Michael Anton, bývalý poradce amerického prezidenta pro národní bezpečnost, nám dává tuto analogii k dnešní situaci USA a Evropy:

„Dne 20. září 1911 se RMS Olympic – sesterská loď nešťastného Titanicu – srazila s křižníkem Royal Navy HMS Hawke, přestože obě plavidla cestovala nízkou rychlostí a byla ve vzájemném vizuálním kontaktu – po dobu 80 minut. „Bylo to,“ píše námořní historik John Maxtone-Graham, „jeden z těch neuvěřitelných konvergencí, za plného denního světla na klidném moři na dohled od pevniny, kde dvě normálně provozovaná plavidla bezstarostně plula do bodu dopadu – jako by byla hypnotizována“ .

Zdá se, že i my míříme k podobnému bodu dopadu, s vyhlídkou na srážku v plné viditelnosti – a srážku tak zřejmou, jako byla onoho dne v roce 1911. Stejně tak naše vládnoucí třída není pro změnu kurzu. Musí to chtít tento úder – jinak možná vidí Armagedon kolize jako definitivně předurčený k tomu, aby poskytl cestu k triumfu „spravedlnosti“.

Současný okamžik je jistě definován temně jako jeden z vážných ekonomických předtuch, koexistujících s náladou politické slepé uličky. Stále více lidem na Západě je stále jasnější, že se s „projektem Ukrajiny“ něco strašně pokazilo. Slunečné předpovědi a projekce jistého vítězství se nenaplnily a Západ místo toho čelí realitě krví zbrocené oběti stovek tisíc ukrajinských mužů jejich fantazii o rozřezání Osirise. Západ neví, co má dělat. Bloudí kolem a vypadá ztraceně.

Celý nepořádek je někdy vysvětlován jako důsledek špatného odhadu ze strany západních elit. Situace je však mnohem horší: naprostá dysfunkčnost a převaha institucionální entropie jsou tak zřejmé, že není třeba říkat více.

Nefunkčnost Západu je mnohem hlubší než jen situace kolem projektu Ukrajina. Je úplně všude. Veřejné a soukromé instituce, zejména ty státní, mají potíže s čímkoli ; vládní politiky připomínají narychlo sestavené seznamy přání, o kterých každý ví, že budou mít pramálo praktické účinky. Proto mají politici novou prioritu: „neztratit kontrolu nad příběhem“.

„Linie“ Hartmuta Rosy: Frenetický klid se zdá být obzvláště vhodný. Jednoduše řečeno, jsme uchvázeni novou iterací politiky roku 1968. Americký komentátor, Christopher Rufo, poznává ,

„Je to, jako bychom žili v nekonečném opakování: Black Panther Party se znovu objevuje jako hnutí Black Lives Matter; brožury Weather Underground se perou do akademických prací; marxisticko-leninští partyzáni obchodují se svými bandoliéry a stávají se manažery elitami vedené revoluce v chování a mravech. Ideologie a narativ si udržely svou pozici žárlivého hegemona“.

Herbert Marcuse v roce 1972 možná předčasně prohlásil revoluci roku 1968 za smrt. I když i ke konci toho roku bylo patrné potlačení, když voliči odevzdali svůj hlas Richardu Nixonovi, který slíbil, že obnoví právo a pořádek. Nixon byl náležitě ‚odstraněn‘ – a ideologie za rokem 1968 postupně ožívala:

„Levicoví aktivisté dnes vzkřísili militantnost a taktiku 60. let – iniciují radikální hnutí, organizují demonstrace a používají hrozbu násilí k dosažení politických cílů. Během léta 2020 vedlo hnutí Black Lives Matter protesty ve 140 městech. Mnohé z těchto demonstrací se staly násilnými – největší erupcí levicových rasových nepokojů od konce 60. let,“ píše Rufo .

„Výchozím bodem je správně vnímat současný stav v Americe. Hořkou ironií revoluce z roku 1968 je, že dosáhla „úřadu“ – ale neotevřela žádné nové možnosti ... zdánlivě velkorysé zjetí hlavních institucí levic – veřejného školství, univerzit, vedení soukromého sektoru, kultury a stále více, dokonce i věda – způsobuje, že se současné bojiště jeví jako ohromující“.

Spíše však „uzamkla hlavní instituce společnosti do dusivé ortodoxie... Přestože nashromáždila značné administrativní výhody, nepřinesla výsledky“. To, co máme, je intenzivní úroveň politické a kulturní polarizace koexistující s pocitem uvěznění ve stázi. Veřejný život je pozastaven a s „krizí“ jako normou se mainstreamová politika stále více přibližuje starému evropskému zlovyku nihilismu.

To, co odlišuje – co *pokřivuje* – vyprávění dnešních intelektuálních potomků z roku 1968, je jejich naléhání, aby už nebyli pouze nastavováni a kontrolovali vyprávění, ale požadovali, aby kulturní válka byla asimilována do souboru osobních hodnot každého *jednotlivce* . A dále nařídít, aby jako jednotlivci odráželi tuto ideologii ve svých každodenních činnostech a jazyku – nebo čelili zrušení. Tedy kompletní Culture-War.

Dnešní hlavní představitelé „systémového rasismu“ a „bílých privilegií“ spolu s dnešními právy na identitu, diverzitu a transgenderismus rozdělují USA mezi dvě normy identity: normy

„Republiky“, normy revoluce z roku 1776 , *versus* normy revoluce z roku 1968.

V Evropě je také hluboká schizofrenie: Na jedné straně je davoská elita zavázána k narativu, který tvrdí, že minulost Evropy byla – v zásadě – minulostí rasistické koloniální nadvlády. A že to vyžaduje, aby veřejné a soukromé subjekty nabídly nápravu za historické činy diskriminace a kolonialismu – což je názor, který ukládá povinnost všem Evropanům: „zavázat se k rozmanitosti, ochraně identit – a k radikální rovnosti“.

Co se však nepřiznává ani se o tom otevřeně nemluví, je hluboká změna, která Evropu proměňuje: Ať se nám to líbí nebo ne, Evropa není taková, jakou jsme si ji představovali. Není to Evropa francouzské „Paříže“, italského „Říma“ nebo britského „Londýna“. To pokračuje – a je komerčně využíváno – jako užitečná „turistická vize“ Evropy. Skutečnost je však taková, že Evropa se rychle stává zemí, kde se původní obyvatelé stávají menšinou mezi menšinami: Co je dnes „Francie“ je platná, ale nezodpovězená otázka.

Mnozí si možná řeknou „proč ne“? Ale stroze řečeno: problém je v tom, že tento výsledek je záměrně sledován – tajně; bez upřímnosti – a bez konzultace. Evropané, kteří zažili dřívější cykly dobývání (ať už Mongoly, Turky nebo Rakušany) a přežili díky udržení trvalého pocitu identity, vidí, že identita je záměrně destabilizována a jejich kultura se rozpouští – aby byla nahrazena nevýrazným jazykem public relations. evropských hodnot, zastávaných Bruselem.

Není důležité, zda je tento posun „dobrá věc“ nebo „špatná věc“. Neboť, otevřeně řečeno, tato otázka je nastavena tak, aby rozbila Evropu, protože její ekonomika se hroutí a obrovské zdroje věnované migrantům se stávají palčivým tématem. Nikdo neví, jak stabilizovat pocit evropské identity z polévky identity, kterou se Evropa stala.

Ve skutečnosti „řešení“ možná není možné – vzhledem k nekonečnému namlouvání o „bílém“ rasovém zločinu. Ať už je to platné nebo ne, přerostlo to v „čarodějnický nálev“ nenávisti. Účinky

jsme viděli v Paříži a v dalších francouzských městech během letošního léta.

Principy velké části evropské společnosti nejsou orientovány na žádný vznešený, svět formující projekt „sociálního inženýrství“ morální nápravy, ale na ochranu jednoduchých hodnot a institucí běžného občana: rodiny, víry, práce, komunity, země. .

Toto je evropská „kulturní válka“ – ta americká s tím souvisí, ale má své vlastní charakteristiky.

Charles Lipson píší v (americkém vydání) *The Spectator* říká :

„Je těžké neplakat pro republiku, protože důvěra v naše instituce se hroutí – a hroutí se z dobrých důvodů. Jednoduše řečeno: naše národní správa je v troskách – a veřejnost to ví. Vědí také, že problémy přesahují stranickou politiku a konkrétní vůdce a zahrnují jejich činitele, média a klíčové instituce pro vymáhání práva“.

„Co nevědí, je, jak vrátit určité zdání integrity politickému systému, který velmi ztěžuje blokování držení nominace úřadujícího prezidenta, jako je Joe Biden, nebo nominace jiného kandidáta, jako je Donald. Trump, který je podporován silně angažovanou menšinou stranických aktivistů“.

Stálý stát to dal jasně najevo, Michael Anton, píše:

„[T]e nemohou a nedovolí, pokud tomu mohou pomoci, dovolit Donaldu Trumpovi, aby byl znovu prezidentem. Ve skutečnosti to dali jasně najevo v roce 2020 v sérii veřejných prohlášení. Pokud to tehdy cítili silně, představte si, jak se cítí nyní. Ale nemusíte si představovat: Říkají vám to každý den. Říkají, že 45. prezident je doslova největší hrozbou, které dnes Amerika čelí – větší než Čína, než naše krachující ekonomika, než naše rozpadající se občanská společnost“.

No, ta 'Trumpova základna', na kterou Lipson odkazuje, se nehýbe. Nejen to, není to *jen* „Trumpova základna“ – získává totiž širší podporu, protože dnešní kontrarevoluce není jen trumpismem; nebo třída *versus* třída; ale spíše takový, který „se odehrává podél nové osy mezi občanem *versus* ideologicky řízeným státem“. Glenn Greenwald souhlasí ,

„Relevantní metrika nyní není levá versus pravá. Je to anti-establishment versus pro-establishment“.

Konečnou ambicí není nahradit novou „univerzální třídu“ – dědice kulturní revoluce 60. let; spíše se snaží obnovit základní princip národa „vláda občanů *versus* stát“, který byl základem americké

revoluce z roku 1776.

Tato „základna“ se ve skutečnosti nehýbe, protože v konečné analýze protitrumpovská hysterie *není o Trumpovi – jak tvrdí Michael Anton*, sám bývalý zaměstnanec Bílého domu :

„Režim nemůže dovolit, aby byl Trump prezidentem ne kvůli tomu, kým je (i když je to smutné), ale kvůli tomu, **kdo jsou jeho stoupenci** .

"Stížnosti na povahu Trumpa jsou jen zástupné za námitky proti povaze jeho základny."

Této třídě nemůže být dovoleno realizovat své preference kvůli povaze toho, kým jsou; a hlavně proto, že je to jejich povaha, která diktuje, co chtějí, aby se stalo, dodává Anton.

Vládnoucí třída, píše Anton, jistě zkonsoliduje „základnu“ –

„[T]e být stále radikálnější, nenávislnější a neschopnější. Znovu a znovu ukázali, že v nich není žádná umírněnost. Nemohou povolit ani jednu míli za hodinu, a to ani tehdy, když je zpomalení zpět v jejich jasném zájmu. Nedokážu říci, zda jsou poháněni požadavky své základny, vlastním vnitřním přesvědčením nebo nějakou nadpřirozenou silou“.

"Co se stane potom? Inu, slovy „Projekt pro integritu přechodu“, kolektivu propojeného se Sorosovou sítí, který v roce 2020 prosadil svou strategii, jak zabránit Trumpovu druhému funkčnímu období, by se soutěž [v konečném důsledku] stala „pouličním bojem – a ne právní bitva.“ Opět „jejich slova“, ne moje. Ale dovolu mi [Michael Anton] přeložit [to, co říká]: [Můžeme očekávat opakování] letních nepokojů v roce 2020, ale v řádech větších: A ne být odvolán, dokud jejich lidé nebudou v bezpečí v Bílé Dům".

Budou lidé plakat pro Západ? Ne ...

Obrázek má zřejmě pravdu. Problém je v tom, že systém otrásá společnostmi v USA a EU všemi druhy keců, od BLM po migranty, od zrušení kultury po změnu klimatu, aby vytvořil obrovský zmatek a pocit zoufalství, ale recept je připraven: NWO.

Nikdo s jednoduchou a upřímnou myslí nemůže diskutovat o těchto bodech. Otázkou není, jaký nový svět chtějí tito zločinci dělat, ale KDO jsou tito zločinci.

Zabijte Gatese, Muska, Schwaba, Gutierreze, Ursulu von Vaccine, Macrona WHO, CDC, NHS,to všechno jsou loutky: velké selhání systému po Breton Woods je naprosto jasné a jediný způsob, jak si udržet Sílu, je zotročit lidé. Jinak je kolaps nevyhnutelný.

Otázka tedy zní: KDO jsou mistři a JAKÁ JE jejich strategie.

První odpověď, kterou všichni znají, ale nikdo – kromě UNZ – neříká, je snadná: Židé.

Druhým je vytvoření správného receptu: Trump v USA a jakási vláda EU Uber Alles (Národy).

Když lidé, očkovaní, zbídačení, zamčení za 15 min. města, bitcoinovaná, na toaletách rozpoznána podle obličeje, transgenderovaná, ale iphoneovaná č. 21 bude vyčerpaná, z nebe se objeví anděl nového Zákona a pořádku: Trump a jeho stoupenci v USA, zločinci WEF vycvičení skupinou Fabianist uvedenou výše .

Je směšné si myslet, že existují dva způsoby myšlení, které zosobňují různé politiky: existují DVA weltanschauung, ale KDO se vydává za „správné“, za Make America Great Again nebo rozšířenou bohatší a bezpečnější Evropu jsou komici.

Míra zmatenosti některých článků se blíží jakési hrůzostrašné hloubce.

Pan Crooke: Pokud existuje „Stálý stát“, proč by cokoliv, co se stalo v roce 1968 – nebo vůbec kdy – dělalo jen špetku rozdílu?

Stálý stát v roce 1968 si tehdy dělal, co chtěl, a bude si dělat, co chce i nyní. Black Panthers byli financováni prostřednictvím outfitů, jako je Rockefellerova nadace, pak stejně jako BLM je nyní, takže pointa, že jsou stejní, je skutečná, ale banální. Stálý stát řídí zemi, a pokud chtějí, aby BLM spálila města, města budou hořet. Když ovládáte kohoutek z Fedu, není toho moc, co byste nemohli mít.

Tohle nejsou dvě omámeně se srážející lodě, čím víc věcí se mění, tím víc zůstávají stejné.

This is the endgame they began in 1913 as they scoop up not just one nation but all of the West. Sure it was in motion before then but that's when the fingers closed and became a fist. The course we are on was well-plotted and has been guided with great care and the "collision" will be a permanent crime against the world, not an accident.

This is the usual non-analysis the west is doing everything wrong ... their mistakes defy comprehension there is no hope for such a dysfunctional system

Not only are we getting that analysis for the Ukraine war, but it is a standard trope for the endless wars in the ME that have gone on for 20 years. A terrible blunder, a senseless mistake that has cost us dearly, etc

There is another perspective, what if it's not a mistake. Given that neocons run US foreign policy its perfectly rational for them to want to see the countries in the ME that might contend with Israel destroyed. So, from their perspective, the wars accomplished their objectives, and as a bonus, at no cost to Israel.

But, Ukraine is different, because the MAD doctrine comes into play, and surely that will restrain the neocons. But it hasn't, the neocons don't give a damn about the MAD doctrine, because it's not Israel that will be destroyed, it's Russia and the US. The goyim. Given that their goal has been the destruction of the goyim for 2000 years, as they do not hesitate to tell us***, the MAD doctrine is no longer effective. We are in big trouble.

Yet another interpretation of the circumstances of our ruptured republic. Indeed, the situation has been building since the establishment of the Feral Reserve Bank at the end of 1913. Over the succeeding years, corporatism and urbanization...with the avid assistance of a gradually increasing takeover of the mass media; transformed the nation into something totally alien to the likes of Thomas Jefferson and his vision of a nation of yeomen farmers.

Take a look around. Everything has become centralized and bureaucratized. There are precious few adults left in the room... and they are for the most part deplatformed quite effectually and essentially rendered into powerless outsiders.

There are no “authorities”, just a lot of fake screen-actors and ad agents, all scooped up into institutional paradoxes where instead of the cream rising to the top, incompetence and perhaps even incontinence (consider the current Resident on Pennsylvania Avenue in the Di\$trict of Corruption) are now the rule.

What remains of the strength of the American people resides largely in rural and small-town America. Problem with the Sitties, as many of my fellow Northwoods Minnesotans term the massive agglomeration of suburbs, exurbs and reverbs surrounding the Twin Cities of Minneapolis and St. Paul...is that everyone is inevitably and inexorably caught up in the rat-race.

This Labor Day weekend, hundreds of thousands of those rat-racers will be driving mostly northwards to the calm and cool of the lakes and transforming them into instant suburbs, crammed and cluttered with jet-skis, grills, aluminum beer, screaming children...in an incoherent drive to “getting away from it all” at the same time as bringing it all with them.

During this short stint of Summer's end madness, I will drive back and forth between the cramped little temporary apartment and the old homestead with its collapsing kitchen and blessed gardens. Along the way squats the northwesternmost swimmable, fishable lake in the state. I'll drive through the lake's byway and watch the side-by-sides (most folks don't walk anymore), the campfires, the cookouts and riding lawnmowers assiduously maintaining the golf course appearance on those tiny lakeside lots.

Madness writ large. Main gripe is that these days it's perfectly normal.

Sometimes it seems like the plutocrats that own the West have completely lost their grip on reality. The war in Ukraine was completely unnecessary. There was a treaty signed to guarantee the peace and all Ukraine had to do was to follow the agreement they signed. An election was a few months away in Ukraine in 2014 and the coup was completely unnecessary, but morons wanted to be footnotes in a history book. The covid lockdowns, the St Floyd riots, the inflation crisis, they bumble their way into one disaster after another. Is there no one out there who can remove the idiots from power?

The latest polling indicates Trumpy R, the grifter son a slum lord, and Joey D, the grifter son of a car salesman, are in a dead heat. However, there are two jokers in the deck: the greenie guy with the afro that looks like someone plugged him into a 220 VAC wall outlet takes 5% (and climbing) away from Joey and whatever stiff the libertarians nominate takes 1% away from Trumpy. So Trumpy R is 4% ahead which may not be enough to overcome the rampant urban voter fraud. If the magatards had any brains, they would be sending their donations off to Cornell, not Trumpy, and registering in their state as a greenie, signing petitions to make sure the greenies are on the ballot in all 50 states.....and maybe even attend a few save the whale meetings. However, there is a downside to aiding and abetting the greenie afro spoiler who could easily get most the afro male vote (vote for the bro, not the cracker dodo). The Ds can read polls also and might ditch the senile Joey in favor of a more youthful and attractive candidate.....say the hair helmet bimbo, Gavin, who would gather in most the female vote for an easy victory.....especially with a black VP like Oprah or maybe the puerto rican ex-barmaid with the big tits or the hot hindoo peacenik Tulsi with her surfboard. Right now you can get 12:1 vegas odds on hair helmet Gavin.....18:1 in some London betting parlors

This Chinese SWOT Analysis Doubles As NATO's Obituary by Declan Hayes!

<https://strategic-culture.su/news/2023/08/31/this-chinese-swot-analysis-doubles-as-nato-obituary/>

This short analysis shows that, although the United States and its various satrapies might well prevail over the shorter term in its looming war with China, over the longer term, the Yankee warlords can have no future in Asia. The best that the United States of America can do is to somehow trick China into acting preemptively and to thereby score an important tactical victory that will delay the inevitable final day of reckoning for Asias Pax Americana.

You're largely right. The Permanent State is a large part of it. But you mention the Rockefeller Foundation, as Crooke mentions Soros now. The corporatists are heavily involved, as are the Zionist Neocons- often one and the same. Regardless, these "revolutionary groups" are created and abolished to do the bidding of the Permanent State and the oligarchs. Notice how the BLM riots all stopped when Biden was inserted.

There are at least 4 groups involved here. The Permanent State, whose members want their group to rule *permanently*. Its principal components are Welfare-Warfare. The more 3rd World immigrants, the more welfare, the more well-paid bureaucratic jobs for its members. As for warfare, the effects of a grossly expanded MIC are obvious.

They are in league with the corporatist oligarchs, and their political lackeys. The latter have bribed the politicians to enable them to offshore and outsource American industry. They have promoted massive 3rd World immigration to drive down wages. Both measures have massively enriched them. They want a world in which the only rules they obey are made by themselves – corporatocracy. The traditional beliefs, institutions and values that underpin the nation state must be destroyed. Societies must be atomised in order to achieve their aims.

The Zionist Neocons have completely controlled American foreign and defence policy these last 30 years. Tens of trillions have been spent in vain attempts to make the Middle East safe for Israel. Otherwise they have promoted the economic and social policies of the oligarchs, many of whom are their co-ethnics.

Then there those political parties that hope to use massive 3rd World immigration to keep themselves permanently in power, by electing a new people. In America, this is the Democratic Party.

These groups may be in alliance at the moment, but it should be obvious that their long term aims are conflicting. For example, if Corporatist economic policies continue, America experiences economic, then political and social collapse, *as is happening now*. The Permanent State will drastically diminish and the Neocons will be unable to wage war. Welfare payments will be drastically reduced or abolished. Electing a new people will end.

I hope Mr. Crooke will shift gears and begin to acknowledge that the “Permanent State”, the “Oligarchy”, the “Deep State”, is a relatively small group of ultra wealthy people, not a bunch of renegade bureaucrats. Such wealth is a requirement for ***controlling and coordinating*** the major institutions of society – the press, the government, the banks, and the major corporations in the war, energy, and pharma sectors.

Further, many of the organized efforts of this oligarchy are immense crimes, including wars manufactured for profits. So this oligarchy (rule by the few) is essentially a mafia.

And finally, the evidence is clear that this mafia is at its core a Jewish mafia. Not all Jews are members of this mafia, just as not all Italians are members of the Italian mafia. But the deadly mafia tactics of this oligarchy, including smears of “anti-Semitism”, financial ruin, blackmail, and assassination, keep people in fear of speaking openly about their identity. And this silence and secrecy is *essential* for their maintaining control.

All independent, sane political analysts today agree that the “neocons” are driving the Collective West into the current collision with Russia, just as they drove the US & UK into invading the Middle East. And they all know that these “neocons” are agents of the Jewish mafia, but everyone is afraid to say so. Israel’s in-your-face murdering and robbing Palestinians are merely their most blatant demonstrations of their ruthless, Jewish supremacist ideology.

The governments and press of the Collective West need to break free from this mafia’s ideology, which is literally sociopathic, believing that the normal rules of society and

morality do not apply to them. In other words, they are literally insane.

The intellectuals and commenters of our society need to start speaking honestly and openly about this pathological group, which has captured our society's central nervous system, and is driving us to ever greater catastrophes.

I don't know how directly comparable things are. I don't know where we're going. I do think we're 90% of the way to the destination, however.

I find it very hard to believe that someone as astute as Mr. Crooke does not understand that “it is the Jews”. But apparently this is so. Lying Jews, and especially their deceitful and decrepit Rabbi’s, have been telling Christians since before they crucified Christ that Europeans are Amalek and must be exterminated. In 1240 Loius IX at the Disputation of Paris the Talmud was found guilty of:

The terms of the disputation demanded that the four rabbis defend the Talmud against Donin’s accusations that **it contained blasphemies against the Christian religion, attacks on Christians themselves, blasphemies against God, and obscene folklore**. The attacks on Christianity were from passages referring to Jesus and Mary. **There is a passage, for example, of someone named Yeshu who was sent to hell to be boiled in excrement for eternity. The Jews denied that this is the Jesus of the New Testament, stating “not every Louis born in France is king.”**

Among the obscene folklore is a story that Adam copulated with each of the animals before finding Eve. Noah, according to the Talmudic legends, was castrated by his son Ham.

Lying, filthy Jewish Rabbi’s now brag that this is the reason they had Notre Dame torched:

Radical rabbi says Notre Dame fire retribution for 13th-century Talmud burning

Christianity, he explained, “is our number one enemy throughout history. [They] tried to convert us by arguments and by force, carried out an inquisition against us, burned the Talmud, expulsions, pogroms. Western anti-Semitism draws from Christianity’s hatred of the ‘murderers of God.’ **It also had a role in the Holocaust.**”

| Rabbi Shlomo Aviner

The Kalergi plan also lays out the genocide of Europe and European civilization. The Morgentau and Hooten plans were implemented by Truman and Eisenhower causing more Christian Germans to die after the war than died in it.

Video Player 

Journalists and ex-diplomats like Mr. Crooke are terrified of Jewish Power, and so they speak in hidden code of “Neocons”. But the “Neocons” are as much a Cabal of lying Jews as the Bolshevics were in 1917, and their financing comes from the same sources.

For centuries now weak and greedy Europeans have sold out western civilization to lying Jews and their deceitful Rabbis. Their main tactic are the dialectics which Mr. Crooke is writing about in this article: Trump vs. Biden, Left vs. Right, Vaxxer vs. Anti-Vaxxer, and on and on.

In short, there is no one in the media or political stage who is willing to name the Jew. RFK Jr. is groveling to the lying Jews who assassinated his father and his uncle. Occasionally some uppity negro like Ye will raise his head and say something, but then they are swatted down and end up groveling like a Kennedy.

One single remark, as to the video source. “Multi-polar” is not an appropriate term. Russia and annexes is trying to build a Global Governance as much as the Western International Jew, but based on central authorities of state. This corresponds to the de facto China organization of State versus “markets [centralized out of government opaque organized entities]”. One reason the more this might work.

Biggest hurdle of Putin: “can/cannot do”, loosing out on the window of opportunity, having “members” as India and Erdogan playing all sides.

Unfortunately, many people even in our circles get sucked into this argument about whether COVID is real or not, or if we should be wearing masks or not, and any other number of tar baby dialectics designed to get you trapped in what is ultimately a distraction. I am not saying that their aren't real issues with the COVID agenda, such as forced vaccinations of experimental drugs (This is obviously a very real issue), but ultimately the regime is more than happy to have that as the major public debate so long as we aren't talking about the ethnic cleansing of European people. We need to try to get ahead of this however we can and curve it off with memetics. I haven't thought of a good talking point yet, but the gist of it needs to be along the lines of "**COVID is a distraction from the open borders invasion.**"

I agree. In a recent interview with Tucker Carlson he said that expects there will be a hot war between the U.S. and Russia. I am beginning to believe that the economic, social and financial decline of the U.S., the very real potential of another Trump presidency and the growing strength of BRICS+ will leave the Talmudist Jews to see the only way to impose their one world government is by World War III. That's how they secured land for Israel when they started planning for WW I. I would not be surprised if the "Biden" (Jewish controlled) administration declared war in 2024 and used their war powers to cancel the election and impose their permanent rule.

| "...Something big"

Reality is shifting accelerately in a single direction as of now, the only decisive tendency is to central control as opposed to a patchwork of deciding entities and policies. This is true on a global scale. There is a power struggle going on, that can only decisively be won on a global premise. This accounts for Russia and China as much as for the International Jew.

Territory, culture, religion, nations, corporate entities apart from territorial confinement, what-ever is to be considered a win is going to be a shift to using above as an excuse to mono-culture, mono-control. No "multi-polarity" stands a chance. The big change is this stealthily growing undercurrent and apparently mostly invisible to most of the enslaved middle classes, corporate slaves, administrative and political cogs, certainly to mr. commoner.

@emerging majority

Indeed, the situation has been building since the establishment of the Feral Reserve Bank at the end of 1913.

The stage was set fifty years earlier, in 1865, when the Federal government decided that states had no autonomy. With that came the total destruction of Southern culture, beginning with unleashing the feral negro. America's degenerative slide rapidly gained momentum after the 19th Amendment and the feminization of politics.

However, the rapid expansion of industrialism created at least the facade of prosperity, manifested by a rapidly expanding surplus of affordable 'labor saving' consumer goods, plus a mind numbing 'entertainment' complex, all supporting and assuaging a growing middle class, who by the '50s and early '60s had few complaints.

The invention of television, the strongest drug known to mankind, with its content having been taken over by Jewish interests, sealed the deal.

19th and early 20th century industrial growth, along with the central bank's ability to create dollars on loan, allowed a foreign-directed militarism, beginning with the two great European internecine-racial wars, subsequent SE Asian and ME intrigue, and now the Ukraine.

Yet it is unsustainable. Although Jewish money triumphed, that race has never demonstrated an ability to create and sustain a viable self-directed and independent order—instead they are only able to exploit others, ultimately destroying their host. With the European race they have been able to more or less silently ride

those backs, a people who were either happy to do their bidding for sufficient shekels, or were totally ignorant of the process and just went along with it. The dominant religion helped foster acceptance/acquiescence, too.

Of course it's taking its expected course, and will soon end. No doubt violently. Slavic Russia is more immune to Jewish/Western influence, and a totally alien to the West culture, China, will never be subject to either the manipulations of sentimental Christianity, or Jewish Holocaustianity.

The war against Russia has begun, and is not fairing well. And it will be impossible to take down China militarily (due to the logistics), therefore the Empire is instituting economic war. That will also be ineffective.

Samuel Newey appeared in court in February 2020 after he and his father, Paul Newey, were charged with terrorism offences for allegedly illegally assisting Daniel, who was a British volunteer fighting against Islamic State in Syria. Charges were dropped against the pair following a Crown Prosecution Service review in July that same year.

It is depressing that there are people in the West who can be so easily manipulated by NATO, the Globalists, the Zionists et al. If he had lived, he might have come to recognise his stupidity and folly and repent. No chance now.

| a new iteration of the 1968 politics

To one who was involved in 1968 politics it looks rather like the cooption of 1968 politics, laundered through the propaganda machine into a parody of itself, neutered to preoccupy liberal busybodies and naïve idealistic children with causes that do nothing to address the root causes of our crumbling nation's problems. One critic called today's fad causes "boutique activism" for those who care mainly about feeling good about themselves (and superior to others) while taking no real risks for true "liberty and justice for all."

Also, you'd have to be autistic to mistake today's identity politics for what we used to call class solidarity. In any event, this feels like August 1914 all over, the media packed with lies, distortions, ethnic hatred, fake atrocity tales without end, assurances of righteous victory over an evil enemy. It also feels like the last battle in the Hundred Years' War with Russia that began with US troops invading in 1918. And it feels uncannily like Washington is using Kiev the way London used Warsaw in 1939, encouraging an arrogant nationalist regime to commit suicide, in order to weaken and create regime change in the real target of conquest.

“Public-private partnerships” will help ensure “sustainable development”, and BRICS is excited about the work of its Task Force on Public-Private Partnership.

The IMF and WTO are valued organizations, but they must be more “inclusive” and “non-discriminatory”.

“We commit to intensify our efforts towards improving our collective capacity for global pandemic prevention, preparedness, and response, and strengthening our ability to fight back any such pandemics in the future collectively.”

BRICS will double-down on clot-shot “research”.

“Climate change” is referred to 18 times.

BRICS is excited about “digital transformation in education” and “sustainable education”.

A lot of other feel-good word salad about making the world a better, more inclusive and sustainable place by partnering with corporations and strengthening global governance.

In total, “sustainable development” is mentioned 21 times. (The acronym “SDG” appears 6 times.)

The Permanent State will drastically diminish and the Neocons will be unable to wage war.

The State will never go before any other sector. The State will be promising bonuses to its female clerks in exchange for a shift or two on the machine gun as the modern world ends.

The last sector will be no sector whatsoever. It will be the man who knows how to husband livestock and produce crops from the nuclear enhanced soil. He will get a wife, or maybe a series of wives, because the women will have no choice and he will raise many children to help him when he gets older. It will be the way it was nearly the world over before 1925.

It never amazes me how folks want to fall back on the lack of Christianity as one of the major social/spiritual problems of the West, when the major Christian operations are totally on board with the Jewish agenda.

Ask yourself, who was it that pushed for 'removing Christianity' from the stage, in the first place? I think people confuse cause with the effect.

The reply one often reads, especially here on UR, is that, "These are not the real Jews, and those are not real Christians."

Well, it doesn't matter what you call them. The fact remains that these 'non-Jews' are the drivers, and those 'not real Christians' are blindly along for the joy ride to Globohomo. And they constitute the majority, for sure. Until that changes, don't expect change.

All that needs to be done for the current election is blow the abortion bitch whistle. The women will vote in droves repeatedly for their abortions due to managing the myriad of birth control options apparently is difficult. Or more likely the pregnancy entrapment scheme blew up with the prenatal paternity test. Either way abortion will be the election issue again, and 2020 proved women will do the cheat for the establishment.

Should by some way the abortion issue not work, then the permanent and deep states will do climate/covid lockdown, a Trump assassination, or a war with Russian. Who knows, maybe they will do all three. If it looks like west's permanent/deep state will still lose, our .001 percenters and Jewish overlords will nuke the west for being noncompliant. No. The social justice based Christianity you are complaining about is not Christianity. It is a result of how Zionists influenced Christianity by feminizing it, zionizing it and changing the great denominations into Leftist support groups. Christianity was the foundation of our family based culture and is an enemy of everything we see today destroying the country. It was the foundation of our morality. If you want to know what real Christianity thinks about Jew elites, read Martin Luther's On the Jews and Their Lies. He takes no prisoners.

Because long-perverted Christianity, where the Roman Emperor, Constantine, had his clerical henchmen pick and choose which of the numerous ancient scriptures would be in his “holy” book; the rejection by the great spiritual teacher, Jesus the Christed One, of the Hebrew tribal Wargod, Yahweh, was essentially whitewashed and likewise his denunciation of the Talmudist Sanhedrin as “the Synagog of Satan.

Thus, more than 300 years after the life of Jesus, so-called Christianity was perverted at its very roots and “magically” transformed into a weapon of state power and continued rule by the elites.

Equally, our ruling class is not for changing course. It must want this percussion —or else perhaps they view an Armageddon of collision as ultimately destined to provide the path to the triumph of 'righteousness'.

The ruling class sees this collision course as a path to more wealth and power...righteousness has nothing to do with it.

The West does not know what to do. It ambles around, looking lost.

As a first step, they should abandon the idea of worldwide dominance, shut down overseas military installations, and prioritize domestic issues.

The dysfunction of the West runs far deeper than just the situation around the Ukraine project. It is absolutely everywhere. Public and private institutions, especially those of the state, find it difficult to get anything done; government policies resemble hastily drawn-up wish lists, which everyone knows will have little practical effects. That is why policymakers have a new priority: 'not losing control of the narrative'.

This is a great argument for a meritocracy. Idiots electing idiots can only lead to a disaster.

The reality however, is that Europe is fast becoming a land where the native-born are headed to being a minority amongst minorities: What is 'France' today is a valid, but unanswered question.

In fact, a 'solution' maybe not be possible – given the endless harping on 'white' racial crime. Whether valid, or not, it has segued into a 'witches' brew' of hatreds. We saw the effects in Paris, and in other French cities over this summer.

It is a divide-and-conquer strategy, also used in the United States.

Ramzan Kadyrov says Washington has disregarded all ethical standards

Chechen leader threatens US with revenge for his mother

The head of Russia's Chechen Republic, Ramzan Kadyrov, has warned the US that it will face retribution if it does not lift sanctions it placed on his mother.

Washington imposed financial restrictions and a travel ban on Aymani Kadyrova and several other Russian individuals and entities on August 24, the day Ukraine celebrates its Independence Day.

Kadyrov's mother was sanctioned because she is the head of the Akhmat Kadyrov Foundation, which the US claims was involved in the "re-education" of Ukrainian children evacuated by Russia from the war zone.

In a post on Telegram on Thursday, Kadyrov, who is himself blacklisted by the US and EU, said the restrictions against "my dear mother" came as a shock even to him, despite the fact that he has become used to the "illogical sanctions decisions by the US and the West."

“The whole world knows that she’s engaged in nothing but charitable activities,” he said.

Chechen leader threatens to ‘deal with’ Quran-burning countries

Aymani Kadyrova was only sanctioned because she is his mother, Kadyrov claimed, and because of this, “the American decision can only be viewed as a deliberate and cynical disregard for all ethical norms.”

However, he insisted that the sanctions are “painless” for Russia and are only imposed by Washington “to comfort itself.”

“We’ll keep breaking the backs of NATO-Ukrainian gangs. If need be, we can make it all the way to the Elbe as Visaitov did in his time during the war against the Nazis,” Kadyrov said.

He was referring to Movlid Visaitov, a Chechen colonel of the Red Army during World War II who was the first Soviet commander to shake hands with the Americans at the historic meeting on the Elbe River in Germany on April 25, 1945.

“The State Department is feeling too cozy, while pushing the Ukrainian people to their death and hiding behind rainbow democracy. This American filth must be crushed,” Kadyrov said.

The Chechen leader called upon Washington to “immediately” lift the sanctions on his mother. “Otherwise, I won’t forgive you for this. I’m ready to do anything,” he warned.

Chechens are similar to the *Gurkas* and can be considered Islamic Spartans. They have an honor code that is ironclad and prefer death to surrender.

[Gurkhas are closely associated with the khukuri, a forward-curving knife, and have a reputation for military prowess. Former Indian Army Chief of Staff Field Marshal Sam Manekshaw once stated that: “If a man says he is not afraid of dying, he is either lying or he is a Gurkha.”]

I certainly agree with that.

“A voice keeps reminding him, “DON’T LOOK. I DON’T WANT TO KNOW”. “

While I believe it is true that there are people out here who too readily fall in line with official narratives, I increasingly think that many do know something is terribly wrong but they are too afraid to look and often don’t want to even hear anything about it. Denial with a capital D and the retreat into TV, porn, drugs etc The reality is too harsh for their sensibilities.

No need to weep. The West is dead, and has been for a long time.

What we call now the “West” is just a carcass, used as a front by the usual suspects.

Meru

William Butler Yeats

Civilisation is hooped together, brought
Under a rule, under the semblance of peace
By manifold illusion; but man’s life is thought,
And he, despite his terror, cannot cease
Ravening through century after century,
Ravening, raging, and uprooting that he may come
Into the desolation of reality:
Egypt and Greece, good-bye, and good-bye, Rome!
Hermits upon Mount Meru or Everest,
Caverned in night under the drifted snow,
Or where that snow and winter’s dreadful blast
Beat down upon their naked bodies, know
That day bring round the night, that before dawn
His glory and his monuments are gone.

What is happening to the west can be understood simply:

DEBT POLARIZATION

When Rome debt polarized, it fell into the dark ages. The land became owned by an Oligarchy, and a new Feudalism was installed. The Dark ages were the greatest depression.

Debt polarization is exactly what is happening now, as Oligarchy consolidates with a new Feudalism, where you will own nothing and eat bugs. FIRE (finance- insurance- and real estate) have teamed up with Corporatocracy (rule by corporations), and the owners behind them. Yeah Free Market! Free Market has allowed a Predator Creditor Oligarchy to emerge. Debts must be released, as what cannot go on will not. The Creditor class will continue to “take” sordid gains on the productive.

At least, with Rome’s Latifundia, the land owners (Latifundia are big landed estates) allowed their serfs to keep enough fraction of their labor, so they could reproduce. This new feudal lord class is worse, they don’t want you to have children.

Revolver has repeated what I have said many times, but said it better:

<https://revolver.news/2023/08/elites-discovered-a-way-to-convince-white-people-to-phase-themselves-out-and-its-working/>

Circular argument below spread by the propaganda organs, where the press is owned by said Oligarchy

-Tells two consecutive generations that having kids will destroy the planet and glamorizes “childfree” life-

“We need more immigrants because no one is having kids”

“We need immigrants because they’ll do the jobs Americans won’t do”

What they really mean is..

-Foreigners lack generational wealth and thus become fresh debt slaves (to the creditor class) because they will need things like homes and cars and educations on credit, as well as consumer debt like credit cards

-Foreigners are disconnected from the culture they are new arrivals to, and thus it is easier to teach them to hate the culture the (creditor) elites want to dismantle and replace (Sherman memes good indicator here)

-Foreigners come from homogenous places and thus act tribally much more easily, which makes them easier to negotiate with as a bloc (see Minnesota Somalians)

-Foreigners are willing to have a lower standard of living than Americans are, meaning even chattel wages doing menial work is an upgrade from where they came from. (And corps have ultimate leverage against illegals in particular, just look at Koch Industries poultry workers getting ICE called on them when they get uppity.. by their own employers..)

-Foreigners come from low trust societies, and thus have no principles to hold them back from very transactional gigs related relationships with power. It’s not like it’s their tax money.

-The cheap labor aspect ***requires*** a new generation of underclass immigrants constantly flow into the country, because the children of 1st and 2nd gen Americans don’t want to pick fruit and mow lawns, they want to go to college.

While there are exceptions to these generalizations, the exceptions do not disprove the general rule that these things are all true.

What this is ultimately about is creating a cudgel of rootless foreigners to attack nativist and populist sentiments with. Who can be bribed to empower a malicious cultural minority who wants to dismantle what we have and other elites look the other way because they benefit from the cheap labor the most.

If you advocate for pushing locals to just have more kids instead, like Shinzo Abe or Viktor Orban, they'll engage in immediate fake cognitive dissonance. "But babies kill the planet and you're a racist and they are asylum seekers and they do the jobs Americans won't do"

The type of stupid and/or dishonest people who say in the same breath that we need to be able to pay illegal aliens less than minimum wage to pick fruit or it'll get too expensive for American consumers, but think Starbucks Baristas making less than 70k a year makes them victims of predatory capitalism and minimum wage thus needs to rise.

The zionists are the cause of this war in the Ukraine that is a zionist war on Christian Russia by the satanic/demonic/communist/zionist kabal that is in control of every western country via the zionist central banks, in the ZUS case , it is the zionist privately owned FED and the zionist owned graduated income tax aka the IRS, both of which are 2 of the 10 planks of the communist manifesto, aka all western governments are under communist control.

The zionists in Israel and the ZUS were the ones who did the attack on the WTC on 911 and blamed it on the muslims to give the excuse to destroy the middle east for Israels greater Israel agenda and this is what they intended to do to Christian Russia, however the zionists have found that Russia is not Iraq or Libya or Afghanistan or Syria or Yemen or Yugoslavia or any of the other third world countries that the ZUS and its terrorist army NATO have bombed back to the stone age killing millions of innocent men, women and children in the process.

Russia is a world class military power with a world class military and is kicking the ZUS and ZNATO's ass, big time, the ZUS and their terrorist mercenary army ZNATO, have crossed the Rubicon, they have met their Waterloo in the Ukraine and it is about damn time, that the ZUS and ZNATO are shown for the paper tiger that they are, this is karma in spades.

@emerging_majority

Thus, more than 300 years after the life of Jesus, so-called Christianity was perverted at its very roots and “magically” transformed into a weapon of state power and continued rule by the elites.

That’s right, the Christian religion was morphed. That last “morphing” was the reformation, funded by the Jew, Manessah Ben Israel.

Constantine moved east to interdict the East/West flow of gold/silver. The new god of money and prices was to be interdicted at the transit point, where the city Constantinople was built. And yes, our merchant friends were heavily involved, as the Haibaru Caravaneers controlled the east/west routes. The crossing of the merchants gold/silver was at the Bosphorus crossing point.

Constantine then adjusted Christianity in the Arian Controversy. Constantine came down on the side of the Trinitarians, and Jesus is God faction, not an evolved man.

Why? The Scythians (who are written out of history) had constantly kicked Rome’s ass, were taking up Arian Christianity, and had become even more fierce – if that is possible. They believed in re-incarnation, along with Arianists, and felt that man’s soul was constantly re-incarnated. The Scythian’s could not be subordinated into debt serfs for Rome, they were not land owners, and they “farmed animals” rather than land. The Scythians’ gave almost no shits about liberalism and materialism. Constantine was desperate to have a state religion, an opiate for the masses and to subordinate the Scythians.

Christ began his mission on the jubilee year. His good news message was to re-balance civilization, which had debt polarized. Debt polarization was due to the creditor takeover in Israel after Hillel's Prozbul Clause. In other words, Christ's mission is exactly analogous to today.

Part of what has to happen to the West, to avoid collapse into a new Feudalism, is to re-establish the original meaning of Christianity; what meaning?: The first 300 years, or before Constantine, and perhaps even Paul needs a critical examination. Unfortunately, Christian theologians are not willing to do this examination. They believe the history they were taught in skool.

Any Christian intellectual reading the above, is now put on warning. You have absorbed false religion. The Christian religion was morphed in stages to become unrecognizable from Christ's intent.

Sin= Debt. The Creditor class (yes – including Jews) fought back and changed religion and man's understanding of his place in the universe.

Real Christianity (before AD300) **does** have the answers to prevent the approaching feudalism:

<https://michael-hudson.com/2018/08/and-forgive-them-their-debts/>

Clean Slate debt cancellations (the Jubilee Year), used in Babylonia since Hammurabi's dynasty, first appear in the Bible in Leviticus 25. Jesus's first sermon announced that he had come to proclaim it. This message – more than other religious claims – is what threatened his enemies, and why he was put to death.

This interpretation has been all but expunged from our contemporary understanding of the phrase, "...and forgive them their debts," in The Lord's Prayer. It has been changed to "...and forgive them their trespasses (or sins)," depending on the particular Christian tradition that influenced the translation from the Greek *opheilēma/opheiletēs* (debts/debtors). On the contrary, debt repayment has become sanctified and mystified as a way of moralizing claims on borrowers, allowing creditor elites and oligarchs the leverage to take over societies and privatize their public assets, especially in hard times.

Historically, no monarchy or government has survived takeover by creditor elites and oligarchs (viz: Rome). In a time of increasing economic and political polarization, and a global economy deeper in debt than at the height of the 2008 financial crisis, ...and forgive them their debts shows what individuals, governments, and societies can learn from the ancient past for restoring economic and social stability today.

This article should be entered in the “yeah maybe, who knows, so what” contest. !968? yeah maybe. Of course then there was an utterly stupid hopefulness for a new world and now there is an utterly cynical grab for loot on a sinking ship but is that a significant difference? maybe, maybe not. Those nasty boomers are responsible! Yeah maybe, maybe not. Roosevelt got us into WWII to save his bacon when the depression refused to end, but so what. Woodrow Wilson was the idiot who got us into WWI. And then there was Lincoln who cemented the counter revolution started by the adoption of the constitution. We could go back further but does it matter? maybe, maybe not. What’s the difference? In the present situation the language is so degraded that it is no longer fit for the expression of anything other than anguish. Insight? Reason? Bah, humbug. There is no point in making connections. All insight is dubious, all thought irrelevant. Lies and stupidity have polluted the language. The West is like a meteor plunging into the sun.

I'm doing a drive by and I find by favorite pseudo-intellectual.
Poop On.

Above blockquote is him blaming the victims. Playing this blame game elevates one's ego – Look how superior and smart I am relative to Boobus Americanus.

The plain fact is that all populations have a distribution curve, and most people are normies, who just want to get along and go along. They are simple people who are not fighters, and want to be told what to do.

Then there is another subset of any population, who are sociopaths, or narcissists', who get off on self aggrandizing. Part of narcissisms is solipsism.

The theory that the self is the only thing that can be known and verified.

The view that the self is the only reality.

The belief or proposition that the person entertaining it alone exists, and that other people exist only as ideas in his mind.

Lack of empathy for the other, and pinning the blame on victims is no bueno – a personality defect.

This is exactly the same personality defect mechanism as “creditors” moralizing claims on “debtors” to then take rents in-perpetuity. Why the goy are just animals to then extract life energy from. They are boobs!

I wouldn't discount the "**Samson Option**".

The zionists are stupid enough to try it, especially if the world goes against them and demands a real solution to the "Palestinian situation". Notice that I did not call the Palestinian situation a "problem" as it is the foreign zionist jew interlopers who are the "problem".

Keep in mind that no country that possesses live "nukes" will be attacked or invaded. North Korea, India, Pakistan, and other countries are smart to keep their nukes under wraps and not succumb to the demands of "international nuclear arms inspectors". This is the only thing keeping the world "deep state" from attacking them.

That being said, the same should apply to israel (but does not). Every country's nukes are within the borders of their respective countries, but not so for israel. **You see, israel's nukes are already "in place" and as such, no delivery systems are needed.** Israel's nuclear "Damocles swords" are in major cities around the world and are ready to go at a moment's notice. This is a major reason why israel refuses to allow "international nuclear arms inspectors" to perform inspections. **Israel could not account for all of its nukes.**

The next "9-11" will be a nuclear detonation (not an exchange or other conflagration) in a major American or European city. Look for an israeli nuke to be detonated in **Los Angeles, Chicago or Atlanta.** "**Jew York City**" is "off-limits" as it is the jewish seat of power in the USA. European targets will be **Rome, Brussels or Paris.** Jews would LOVE to destroy the seat of the Roman Catholic Church, so look at **Rome** as being a prime target.

Of course, the nuclear detonation will be blamed on an Arab

country, passports being found in the “rubble”, just as with 9-11 (yeah, right).

If I had my way, israel would be “embargoed” until it produces ALL of its nukes for international inspection.

They wish it was '68 again, CIA turned that revolution back by threatening Congress with martial law. Don Gregg went down to Capitol Hill to break the news. That was no big deal.

The new left stuff was the least of it, the regime's real problem was international pressure including the definition of aggression and the passage of universal jurisdiction torture norms into conventional law. Nixon was no counterrevolution, he was on our side. He put Schlesinger in at CIA, extracted the family jewels, and for a long time he wouldn't touch CIA briefings with a ten-foot pole. He tried to dig up evidence on CIA's apical coup of '63. CIA infiltrated Kissinger, harassed him to a standstill and purged him.

Contemporary culture war is irrelevant crap, it's old-time divide et impera. Not hippies v. hardhats this time, or country v. city, but a new bunch of synthetic factions to pit against each other. Same template, new us-and-them.

The relevant precursor is die Abwicklung, the collapse of COMECON and the Warsaw Pact. The NATO Pact or Western bloc is in a far more advanced stage of degeneration than the Eastern bloc's terminal condition. The CIA regime is a failed state in the legal term of art. Nothing props it up but repression, and repression is self-limiting as capacity degrades in kleptocratic malversation.

The defining failure of the Eastern bloc was Chernobyl. The Western bloc has failed with its pen-up-the-livestock-&-niggers response to Katrina; with the ecocide of Deepwater Horizon and corporate repression of the victims; with serial sneak-attack aggression by illegal poor-man's methods such as sabotage, terror, and germ warfare; with the greatest financial looting spree

in history and concomitant illegal mass evictions; and with the crime against humanity of systematic and widespread medical experimentation. The SCO is compiling the bill of indictment, dotting i's and crossing t's, and it's going to be a slam dunk.

The only question is whether CIA SIS gets impaled on stakes by howling mobs, or nuked. Either way is fine by us.

One of the things that bothers me about Fitts is her implicit feminism. It is this entire “you go girl” second (or third, depending on how you count) feminism where she constantly refers to the Jews running the world as “guys”, but never names the Jew.

What do you think Fitts would say if you asked her whether a young mother should drop out of the work force and focus on her children and become dependent on a strong man? I have no doubt that she would say that the woman should have a “career”, and that the pay should be just as high, or higher, than a family father supporting an entire family including a mother dedicated to the upbringing of her children.

Women have been mind controlled by Jews for centuries. Today more than ever. Boomer Karens like Fitts are little better than millennial bimbos using HR to demand a juicy spot without merit on the other side of the “glass ceiling”

Not so sure about that.

Fitts is awfully smart and her analysis is usually spot on. She often explains things in a way that nobody else does.

Oh, those pernicious grasses! Do they ever give up? – Actually, in answer to my own question, New Zealand spinach, which self-seeds abundantly, gives great ground cover and does seem to help suppress them a little... but not to stop them unfortunately.

I've been focusing my energies on building raised beds this year, and have more planned for next, but keeping a few areas at ground level for spuds and sweet potatoes. – The way I see it is, as my back gets older, my garden beds can get higher! Plus I get to build the soil, layer by layer, year by year = less digging over time. Lugging rocks (you'd love the rocks around here) into place for the new beds can be hard going, but worth it in the long run.

I wish you every success with all your efforts, EM.

Cheering you on from afar,

Weep for the West

I say:

Weeping is for Wussies!

CRUSH THE ANTI-WHITE RATS AT THE JEW-CONTROLLED ADL! That sounds more fun than weeping and a crying and a pining for the so-called “West.”

WHITE CORE CHRISTIAN AMERICA MUST BANG IT OUT BRAVELY AGAINST THE ANTI-WHITE RATS!

NEW: When the hashtag #BantheADL suddenly blew up on this platform with more than 89,000 posts Thursday and Friday as part of an ongoing campaign to defame the Anti-Defamation League, Elon Musk joined in. <https://t.co/D93HwylISU>

— The Forward (@jdfoward) September 1, 2023

JEWS ORGANIZED GLOBALLY(JOG) and the ADL are a clear and present threat to the safety, security and sovereignty of all nations on earth.

The ADL and Jonathan Greenblatt and Jews Organized Globally(JOG) can go straight to the hottest pits of fiery Hell and they can take that anti-White Jew puke US Attorney General named Merrick Garland with them.

How much sharper than a serpent’s tooth it is to have ungrateful and thankless Jews? I am asking you two arrogant Jew boobs — ADL Jonathan Greenblatt and US Attorney General Merrick Garland — you nasty hypocrite scumbags!

There is no doubt that JEWS ORGANIZED GLOBALLY(JOG) and the ADL plotted to racially transform the United States — and many other European Christian nations — by using mass immigration as a demographic weapon. It is a historical fact that can't be disputed.

The internet has been shutting down free speech and shuttering the ability of regular people to express their FREE SPEECH and it doesn't seem to me like organized Jewry has been too bothered. I would argue very strenuously that JOG — Jews Organized Globally — and the ADL is expressly interested in destroying FREE SPEECH all over the world.

Google AI-Bard Query: What is the "E3 **BF47** OBI-WAN Kenobi"?

Google AI-Bard Response:

The E3 **BF47** OBI-WAN Kenobi is a 3.75-inch action figure from Hasbro's Star Wars: The Clone Wars line. It was released in 2008 and is based on the appearance of Obi-Wan Kenobi in the episode "Revenge". The figure comes with a lightsaber, a blaster pistol, and a removable cloak.

The figure is made of plastic and has a good level of detail. The articulation is also decent, allowing the figure to be posed in a variety of ways. The paintwork is also well-done, with no major flaws.

Overall, the E3 **BF47** OBI-WAN Kenobi is a good quality action figure that is a faithful representation of the character from the Star Wars: The Clone Wars animated series. It would be a welcome addition to any Star Wars collection.

LOL!!

Don't agree with your characterization of the late sixties cultural and political revolution at least in the USA. It was more anarchic than socialist, more libertarian than nihilistic. The saying was "do your own thing" which was an important idea to counteract the regimentation and fascistic tendencies of the coup regime and its obsession with war and conquest. We were against war. Today, the "left" is for war, for regimentation not for liberty at all. While there were some racist/racialist tendencies in some black radical communities that did flower with BLM recently we were focused on inclusion but not in the fake "inclusion" foisted on us by the neo-Maoist "left." Those of us who are left over from the old left of 68 (I know Europe was much more ideological than we were) tend to be eternal dissidents from the hyper-materialism of both political parties and the official (State) media.

Anyone thinking an island or a yacht will be a safe retreat from mass retributions or civilizational disruptions is deluded. If the 'neocons' and the Jews did not control the money they would have nothing. These fools have no imagination except the kind only demented fanatics exhibit. Ordinary every-day fanatics are locked up. Simply visit any ward where the insane and demented are locked up. Engage these poor sods in a conversation. Soon their delusions of grandeur emerge. Give any of them unlimited amounts of money and soon enough you'd witness their emergence from the cocoon of restraint — the lack of infinite amounts of money and opportunity — in their circumstances constrain.

In fact the chilling resemblance is unbelievably striking. Invite one to a party and they will charm the underwear off one of your female guests. ...Especially the most beautifully charming herself. When he's gone so will your wallet and cuff links and some beautiful object d'art small enough to fit under his coat disappear with him. Years later the woman will claim she was raped rather than masterfully seduced.

Seduction can be wielded on any scale be it personal or societal or national. Think here the Clintons! Then there is the transformation of Michael Corleone in the Godfather epic. The acting is more than superb — it is chilling. More recently the exposure of 'what's his face' with his Island of horrors in the Caribbean, where he and his guests committed crimes against minors — included in the guest list was the despicable son of Queen Elizabeth — deployed their demented superiority. Minors remember — the powerless and fragile.

Islands and yachts are not self supporting. The former, may be somewhat self supporting, if hard work and hot sun is your thing. August on the island of Antigua is bloody hot!

A yacht though is not secure. Not at all. In fact a yachts confined existence is most unpleasant. Fresh water, fuel, food, medical help requires an umbilical cord. No doubt a simple home made limpet mine would send them down to Davy Jones Locker. Ships with their hulls penetrated below the water line founder and sink faster than you can say Davy Jones Locker.

If there was a breakdown in society there would be nowhere for these fools to hide. More than most people their likely whereabouts, their houses, their appearances are plastered all over the Internet, in business magazines, newspapers, shelter magazines, etc.

It is not as though we the people would not be vulnerable, but these people are the least anonymous of humans. Hunting them might make good sport for those mercenary soldiers from the Belgian Congo.

Few of these elites can imagine these types, they never rub their shoulders against. The vast numbers of people they deplore, harbour people, normally restrained, they never encounter. People who collapse buildings while provoking debates about the cause never have explained how these Arab pilots shut down the entire Eastern sector of air defence. They were “confused” it is said. If you cannot hear me laughing out loud I’d be very surprised. The most powerful empire know to man and their defence controls were “confused” — gad!

Wait until you see their confusion when a thousand determined very unhappy and frenzied “deplorables” show up on their doorsteps. Yachts and Islands notwithstanding.

The 'West' is a system of parasitism, that created Josep Borrell's 'garden amidst the jungle', through aggression, genocide and pillage. With the rise of China and Russia's indefatigable obduracy, the majority world is freeing itself, and the Western Herrenvolk HATE that with every poisonous fibre of their being. With the delusions of universal supremacism that drove Western arrogance evaporating, all the West has left is internecine hatred as class war is consolidated into neo-feudalism, and furious racist and cultural rage at the non-Western world that dares to set itself free. A real 'world war' is in the offing.

A solution is always possible — in fact, it will prove unavoidable.

It’s just a question of what that solution will be, and how bloody will be its implementation. That’s one reason I wish they’d hurry about it. The longer it’s put off, the worse it will be. What might cost a few thousand lives now will cost millions in another decade or two.

Hopeful how most in the comments have (rightfully) reduced the author's apparent confusion of the topic down to Jews intentionally (and in some cases unintentionally) destroying the West via the inversion of all that is good, true and beautiful.

From the neocons, to Biden's cabinet, to Zelensky, to Big Pharma and their mandates, to the replacement/genocide of Whites globally, to the erasure of our heritage and history along with all the supporting staff of academia, media, hollywood, the banks that finance them all and the Federal Reserve fiat "Bank" that finances the banks: literally all Jewish institutions.

I think the article should be rewritten and retitled around "The Self-Inflicted Destruction of the Global Judeo-Empire."

There was no 1968 revolution. Who was doing this revolting? The Rockefellers? The CIA? Boston Brahmins like McGeorge Bundy? What is the correct term to use when an entrenched ruling elite begins engaging in wide-scale social engineering and destruction of its own ruled population in order to further cement its own power? I don't know, but "revolution" is not the correct term.

This article is not only wrong in its content, but wrong in its premises. It's wrongness several layers deep. It gives a variation of what can be called the Bircher interpretation of American decay, which claims that the USA was the greatest country ever and totally conservative until some time in the 50s or 60s when communists who had "long marched through the institutions" finally gained power and implemented their communist agenda. The purpose of the Bircher interpretation is to challenge this supposed communist revolution without challenging the WWII narrative of American goodness or the cold war narrative of American goodness. Most importantly, its purpose is to avoid facing the actual problems and flawed premises in the ideology of American liberalism (and even more generally the problems of Anglo culture and even "western civilization" itself) and to avoid challenging the actual ruling elite that imposed this "communist revolution." In this way, they can externalize all of America's problems and protect the American ideological identity. In other words, it's a defensive mechanism similar to psychological phenomenon known as "denial." The American ideology and the plutocratic liberal regime this ideology was created to defend aren't the problem. Anglos and Jews aren't the problem. "Communists" are. So says the Bircher.

Lesser variations, like that of Christopher Rufo or his cohort James Lindsey, do not even go so far as challenging the “revolution,” but only certain downstream effects. According to Rufo, the early 1960s Martin Luther King Jr civil rights communist revolution was correct, but was thwarted by the later 1960s communist revolution of “identity politics” (which was revived by Obama in 2012 or whatever). Nevermind the centuries of “identity politics” prior to the 1960s (also ignore most current instances of non-white identity politics and especially ignore Jewish identity politics). James Lindsey doesn’t even go as far as Rufo and basically claims the communist revolution was correct until sometime in 2019 when even more radical communists (who are also gnostics for some reason) decided to dye their hair blue and add the -T to the LGB movement, taking things just one step too far thus descending into ultra-communist “wokeness.”

Genocide is out of the question. A much better way to take back our country, not just from power-hungry Jews but all rapacious megalomaniacs, regardless of ethnicity, is to control the wealth and power individuals can obtain. A revolution is probably necessary to effect this.

{*“Birthday message to Hitler....Jews run the world!..HA HA”*}

(Gilbert Gottfried)

Typical Zionist Jew Supremacist delusion.

The world is a very large place, and Jews certainly don't run it. Jews obviously have a lot of influence in The West — one can say they *“run it”* — but West's Sun is gradually setting, as should be obvious to anyone by now.

When West's absolute dominance of the world ends, what will Jews *“run”*?

I doubt very much if Russians, Chinese, and Indians will allow Jews to run much of anything in their countries. And once the hyper-dominance of US and US dollar shrinks to a more normal level, dozens of countries that are currently under the Anglo-American SorosaYoke will fly out of its orbit*.

It will take decades, maybe a century, but the trend has been set, and there is nothing US&UK can do to stop it.**

* Example: Saudi Arabia, an apparently loyal sycophant of US&UK for decades, is gradually edging away from US hegemony and towards the Russia+China block (BRICS).

** unless the NATO Psychopaths miscalculate badly and resort to nukes in Ukraine....in which case neither Jews nor any other ethnos will be running anything.: cockroaches will rule what's left of the Earth.

I disagree about about age, or generation, being “insignificant” or merely “cover for the jews”. I am a boomer myself, and I deal routinely with 2nd generation feminists in my family who are much like Fitts. I have never heard her talk about females being fodder and useful idiots for Judea, and I have never heard her come out and name the Jew.

I have also heard her blather on about breakout civilizations and hidden budgets of hundreds of trillions and all kinds of secret space craft and space technology. I have not heard her talk about it for a few years.

She does have some interesting insights into how the government works from her time head of HUD, and in this case land grabs. But this is because she was a privileged insider.

I think she is some kind of limited hangout. She also runs her Solari Report subscription based service. I am not a member, are you? My guess is that the majority of her subscribers are female.

Some say that the House of Saud are crypto-Jews. I sincerely doubt that they care about the “Saudi People” or even the “Muslim Faith”, which from its onset was largely Jewish operation, especially considering that Mohammed was illiterate and that the Koran, which he supposedly dictated, was written by Rabbis and in many ways mirrors the Torah. Of course there is a lot of evidence that the Flavius Josephus, a Jew, and that he had a large hand in shaping the Bible.

I also don't agree that just because “the West” in many ways appears to be in its death throws that this means that Jews will also lose control over the media, the narrative, and control of money. Rabbis for all their quirks and dishonesty, tend to think very long term. The war in Ukraine looks very much like a deliberately instigated civil war of genocide between to tribes of slav[e]s, so that a second Jerusalem can be created in Crimea/Kazaria.

Putin, whose mother was Jewish, also is arguably following the guidance of his Rabbis and the Libbowitzers.

Jewish influence on Mao, and in the creation of the CCP, is also undeniable. To what degree Xi bows to Judea is not clear. Their covid lockdowns, social credit and surveillance state are often praised by Jewish stooges like Schwab or Kissinger, and are often touted as an example for the rest of the planet.

Jews thrive on chaos, especially when there is no homogeneous tribe or country to resist them. South Africa would be a case in point. Does anyone really think that behind all the negroes rampaging about that Jews don't control all the valuable resources? The same would apply to Zimbabwe.

To me it appears highly plausible that what we have is some kind of competition between two or more branches of Judaism, as we have seen going on between Capitalism, Communism and Zionism for over a century. We could be entering a new era with new Jewish dialectic “isms”.

The handle “Avery” sounds awfully Jewish to me. Are you Jewish?

@JurassicLarp

I think the article should be rewritten and retitled around “The Self-Inflicted Destruction of the Global Judeo-Empire.”

While I agree with most of your comment, I think you are missing the entire “Ordo ab Chao” aspect. Western civilization has to be broke down so that it can be rebuilt in a fashion more suitable to Judea. Think of “Build Back Better”. Stack’em and pack’em slave/worker bee 15 minute cities is clearly the plan, with vast areas of “nature preserves” set aside for the ultra-rich.

Pundits who are unable or unwilling to name the Jew, talk about “globalists” or the “ruling elite”. But the problems is that the higher you go up the pyramid of power the more Jews there are.

If someone can come up with, and back up, a description of who is really pulling the strings at the top, I am all ears. But the majority of power players appear to be Jewish, and they are famous for their Tikkun Olam.

So to me it looks like they have decided that they would prefer to have a slave planet than a planet of prosperous middle classes all competing for resources and causing pollution. They want to eliminate the useless eaters and rule over a much smaller cadre of obedient and grateful technocratic slaves. “The West” in its current configuration does not fit into this plan, so it has to be burned out and rebuilt like Lahaina.

Here is a good reason to weep for the UK, Mr. Crooke's homeland:

UK's Sunak taps Jewish minister Grant Shapps to serve as next defense secretary.

Shapps, who visited Israel last year as transport secretary, has said that 'for all Israel's faults, and goodness knows there are many,' he remains a firm supporter

Shapps, 54, who has no military experience, briefly served as home secretary last October in Liz Truss's short-lived government and before that as transport secretary under Boris Johnson. He was also business secretary under Sunak before taking over as minister responsible for energy security and net zero.

Blinken, Shapps, Zelinsky are the Jews who have been put in charge of making sure that the Heavenly Jerusalem project finally comes to fruition. Net Zero is the amount of Western Civilization that will be remaining when the project is finished.

Couldn't agree less with your characterization of her. If she says 'you go girl' to another woman, so what? That's feminism? I don't think so. My bet is that she would be just as supportive of any one of her friends as another, be it a corporate climber or a stay-at-home mom.

All I ever hear from her are very believable points about how the banksters are ruining everything with impunity. Take a listen to the video I shared and tell me where she is wrong. Her theory about the use of leftist thugs to destroy and devalue whole neighborhoods so that the banksters can scoop them up at low prices sounds dead on to me. As to why she won't name the Jew, I don't really know. I guess she's been around long enough to know that they're not the only pirates in the game of vulture capitalism. Maybe?

Donald Trump Exposed as an Inside Tool of the Zionist Swamp

Video Link

What I find interesting is nearly every writer on Unz refuses to mention the Jews as the causal agent to Amerika's decline, but all the readers know and point it out. There is a huge disconnect from reality from even the alt main stream writers and what the plebs know.

The author uses the analogy of two colliding ships then says –

| our ruling class is not for changing course. It must want this percussion

I do not agree they want a collision with Russia, Biden and his staff of Jews (Blinken, Nuland, Yellen) are Jews/whores getting instructions on foreign policy from on high, up the food chain which terminates at the Zionist Rothschild Jewish banksters.

The Biden administration does not represent the Amerikan people or it's Constitution or even have our civil/moral values, the Jews in Biden's whore house like Victoria Nuland are working for Jewish interests, **specifically Nuland/Kagan team is to end Russia because Russia dared to intervene in Syria and stopped Greater Israel in it's tracks.**

Since Biden is a stupid slavish whore of the Bank of Rothschild and His Money Empire, he does what he is told, to give money to the war effort, as does Borish Johnson who is also an installed whore of the same power, so they work together and tell the installed whore and Jew Zelensky not to negotiate peace, but to fight on with the idea to topple Russia.

Biden is just some senile old moron reading his lines, and soon to be replaced because he is royally f-cking up the war, just as he did in Afghanistan. It is almost like he is so incompetent that

he is working secretly for us, but in reality, he is just a fool, a tool, a long serving parasitic government grifter way in over his head and promoted way beyond his competence because he does what he is told.

And no Virginia, the servile scum running the District of Criminals do not want their wealth blown away by nuclear war, they want more money to buy more real estate and stocks. Yet the fact is, they are willing to risk all of our necks, in a nuclear war with Russia, because they are evil bastards who worked all the way up to heads of state because of their complete lack of morals and judgment – and they don't give a rat's ass for the 500,000 killed so far in the Ukraine war.

THE PROBLEM WITH AMERICA IS THAT JEWS RUN IT...
beginning with the Fed, Capitol Hill, the White House,
the Courts, the Media, and our Schools.

Thus, in order to fix America a solution to the Jewish infestation of every facet of the US infrastructure has to be framed and applied.

AT THE TOP of the food chain is the Jewish-owned Federal Reserve Bank.

Jews have been given the power to create money via simple book entries.

Jews like Yellen, Fischer, Greenspan, have complete immunity to loan their created money wherever and to whomever they wish to FURTHER Jewish interests.

SOLUTION:
Restore the Constitutional mandate that gives the US government the power to create its own money without paying interest to money-controlling Jews.

It's really strange how little attention the Saudi Arabia shift has gotten in western press. It's so significant, but you would think it was no big deal by how little the mainstream press has dealt with it. Compare it to the attention they have given to non-events like Sweden trying to join NATO, as if a dying, pointless nation like Sweden matters for anything. It is another indicator that the western intelligentsia really have gotten high on their own supply.

@Walderganger

Public and private institutions, especially those of the state, find it difficult to get anything done; government policies resemble hastily drawn-up wish lists, which everyone knows will have little practical effects. That is why policymakers have a new priority: 'not losing control of the narrative'.

Not only is *not losing control of the narrative* **not** a new priority, it's always been *the only priority* of the hostile elite, and is *the* reason why the West is in free fall.

The reason is that social institutions don't simply depend on explanation, a social institution *is* an explanation. Explanation is to a social institution what blood is to the body. If it doesn't flow there will be symptoms. If the symptoms aren't treated the body doesn't function properly, begins to decline, and then falls apart, or drops dead.

At this point it's worth pointing out that since explanatory behavior is central to human survival, social institutions aren't just explanations, they're also adaptational mechanisms. If they don't work, we don't work. And now we're back to why the priority of the hostile elite has always been on not losing control of its narrative.

The assumption of the hostile elite that owns and runs the West today is that if it loses control of the explanatory system it is using to justify its actions it will lose its power. It would be more accurate to say that its whole approach to explanatory behavior guarantees that it will lose control of the social institutions that their power now controls. And that is indeed the situation we're in today.

An explanation is only adequate (since it can never be perfect and final) if it is open-ended from both sides, as it were, theory and data. But the hostile elite's use of its explanatory mode is top-down. Put baldly, it's authoritarian. That means it does not permit feedback and correction, which is the source of human adaptability. This is why everything is falling apart.

The hostile elite's approach to power is itself maladaptive. This is the explanation for why its very exercise of power is destroying the social institutions that power now controls. But there's more.

For the last 50 to 100 years the developing world has adopted the ideas and institutions of the West without being able to adapt to them. A fact easily proven and that should come as no surprise, since the West has not been able to adapt to itself, especially since the population explosion that began in the 19th century.

It should never be assumed for a moment that the human race is going to be a successful species. At times like these it does feel as if we're being evolutionarily tested. Though it remains a question as to whether or not we'll pass that test. Perhaps our chances will improve *after* the fall of the hostile elite. Certainly hope so. Though it's obviously going to take a lot more than hope.

The ground is being prepared right now for Israel 2.0. Israel 1.0 is on its way to becoming a nation of non-European descended Jews.

America has no attraction as a destination anymore, and Ukraine historically long had a large Jewish population. Jews from the former Soviet republics can resettle there. European-descended Israeli Jews can resettle there.

Then there's the fact of the land connection between the present Israel and Israel 2.0. If it ever became necessary to evacuate the present Israel, either because the Arabs had developed the military capacity to defeat Israel or for some other reason, the population could be evacuated by land over a period of time.

It adds up. No matter what the outcome of the Russo-Ukrainian war, it adds up.

The Jewish Path to Success

By Adam Bellow

Published August 01, 2003, issue of August 01, 2003.

.....

After all, haven't Jews been at the forefront of the liberal revolution, insisting on equality of rights and opportunity not just for themselves but for other minority groups? Haven't Jews championed the principle of merit, supported affirmative action, attacked the idea of restrictive quotas and legacy admissions, and striven to overcome the impression that they are clannish and insular?

.....

Has Lieberman embarrassed himself or his supporters by hiring his children? Not at all. To the contrary, he is a good father and family man who is doing proudly and openly what generations of Jews have done before him. The whole history of American Jewry is a tribute to the power of Jewish nepotism. Indeed, nepotism has been a positive and wholesome force in Jewish life for thousands of years. It is high time to acknowledge and even celebrate this fact instead of trying to keep it hidden like a shameful family secret.

The name Avery is an English and French name meaning "ruler of elves." It's derived from the Anglo-Saxon name Alfred and the Ancient Germanic name Alberich. Its meaning stems from the elements aelf, meaning "elf" and ric, meaning "ruler."1 Avery was mainly used for boys until around 2007, when it broke into the top 50 names for baby girls in the U.S

Children's literature can open doors to exploring important topics and concepts

Children's literature can open doors to exploring important subjects like Critical Thinking.

FIFY

Seriously though, Critical Thinking can be taught to the young and should be. The value of teaching critical thinking to children, and anyone else for that matter, is that it can help them identify and deal with difficult problems, while preventing them from being susceptible to manipulation and propaganda from organizations like the ADL, SPLC, WJC, AIPAC, etc. etc. I could go on but I'd never finish.

Not surprisingly, however, Critical Thinking itself has been infiltrated and contaminated by the usual suspects. How do they do it? Easy. They simply apply all critical thinking tools to an ideological template. So while their explanations of critical thinking are standard, their examples are all biased, and never applied to the ideology in question – ever. Thereby undermining the very principles of Critical Thinking. Like I said, the subject has been infiltrated and contaminated by the usual suspects.

For an example of this check out the otherwise excellent Foundations for Critical Thinking. They are currently engaged (it was not always so) in trying to reconcile Critical Thinking with Identity Politics. It can not be done. They're irreconcilable.

Of course, if you try to apply the tools of Critical Thinking to Identity Politics, well, you know what will happen. In any event, a better example of their bold inversion of reality would be hard to

imagine (but not impossible).

These low level dunces see the world as if looking at their own cloistered experience and their doxed and low horsepower peers and underlings. They simply do not understand the Spartan, the Gurka, the Samurai, and the Islamic True Believer. Spartan mothers told their sons to either come home as a corpse or don't come back at all. Death-understood by the families of these men-is an act of fate, and to behold the honor of the man, his family and his people.

For people like Ramzan, this public insult and slander on his mother means that he MUST avenge this action, or he will not be a real man, of the faith, with honor, upholding his family and community values. This almost always means payment in blood.

Very well put.

Critical thinking has become another buzzword for promoting one particular set of ideas—not for putting all ideas under the microscope to teach young (and old) to examine unstated premises, become aware of possible agenda of advocates, be sensitive to the distortion of meanings of significant words (this means that people have to have been taught the literature and vocabulary of their own language), along with much else.

Critical thinking starts with language. The ability to parse the expression of ideas.

Didn't we used to teach rhetoric? Isn't rhetoric basically the study of how language molds ideas and attitudes?

It's the same in Australia, although merely in greater proportions that 'mixed-race' relationships actually are in this society.

As well, these are plainly American black blokes, and most of our black citizens are from East Africa and Sudan and the Horn of Africa. Moreover, it is ALWAYS black male, white female-the opposite is never seen, in ads at least. And, to top it off, our Indigenous blackfellas seldom, very seldom, appear in advertisements. It all tells you a good deal about the scum of the advertising cancer. Is it deliberate? Nothing surprises me anymore.

Exactly. You cannot kill your way to Paradise. Limit wealth, put finances under Government control, end political 'contributions', make Jews swear allegiance to the country of their birth, or move to Israel, have a Truth and Reconciliation Commission outlining the crimes of the ruling predators, including, but not restricted to, Jews, and protect ordinary, decent, Jews from hateful bigots, as with all groups.
