatelné, co si prezident Spojených států skutečně myslel, pokud vůbec přemýšlel. Výsledkem byla katastrofa Iráku se stovkami tisíc mrtvých civilistů kvůli zcela vymyšlené hrozbě „zbraní hromadného ničení“ v rukou Saddáma Husajna. V současné době, dvacet let po události, má Washington stále vojáky v Iráku, i když je irácký parlament opakovaně žádal, aby odešli. se stovkami tisíc mrtvých civilistů nad zcela vymyšlenou hrozbou „zbraní hromadného ničení“ v rukou Saddáma Husajna. V současné době, dvacet let po události, má Washington stále vojáky v Iráku, i když je irácký parlament opakovaně žádal, aby odešli. se stovkami tisíc mrtvých civilistů nad zcela vymyšlenou hrozbou „zbraní hromadného ničení“ v rukou Saddáma Husajna. V současné době, dvacet let po události, má Washington stále vojáky v Iráku, i když je irácký parlament opakovaně žádal, aby odešli.

Zajímavé však je, že to, co se hrálo za George Bushe, byla dětská hra ve srovnání se současným politickým prostředím, kde se média přidala k administrativě Joea Bidena a lhala téměř o všem. To zahrnovalo válečný akt spáchaný jak proti jadernému ozbrojenému protivníkovi, tak proti spojenci v podobě zničení plynovodu Nord Stream, který byl jasně proveden Spojenými státy proti Rusku a

Německu poté, co Biden dokonce nesouvisle veřejně varoval, že udělal by to. Od té doby, co investigativní novinář Seymour Hersh odhodil pokličku příběhu USA a jejich zajatá média zareagovaly tím, že pomohly vznést zcela nepravděpodobný alternativní příběh o tom, jak to mohlo být dosaženo hrstkou nepoctivých Ukrajinců operujících z rybářské lodi. Ruské pokusy o vyšetřování incidentu Organizací spojených národů a/nebo Mezinárodním trestním soudem (ICC) byly úspěšně zablokovány Spojenými státy, které v reakci podpořily úspěšný pokus britského právníka, aby byli Rusové vyšetřováni za válečné zločiny. ICC.

V nejnovějším vydání lží a dalších lží USA visí na suchu jednadvacetiletý letecký národní gardista Jack Teixeira, kterého obviňuje z krádeže a zveřejnění vysoce utajovaných informací souvisejících s národní bezpečností na internetové chatovací místnosti. Letec může být skutečně vinen tím, že právě to udělal, ačkoli jeho motiv je stále nepolapitelný a jeho skutečná schopnost získat přístup k některým materiálům, které získal, je sporná. Mnohem důležitější je však zadní příběh, který spočívá v tom, že dokumenty odhalují, že Ukrajinci jasně prohrávají válku proti Rusku, což přimělo ukrajinského prezidenta Volodymyra Zelenského, aby usiloval o členství v NATO i o novější zbraně delšího doletu, aby mohl zasáhnout Rusko. přímo a dostatečně tvrdě na to, aby vtáhla USA a NATO přímo a plně do konfliktu. Nedávný možný pokus zabít Vladimira Putina pomocí dronů může být součástí takového plánování, a pokud by se přiblížilo úspěchu, drtivá ruská reakce by pravděpodobně eskalovala konflikt a způsobila katastrofu možná globálních rozměrů.

Uniklé zpravodajské informace naznačují, že Ukrajina po tomto měsíci vůbec nebude schopna bránit svůj vzdušný prostor a také jí brzy dojde munice. Tato „fakta“ věděl ministr obrany Lloyd Austin, když před několika týdny svědčil, že Kyjev vyhrává svou válku proti Moskvě. Biden, pokud jde o vedení války, nadále popírá, že by američtí vojáci byli „botami na zemi“ angažovaní na Ukrajině. Uniklé dokumenty ukazují, že také buď lže, nebo je o tom špatně

informován. Zdá se, že jedinou zpravodajskou položkou, která odráží určitou míru uznatelné pravdy, je informace naznačující, že ze strany Washingtonu není žádný úmysl podniknout kroky k zahájení mírových rozhovorů s cílem ukončit boje v roce 2023. Sněmovna chce jít do voleb v roce 2024,

Z pohledu amerického občana platícího daně skutečnost, že ministerstvo financí USA poskytlo nebo slíbilo hodně převyšující 100 miliard dolarů beznadějně zkorumpované ukrajinské vládě, aby se postavila jaderně vyzbrojenému Rusku, které USA žádným způsobem předtím neohrožovalo. k bojům, které vypukly loni v únoru, by měly být významné. A co se stalo s takzvaným zákonem o válečných pravomocích, který požaduje, aby Kongres vyhlásil válku? Kde je tedy výhoda toho všeho pro americký lid?

A je toho víc. Existuje také nedávné odhalení, také od Sy Hershe, že Volodymyr Zelensky a jeho gang podvodníků ukradli 400 milionů dolarů z hotovosti poskytnuté Bidenovou administrativou na nákup motorové nafty pro ukrajinskou armádu. Podvod odhalila CIA, jejíž ředitel William Burns v lednu Zelenského skutečně osobně konfrontoval s čísly a jmény zúčastněných. Zelenskyj a jeho profitoři provedli svůj projekt tak, že získali peníze od ministerstva financí Spojených států za americký petrodolar za galon plus náklady na dopravu, než se obrátili a nakoupili palivo od levnějších dodavatelů umístěných v regionu, včetně rafinérie Lukoil Neftohim Burgas v Bulharsku. Rozdíl pak zmizel v kapsách Zelenského a jeho generálů. A kde se vzalo levnější palivo? Většinou z Ruska a také z Íránu! Zajisté došlo k určitému odporu od malé skupiny převážně republikánských kongresmanů. Matt Gaetz předložil ve Sněmovně reprezentantů návrh zákona, který požaduje, aby Bílý dům poskytoval úplné informace, včetně „kopií všech dokumentů nastiňujících plány vojenské pomoci Ukrajině. Kromě toho rezoluce nařizuje ministru obrany Lloydovi Austinovi, aby zveřejnil počet ozbrojených sil Spojených států, včetně speciálních operátorů, rozmístěných na Ukrajině bez pravomoci Kongresu. Bidenova administrativa a další spojenecké země zavádějí svět ohledně

válečného stavu na Ukrajině. Tato administrativa musí být naprosto transparentní vůči americkému lidu, když hazardují s válkou s jaderným protivníkem tím, že na Ukrajině operují speciální jednotky. Zástupkyně Maverick GOP Marjorie Taylor Greeneová se do toho také pustila se svými kolegy z Republikánské strany poté, co pochválila údajného úniku dokumentů Pentagonu kvůli jeho odhalení lží kolem ukrajinské války. Řekla: „Jack Teixeira je bílý, mužský, křesťanský a protiválečný. To z něj dělá nepřítele Bidenova režimu. A řekl pravdu o tom, že jednotky jsou na Ukrajině a mnohem více. Zeptejte se sami sebe, kdo je skutečný nepřítel?“ Senátor Lindsey Graham, stejně jako vedení Republikánské strany, okamžitě skočili na Greene a odsoudili ji za to, že je proti válce. Grahamová, která nedávno obhajovala invazi do Mexika, aby vyřešila americký drogový problém, zejména označila svou odpověď za „jedno z nejnezodpovědnějších prohlášení, jaké mohla udělat,“ dodala. „zničilo by to schopnost Ameriky bránit se“.

Bývalý ředitel CIA John Brennan také odsoudil Greeneovy komentáře, když prohlásil, že „Z mého pohledu si myslím, že Marjorie Taylor Greeneová znovu a znovu prokázala, že není způsobilá zastávat veřejnou funkci...“ Na chvíli si připomeňme, že Brennanová byl sám jedním z nejlepších. katastrofální ředitelé CIA, kteří kdy zastávali úřad. Obhajoval mučení „teroristů“ ze strany agentury, stejně jako „podpisové“ útoky bezpilotními letouny s cílem zabít podezřelé na zemi na Blízkém východě a v Asii. Spolupracoval s úsilím vykolejit kampaň Donalda Trumpa a podepsal dopis říjnu 2020 s tvrzením, že Trumpova kampaň za znovuzvolení mohla dobře těžit z ruské dezinformační operace, iniciativy, která mohla ovlivnit výsledek voleb. Při jedné příležitosti, po setkání Trumpa s ruským prezidentem Vladimírem Putinem v roce 2018, Brennanová poznamenala, že „výkon Donalda Trumpa na tiskové konferenci v Helsinkách stoupá a překračuje práh ‚vysoké kriminality a přestupků‘. Nebylo to nic jiného než 'zrádné'. Nejen, že Trumpovy komentáře byly ‚imbecilní‘, on je zcela v kapse Putina.

Výměny s Republikánskou stranou a také od téměř všech demokratů slouží jako další známka toho, že problém s vládou Spojených států je systémový: jít do války a zároveň očerňovat kritiky a pak o tom všem lhát, aby se předešlo vnímanému problému, je vždy preferováno. možnost jak pro Bílý dům, tak pro Kongres. Bez ohledu na to, kdo v roce 2024 vyhraje, s možnými výjimkami Roberta Kennedyho Jr. nebo Tulsi Gabbard, výsledek z hlediska roztržité a nekoherentní zahraniční politiky, která ve skutečnosti sama ohrožuje Spojené státy na všech úrovních, bude zhruba stejný.

America plunders the world because at the end of the day the global economy is a zero sum game. Any other nation would do it. America was the wealthiest nation in history in the 50's and 60's because it represented over 50% of the worlds gdp, today it's less than 25%. If America hadn't looted Iraq and countless other countries the American people would live worse off even though they get the crumbs from the spoils. Since the 1850's America has been engaging in wars of economic profit.

The Zionist Biden White House knows it's lying and all is rooted in the Mossad's satanic motto, "(Israel) wages war by deception."

Am saddened that the Zionist W. Bush administration escaped the wrath of the intelligent and brave Philip Giraldi, who failed to mention the criminal post-9/11 war against Afghanistan.

In direct opposite to the Our Father prayer, what naturally befalls Americans is a deliverance into evil.

Thanks for this absolutely excellent article.

I'd suggest one minor adjustment. "[T]he US and its captive media" should read "the *captive* US and its captive media".

For the US has been captured by a stealth enemy empire. It controls Big Media, Big War, Big Pharma, Big Energy, Big Banking, and Big Politics. The uniform script of lies emanating from all these institutions is the smoking gun.

Big Banking is its foundation. Here's economist Catherine Austin Fitts explaining to Kim Iverson how our financial system is actually a criminal operation.

"They're after your Kids" – The Real Agenda Behind The Great Reset | A Conversation with Catherine Austin Fitts

<https://rumble.com/v2m8tig-may-5-2023.html>

And it's no coincidence that with the massive deception permeating the US invasion of Iraq, "[t]he conspirators, most of whom were Jews who had close ties to the Israeli government, were supportive of the Jewish state's desire to have the US attack Baghdad." How Israel's bank captured the US establishment is described in

War Profiteers and Israel's Bank

<https://warprofiteerstory.blogspot.com/p/war-profiteers-and-israels-bank.html>

America is in a real war, but it is not with Russia. The real adversary is the stealth Zionist Empire that uses America as a cloak for its looting and slaughtering around the world. In the process it is robbing and wrecking America along with ruining the planet. Those members of the US "Establishment" who collaborate with this deadly enemy are also enemies. They are either moles and spies or sellouts and turncoats.

“...the destruction of the Nord Stream pipeline, which was clearly carried out by the United States against Russia and Germany after Biden even incoherently warned publicly that he would do it.”

There is a difference between having a justifiable suspicion and irrefutable evidence to prove an allegation, which has been conveniently blurred here. On February 7, 2022, Biden incoherently threatened to put an end to the Nordstream 2 pipeline if Russia were to invade Ukraine:

White House Transcript – February 7, 2022

<https://www.whitehouse.gov/briefing-room/statements-releases/2022/02/07/remarks-by-president-biden-and-chancellor-scholz-of-the-federal-republic-of-germany-at-press-conference/>

“If Germany — if Russia invades — that means tanks or troops crossing the — the border of Ukraine again — then there will be — we — there will be no longer a Nord Stream 2. We will bring an end to it.”

This was just before that new pipeline was scheduled to become operational. Due to Biden’s rambling threat, the Nordstream 2 pipeline never went into service. For years this second pipeline had been controversial. A key premise for this project had been to circumvent Ukrainian territory because that country was unreliable, due to high transit fees and potential blackmail. Among other European countries that objected to the project, Poland was among the strongest opponents.

One must also differentiate between that pipeline and the previously operational Nordstream 1 pipeline. Due to their ability to provide alternative gas supplies to Germany if the already operational pipeline were severed, Israel, Qatar, the UK, and Norway also stood to gain, aside from the United States, so altogether there are more than a handful of suspects. Biden’s public comments at the White House were disingenuous

because they provided a plausible cover for other actors to engage in sabotage, under the presumption that the US would inevitably get blamed, which is exactly what is now happening.

Peculiarly, both pipelines were blown up at different locations, through multiple explosions on September 26, 2022, during Rosh Hashanah, the Jewish New Year celebration. Naturally, this prompted speculation that this was either a signature Mossad operation, or a false flag operation intended to make it appear as if though Israeli saboteurs were involved. According to the alternative narrative, a group of six, including a female physician and five men, one captain and four diving specialists, had rented a yacht on September 6, 2022, in Rostock through a Polish company, using fake passports. The yacht (not a “*fishing boat*”) was purportedly owned by Ukrainians. One may wonder how likely it is, that these yacht owners might be Jewish; certainly the media did not mention any names.

One clue provided in the narrative, was that the team had been tracked to have stopped at the island of Christiansø, northeast of Bornholm, very close to where the explosions subsequently occurred. Another clue was that this team failed to clean up after the mess they had made, which allowed investigators to find traces of explosives. It should be noted that Germany was considered to be a safe place for Mossad agents to operate in. After Poland had turned over a key suspect in the 2010 assassination operation in Dubai to Germany, for using a passport obtained under a false pretext, he was let go.

| “*Since investigative journalist Seymour Hersh blew the lid off the story...*”

Much ado has been made about Hersh’s article on the *Substack* platform. He wrote what many wanted to believe, without having provided any compelling evidence, essentially hearsay based on the concept “*just trust me on this*”. Suddenly this occasional journalist, who had gotten the story wrong about a chemical

attack in Syria and provided no revelatory investigations surrounding the attacks on September 11, 2001, or the Epstein connections, was elevated and exalted as the embodiment of unimpeachable truth and virtue. Nobody dared to even wonder, whether he might be a loyal operative, fulfilling a distracting function.

The significant crime was blowing up the operational pipeline, Nordstream 1, which caused the gas to bubble to the surface. Even if the US government had authorized contingently setting up the means to blow up the Nordstream 2 pipeline, as an option, which appears plausible, what is relevant is who actually blew up the operational Nordstream 1 pipeline. This key differentiation has been missing in the media. Also, one has to wonder why the pipeline was not blown up much earlier. Was it just a “coincidence”, that all the pipelines were blown up on Rosh Hashanah? It is also useful to know that Putin and Netanyahu have been quite friendly since 2017. At the big parade in Moscow, exactly five years ago, Netanyahu was Putin’s honorary guest. Even now, Israeli passport holders do not need an advance visa to travel to Russia for up to 90 days, and vice versa, according to Embassy information on the Internet.

Though many will continue to harbor strong suspicions regarding culpability, the issue is likely more contrived than it simplistically appears at first glance. Conclusive proof has yet to be presented.

“America plunders the world...”

True, but trivial as it is general knowledge.

“...because at the end of the day the global economy is a zero sum game”.

False, as anyone with the wits to think it through will see immediately. If the global economy were “a zero sum game”, why would anyone engage in international trade? Actually nations and their citizens and corporations stand to gain enormously by international trade and cooperation. The “silk roads” through Central Asia were the greatest engine of global prosperity for over 1,000 years – and are shaping up to be so again. The Chinese (as well as the Russians and everyone else outside the selfish, dishonest, murderous “Western” clique) believe that everyone can gain hugely through trade and other forms of cooperation – and they are proving it, to the desperation of the Washington creatures.

“Any other nation would do it”.

The eternal cry of the selfish, dishonest, murderous Westerner who has been forced – much against his will – to admit the criminality of his behaviour.

It’s simply not true.

a legitimate secret would be something like not revealing information that would place people or vital national interests in jeopardy

Absolutely wrong! The 'national interests' are diametrically opposed to the people's interests. The national interest are those of the mafia known as the Fed Gov that has murdered millions of people around the globe and is now militarizing various federal agencies with automatic weapons to be used against the US population.

Any 'national interest' only serves to hide the crimes of the Fed Gov from the people that are dumb enough to keep voting for this mafia to continue its depredations. Anyone working for any branch of gov't is the enemy of the people of the United States since they help that mafia in some way.

Most journalists from respected and big media organisations are closely connected to the German Marshall Fund, the Atlantik-Brücke or other so-called transatlantic organisations...once you're connected, you make friends with selected Americans. You think they are your friends and you start cooperating. They work on your ego, make you feel like you're important. And one day one of them will ask you, “Will you do me this favor?”

...

We're talking about puppets on a string, journalists who write or say whatever their masters tell them to say or write. If you see how the mainstream media is reporting about the Ukraine conflict and if you know what's really going on, you get the picture. The masters in the background are pushing for war with Russia and western journalists are putting on their helmets.

...

When I told the Frankfurter Allgemeine Zeitung (Ulfkotte's newspaper) that I would publish the book, their lawyers sent me a letter threatening with all legal consequences if I would publish any names or secrets — but I don't mind. You see, I don't have children to take care of.”

“a Rice, and a ruthlessly ambitious George Tenet at CIA to go along for the ride. Within that context, what the president of the United States actually thought, if he was thinking at all, remains unknowable”

Had Bush 2 not focussed on Iraq with intent to attack the entire ME, he would have seen a dufernet drama involving him personally unfolding. He could have even faced impeachment by the media controlled by the Israeli handlers of these Israeli centurc guys .

Bush was labeled as hero, praised for his courage, was depicted as Washington and Churchill combined , and was allowed to get away with mispronunciations, and stupid self-assertins like ‘ I am the decider”.

Had he not invaded ,the same media would have pilloried and roasted him for not listening to the repeated conerns raised by FBI ,by Israel (it was provided by Israel so that Israel could say we tried to prevent the attack and alert US. But like all other warnings before and after the Israeli gate keepers in the cabinet prevented that warning also from reaching Bush or cabinet and prevented serious discussion) and by many other foreign governments .

CIA would have been asked why it destroyed the audio of the meetings in Malayasia, why it allowed them enter USA and not alert FBI, why it prevented FBI person in CIA ‘s team not share the information with FBI , why it was helping Prof Shaik in CA to house the hijackers, why CIA was dealing with Saudi Bayouni in facilitating the arrival, finding job, and housing for the hijackers who held the videotaped meeting in Malayasia.

All fingers then would have been pointed at Bush for failure and he would have been asked to resign .

[The conspirators, most of whom were Jews who had close ties to the Israeli government, were supportive of the Jewish state's desire to have the US attack Baghdad.]

This was George Bush and US policy to begin with. If it were not, then why those war criminals, George Bush and Cheney DID NOT STOP IT?

After the criminal war in Iraq killing thousands of Iraqis by US soldiers and its proxy, raping many Iraqi citizens in Abu Gharib prison, the Iraqi people fought back George Bush's terrorists in Iraq and killed number of his CONTRACTORS put their heads on the poles which frighten Bush. Thus, he was frighten to attack his next target on his list, Iran.

Since the Iraq war, Israel has used its Jewish fifth column in the government and out of government to force US to attack Iran, but has not been successful. George Bush told Israeli PM that a war with Iran is not US policy. Israel cannot DARE to attack Iran alone, because Israel knows if he gets into that, will be totally destroyed.

This shows that Israel's wishes WITHOUT United States' determination for a war cannot be applied The false flag 9/11 terror was designed and implemented by BOTH US/Israel terrorist states. Was Bush that stupid not to realize that the jewish neocons want to use him for the interest of Israel? If he was that stupid, then why was he the head of terrorist state? No, the Jewish neocons, Israel and Bush regime were in agreement to commit crimes against humanity, otherwise Bush should have denied them, we know he DIDN'T.

America plunders the world because at the end of the day the global economy is a zero sum game. Any other nation would do it. If America hadn't looted Iraq and countless other countries the American people would live worse off...

There is no intrinsic reason that world (or even local) economics has to be zero-sum at all. Contrast the Empire's foreign/economic policy with the Chinese Belt Road, where the underlying assumption is win-win, along with a general non-interference with other's domestic policies.

Your idea that American citizens somehow benefited from the US looting Iraq is bizarre. That's a line you might expect a hardline Jewish neocon to express, or perhaps one of their toadies, like the grotesque and distasteful John Bolton.

The reason a nation would engage in international trade if the world was a zero sum game is because it brings an advantage to them. If you can sell a natural resource and receive more wealth from it than the resource is worth to you, you win. If you can make money selling out your countrymen and moving manufacturing overseas, some people win. Global trade always gives an advantage to countries with lower wage employees. Occasionally a country may have a huge technological advantage (British at the start of the industrial revolution), but someone always finds a way around that. It's delusional to believe international trade is anything but a zero sum game.

Excellent article.

There are a few definitions of “stove piping”.

I think the author is referring to this type.

1) Comey initiated an investigation on Trump re: Russian Collusion.

2) Comey then went to tell Trump, that there was an investigation.

3) Comey then leaked the information about his trip to see Trump about the investigation, which in turn, generated media coverage and impetus to the Russian Collusion scam.

If I am wrong, I apologize.

I would like to add to the observations about blowing up Nordstream that in the trans Euphrates region of Syria, which the US military illegally occupies, our forces act as brigands and thieves. They are facilitating the theft and sale of oil which properly belongs to the Syrian state and which is badly needed for the reconstruction of the country. It will be remembered that much of the destruction in Syria was caused by Uncle Sam's funding and arming of al-Qaeda affiliated head choppers. That's OK of course because Syria is an enemy of israel, a fact underpinning our relations with Syria and virtually all "American" Middle East policy.

[What does zero-sum mean?

Zero-sum is a situation, often cited in game theory, in which one person's gain is equivalent to another's loss, so the net change in wealth or benefit is zero. A zero-sum game may have as few as two players or as many as millions of participants.]

No one mentions that the main reason Arabs hate America is America's total servitude to the rogue state of Israel. Even Muslims in Southeast Asia sympathize with the Palestinians. Osama Bin Laden and his henchmen attacked America because it supports the genocide and ethnic cleansing of Palestinians by the Jews. If Jews had never taken over America, the events of 9-11 would never have occurred. The anti-American "Patriot" Act would never have come about. There would have been no wars in Iraq and Afghanistan to the tune of \$6 trillion in losses — not to mention 6,000 American dead and four times that number severely injured. The Jew-owned media kept the real reason for the 9-11 attacks hidden from the American public. Anyway, all Gentile Americans (98% of the U.S. population) should read "Osama Bin Laden's Open Letter to the American People." If they do, they will realize the devastating price Gentile-Americans pay for being under Jewish/Israeli occupation.

According to kosher toadeater Sean Hannity, just putting on the uniform makes everyone a hero now that our military’s resources are being exhausted for Israel. Oct. 30, 2001 Patriot Act — a remedy for an unidentified problem

PRESIDENT BUSH signed the Patriot Act last week. The new anti-terrorism law has its critics. Some object to the law's intrusions on civil liberties. They cite the provisions for extended detention, new powers to spy on

Americans, a lack of controls on use of information, a greater ability to freeze and seize assets and an overly broad definition of domestic terrorism.

“In early October 2001, Dov Zakheim(!!!), the Comptroller for the Department of Defense at the time, gave U.S. Special Operations Command (or SOCOM) around \$1.8 billion to fund the fight in Afghanistan. My group’s mission was to prioritize the spending of that money. All of SOCOM’s elite units, from Fort Bragg, North Carolina, to Coronado, California, had put in their requests. Their wish lists included everything they might need to infiltrate Afghanistan and destroy the Taliban government that had facilitated the terrorist strikes of September 11, 2001. The Russians know all of the zionists secrets and lies that they keep from the America people , the America people are the ones who are kept in the dark, for that is how the zionist rule America, with lies and secrets, as in the Israeli and traitors in the highest levels of the ZUS governments attack on the WTC on 911 and blamed on the muslims to give the excuse to destroy the middle east for Israels greater Israel agenda.

This is just one of the examples of the murderous deceit by which the zionist rule America, the attack on the USS Liberty on June 8, 1967 to be blamed on Egypt to get the ZUS into the war against Egypt, concocted by Israel and zionist LBJ and his neocon/zionist/communist administration, is another example of zionist murderous deceit.

Zionists are destroyers of nations and humanity and they are destroying America!

We're an empire now, and when we act, we create our own reality. And while you're studying that reality — judiciously, as you will — we'll act again, creating other new realities, which you can study too, and that's how things will sort out. We're history's actors . . . and you, all of you, will be left to just study what we do.

Thank you for mentioning RFK Jr. and Tulsi in the same sentence. I'm thinking that they'd make a great pair — regardless of their chances, or how easily any given person could find something to dislike or discredit.

The very least the two of them could accomplish is to say a lot of the things that people need to hear, things that that won't be heard through mainstream sources otherwise.

It could be kinda like the Trump campaign's "populist" disruption and common sense... except with intelligence, competence and dignity this time. And given that the mainstream media doesn't seem to have learned much from Trump, their chances are at least not zero... but you know, only if you assume that voting makes a difference and some percentage of the actual votes are counted...

I think it's a matter of timing. Just like the Russians are doing the ground war a step at a time, they are doing the information war the same.

Listening to Putin's Victory Day speech last night, his description of their enemy re-affirmed my conclusion that he and his colleagues are fully aware that their enemy is the Zionist Empire. For example, he said that no "country" is Russia's enemy, but that "supremacism" of any sort is a scourge.

Note: His remark on supremacism was in the live translation I watched last night, but I could not find it in any of today's online text translations. Further, the internet commentary on Putin's speech is overwhelmingly absurd propaganda from the Zionist Empire's lackeys.

Right now the Russians are cementing their international alliances. Most recently, Syria re-joined the Arab League, which was another blow to US control of the Middle East. So Zionist Israel's position is becoming precarious. The European and US economies and militaries are being depleted. And most important, the rest of the world is on board with their understanding of the Zionist Empire at the center of the historical plundering of their countries.

In the US an increasing number of independent reporters and commentators are starting to speak up about the crimes of Israel, and its control over the American establishment. I think we are approaching a tipping point when the vast bulk of the US population will realize that the *entire* corporate media is a criminal propaganda machine for a stealth criminal empire. That the scams they push, be they wars, financial crises, or

pandemics are actually malevolent conspiracies. “Conspiracy theorist” will no longer be a workable insult. Every sane person will understand the Zionist supremacist conspiracies.

Active Duty Air Force here. We are being made to present a training next week on the leaks. The slides that have been presented to us claim that the A1C in question is guilty, and that he was a violent racist, despite him not having been convicted of a crime and not having gone to trial yet. I raised these concerns with my leadership and gave me the deer in the headlights look that's common with people who've politicked all their lives to get ahead but who read at a fourth grade level.

The reality is that most of us know that his due process rights are being violated, and also know that senior leadership in the Air Force, as well as our elected officials, hate us, especially those of us who don't share their politics.

We're not afraid of China, Russia, North Korea, Iran, or any other made up enemy. We're afraid of our own officials, our own leaders, and their errand girls in the press who spread their lies and do their bidding. Pushing for wars while simultaneously pushing to cut pay and benefits for the military personnel who they send off to die without thinking twice about it.

Our leaders and officials represent the worst of us. I root for all of them to get the ass cancer and suffer horribly.

Hey Chuck and Desert Fox,

Putin speaks about the “evil” Nazis. Russia has laws against Holocaust denial. Russia was complicit with the vaxx, the Sputnik version, created by a Russian Jew. Russia is complicit with the US in the phony NASA International Space Station (ISS) and the “globe” earth. Putin is closely aligned with Chabad.

He sounds wonderful but I suspect he’s controlled by the (((same forces))) playing the role of “the good guy”. This is how they get nations to go to war, especially white Christian ones like Ukraine. Not to mention Europe and the US (WW1, WW2).

I’d like to be wrong but don’t think so. To my knowledge Russia hasn’t started any wars in recent history, except being forced into action with Ukraine. That’s a huge positive.

If you look at the link below you’ll see the Masonic emblem on the clothing both Bush and Putin are wearing in a G8 Summit.

The Biblical verse borrowed to form the Mossad's motto, doesn't mean that : it rather means "(when) doing war thou shalt resort (first) to intelligence (rather than combat : intelligence being understood in the sense of intelligence gathering and counselling). The specific word calls for pervasive espionage of all potential fighting terrains (hence the multitudinous sayanim) as well as for the art of seeing the other's game without one's game being seen, as in bridge or chess. It does not mean specifically deception or disguise. The rest of the Biblical paragraph calls for an art of war like Sunzu's. The Jewish entity is based on deception and self-deception for sure for not specifically in war.

Albanians are illegal immigrants in Serbia. This is usually hidden in the mainstream western press since it is then difficult to justify bombing Serbia with the intention of protecting illegal Muslim immigrants. Prior to the Bolshevik Revolution of 1917, being a force against Zionism (or anything Jewish) in Russia would have been natural for any ruler (the pogroms of Tsarist days didn't occur for no reason). Unfortunately, three quarters of a century of (((Bolshevik))) rule did irreparable damage to Russia, culturally and politically. [There is a difference between having a justifiable suspicion and irrefutable evidence to prove an allegation, which has been conveniently blurred here. On February 7, 2022, Biden incoherently threatened to put an end to the Nordstream 2 pipeline if Russia were to invade Ukraine:]

Why are you trying to deny the terrorist act of the evil empire. This kind of attack is part of their 'defense' policy. Now, read the following to see either you are naive or a charlatan, the choice is yours.

Taiwan national defense has already warn the evil empire that they will not allow US bomb the semiconductor manufacturing Co in case China attack Taiwan.

{{Taiwan, TSMC, US demand to blow up TSMC, China

'If they want to bomb this or that,' armed forces will not tolerate this kind of situation'

TAIPEI (Taiwan News) — Taiwan Minister of National Defense Chiu Kuo-cheng on Monday (May 8) said that the armed forces would not tolerate the destruction of any Taiwanese facility, in response to a suggestion by U.S. Congressman Seth Moulton that the U.S. should warn China that it would “blow up” Taiwan Semiconductor Manufacturing Co. (TSMC) if it attacked Taiwan.}}

Are you going to deny others when US bomb the semiconductor?

Why are you lying for an evil empire that is not afraid to show its true face? Who are you trying to protect a dying empire?

You must have misinterpreted my comments. I pointed out, while the suspicion may be legitimate, there is no irrefutable proof to justify the author’s unreserved allegation because other beneficiaries of the specific sabotage of the Nordstream 1 pipeline (as opposed to Nordstream 2) have not been excluded as perpetrators. Moreover, information presented by Seymour Hersh, which has been blindly and conspicuously relied upon as purported corroboration, was not solid, since it was derived more from hearsay than on evidence, nor did Hersh, based on his prior record, deserve the adulation he received for reporting claims that some wanted to believe.

A link provided in comment #16 to a *Substack* article tends to confirm my skepticism about Hersh’s credibility because it turned out, upon scrutiny, that his presentation was inconsistent. Therefore, Hersh was either intentionally making stuff up, to deflect from the actual criminals, or just indulging in self-aggrandizement, for the sake of getting public attention and praise; otherwise, in case he was sincere, he was unknowingly fed disinformation which he believed to be true but was technically incompetent to verify or reject. In any case, since his story doesn’t add up, this supports the cautious attitude I had expressed.

Though the revelations about Hersh’s unreliability on this issue do not exonerate the US government from suspicion, they justify the continuation of a serious investigation of other clues in this crime in order to determine who the the primary perpetrators

were. You ought to explain why you seem to reject a proper investigation in favor of making accusations motivated by ideological bias.

But don't forget it had that portion of GDP in the 50's and 60's because the rest of the world was rebuilding from disastrous wars. The US participated in the second half of those by the U.S. mainland was unscathed. No destruction of industry and infrastructure and no mass civilian casualties

{...there is no irrefutable proof to justify the author's unreserved allegation because other beneficiaries of the specific sabotage of the Nordstream 1 pipeline (as opposed to Nordstream 2) have not been excluded as perpetrators.}

A sabotage like this can have other ways to be implement. Hersh is reporting the way it was done based on his own research and analysis. Hersh is not a young journalist seeking name for himself. Hersh was once widely celebrated for his journalism, which uncovered the 1969 My Lai massacre in Vietnam and also helped expose the US abuses at Abu Ghraib in 2004.

However, those who are trying to discredit his work, might be either in pursue of fame or they may have political motives including attacks on people whose works can bring shame for US and support for Putin.

The link in comment #16 does not provide any reason to doubt Hersh's reporting. In fact you can reject number of reasons this paper brought in to inject DOUBTS. For example he writes:

{{During his introduction of Norway, Hersh makes a very strange remark about NATO General Secretary Jens Stoltenberg implying that he has worked directly with the US intelligence community since the Vietnam War. Jens Stoltenberg was born March 16th 1959. The US involvement in the Vietnam War ended April 30th 1975, meaning Jens had just turned 16 when Saigon fell to the PAVN troops.}}

Consulting their own created website such as Wikipedia, we will read the following:

{{Stoltenberg's first steps into politics came in his early teens, when he was influenced by his sister Camilla, who at the time was a member of the then Marxist–Leninist group Red Youth.

Opposition to the Vietnam War was his triggering motivation. }}
As wikipedia says Stoltenberg was involved in politics since his teens. He was active participant in politics since the Vietnam war and could have been a young asset for CIA or other intelligence services. The intelligence services influence on the YOUTH is not done by 40 or 50 year individuals. They choose among teens to do the job. Therefore, their explanation is NONSENSE.

Beside, Hersh claims: {{the Biden administration partnered with Norway in a top-secret operation targeting the pipelines under the Baltic Sea, which were destroyed in June 2022.}}

It is natural for Biden Administration to come and deny the allegation although he and Victoria Nuland, in different capacity, in print and video, implied to Putin that US will destroy the pipeline if Putin dares to invade. Both Biden and Nuland must have known the consequences of their threat. One of the consequences of this threat is that NO ONE believes these politicians' denial, since is documented. If they did not mean to carry out such a threat why did they threaten Putin?

Furthermore, so far, Norway officials have not rejected Hersh's claim that:

{{the Biden administration partnered with Norway in a top-secret operation targeting the pipelines under the Baltic Sea, which were destroyed in June 2022.}}

In the internet you may see one or two persons tell you the following:

The Norwegian Ministry of Foreign Affairs said: "These allegations are nonsense." But, no Norwegian authorities have issued such a denial, as I have searched the Internet.

I think she'd *really* like to hear about that. I find her open and fair. She freely disagrees with guests on some points. But she focuses on information being covered up by the MSM, and is very down on the forces wrecking America.

She invites viewers to email her with suggestions (which I've done). Check out her show at <https://rumble.com/KimIversen>

e.g.

The Establishment Wants These Men Silenced. RFK Jr Explains How He Plans To Hold Them To Account

<https://rumble.com/v2kgm3o-the-establishment-wants-these-men-silenced.-rfk-jr-explains-how-he-plans-to.html>

“These Men” refers to Tucker and RFK Jr.

Then email her at kim@kimiversen.com

Mention her interest in whistleblowers, and include the information you've posted here.

I think it's a great story. Definitely worth sending to her.

Libya was the last straw. That's why Russia and Iran got directly involved in Syria (and China indirectly by still doing business with Syria and stopping more Uighurs from going there to fight). Now look – all Arab states have started to accept Assad again now that they realize the days of US being able to do that are not clear cut

Why does this site like other zionist media IGNORES the Middle East struggle in different countries against the zionist mass murderers. How about Lebanon, Syria, Turkey, Iran, Libya, Iraq. Why don't you report on your CRIMES against humanity in the region. Why don't you report about the crimes of US/Israel to erect a second Israel, 'kurdistan' in the region willing to kill millions more of the people in the region. We never allow your criminal project in the region.

You are complicit in US/Israel crimes against humanity by IGNORING to report on crimes in the region so the gullible population may get informed about US/Israel terrorism, theft of land and resources, sabotages, assassinations, bombing and more.

Why do you only report on the white Christians, Putin, Russia, Ukraine and other zionists in the US to AVOID the main issue? What the US/Israel is doing in the West Asia and North Africa is FAR MORE IMPORTANT than the war in Ukraine, far more important idiots, because it determines the direction towards a new world order idiots.

WHY NEVER a paper such as the following GET PUBLISHED at UNZ?

Why this site is silent on the US/Israel terrorist proxy, the Kurdish terrorist groups in the region?
