Speciální síly Spojených států a specialisté na chemické zbraně našli rakety GB, které nevysvětlitelně zmizely z toho, co by mělo být nedobytným betonovým bunkrem v armádním skladu zbraní Blue Grass v Kentucky, řekl zdroj z kanceláře generála Erica M. Smithe Real Raw News.

White Hats začali vyšetřovat záhadné zmizení v pátek večer poté, co voják v BGAD tvrdil, že ve skladovacích regálech chybí 60 plynových raket M55 sarin a že někdo z mocenského postavení odstranil jejich sériová čísla z omezené databáze. Rakety, jejichž zničení bylo naplánováno na pátek, viděl naposledy ve středu. Domníval se, že ke zmizení došlo ve čtvrtek nebo brzy v pátek ráno, když byl mimo směnu.

Náš zdroj řekl, že generál vydělal na získání bezpečnostních nahrávek, které ukazovaly porušení protokolu a důkazy o tom, že rakety opouštěly základnu, přičemž nejkřiklavější byly chybějící záznamy s časovým razítkem, z toho 90 minut, mezi 1:30-3:00 v pátek ráno, čtyři hodiny než specialista na whistleblowing začal pracovat. Dvě kamery uvnitř bunkru byly selektivně deaktivovány, stejně jako tři vnější kamery, které, pokud by fungovaly, by ukazovaly osoby nebo vozidla, jak se blíží k neprostupným ocelovým dveřím bunkru, uzavřeným masivními zámky.

"Dokonce ani s dnešní technologií nebyly ty staré bunkry nikdy vybaveny biometrickým zabezpečením." Prostě staré dobré klíče. A jak si dokážete představit, přístup k těmto klíčům by měl být přísně kontrolován. Pokud víme, na základně jsou pouze dvě sady. Velitel jeden má a jeden je v bezpečnostní budově. Živé záběry jsou také přenášeny do bezpečnostní chatrče," řekl náš zdroj.

Zmínil se, že informátor neviděl žádné fyzické důkazy o vloupání – kromě chybějících raket. Zámky byly neporušené a zdálo se, že nikdo kromě něj si nevšiml nebo se nestaral o to, že 60 smrtících raket nebylo na jejich přiděleném místě.

Generál Smith také zkontroloval video vstupů a výstupů základny. Kamery pokrývající hlavní bránu, jedinou průchod do zbraňových bunkrů, měly 90 minut ztraceného času identických s vyloupeným skladištěm.

Dva strážníci, civilní dodavatelé, měli v tu chvíli chránit hlavní bránu.

BGAD je atypický armádní post. Sedmdesát procent z jeho 700 zaměstnanců – i když se jich během kampaně na vyřazení chemických zbraní vystřídalo 2 500 – jsou civilní dodavatelé, včetně soukromých bezpečnostních složek. V květnu kriminálka Def. Sek. Lloyd Austin nařídil veliteli BGAD plukovníku Brett A. Ayvazianovi, aby zvýšil soukromou bezpečnost, „aby vojákům umožnil větší flexibilitu“, i když si žádný voják nestěžoval na přepracovanost. Ve skutečnosti vyšetřování generála Smithe odhalilo, že vojáci BGAD vyjádřili obavy, že rostoucí počet civilních dodavatelů zvyšuje riziko narušení bezpečnosti.

V rámci vyšetřování se generál Smith obrátil na Ayvaziana, který opustil BGAD před svátkem 4. července a vrátil se až večer 7. července poté, co zmizely rakety. Když se generál zeptal na rakety a požádal o nahlédnutí na bezpečnostní záběry, Ayvazian žádost zamítl, řekl, že mariňáci se nijak nepletli do záležitostí armády, a řekl mu, aby jakékoli obavy předal Lloydovi Austinovi. Navíc Ayvazian řekl, že není oprávněn diskutovat o kampani ničení chemických zbraní s nikým mimo jeho bezprostřední velení.

"Generál Smith nakonec získal video z jiných zdrojů," řekl náš zdroj. "Pokud jde o Ayvaziana, bylo to zatraceně podezřelé, ale nevěděli jsme, jestli do toho byl zapletený, nebo se po tom všem jen snažil zakrýt zadek." Generál Smith nehodlal nechat ty rakety zůstat nezvěstné."

V sobotu generál Smith a velitel 5. skupiny speciálních sil Brent Lindemen odvolali oddělení speciálních sil z probíhajícího úkolu, který vyšetřoval slavného hollywoodského producenta podezřelého z provozování kroužku pro obchodování s dětmi, a uvedli je na případ zmizelých raket, které, řekl náš zdroj, dostalo přednost, alespoň dočasně. Generál také naverboval důvěryhodné CBRN ze 48. chemické brigády, aby pomohli při obnově v případě, že by rezavé rakety vyskočily a prosakovaly.

White Hats provádějící průzkum blízkých měst Richmond, Berea a Kirksville získali první stopu v neděli ráno, když majitel čerpací stanice na Route 25, několik mil severně od BGAD, hlásil, že viděl podezřelou osmnáctistovku, která v pátek brzy zastavila kvůli palivu. ráno. Připadalo mu podezřelé, že řidič měl na sobě armádní kombinézu bez jmenovky, a že cestující vypadal jako civilista oblečený v černém.

„Tou oblastí prochází spousta vojenské dopravy a majitel znal vzory. Vojenské cesty ve vojenských vozidlech a civilisté v civilních vozidlech. Speciálním jednotkám řekl, že jen zřídka viděl, jak spolu cestují vojáci a civilisté, a nikdy vojáka bez jmenovky. Byl si tím jistý, protože voják, pokud jím byl, používal toaletu. Jeho kamery naštěstí fungovaly a ukazovaly nákladňák odjíždějící ze stanice na sever, ale nebyly dost jasné na to, aby dostaly značky,“ řekl náš zdroj.

Nápadná smaragdová kabina tahače-návěsu poskytla speciálním jednotkám vodítko k následování, i když už mohlo uložit náklad na libovolný počet letišť nebo lodních přístavů podél centrálního východního pobřeží. Nicméně speciální jednotky pracovaly s tím, co měly, a hnaly se na sever jako detektivové fikce o kotli.

Mezitím generál Smith v Camp Pendleton shromáždil zdroje White Hat, aby vrhl širokou síť. Do lovu se zapojily další speciální jednotky, stejně jako vojáci 75. pluku Ranger a námořní pěchoty z 2. divize námořní pěchoty Camp Lejeune.

"Dosud největší operace," řekl náš zdroj.

Podle našeho zdroje rada Bílého klobouku nějakým způsobem získala záběry z dopravní kamery a sledovala 18kolku z čerpací stanice do Richmondu do Lexingtonu do Louisville, pak do Indiany a na sever směrem k Indianapolis. V Edinburghu, asi 50 mil jižně od Indianapolis a tři hodiny jízdy od Blue Grass Depot, stezka vychladla.

"Obávali jsme se, že kamion zastavil kolem Edinburghu, zbraně byly přemístěny do jiného vozidla a něco takového by se stalo, kdybychom neměli velké štěstí a nebyli jsme velmi rychlí," řekl náš zdroj.

Když speciální jednotky spěchaly do Edinburghu, generál zařídil vrtulníky, které převezly Rangers, nyní ve Virginii, na poslední známé místo nákladáku. Přibližně ve stejnou dobu se sblížili v Edinburghu a rozprostřeli se v rozšiřujícím se kruhu a hledali silnice, které neměly dopravní kamery.

V neděli v 15:00 si speciální jednotky všimly tahače se zeleným taxíkem na izolovaném úseku silnice poblíž jezera Plover Pit. Tepelné skeny ukázaly studený motor a prázdnou kabinu.

„Očekávali, že najdou prázdný přívěs. Ale CBRN si oblékli ochranné vybavení, použili infračervené detektory ke kontrole výparů nervově paralytické látky a rozbili zámek. A rakety tam byly, ale žádné stopy po řidiči nebo spolujezdci,“ řekl náš zdroj.

Někdo, dodal, dovybavil interiér stojany navrženými tak, aby bezpečně držely rakety.

"Teď to tam sedělo zatraceně dlouho, od pátku ráno do pozdního nedělního odpoledne, bez dozoru, než jsme dorazili." Opustit nákladák zbraní hromadného ničení nedávalo smysl. Generál předpokládal, že pasažéři očekávali, že přijede další řidič a odveze ho do jeho konečného cíle, ale zase byste si mysleli, že to načasovali lépe. Nebo se stalo něco, co zdrželo záchrannou posádku tak dlouho. Nechtěli jsme se dárovému koni dívat do tlamy,“ řekl náš zdroj.

Náš zdroj dodal, že generál a jeho štáb debatovali o tom, zda nachystat past na Deep Statery, které se přihodily, nebo prostě ovládnout nákladák. Generál Smith prozíravě zvolil druhou možnost

a přemýšlel, kolik Deep Staterů by mohlo dorazit při hledání jejich ukradené skryše a jakou palebnou sílu mohou přinést. Jeho hlavním zájmem bylo připravit zloděje o jejich případnou odměnu.

„Nebyla to snadná volba. Generál Smith nemá žádné výčitky ohledně zabíjení zrádců. Věříme, že je do toho zapojen Bidenův režim, protože Biden veřejně prohlásil, že všechny chemické zbraně byly zničeny, a nikdy neřekl ani slovo o žádných pohřešovaných,“ uvedl náš zdroj.

Rakety nyní sídlí na skutečně bezpečném místě a budou zničeny, dodal.

A oznamovatel CBRN je pod ochranou Bílého klobouku.

"Chci říci ještě jednu věc: Jsme pevně proti Bezpečnostnímu státu USA a miliardám kamer sledujících každý pohyb." Na tom kopci zemřeme. Ale v tomto případě jsme vděční, že tam byli. Toto téma není uzavřeno. Zjistíme, kdo vzal ty rakety a kdo je najal,“ řekl náš zdroj.

I wrote a long paragraph earlier...."waiting for approval"....now it's gone. I didn't say anything that could get me not approved I wouldn't think.

ChloeS,

I found the comment in the spam folder and restored it. I'm not sure sometimes what causes it to flag comments; it just happens. I have been working with a developer to make is less aggressive.

Thank you, Michael. I sent you two emails today about my posts that were flagged as well.

If the Spam software works on phrases, maybe try something like: "I'm making \$90 an hour" to filter out those pesky fleas that keep spamming this Channel.

Thank you....I always read everything I write to make sure I didn't say anything that would cause it to be flagged. I know my posts are not the only ones.

Individual posters get deleted for any number of reasons – or none. Anti-MAGA Trolls & repeat commercial advertisers appear daily, blossoming like dandelions.

Try not to take it personally. And I do wonder who are the censors & what criteria guide their decisions. Looks pretty ad hoc to me.

The censor is either me or a filter plugin.

I have explained why the persistent Delevic bot (not the real Delavic) has been stubborn to exterminate in many, many comment responses.

You're not on the back end, so you don't see what I see. The filter is invaluable. Otherwise, there one 10000000000s of Delavic like bots cluttering the comment section.

Another issue is time. If i leave the house for only 3 hours, i come home to hundreds of comments. Overnight, a few hundred more. People comment on older stories, too, not just recent ones.

Does it bother me that legit comments sometimes get nixed? Yes, it does.

I am working to improve on that.

Right now, for example, there are 200 in que. I will look at them in the morning.

Mike, here's a suggestion, remembering we want you to stay healthy and happy. You are doing such a special and, really, important job. First, a note at the top, visible above every post, linking to a page where you write all this down permanently (and more). Second, that you consider getting help in filtering stuff or whatever. I'm sure you can find someone to advise on this, knowing your highly unusual situation – and remembering that at some point, the “fake news” dam is going to break and lots more people will arrive here. You might even find someone who can set up the algorithm to finally remove the incorrigible De La Vic.

You might even consider doing a post to advertise all this.

AFTER I FOUND OUT MIKA BRZESZSINSKI SAID CHILD SEX TRAFFICKING DOES NOT EXIST, THAT WOULD CAUSE THE DAM TO BREAK JUST LIKE THE KHAKOVKA DAM IN THE UKRAINE. THAT WOMAN IS KICKING DIRT IN THE FACES OF EVERY SEX OFFENCE SURVIVOR AROUND THE WORLD.

Brother Michael, imho, your health should be your number one priority. As the saying goes; what good is the hay when the horse is dead to put it bluntly. Might strongly consider hiring an assistant, an idea offered by willing patriots on this site. Blessings 🙏🙏 from The REAL Delavic.

You are a very good man Michael. I need to step up in the donation department and will do so later today. If there were anything else I could do to help out I'd gladly volunteer. Unfortunately I don't have any computer/cyber type skills to sort out the type of problem you are having. That being said let us know if there are any other ways to pitch in and help you.

Ah-ha, figured it out!

Bloggers need to break-up paragraph into multiples, utilizing full line spacing and eliminate run-on sentences.

Shouldn't write long and drawn-out paragraphs, also when written entirely in capital letters.

Also much idiotic [manic] redundancy via unnecessary copy & paste of already known matters in repetitive banter as different type of spam, causing to scroll over in WTF mode via habitual pointless nonsense.

Those weapons would have been horrific if let loose on America! Or on Russia! We need to crush this Communist/Marxist Regime before WWII escalates into Armageddon!

The cover photo reminds me of an old Far Side comic where there's a couple of technicians handling a missile and a scientist standing just behind them – ready to pop a paper bag with both hands and scare the living shit out of them.

Good morning politicians, big shout-out to ya, know you're monitor RRN, no doubt it's now part of your ritual morning culture.

Take notice to \*investigating a famous Hollywood producer suspected of running a child sex trafficking ring\*.

All know that most things means the opposite i.e, Hollywood v. Politicos, and Sex Trafficking v. Weapons Trafficking etc – etc.

Nows the chance to flip on whatever [come clean] on whomever, because on the backend leniency could be received before the wash goes into final spin cycle.

In this day and age, it's easy to implicate anyone via having mere, and or express knowledge of illicit activity and standing idle.

All it takes is an electronic finger print i.e., email or text, which already brought the so-called: 'best of them' down, also via a vindictive political aid who screwed over questing it's 'dog day afternoon'.

Old mantra: "I'm a smarter crook" who eventually get pinched. Time has no boundaries, statute of limitations void involving treasonous, and crimes against humanity, not to exclude Murder, Arson and Rape.

In child street games yelp: "Come-out – come-out wherever you are," it's last chance deal time, don't capitulate, snooze you lose.

God Bless America, and all the children of planet earth too.

HOW ELSE COULD THE ROCKETS IN A TRAILER ON THE SIDE OF THE ROAD BE UTILIZED? HOW ABOUT REMOTELY BLOWING THE TRAILER UP OR EVEN SHOOTING A MISSILE AT IT TO CREATE ANOTHER DISASTER?

I am really concerned for the welfare of the whistleblower. Enough information was given that if BGAD wants to know who told the info, it was found out in this article. When he was working, the time he went to work. This is why it's so dangerous to be a whistleblower bc that info never should have been given out exposing individuals.

BGAD commander Col. Brett A. Ayvazian – SOUNDS LIKE A TYPICAL TRAITOR – INVESTIGATE THAT DEEP STATE SCUM ALONG WITH THE SUPPOSED "SECURITY GUARDS" AT THE

GATE WHEN THIS TRACTOR TRAILER LEFT THE BASE. AND ANOTHER THING THAT SHOULD HAVE BEEN DONE IS THE TRAILER SHOULD HAVE BEEN DETACHED FROM THE TRACTOR (SO THE ORIGINAL GREEN TRACTOR WAS STILL THERE) & REPLACED WITH AN IDENTICAL TRAILER WITH A TEAM STATIONED THERE TO SEE WHO WOULD SHOW UP. AND THE ROCKETS WOULD SAFELY BE UNDER WHITE HAT CONTROL. DUH NOT VERY HARD TO IMAGINE & VERY EASY FIX TO THE SUPPOSED "DILEMA." WHY DON'T THESE GENERAL DO A THING CALLED "THINKING?" IT WAS A VERY EASY FIX TO TRY& CATCH THE TRAITORS OR TERRORISTS. AND ALSO VERY EASY TO TRACE THE NUMBER OF PEOPLE WHO ERASED THE NUMBERS ON THE MISSING ROCKETS. ONLY A FEW PEOPLE WOULD HAVE HAD THAT ACCESS.

Thank God for our Special Forces. They are the best in the world. God Bless and Keep them all safe.

Attn readers: Today the Post reports that Gen David Berger is stepping down as Marine Commandant. Meanwhile, the story says that Sen Tuberville(R-Ala) is blocking the approval of his successor Gen Eric Smith. MB, what does this mean?

General Berger has retired. We wish his well. He served his country of many battlefields, including the domestic one. General Smith remains in control of the White Hat movement.

Remember that RRN seems to report mostly on past events that have already happened many months (or even years) before. Thanks Michael Baxter – you are doing God's work.

Awesome job!

Many thanks 🙏 to all who helped.

Please give a medal to this courageous whistleblower. He's a hero!

In good hands now, subject to neutralization, (Sarin rendered inert) destruction.

The 48th Chemical Brigade is a United States Army brigade located at Fort Hood, Texas and subordinate to the 20th Support Command. The 48th Chemical Brigade is the only active duty NBC defense brigade in the Army. The Brigade is tasked to discover, counter, and neutralize chemical, biological or nuclear threats.

He's really running out of ideas. This is getting sad. One day this site will simply disappear and all the rubes who bought these stories will start by saying things like "Well, the black hats got him!" instead of "Well, he sure had me fooled!"

I also wonder how many commenters here are really "MB"? I'd say in the neighborhood of 25%.

The only truly awakened one! They said "many will not be able to handle the end"! Well, they are correct as we are not supposed to live, especially after all find out they are all in on it! Either "truthers" are in on it knowingly and are getting paid very well, or they do not know anything and are getting paid! Either way, they are getting paid! It's easier to fool someone than to convince he has been fooled!

Great news. Mike, do the white hats consider FEMA Drills treason by the players? <https://www.realhistorychan.com/fetzer.html>

So glad the operation was succesful. I am in SA, and a Trump surporter. Now the White Hats can go back to investigating the famous Hollywood producer suspected of running a child sex trafficking ring. Go get him !!!

Thanks Michael, excellent reporting !

Mika Brzezinski has the gall to say child sex trafficking does not exist!!

TELL THAT TO THE KIDS THAT WERE RESCUED FROM THE DUBAI BRILLIANCE, YOU LYING, SCUM-SUCKING BITCH!!

That woman is despicable. She and that person she has been engaged to for the past 30 years never report the truth. She is much like Joy Reed, only garbage and DS crap comes out of her mouth.

I know that I am highly suspicious, and have strong suspicions that the doors, to the kentucky bombs, were opened by those guarding them. The thieves will be false-falg fall-guys like the 911 “pilots”. The guys pulling the strings will be directed by or are planned, pulled & controlled by Obama, as is the narrative that the puppets will utter. Ya, until they are in their own military tribunal. They will speak another language when their lives are clearly at stake. For this I am thankful, even if it is just hopeum... but what if this is all true and are tthe real stories of the swamp being drained/? And I do rest easier with the hopes this is ALL true. Thank you Mike, for giving me that ray of hope.. the one that is rare these days.. xoxoxox.

181st Intelligence Wing also describes training at Atterbury in Dec 2022 for an exercise in August 2023

Medics from the 181st Medical Group packed up their equipment and rolled out to support the 19th Chemical, Biological, Radiological, Nuclear, and high-yield Explosives Enhanced Response Force Package, known as a CERFP, during a pre-external evaluation sustainment year collective training event at Camp Atterbury Joint Maneuver Training Center, Aug. 7-12 by bringing medical capabilities to the search and extraction element.

The team of medics from the 181st Intelligence Wing participated in the 19th CERFP SYCTE, embedding medics within search and extraction teams. The medics offer specialized training and capabilities, providing time-critical, lifesaving assistance during the initial search and extraction phase of disaster events on-site.

...Aside from their proficiency in their medical and rescue skills, search and extraction medics are expected to be proficient even when working long hours in full hazardous materials suits and masks.

“You can see us out here in the chem suits with the gas masks,” said Air Force Staff Sgt. Albert White, an Indianapolis local who serves as a search and extraction medic. “It’s the CERFP. That’s it. There’s not another unit out there waiting to come in in the event that sarin gas goes over an entire city [or] in the event that VX (nerve agent) goes off over an entire city. There’s not another force equipped at the level that we are to handle that specific thing.”

So sarin is specifically mentioned and their training in case these chemical agents go off over a city ...Indianapolis is not far from the base.<sup>30</sup>Pence is the Indiana guy and we know he is not a patriot from his prior words and actions. Again theory- just going over scenarios for why this stuff was taken, that it was missing was covered up and why it would end up near Edinburg IN.

Whatever it is, another nefarious plan was prevented by the good guys, and I am sure they will weed out the truth!!

When Gen Smith inquired about the rockets, it showed Ayvazian that the GTMO boys were on the hunt, and he must have alerted his handlers, which likely led to the truck being abandoned.

The civilian passenger on the truck must have been a key player that they wanted to protect from GTMO. Or both knew too much for a GTMO invite.

Ayvazian was the only one alerted to the hunt and must have informed the organisers of that heist; then truck abandoned. Maybe.

Well, be good to have Ayvazian explain things at GTMO – see what he knows of this theft/treason.

Interesting, wondered what was close by >>> Camp Atterbury- Muscatatuck is a federally-owned military post, licensed to and operated by the Indiana National Guard, located in south-central Indiana, 4 miles west of Edinburgh. It is known for many things, including shooting training and competitions, as the National Rifle

Association is very involved with the base.

When you wrote that the rig was sitting there since Friday, my first thought was the driver took the weekend off and thought it would be undisturbed in such a small town OR that the guy had something else to do on the weekend.

*Camp Atterbury* housed about 7000 refu-gees during Operation Allies Welcome.... it was one of the locations in the news that was trashed by the refu-gees and no one got in trouble, the govt forked over \$16million to make repairs. No indication where the refu-gees went from there-probably not related but a passenger dressed in black might be an Afghani . Probably superfluous.

Anyway, the NRA is holding National sharpshooter matches in July with specialist shooters from all the services- Navy, Army, Coast Guard, Marine, Air Force. It may make sense that an event be planned there at one of our largest bases in the heart of the country, and to target the NRA and America's best shooters.

From your outstanding reporting we can surmise that the Black Hats were planning a false flag with Sarin weaponry. Eric Holder planned out a "Sandyhook-type" event months before Sandyhook occurred IN THE SAME REGION. Since your reporting verifies MB's account of the weaponry heading north, we arrive in Judas Pence's state of Indiana. As this was to be a false flag(ostensibly) the crises actors were in the ready. The question remains , who were they going to blame for the "attack". Let me guess? It would have to be a "soldier" with secret links to "Russia". As usual, the "soldier" (MK Ultra) will be killed in the attack and his "social media" will directly link him to Russia. Lee Harvey Oswald, anyone?

Better yet: It seems Eric Holder, now in custody, confessed to the next False Flag in conjunction with fellow demon Judas Pence.

Where is the work order(s) to turn off the cameras? Interesting about Austin increasing personnel so Deep State could sneak in some Black Hats. I just want to know what fine young woman is going to peel off the mask of faux Joe Biden. Has to be done in front of a zillion cameras, so the video makes it passed the Deep State. Such a video would end all of the Deep State, like Zap!

Wow. So far it's been a very refreshing troll-free read this evening.

It's great when MB breaks out the Raid and kills the cockroaches...

Thanks Xena for all your links. Someone down voted you, corrected it. The trolls are in the background downvoting

I feel like I am reading a movie script, with all the ins and outs, ups and downs, waiting to be discovered. What a time to be alive and be part of the awakening of the world. Thank you MB for your part in releasing important messages to all of us who want to know, What In the World Is Going On in Our Country and the World. It make my prayers a little more bold for our Service Members doing such courageous work. White Hats areTops!

***Austin strikes again! This smells of him; actually reeks!***

'Gen. Smith's investigation revealed BGAD soldiers had expressed concern that the growing number of civilian contractors heightened the risk of a security breach.' This is exactly what I was thinking when I read it. They'll do anything for a paycheck, even treason.

If Austin believes for one second he will be valuable to those that take over America he is a very foolish man. After his job is done he will be executed. So please White Hats save him from suffering. Do it now.

I would of liked to have seen Austin's face when they told him the truck is gone! Priceless!

Or, when Austin heard that Gen Smith was hunting the missing rockets. Austin must have hoped his caper would have slipped under the radar until it was too late to prevent.

{Makes you wonder how that dumbbo twat got to be a high-ranking general.}

Hussein O got rid of hundreds of high ranking officers, many Generals and Admirals, who refused to be yes men, refused to declare loyalty to him alone. Austin was one of those who easily succumbed to treason.

Thank You LORD for answering prayer You get all the Glory. “Dumb luck” has nothing to do with it. I ask LORD that You reveal and expose who was behind this because You know exactly who they are and where they are at and that they are brought out in the open frozen in their footsteps, caught, arrested with no casualties. In YESHUA/JESUS Name Amen!

I am in definite agreement with that prayer! I believe God’s Angel Armies spook the living crap out of those traitors and they got outta dodge quick! Prayer answered!

I agree it is time for us to step up turn our cheeks and as we do we carry a rope to the gallows to hang these Traitors. In a nutshell Democracy is Treason.

Good work White Hats. All the best in getting the leaders of this outrage because they don’ of value human life of anyone who disagrees with their warped agenda.

w

Great Work Guys, one of those rockets launched against a major City like NYC.

Would of Killed millions of people.

People outside of the real patriots have no that we are fighting a war for our very survival.

Special thanks to the brave men in uniform for keeping us safe.  
Thank you General Smith, and  
Admiral Crandel.

Ayvazian sounds like cheeky sh\*\*!! Definitely not a WH bcos why wld a WH general in charge of a weapons depot follow any directive from Austin?? If men were voicing concerns about security & commander was ignoring them, something was up.. Hopefully Ayvazian has been arrested..

My bet is on the driver and occupant being CIA or FEMA BHs.. Has anyone considered that Brock Long returning to USA on 14th June may have had anything to do with this mission?? This wasn't an overnight plan.. Perhaps rouge FEMA agents were meant to pick up the truck?? If that is the case, Americans have indeed experienced Divine intervention..

Big question, as I'm not in anyway familiar with how to detonate old missiles without firing them, is how were they going to be set off?? Could forest fires etc set them off, killing anything down wind???

whats weak imo is that the WH have no clue to these things until the last minute and ussally fuck it up by loosing men. WH are not in full control or your info is bs

Who ever said White Hats are in "full" control? You never read that here.

Instead of bashing the WH, you should be thanking them for possibly saving your life. These are the men and women working hard to rid this country of all the demons who want to see you dead!! We always "love" to hear from you "intelligent" critics.

General Smith made the right decision, although he may have greatly desired to lay a trap; to do the latter really would have constituted a new operation and objective.

No guarantee that anybody was returning to the tractor trailer. If a trap was laid, it would be necessary to keep the rig there, so a grenade could have infected the area and killed the military teams and local residents. The 60 Sarin rockets could only be moved with the tractor trailer, so best to get them to a secure base such as Fort Hood, Texas. Good call General Smith. Perhaps an ambush team was left there after the rockets were on their way to safety, need to know secret.

The 48th Chemical Brigade is a United States Army brigade located at Fort Hood, Texas and subordinate to the 20th Support Command. The 48th Chemical Brigade is the only active duty NBC defense brigade in the Army. The Brigade is tasked to discover, counter, and neutralize chemical, biological or nuclear threats.

Damn! That shit went by my house. they had to go up I65 into Indiana to Edinburgh.

Thank you general Smith! if they laid a trap and there was gun fire and a bullet/s passed through the trailer and hit one or more of those rockets And That shit leaked out. He made a good choice.

This is the case of sheer dumb luck...

This won't be hard to trace back since these were added security people at the last moment.

Start with Ayvazian! All of them are starting to squeal like pigs lately on one another. Offer him a deal of 20 – life in Chalet Gitmo – he'll gladly start singing!

This was total treason. cmd Ayvazian already told Gen Smith to see Austin.

Ayvazian knows all about his men & base.

If the men were good and taken care of, why would I hire private security?

At this point, I would have known that something was up and setup a trap with Gen Smith.

BUT BUT BUT, Ayvazian was told to hire (Austin buddies) and to take a few days off on these dates... Ayvazian won't be enjoying the \$\$\$ &/or promise from Austin!

I read stuff on here and then on AMG News.com and says some things that are not the same. on hear it said Fauci is hung then on AMG News it says they let Fauci out for a little while to help Trump. What is the damn truth enough of this shit already us Americans are tired of lies excuses games waiting patiently enough already People need to step up to the plate.

I can't speak for what anyone else says.

We trust our sources.

Fauci was jailed, then released to help Trump

\*chuckles\* That's a good one.

Yes, I read your article about detainee Fauci.

Yes, every time I hear one of these varmints get there Rope Necktie.

This let's us know,

" Justice Has Been Served " .

Thanks for your Articles, and God Bless You, and Your Family.

We know JAG hanged Fauci. The bots and the trolls don't want to accept that.

Don't trust AMG if that's the one that posts the list of executed Deep Staters which includes Keanu Reeves' name.

My thots also...enough of all of this crap...before one of their schemes actually gets done and a lot of ppl get hurt or killed...like Covid...they got that one thru. So ENOUGH...go get them WH... GO NOW!!

What are you doing to bring about change? Are you just sitting on your blessed assurance demanding that someone else do this changing? Of course you are and if told to do something, you wouldn't have a clue how to do it.

If our military is allowing any Israelis access to Americas security you are stupid. They are all traitors to anyone who makes the mistake of taking them in.
