United States Army Rangers ve středu narušili plánované nouzové vysílání FEMA a zničili centrální vysílač, ale až poté, co tato bezbožná agentura aktivovala výstrahu, která mohla vystavit vlastence federálnímu obtěžování, řekl zdroj z kanceláře generála Erica M. Smitha Real Raw News.

Jak bylo oznámeno minulý měsíc, zpráva, že FEMA vytvořila nový nouzový akční systém, zaskočila White Hats; dobyli pevnost Mount Weather FEMA a její EBS, v provozu od roku 1976, v březnu 2022 a nemysleli si, že agentura má pracovní sílu a zdroje na to, aby postavila náhradu tak rychle, zatímco většina jejího vedení připravovala plány pro chytré tábory FEMA. a spiknutí s cílem terorizovat budoucí oběti nadcházejících hurikánových sezón.

Letmé oznámení FEMA – Deep State obvykle telegrafuje svůj záměr – podnítilo Radu bílého klobouku, aby zorganizovala masivní hon na řídicí centrum a primární věž EBS. Pátrání, které pozastavilo probíhající mise, si vyžádalo nasazení tisíců bot na zemi, protože kybernetické velení americké armády a kyberprostorové velení sil námořní pěchoty pilně monitorovaly hovory Deep State z DC do Kalifornie a dále.

A slyšeli klábosení. Záhadná směs nesrozumitelného blábolení, která měla zmást úsilí White Hat. Během září FEMA nápadně zmínila 24 měst v 16 státech; Bílí klobouky si to nešifrované žvanění vyložily jako nesprávný směr, červené sledě, jejichž cílem je donutit je plýtvat drahocenným časem a majetkem. Generál Smith nicméně poslal vojáky na tři údajná místa, kde se nacházely pasti – čtyři šmejdů FEMA se spouštěm, kteří toužili vymáčkout pár ran na udatné mariňáky. V každém případě však mariňáci přelstili tupé federály, celkem zabili 36 a vzali pět zajatců, a při jednom střetnutí, které se odehrálo v Roanoke ve Virginii, stál mezi jeho zbabělý federální dozorce, jediný, kdo přežil bouřlivou přestřelku. soudruzi plní kulkami, větrem mlátí rukama do vzduchu a křičí: „Nestřílejte! Nestřílejte! Vzdávám se!"

White Hats agresivně vyslýchali vězně, ale nikdo, včetně dozorce, nepřiznal, že zná umístění EBS.

"Nevěděli nebo byli učeni bránit se výslechu." Waterboarding je efektivní, takže si myslíme, že mluví pravdu," řekl náš zdroj.

ARCYBER, dodal, dokonce zachytil zprávu, která tvrdila, že EBS je na Ukrajině, ale generál Smith tuto myšlenku odmítl jako bláznovství. Ačkoli přítomnost Deep State na Zelenskyyho dvorku je nepopíratelná, FEMA historicky omezila svůj operační rozsah na Spojené státy a jejich protektoráty.

V polovině září se do kanceláře generála obrátili federální „5th Columnists“ s údajným místem pobytu EBS. Jejich informace však zkomplikovaly již tak vyčerpávající pátrání, protože každý ze čtyř „pátých sloupků“ dodal protichůdné podrobnosti, což vedlo Bílé klobouky k závěru, že ďábelští federálové záměrně rozsévali dezinformace v jejich řadách, možná proto, aby mezi nimi vypátrali zrádce. Místa byla „okolí“ Denveru, CO; Carrington, ND; Marietta, GA; a Baker City, OR.

Gen. Smith a Rada bílého klobouku, kteří neměli žádné další konkrétní nebo neoficiální vodítka, vyslali do každého města expediční síly z námořní pěchoty a 75. pluku Ranger, zatímco ARCYBER a White Hats z Velitelství vesmírných sil zkoumali satelitní snímky, zda neobsahují známky nedávno vybudovaných struktur a buněčné věže.

"Byla to trefa do černého, protože FEMA mohla snadno přeměnit ty stávající," řekl náš zdroj.

Mezitím 160. letecký pluk pro speciální operace létal nad těmito čtyřmi městy pozorovacími misemi.

Jak pracovní skupina neúnavně pokračovala v lovu, ARCYBER informoval generála Smithe, že může triangulovat zdroj přenosu a rušit nebo ukončit signál, ale až poté, co FEMA zahájila test.

"Takže naše jediná volba je ta nejhorší." [Ředitelka FEMA] Deanne Criswellová by toho mohla využít k vyvolání nové občanské války," řekl generál Smith.

Mezi největší obavy Bílého klobouku patřila FEMA, která použila EBS ke zfalšování zprávy od prezidenta Trumpa nebo armády, která povzbuzovala patrioty, aby se okamžitě vyzbrojili, zablokovali a zaútočili na vládní budovy od pobřeží k pobřeží v reakci na Bidenův režim. vyhlášení stanného práva a národního odzbrojení, které je chytilo do pasti stejně jako J6ers. Jistý nyní zdiskreditovaný „pátý sloupkař“ řekl generálu Smithovi, že EBS způsobí „explodování mobilních telefonů“ a způsobí „krvácení do mozku“.

"Zatímco akustické zbraně jsou realitou, neslyšeli jsme žádné zprávy o tom, že by se to stalo," řekl náš zdroj. "Mnohem pravděpodobnější scénář je, že EBS způsobí, že telefony budou pingbackovat GPS souřadnice, instalují škodlivý software, tento druh hanebné činnosti." Na rozdíl od online zvěstí by to nikdy nezpůsobilo zombie apokalypsu. Bohužel úsilí o hledání bylo marné, takže jsme museli čekat a doufat v to nejlepší."

EBS FEMA včera ve 14:21 EST vyslal skřípavý signál do milionů telefonů, ale cvrlikání trvalo pouhých šest sekund, nikoli 35 sekund, ve které FEMA doufala. ARCYBER izoloval a sledoval zdroj k rozvodně elektrické energie dvě míle jižně od Golden v Coloradu a přerušil přenos. O dvacet minut později se na rozvodnu snesly čtyři hraničářské křídly, kde se z budovy údržby a mobilního velitelského střediska vyřítili agenti FEMA maskující se jako pracovníci veřejných služeb. Narazili přímo do krupobití střelby od Rangers, kteří se slanili k zemi, a od dveřního střelce na MH-60 Blackhawk.

Když se kouř rozplynul, 17 agentů FEMA leželo mrtvých ve vlastní krvi.

Strážci vstoupili do budovy a zdemolovali vysílač, řekl náš zdroj.

Inženýři FEMA, vysvětlil, našli způsob, jak přeměnit složité bludiště transformátorů, relé, vodičů a rozvodné sítě na provizorní anténu, která pulsuje signál 5G do nedalekých mobilních věží, čímž spustí cyklus.

„Očekávali jsme opevněný bunkr nebo podzemní pevnost jako v Mount Weather, víte, něco, co stálo desítky nebo stovky milionů dolarů. Ale ne, dali to dohromady pod širým nebem a levně, a to je problém, protože když to udělali jednou, mohli by to udělat znovu,“ řekl náš zdroj.

Na závěr řekl, že dva Rangers utrpěli lehká zranění a očekává se, že se uzdraví.

Edit: opraveno odpuzováno na slanění. Díky bystrým čtenářům.

Nouzová prezidentská výstražná zpráva, kterou jsem dostal na svém telefonu připojeném k Wi-Fi, začala v 11:18.

The same time my television screen went black as I watched a live Washington broadcast.

Thank you for your ongoing diligence and care for the public at large.....evil appears to know no boundaries.....too bad more information couldn't be squeezed from the captives. Perhaps a viewing of a few criminals swinging will open their eyes and mouths.....

Thank you Michael for the report ... **Good will always WIN~!**

Quote from the movie "The Shawshank Redemption"– by Andy Dufresne to friend Red Ellis

***“Remember, Red, hope is a good thing, maybe the best of things, and no good thing ever dies.”***

I went to google maps and looked up Golden, Colorado ... two miles south where the report stated was where they had the substation set up.

I see there is the William F Hyden Green mountain park near by the city to the south ... two miles south I see Red Rocks park and Fox Hollow golf course ... at that time of the day there would be plenty of people around to hear a fire fight. I will check social media to see if there is some kind of confirmation that this happened.

So there you go everyone,you have to be patient with the flow.Among so may other things they had to focus hard on this.I personally was not real patient and got my ass severely dressed down but some of the miliary guys.much worthy of my respect.I did USO abroad,never military.I will entertain troops for free,anytime anywhere.I took it in the spirit given that they were trying to help me. Or they would not have cared at all.”It won't happen again sir! Case closed.My Blessed Mother did not raise stupid children.Michael is waiting for his reports as much as we are,way more perhaps. He can't fly by the seat of his trousers.Some of the folks here are newbies, go easy on them.Mission accomplished with class and style,no losses to our beloved troops.Marines,army rangers,navy seals. Looses are for the FEMA mercenaries.FEMA upper management and administration,all a bunch of Butt buddies.

Stating the obvious. Not everyone can build a makeshift transmitter. Just like people can't build their own cellphones because they weren't taught.

"FEMA's engineers, he explained, had found a way to convert the substation's complex maze of transformers, relays, conductors, and gridwork into a makeshift antenna that pulsed a 5G signal to nearby cell towers, starting the cycle."

Ridiculous. You can't convert an electrical substation into a 5G transmitter.

Astonishing read, Mr. Baxter! Keep the brew going, so we have detailed information knowing our God on our side and our men doing what they are trained so well to do. God bless them and all who are fighting the greatest war to date.

We also disconnected the night before to make sure we were covered. Great job and masterly reported.

Did anyone else get this "Emergency Presidential Alert" on their cell phone hooked to Wi-Fi on Wednesday October 4 at 11:18 AM:

"This is a test of the national wireless emergency alert system.

The purpose is to maintain and improve the alert and warning capabilities at the federal, state, local, tribal and territorial levels.

No action is required by the public."

END of that message.

Also, I was watching a White House live Program on YouTube at the same time and it went black immediately.

Only a few Washington LIVE broadcasts went black. All recorded programs continued on.

It stayed black for about 4 or 5 minutes and when it came back on it was a rerun tape of an older press secretary tape... not what I had been listening to prior to the emergency alert blackout.

I wonder if that alert had something to do with this current story Michael has posted?

I haven't found anything on a internet search about the message I received or any connection to an EMS.

Last edited 41 minutes ago by Kay Mitchell

YES, I GOT THAT SAME MESSAGE BUT AT 2;18 OT 11;18 I DELETED IT RIGHT AWAY TURNED OFF N UNPLUGGED MY TV MY COMPUTER N SHUT OFF Y CELL PHONE N PUT CRINKLED FOIL AROUND IT

What part of the country are you in? I had JUST turned off my cell phone when the cell belonging to the woman I was with went off. About 1:15 p.m. Central Time. The message was the same – my friend read it to me.

Yes, I received that message (on a phone that controls my Sirius XM music in the house which I had forgotten to turn off), but it was as Michael described, very short. The sound stopped before I could reach it.

One more comment GOD BLESS MATT GAETZ!!!!!!!!!!!!!!  
He OUSTED that lousy, lying, traitor, democrat in Republican Name POS, Kevin  
McCarthy. That is totally due to the compelling speech he made that actually silenced the hordes of reporters whose job it was to misrepresent what he was working to achieve FOR THE PEOPLE!!!!!!!!!!

MTG: "If Trump becomes Speaker of the House, the House chamber will be like a Trump rally everyday!!

It would be the House of MAGA!!!”

MAGA HOUSE!

Remember Trump said 100's of times: We're gonna take back The House! 🇺🇸

This is fu\$%in EPIC!

Well done, I acknowledge and appreciate the efficacy of our White Hat military personnel! You are greatly valued and recognized for your efforts in stopping this insanity. The 5G frequency signatures could have activated the Marburg in the vaxx.

We wrapped our cell phones and iPads in foil and laid them in the microwave for an hour Pacific standard time. It worked perfectly, we didn't hear a peep from them. Friends at work who didn't put their cell phones in metal cabinets said phones were going off all over the building. Thanks so much for keeping us in the loop. Great job!

And? What do you think would have happened to you if you had received the message? Did anything happen to your friends?

Great article Michael Baxter, thank You.

Outstanding work Rangers; injuries but no casualties! Very well done.

Keep after 'em, whoever, wherever and whenever.

Perhaps the Patriots should look at hardening the public data system? (It would be inaccurate to call it a phone system nowadays). Perhaps the existing phone system could be monitored for the types of signals it receives & any signatures that it sees that indicate the level of requests the auxiliary EBS would make. It could then be programmed to reject any such requests from rogue EBS installations. In fact it could be designed to send alerts when any such activity occurs – also identifying the locations of any such attempts automatically.

Good job. Rangers & ALL OUR LOYAL MILITARY!! GOD BLESS & PROTECT YOU, WE appreciate all you are doing for us!❤️🙏🇺🇸🙏❤️🇺🇸🙏❤️🇺🇸🙏

I received the EBS at 11:18 MST on my cell phone. The header was “Presidential Alerts”.

The message was: THIS IS A TEST of the National Wireless Emergency Alert System. The purpose is to maintain and improve alert and warning capabilities at the federal, state, local, tribal and territorial levels and to evaluate the nation’s public alert and warning capabilities. No action is required by the public.

Thanks, MB, for the update and all you do. Thanks also to the swift action of the Rangers and General Smith’s constant vigilance.

17 FEMA agents lay dead in their own blood, I Dought it was 17-just because that always comes up too many times.

YEP, ONE MORE <THING>....LOL I WON’T LIVE IN FEAR ! I DID THAT THROUGH <MOST OF MY LIFE > & I REFUSE TO SPEND ONE MORE SECOND DOING IT! >>> BRING IT BiTCHES ! <<< HAS BEEN MY “GO~TO” < PHRASE> FOR QUITE A WHILE NOW.

: } I WANT OTHERS TO HEAR ME & > BUST OUT OF THE BOXES WE'VE ALL/most all BEEN "SQUIRMING AROUND IN"...WITH "LIMITATIONS" !!

The government wants to provoke patriots to attack so they can use their DEW weapons on us so please be patient. God is taking care of this for us. All He asks is that we use our authority, declare and decree what we want in Jesus Christ's name. Focus on satan's defeat.

God has also referred to the white hat military as well as His Angel armies.

"Nothing can stop the collapse of Washington, D.C. itself or what it stands for, no matter how hard they try or how much money they throw at it. My army is moving closer and will take them all out of their positions of power."

"There are substantial moves being made against this fraudulent government's removal. Military action is taking place.

My children, I will say this again, arrests are now being made."

this is incredibly great news – very grateful to the WH forces putting their lives in danger to save ours!

just a thought about all the commenters saying the alert went off a few minutes early – could this be becuz the "official" time we r all living with is really two minutes behind?

how can we be sure the "time" we r given is correct????

**"encouraging patriots to immediately arm themselves, lock-and-load, and storm government buildings from coast-to-coast"**

I think the citizens would be able to do it. The DeepState is not as strong as it looks, except if the "white hats" lied about their position and strength.

I don't live far from Golden. We occasionally have MH-60s flying over and we've had unusually high activity the past week. Yesterday morning, we had a 2-ship fly over heading towards Golden at an unusually low altitude. They were low and close enough that I looked out my window to see them since the racket distracted my work. The test was 12:21 PM local time. Bear in mind many if not most missions have multiple birds in case one breaks down. Recall the article posted here a few months back of the alleged mid-air collision between two MH-60's at night over KY that were going to pick up some black hats.

The other thing I'll mention that was strange and not reported is that a friend of mine closer to Golden who was outside of a building waiting for the EBS test told me that several minutes before the test time, car horns across the parking lot started honking on and off in strange tones and patterns. Not all cars, but many of them. It ended when the EBS signal started. Could this have been caused by the electromagnetic pulse when they fired up the transmitter and before they transmitted the EBS signal?

"17 FEMA agents".. Nice work, White Hat Military! Something has shifted... the endless stream of prattle chatter no longer in my dreams either! Slept beautifully last night!

TY MICHAEL, et al. : } SO I GOT OUT OF BED THE 4 TH & SAID ....similar to : " LET'S GO BRANDON !!! " .....wasn't that, but ,a version I learned from SOME { PATRIOTS } !! Can you just write plainly and clearly Using standard English  
punctuation, without adding your own imaginative, distracting  
punctuations?

I will never go to the effort of trying to decipher what you are trying to  
say In this mess of a post.

It might be something good or even brilliant.  
I'll never know.

Last edited 30 minutes ago by Kay Mitchell

I should have mentioned also, now the RRN religious cheer leaders  
will show up, praising MB and the WH and how this explains it all.

And downvoting those who said "told you so" and predicted this type  
of post.

All too predictable, actually.

WOW. GREAT JOB PATRIOTS and thank you RRN/MB for a riveting  
story. I had previously been praying Patriots could find and destroy  
the new transmitter.

Tech stuff going over my head. I still understand dead FEMA agents,  
though. 5th columnists are so brave and invaluable. Hello, winning!!

I didn't do the foil wrap or turn anything off. I went with: No weapon formed against me shall prosper. In Jesus name, amen!

It seemed to work well. I love my Lord.

I didn't do anything either. I depend "souly" on GOD to get me and my family through this time of distress, as He promised in Psalms 91

Thank you MB. It's easy to get turned around with respect to details but your updates are very much appreciated.

Yes, Thanks a million Michael.

I look forward to your reports And I am trying to figure out your donation system.

It's far from straightforward with several detours for other options.

I'll try again.

Our white hats perform miracles time after time!

Bravo and thank you Rangers and MB!!

Well done, the White Hats! Good report. No, it ain't over & they'll likely repeat.

BTW: "the Rangers had RAPPELLED to the ground."

1. I am in California, I was expecting the FEMA EBS at 2pm .just turn off all our phone and turn off WI-FI. I was expecting EBS at 2PM but turn off my Wi-Fi a d tel at 10 am and did my continue my normal chores at home. Il was talking to a Edison technician outside our property and told him about turning off his phone just for safety because the DeepStaters FEMA will do their test at 2pm...He dud not know about this EBS test. Then suddenly his phone rang, fir EBS test. I was surprised why it sounded very short and very early. I look at again the time EBS would alarm... and it was 2PM Eastern time. I was glad that the White hat military stopped it. There could have been deaths and explosion of something we expect when a deadly frequency is released though 5G technology...I was also praying that as the white hats planned to blocked transmission to all Wi-Fi appliances and phone/ tv...well Thanks God for answered prayers. GOD LOVES AND CARES FOR US ALL . THANKS MB FOR YOUR REPORT...YOUR CHANNEL IS THE FIRST THING I READ IN TELEGRAM...BECAUSE YOU INFORM US WHAT IS BEING DINE BEHUND TGE SCENES....GOD BLESS ALL THOSE PATRIOTS THAT FIGHT AGAINST EVIL OF THIS WORLD....THERE ARE STILL MANY DECEIVERS IN DISGUISED ....GOD IS THE ONLY ONE WHO CAN EXPOSED THEM...READ MADYSON MARQUETTE CHANNEL...SHE IS A HUMAN TRAFFICKED VICTIM SURVIVOR AND SHE IS VERY BRAVE...SHE IS THE ONLY ONE THt named NAMES OF THE PREDATORS ...YOU CANNOT BELIEVE IT WHO SHE NAMED....FOLLOW HER...SHE NAMED NAMES OF DISGUISED FAKE PAYTRIOTS AND EVANGELISTS AND PASTORS AND CLAIMED PROPFITS....EVEN GLEN BECK WAS MENTIONED...TIM BALLARD...O SAVIN PRETENDING TO BE JFK JR, NINO , ETC....AND SHE US STILL HERE... BECAUSE GOD IS PROTECTING HER...BE CURIOUS.SEE HER TELEGRAM CHAT.

We too had an internet free day. Kind of refreshing. Cellphones in faraday and unplugged internet. Maybe need to unplug more often.

Your post is such a mess that after trying to read through it I find that I am confused.

But I'm not going to wade through it again.

The next time I see misspellings, poor punctuation, incomplete sentences .... I'll just move on right away.

Yes, I am a fan literacy. Not necessarily perfection.

My phone was on Airplane Mode, set to Signal, turned off, wrapped in several layers of aluminum foil, & buried a foot deep in a garden planter box.

My clock radio, which sets itself said 2:18 EST. And yeah, didn't have a faraday bag for my phone until today...wrapped in heavy duty aluminum foil double thick and online said it would work...didn't. Glad they jammed that signal. Good one, boys! You have my gratitude.

It was supposed to be 2:23p FEMA announced. But of course they really meant 322. 10-4 322.

I got the Presidential Alert at 11:18 AM Pacific time.

A Live Washington broadcast went black at the exact same time the alert began.

Excellent news, great work, this had the true American Patriots deeply concerned, so a great win for America.

The Matt Gaetz saga is far from over, he too is done, because justice will prevail.

In further developments, Gaetz wanted a government shut down to stop ethics committee investigations, he wanted McCarthy to stop ethics committee investigations and McCarthy refused, it has everything to do with the sexapades of Gaetz, and it seems Eric Trump wants to stop these ethics committee investigations as well because he is on the television desperately calling for a government shutdown who is good buddies with Gaetz. This is why America is such a mess because of corruption on both sides of politics and it will be solved, and the day will come when America prospers once again and freedoms, liberties and justice rule supreme.

While Americans are struggling to pay their bills with Bidenomics, Gaetz who makes good money on his salary using this whole saga of his own making for his own personal fund raiser is disgraceful. If Donald Trump becomes house speaker it would clearly mean a conflict of interest with the above.

Honestly, I think we're on Gaetz 2.0 as a distinct possibility. My thoughts were McCarthy had been unwilling to set a budget for Congress, nor push forward a Biden Impeachment. However, your thoughts are just as much in consideration.

McCarthy also was going to fund Ukraine, never gave us the 44,000 hours of Jan.6th video's, nor did he fire the tax funded armed 87,000 IRS agents, like he said he would, good riddance to McCarty...

McCarthy is bought and paid for by the Dems and their BIG POCKETS!!! HE DID NOT FULFILL HIS PROMISES WHEN GAETZ AND HIS FELLOW CONSERVATIVE MEMBERS REQUIRED HIM TO PROMISE TO DO, IN ORDER TO BECOME SPEAKER IN THE FIRST PLACE. DID YOU KNOW MCCARTHY'S ROOMATE IN D.C. IS THE MINORITY LEADER, HAKEEM JEFFRIES? YEAH TALK ABOUT BEING PAID OFF. DO SOME MORE RESEARCH!

And Gaetz said he spoke with DJT and he now is sure he's on the right path fighting for the American people. We'll know when it all comes out.

I didn't buy into the fear mongering, kept my phone on as always. My gut feeling told me it was a nothing-burger and besides, I doubt the ghouls are going to tell us how and when they're going to attack. I know they're dumb, but that's a stretch even for them.

I AGREE, Santa Surfing said she was not going to turn off her phone and let GOD be in control!! Sounded like good advice for me. It was a very short announcement and yes, hardly any screeching...

According to their Satanic beliefs, they have to get our permission to do stuff, and they put it in movies, and if nobody protests they consider that consent. So, yeah, they DO telegraph that stuff. It's not brains. It's their belief system.

You didn't \*not\* put your phone in a faraday bag because your gut is somehow full of tactical wisdom.

You didn't put your phone in a faraday bag because you are a lazy, useful idiot.

Where are the wives and families of killed fema agents?? Wouldn't they be speaking out?

I hate fema too I just don't want this to be wet dreams...

I would think more of them like mobsters

They are the same thing

You wont.

You politicians are from San fransisco or New York or chicago

All mob

I agree, these are not real FEMA agents anymore with BIDEN in charge. they are GOONS!!!

Lol dude MB wrote a story last month about an airliner with like 200 FEMA agents on board getting shot down. There are basically an infinite number of nameless FEMA agents killed off in RRN stories with no family members ever speaking out about even one of them.

What wives and family? Likely they're all 'ghosts' anyway...people who don't have a government paper trail. You'd be surprised.

We have Starlink now. This was the transfer over to it. Black Hats can't jam it.

By having such a cheap/low budget/shotty rigged-up EBS & spreading so much DISINFORMATION... tells me, they're on shoe-string budget & their devoted \$\$ greedy\$\$ traitor/coward – FEMA/other supporters are easily expendables ...

Sounds like it won't be that much longer trying to sustain very much/any kind of defenses – HOPEFULLY 🙌🙌🙌

Of Course, will have those rogue stragglers that believe in their EVIL 🐉 tranny & child trafficking for funding their (whats left, if any) Puppet masters !!!

Great Job Our Wonderful Military & WhiteHats – You to Mr Micheal Baxter –

THANK YOU GOD BLESS AMERICA 🇺🇸

Spousta věcí se jim rozpadá. Soudci naléhali pro rodiče a učitele proti zadržování přechodu dětí od rodičů. Kalifornské školní čtvrti se tomu začínají bránit. Ostatní věci se levici také nedaří.

Jo, a hraniční zeď se teď znovu financuje.
