Američtí hackeři Think Tank Land nejsou přesně obeznámeni s Montaignem: „Na nejvyšším trůnu na světě stále sedíme jen na svém dně.“

Arogance vede tyto exempláře k předpokladu, že jejich ochablá dna jsou umístěna vysoko nad někým jiným. Výsledkem je, že typický mix arogance a ignorance vždy skončí demaskováním předvídatelnosti jejich předpovědí.

US Think Tank Land – opilý svou aurou moci, kterou si sami vytvořili – vždy předem telegrafuje, co mají v plánu. To byl případ Projektu 9/11 („Potřebujeme nový Pearl Harbor“). To byl případ zprávy RAND o nadměrném roztahování a nerovnováhě Ruska . A to je nyní případ nadcházející americké války proti BRICS , jak ji nastínil předseda skupiny Eurasia Group se sídlem v New Yorku.

Je vždy bolestivé trpět intelektuálně povrchními vlhkými sny Think Thank Land maskujícími se jako „analýzy“, ale v tomto konkrétním případě si klíčoví hráči Global Jih musí být pevně vědomi toho, co je čeká.

Jak se dalo předpokládat, celá „analýza“ se točí kolem hrozícího, zničujícího ponížení Hegemona a jeho vazalů: co se stane dál v zemi 404, také známé – prozatím – jako Ukrajina.

Brazílie, Indie, Indonésie a Saúdská Arábie jsou odmítány jako „čtyři hlavní hlídači plotů“, pokud jde o zástupnou válku USA/NATO proti Rusku. Je to stejná stará fráze „jsi s námi nebo proti nám“.

Ale pak je nám představeno šest hlavních viníků globálního Jihu: Brazílie, Indie, Indonésie, Saúdská Arábie, Jižní Afrika a Turecko. V dalším hrubém, místním remixu fráze odkazující na americké volby jsou tyto označeny jako klíčové swingové státy, které bude muset Hegemon svést, přemluvit, zastrašit a vyhrožovat, aby si zajistil svou dominanci v „mezinárodním řádu založeném na pravidlech“ .

Saúdská Arábie a Jižní Afrika jsou přidány k předchozí zprávě zaměřené na „čtyři hlavní hlídače plotů“.

Manifest Swing State uvádí, že všichni jsou členy G-20 a „aktivní v geopolitice i geoekonomii“ (Opravdu? Neříká se však, že tři z nich jsou členy BRICS (Brazílie, Indie, Jihoafrická republika) a další tři jsou vážnými kandidáty na připojení k BRICS+: na nadcházejícím srpnovém summitu BRICS v Jihoafrické republice dojde k přebuzení. Je tedy jasné, o co ve swingovém státním manifestu jde: o výzvě do zbraně k americké válce proti BRICS.

BRICS tedy nezabírá žádný úder

Manifest swingového státu v sobě skrývá vlhké sny o tom, že se z Číny odstěhuje skoro-shoring a přítel-shoring. Nesmysl: posílený obchod v rámci BRICS+ bude od nynějška na denním pořádku, zejména s rozšířenou praxí obchodování v národních měnách (viz Brazílie-Čína nebo v rámci ASEAN), což je první krok k rozsáhlé de-dollarizaci.

Swing státy jsou charakterizovány jako „ne nová inkarnace“ Hnutí nezúčastněných zemí (NAM) nebo „jiných uskupení ovládaných globálním Jihem, jako jsou G-77 a BRICS“.

Mluvte o exponenciálních nesmyslech. To je vše o BRICS+ – který má nyní nástroje (včetně NDB, banky BRICS) k tomu, co NAM během studené války nikdy nedokázal: vytvořit rámec nového systému, který obchází Bretton Woods a vzájemně propojené donucovací mechanismy Hegemonů. .

Pokud jde o konstatování, že BRICS „nezabalil moc úderů“, což jen odhaluje vesmírnou neznalost US Think Tank Land o tom, o čem BRICS + je.

Pozice Indie je zvažována pouze z hlediska členství v Quad – definovaného jako „úsilí vedené USA o vyvážení Číny“. Oprava: obsahují Čínu.

Pokud jde o „výběr“ swingových stavů volby mezi USA a Čínou v oblasti polovodičů, umělé inteligence, kvantové technologie, 5G a biotechnologií, nejde o „výběr“, ale o to, do jaké míry jsou schopny udržet tlak Hegemonů na demonizaci čínské technologie. .

Tlak na Brazílii je například mnohem silnější než na Saúdskou Arábii nebo Indonésii.

Nakonec se však vše vrátí ke Straussovské neokonzervativní posedlosti: Ukrajině. Swing státy jsou v různé míře vinny tím, že se staví proti sankční demenci a/nebo ji podkopávají. Turecko je například obviňováno z toho, že do Ruska posílá zboží „dvojitě užití“. Ani slovo o tom, že americký finanční systém zlomyslně nutí turecké banky, aby přestaly přijímat ruské platební karty MIR.

Na frontě zbožných přání tato perla mezi mnoha vyniká: „Zdá se, že Kreml věří, že se může uživit tím, že obrátí svůj obchod na jih a na východ.“

Rusko si již nyní skvěle žije v celé Eurasii a na rozsáhlém globálním Jihu.

Ekonomika se znovu nastartovala (hnací silou je domácí cestovní ruch, strojírenství a kovoprůmysl); inflace je pouze 2,5 % (nižší než kdekoli v EU); nezaměstnanost je pouze 3,5 %; a šéfka centrální

banky Elvira Nabiullina uvedla, že do roku 2024 se růst vrátí na úroveň před SMO.

Americký Think Tankland je vrozeně neschopný pochopit, že i když země BRICS+ mohou mít stále nějaké vážné problémy s obchodními úvěry, které je třeba vyřešit, Moskva již ukázala, jak se i implikované tvrdé krytí měny může stát okamžitým převratem. Rusko zároveň podporuje nejen rubl, ale i jüan.

Mezitím karavana dedolarizace globálního Jihu neúprosně postupuje dál – jakkoli mohou zástupné válečné hyeny vyjít ve tmě. Až se rozvine plný – ohromující – rozsah ponížení NATO na Ukrajině, pravděpodobně v polovině léta, bude dedolarizační rychlovlak plně obsazen, nonstop.

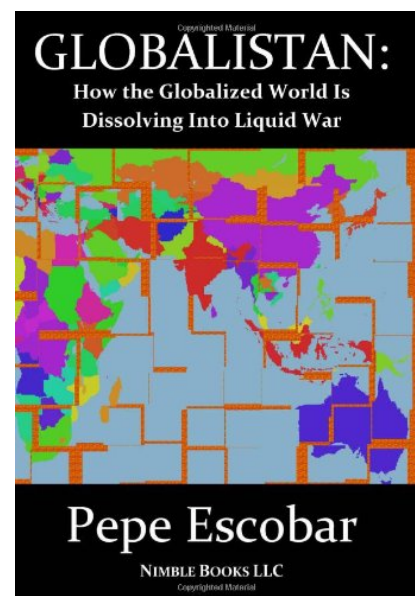

„Nabídka, kterou nelze odmítnout“ opět jezdí

Pokud vše výše uvedené nebylo dostatečně hloupé, manifest swingového státu se zdvojnásobil na jaderné frontě a obviňuje je z „budoucích (nukleárních) rizik šíření“: zejména – kdo jiný – Írán. Mimochodem, Rusko je definováno jako „střední velmoc, ale v úpadku“. A ještě k tomu „hyper-revizionista“. Ach bože, s takovými „odborníky“ Američané ani nepotřebují nepřátele.

A ano, už vám může být omluveno řvát smíchy: Čína je obviněna z pokusu řídit a kooptovat BRICS. „Návrh“ – nebo „nabídka, kterou nelze odmítnout“, ve stylu mafie – swingovým státům je, že se nemůžete připojit k „Čínou řízenému a Ruskem podporovanému orgánu, který se aktivně staví proti Spojeným státům“.

Poselství je nezaměnitelné: „Hrozba čínsko-ruské kooptace rozšířené skupiny BRICS – a jejím prostřednictvím i globálního jihu – je reálná a je třeba ji řešit.“

A tady jsou recepty, jak to řešit. Pozvěte většinu swingových států do G-7 (to bylo bídne selhání). „Více návštěv na vysoké úrovni klíčových amerických diplomatů“ (vítejte

distributorku sušenek Vicky Nuland). A v neposlední řadě mafiánská taktika, jako je „svižnější obchodní strategie, která začíná rozlouskávat oříšek přístupu na americký trh“.

Manifest swingového státu nemohl vypustit Top Cat z pytle a předpovídal, spíše se modlil, aby „napětí mezi USA a Čínou dramaticky vzrostlo a změnilo se v konfrontaci ve stylu studené války“. To se již děje – rozpoutané hegemonem.

Jaké by tedy bylo pokračování? Tolik hledané a k smrti upřednostňované „odpojení“, nutící swingové stavy, aby se „přiblížily k jedné nebo druhé straně“. Znovu je to „jste s námi nebo proti nám“. Takže tady to je. Syrové, v těle – s vestavěnými skrytými hrozbami. Hybridní válka 2.0 proti globálnímu Jihu ještě ani nezačala. Swing státy, všichni jste byli varováni.

Neoconi si stahují kalhoty, protože najednou 80 % světové populace už nechce řešit jejich kecy.

The nose hates Russia, so they expect everybody else to hate Russia.....but it doesn't work that way.

My prediction is that everybody is going to start hating the nose, and for good solid reasons.

The money power is surely the greatest threat to humanity that we have ever seen.

IMHO, the merchants have made the biggest mistake in all of history to make an enemy of white Christian people, since we have always been their greatest ally. To think that all of my elders fought in WWII against our German brothers, to wind up demonized, replaced, and dispossessed.....does not make me feel any love for the tribe that has engineered this catastrophe.

The West has lost already to BRICS and SCO. Lower firepower and lesser (aptitude, training, skill) of manpower. To seal the deal, the West is led by a uniform, formless, froth of mendacious, incompetent, mentally unstable, and delusional, nothing burgers.

Pepe's insight and evaluation is dismal, predictable, and a confirmation. As a prime example of astounding, stupefying incompetence and incipient psychosis, I call Annelana Baerbock to the stand.

imo if these idiots, try the old with us or against us, they will find far more are against them, than with them. the future lies to the east, now after seeing what has happened to ukraine (you got a nice country here, it would be a shame if it were to burn to the ground), as well as the e.u. vassals states subjugated and fed into the war effort, they will be only too glad, to get as much distance from these maniacs as possible.

the russians have demonstrated that the dying hegemon, is a paper tiger, his weapons are overpriced, outdated garbage, this fact has been exposed to the world. wagner private military forces have proven themselves to be more than a match for nato trained mercenaries and terrorists.

the world no longer has to put up with the u.s. thug based orders, there is now a sane alternative, to the demonic empire of lies.

Your assignment, Cliff Kupchan, if you choose to accept it, is to put the best imaginable spin on The Situation, as it becomes daily more irretrievably beyond the “control” and even the comprehension of the tunnel-visioned wannabes trying vainly to remain atop the “rules-based” dung heap that less “self”-addled peoples seem ready and willing to let decompose into the “fertilizer” it ultimately must be. As always, your sponsors will turn a deaf ear and a blind eye to whatever dissonances and distortions you must deploy in your efforts to keep on fooling fewer and fewer people less and less of the time.

Should the laughter grow too loud, we will of-course disavow any knowledge-of or responsibility-for whatever bromides and inanities for which you alone will be held solely and entirely “accountable.” You know “The Rules” and cannot even plead the excuse of ignorance.

This delivery system, along with the whole damned contraption it’s such a tiny part-of, will “self”-destruct quicker ‘n a chatbot can blink its eye. Good Luck!

The United States has always been a great ally of the sharp nosed psychopaths and they have responded by trying to destroy that country and the White people who sent their sons to fight for Israel. The world must not be merciful. Honestly, if the world would just stand shoulder to shoulder, the psychopathic ((hegemon)) is finished. Craven and greedy fools are the bane of human existence. This is why I could never cast a vote for DeSantis. His type have been devastating to the United States of America.

Being an intelligent man or woman in a world run by ((liars)) who are quick to kill those who disagree with them is a good way for intelligent people to give up critical thinking for their own survival. Being a truth-teller in the ((West)) can get you cancelled, murdered, or your children killed. So people end up becoming intellectually detached and stop asking tough questions. The Jews have destroyed every ideal upon which the United States was founded because that is what they are. At the end of the day they are an eternal fifth column. It took the post-Christian America of 1965 forward to expose them.

The problem is quite basic: the US no longer manufactures anything and no longer produces engineers or scientists. There is nothing to offer. You cannot come to the US for solutions to much of anything your country may face.

The US once pretended it had a market. That market is in collapse because no one has any money. The US middle class earns nothing and is saddled with debt and the current system is structured to replicate that problem.

These burning Bradley AFV and Leopards are probably a revelation for Third Worlders who've been fed a steady diet of cooking off T55s T80s T90s since Gulf War One. The reputation of Soviet design took a body blow never recovered and this SMO gave western manufacturers a chortlefest.

Until now...

Now it's plain the whole supremacy was theatre. Soviet gear was pretty decent and sold at a reasonable price. It's viable if it has fighter/bomber/uav/helo support.

I had thought the Germans would have provided some kinda covert air cover for these tanks. But no. The Bradley BBQ is a distaster for the reputation of US arms manufacturers. The Ukies will not be able to get infantry forward without mass casualties.

The US middle class has been effectively drafted as the New Nazis and they seem to be aware of it.

The new army of shoot to kill IRS agents is bound to focus quite a few minds quickly. We are officially the pay-up resource for both hot wars abroad and the quartering of our own replacements as record numbers of wretched masses pour into Biden's country.

For connected corporations, the migrants are a godsend. Government grants will be paying for them forever and their profitability is assured.

It might actually be what Reagan meant about the new "information and service" economy his boys were talking about.

I tire of having to repeat that the invaders are not being brought in for any economic reasons, as there are simply nowhere near that many openings for low IQ unskilled labor.

I agree regarding the jews' army of armed IRS agents that will be used to suppress the massive numbers of poor whites now labeled as "domestic terrorists."

I'm truly bewildered that the nose fully expects us to fight in their wars, while they make life hell for us here in what used to be our homeland.

It's astonishing. They turn us into second class citizens, make us bow before negroes and faggots, and then drum up crazy wars for us to fight in.

I often wonder where they find the guts to do this shit.....because karma is going to kick in eventually.

The increasingly Evil 'Guardian' has an interesting pile of dog-shit penned by a Peter Pomerantsev today. In my opinion it goes far beyond the outer limits of deranged lying and psychopathic Russophobia hatred, that we are used to from the Western MSM, and careers straight into hate-crazed and genocidal invective. Like the extensive meetings and propagandising for breaking Russia into fragments, it shows that this is, as Putin et al know and say, an existential threat to Russia's very existence, from the world's greatest ever genocidists, the glorious West. This is, the West's choice and ambition, a fight to the death.

Will we finally see the end of the British East India Company?
The end of the chokehold the Anglo Saxons have on the whole world?

Mine you, the US flag is the British East India Flag 2.0. The US's MO is no different from the BEIC. State sponsored organized piracy.

The British East India Company came to the Indonesian archipelago to "trade". Saw local pirates were flying the Majapahit flag:

Then decided to copy the flag but put the Union Jack on the top left.

The British flew a variation of the British East India Company flag when it “pirated” the Eastern part of the US continent. The Grand Union flag.

The 13 states gained independence and took out the Union Jack and replaced it with 13 stars with 13 stripes. Kept “pirating”.

The Hegemon will have NO problem

harassing/intimidating/cajoling BRICS+; Erdogan is already in

“pocket”...his economy is entirely beneath the surface

dependent on the US thanks to his own policies, bringing Turkey

to brink of economic implosion. Saudi arabia have always sided

with the Hegemon. Brasil has a beholden right wing ready. The

problems are Russia, India, South Africa. ALways left out in the

cold.

India is wrapped in chains by China, Pakistan, Myanmar. All 3

could instigate a physcal skirmish at the drop of a hat. The

Carnegie ENdowment has already recruited an Indian

Billionaire, Tata, onboard. His “endowed chair” spokesperson,

Tellis, is already fomenting agitation throwing collective shade on

all things India, non stop in his written output.

Then there’s the public shaming of entire countries. Look how

Malaysia was ridiculed when they “lost an airplane”. Look how

PM Najib got taken down, unbeknownst to many, a small English

hand, via a blog called, I think, the Sarawak report (of all things)

instigated the fire kindlings before they caught the global press

The IMF, World Bank, can easily sink India and South Africa

economically downgrading them, and then the rating agencies

follow.

The Hegemon has long worn nasty instruments of torture at the

ready

Criticizing DeSantis knee-jerk, like Anglin, for being too verbally pro-Israel: try judging instead by what he DOES. Here is a list of FL administration actual accomplishments in just the last session—how many of these prohibited acts are strongly supported by most Jews in the US. And what does that say about Ron’s ACTUAL position (no politician in FL would survive a day verbally opposing the Israeli lobby)-and then contrast these facts with what Trump, for example, did NOT do despite controlling House and Senate his first 2 years:

DeSantis pushed through the following laws:

1. Abortion restrictions at 6 weeks.
2. Mandatory school prayer allocation.
3. Constitutional carry/opened gun rights.
4. Banned Critical Race Theory in schools and businesses.
5. Banned gender and sexual orientation education at all grade levels (through 12).
6. Death penalty for child molesters and rapists.
7. Banned vaccine mandates.
8. Went to war against Norwegian Cruise Lines, Disney, and Florida’s largest employer, US Sugar, showing a disdain for big business.
9. Restricted or eliminated mail-in ballots and ballot harvesting.
10. Defended Confederate monuments by law.
11. Made it legal to use your car to escape a protest in the streets.
12. Made it legal to apply “stand your ground” laws in protests that turn violent.
13. Removed two Soros-backed elected officials from office.
14. Banned transgender athletes from competing in women’s sports.
15. Banned transgender people from using women’s bathrooms.

16. Banned Transgender “Affirmation Therapies” for children.
 17. Imprisoned hundreds of antifa leaders throughout the state.
 18. Mandatory “Victims of Communism” education in schools – every year from 1st to 12th.
 19. Created a State Guard that does not answer to the federal government and procures its own weapons/equipment.
 20. Ended Diversity, Inclusion, and Equity programs in all state run institutions, including universities.
 21. Banned Affirmative Action for state funded university admissions.
 22. Removed three black Congressional Districts – two of which were majority black/one plurality black.
 23. Stopped all state and federal block grant subsidies to illegal aliens.
 24. Made hiring illegals a felony.
 25. Imposed a statewide homeless law that compels the homeless to be remanded to shelters or jails and get mental health treatment. (Camps are being built to accommodate overflow).
- Not to mention that Florida is the only state in the US with a Triple-A credit rating, a budget surplus, and no income tax.

The rise of Islamic states in the 15th century brought the end of the Majapahit empire. The flag was later used by pirates in the Java sea and the straits of Malacca.

The East India Company came to “trade” and adopted the flag, of course with the Union Jack on the top left.

You still see hints of the Majapahit flag in flags of Indonesia, Malaysia and Singapore. The Malaysian flag is particularly interesting. I have heard from Americans saying that the Malaysian flag is a copy of the US flag. It is not. The state of Johor in Malaysia was part of the Majapahit empire. When Malaysia chose its flag, it decided incorporate the Johor flag and the Majapahit flag.

One is tempted to say the West is shitting Brics, but it must be said the Third World still remains the Turd World.

One big difference is the rise of China and India. When China and India were backward and poor, the Third World that relied on sales of commodities depended on the US and EU markets as the largest. And Japan. So, they had to play ball.

But with China and India now serving as vast new markets (and Russia too), the Third World has more of a choice. Even if the West sanctions them, they can do business with the major non-Western countries.

The hegemon won't go through all that effort. If it gets that serious, they will just pack up and leave as they have again and again over the last century. It's not about winning wars, it is about making profit without sticking their necks out.

If during this WWII the global South and East move against the West, I'm afraid to say it's curtains for the White race in the West. Any Third World fence sitters will join the rest when they see them winning, and the immigrants in the West will rise in a huge uprising in support of the invading armies and will start slaughtering Whites in the streets and their homes, as well as their own immigrant traitors who side with the Whites and Jews in this global conflagration. As so many Whites will be sent to die at the fronts, will there be enough security forces to keep the immigrants down? The only hope for survival of Whites in the West is that the Russian + Chinese ++ invasion is rapid enough so that the occupying forces can establish some order and security for the general population. Otherwise Whites in the West will be history, but that's what comes with following the Jews and their directives. Maybe some of the East European Whites will survive if they switch sides after being unable to prevent the onslaught from the East as they don't have to worry about immigrants running wild behind the front lines.

What does China want BRICS+ to look like?

If they let all 19 applicant nations join it might dilute the BRICS brand and leave it as just another large, shambolic international organization unable to act with common purpose.

But if they stick with just the original 5 member states they won't have the economic power and political reach to properly challenge the existing US-led System.

Ideally BRICS+ should include all the remaining G20 nations that are currently alienated from this US-led System: Indonesia, Saudi Arabia and Turkey (as mentioned in the article), plus Argentina and Mexico.

This would be a direct challenge to the US on two fronts, as it would include Turkey (in NATO) and Mexico (in NAFTA), while keeping BRICS+ a fairly compact, Chinese-led alliance of regional powers opposed to American hegemony.

The G20 would then be split down the middle, with the US, Japan, Germany, UK, France, Italy, Canada, Australia, South Korea and the EU making up the weakening, woke "West," versus an expanded 10 nation BRICS+ representing the only-getting-stronger "Rest."

The BRICS summit this August is shaping up to be a world-changing event.

But De Shabbos also ensured that it is illegal to criticize Jews in the not-so-great state of Florida. You know, Jews: the ones who pushed cultural marxism, political correctness, anti-White male pogroms, into every crevice of American society? All of the measures you describe don't deal with the root cause of every single problem De Shabbos applied a band-aid to. If you have a bad weed, you don't trim it. You cut it out by the roots. All De Shabbos had to do was to make it clear that criticism of the sayanim is legal in the not-so-great state of Florida. He couldn't do that. So, when De Shabbos fails in his ambitions for higher office, he will be pushed out and another Zionist shill installed in his place. Rinse and repeat. And the real reason behind so many of America's problems will be ignored. De Shabbos is not a profound change agent but a guy who thinks he can put lipstick on a pig.

| The Hegemon Will Go Full Hybrid War Against BRICS+

Why full hybrid war ?? Brics is for the most part comprised of nincompoop countries.

..Russia does not have much of an economy and without China is indeed a decrepit gas station

..China, without the purchasing power of the West would have to close all those factories producing cheap goods for resale at fancy prices.

..Brazil.....a country so poor you can live in it for \$500 a month

..India...a country full of beggars and crushing poverty, droves of Coolies lined up for their US visas

..South Africa....SOUTH AFRICA !! Poverty, crime, run by incompetent niggers, political corruption, water shortages, frequent blackouts. The Rand, once a high value currency fit now only as ass wipes

...Jamaica...look like this will be the next member. Main export ganja. One of the highest murder rates in the world.

Communist Chinks, Ex Soviets with a different communist creed, Niggers, Hand to Mouth Greasy Slippers Curry slurper Indians who shit, drink and bathe in the Ganges, Latinos Samba, Beach and Football aficionados and Rasta Ganja growers, smokers and exporters. LOL Who will join next ? Haiti !

To buy a loaf of bread in any of these countries you need a Brinks Armoured truck.WAR ? Looks more like a sneeze and a supporting loud fart to me.. This Brics is like a high school party thrown by the school Nerd. Anyone and everyone is invited but only the retards, book worms and losers turn up.

Brics rhymes with Dicks and all the hype and hullabaloo, a BIGGGGG news items now and soon to be another cluster fuck as the Chinks, Russians, Niggers and Latinos all start to fight

June 12, 2023 America's Perpetual War: Six Questions: Who are the Beneficiaries of American wars?

In other words, the U.S. is a country of perpetual war. War is terribly destructive human activity. Millions of human beings have been sacrificed. Tens of trillions of dollars worth of housing, school, factories, hospitals and other infrastructure facilities have been destroyed in the countries which have been the target of American military attacks.

Establish the framework of a new system bypassing Bretton Woods?

Bretton Wood itself was set up to end-run Dumbarton Oaks, which system Bretton Woods apparatchik Richard Demuth acknowledged as, “the top agency... the central global body.” The system is idling, waiting to be put in gear. It integrates UNCTAD and ECOSOC. The Bancor is specified and ready to be parceled out.

<https://dissidentvoice.org/2013/05/the-warring-camps/>

It all comes back to the UN, ask the Group of Friends. That is the background for this recent renewal of the standard US trick: buy off UN members with 2nd-class permanent UNSC seats that abrogate Article 27 veto provisions. The US has obstructed the UNSC into paralysis, so the remaining charter bodies are asserting themselves. ECOSOC reports to the UNGA. We're back to Chapter IX – remember that?

Some response on part comment six – ‘ Being a truth-teller in the ((West)) can get you cancelled, murdered, or your children killed. So people end up becoming intellectually detached and stop asking tough questions.

That us fear pushing and result of ignorance, two problems, psycho cons, and ignoring cons to point they get away with bs. List of cons schemes, bogus ‘obey religion, bogus ‘state, ‘media, ‘skools, porno filth, fake ‘groups, also angles, accusing others of what they do, spewing ‘heretics then ‘terrsts at others, distraction, pushing breeding, pushing fear, other angles.

Lists help thinking, jot down angles, then make own list. They depend on people not sharing. If people were sharing, where we live, makes sense of connect against the cons, and disturbs ignorants.

Examples on practical level, if enough sharing if people did different things, whether just sharing postal mail, or small protest etc, they can’t stop everyone, or if had revolted on covid, state cons or corporate cons or bogus health cons if people shut down jails and put cons in instead or picketed their houses or whatever, it wouldnt matter who’s doing what. *chaos is what they don’t want which is why their surveil bs road cams and ‘smart fones etc, pick off everyone one at a time, where sharing enough can create chaos and safety by numbers of people doing many things.

Back to fear angle, it feeds the cons and their black hole void, compared to sharing is energy against the void. As for article premise of supposed brics, china is total censored, ‘digital money, russia censored, brazil same filth as here. That said can

still get something from article in that people in other places affected by what cons are doing, same as us, which is more reason to share.

On one hand many chinese here are arrogant, spoiled by perpaganda, on another some immigrants are more suspicious of govt than people from here. Remember a short vid around a decade ago, young guy in china, when the cons in china ran most families out of the country into cities to slave in 'u.s. 'tech con factories, video was of him standing behind a broken wall and lobbing some small lit bottle thing with maybe some alcohol or gas in it at a couple pig solider types not far from him in a field. It was all he had but kept fighting. Stil think of it often, several reasons.

Making list of examples can help focus.

“Predictably, the whole “analysis” revolves around the imminent, devastating humiliation to the Hegemon and its vassals: what happens next in country 404, also known – for now – as Ukraine.” The author is well known for letting his personal preferences to influence his judgment. For now USA has Russia and Ukraine where it intended and so far it was Putin who was humiliated. Enough to check where Russia troops were last spring and summer and where are they now. No declared in February 2022 objective has been achieved, Donbass and now Russia proper territories are consistently bombed. It also especially humiliating after giving ultimatum to NATO to move back to 1997 borders. I would not advice anyone to tell hop before jumping. imo i don't think they will go nuclear, although they could do some false flag incident to try to blame on the russians. i don't see the russians responding with nukes unless the mad men launch a direct attack on them (which they would lose due to the russians superior anti-ballistic technology).

i worry about the rats launching another chemical weapons attack, this time with a more deadly agent, from africa like ebola. the w.h.o. declaring it to be the outbreak that they and their master bill gates have been threatening us with, for a couple of years.

this would allow them to rope in all the african nations into forced "vaccinations" while attacking "unfriendly" nations daring to work with the russians and chinese. using the new "pandemic" for cover they could directly attack russia with chemical weapons as they did to korea and china in the past. if this were to happen the russians might respond with nukes.

IMHO, the merchants have made the biggest mistake in all of history to make an enemy of white Christian people, since we have always been their greatest ally. To think that all of my elders fought in WWII against our German brothers, to wind up demonized, replaced, and dispossessed.....does not make me feel any love for the tribe that has engineered this catastrophe.

Which is why the Third Worldist alliance will concentrate all of their enmity against White Christians as opposed to jews. They already blame the Anglo-Saxon for all of their problems, just as they do in the West. To think that the masses of the world will turn on jews is wishful thinking. Most of their news of the West comes from jewish sources, and none of them have the nuance or perception to recognize the actual enemy. That's how it works, blame whitey for the actions of anti-human jews.

More likely than not, the BRICS+ governments will continue to blame evil whitey while the jew moves on to the next con. Even within BRICS the jew is already embedded; the ANC was backed by communist jews from the start and Russian oligarchs still have a very kosher makeup. The masses will eat up whatever their masters give them, and after Whites are killed or mixed beyond recognition the jew will turn to more direct exploitation of BRICS to almost no opposition. A remark by a Chinese official here or there doesn't mean that these nations are above taking lucrative deals that jews give them; they have been doing it for thousands of years and are very skilled at playing on the greed of all men.

This has no basis in fact. Far from it, but Think Tankland knows where their financing comes from. The venom towards Russia and Iran are clearcut signals the Neocons are promoting the Interests of Israel, not the USA. This should not be surprising; most of the Neocons are Jewish. And the US War Industry is fine with this Foreign Policy direction: war is profitable. The current status of US Foreign Policy is the natural result of demonizing EVERYONE who dares to criticize—or even disagree with. These people are run out of town. Jews are far less popular among Third Worlders than among Whites. Most of the Third World sides with the Palestinians and many hate Israel more than they hate America and the West. It will be far more difficult for Jews to infiltrate non-White countries because they will be hated whether they're seen as Jews or Whites. They can keep bribing Third World leaders the way they do now but this may be more difficult if these countries turn against the West and if Western dominance on the world stage declines.
